Staff Directory

The staff section contains listings for academic personnel, full-time civil service personnel, part-time civil service personnel, and retired academic personnel on all campuses of the University. Direct questions about the faculty-staff section to your department human resource or payroll contact.

This directory is available on the Internet, and all faculty, students, and staff have electronic mail (e-mail) accounts. To suppress your personal information on the Web, go the URL http://www.umn.edu/validate and follow the directions for access to the Directory Update Form. To change your personal information or to suppress your personal information in the printed directory and on the Web, check with your department human resource or payroll contact for the appropriate form.

For more information about how to obtain and use Web browsers or for help using e-mail, contact Academic and Distributed Computing Services at 626-4276 or go to their home page at http://www1.umn.edu/oit/services.

New this year: A four-digit campus mail delivery code is included with each Twin Cities campus listing. Please include this code at the end of addresses on envelopes. A complete campus mail address would contain these elements: Name, Department, Room Number, Building Abbreviation, and Campus Delivery Code. Call 625-6055 with questions.
