Student Activities Bureau

December 6, 1948

MEMORANDUM TO: Student Organizations and Faculty Advisors
FROM: Student Activities Bureau
SUBJECT: Student Organization Roster

This student organization roster prepared by the Student Activities Bureau has been annotated for your use in defining the structures and functions of the various student organizations of the Minneapolis and St. Paul campuses of the University. The data used in the roster was taken from the constitution and quarterly officer lists of the organizations which are kept on file in the Student Activities Bureau, 209 Eddy Hall.

As you know, in order to be officially recognized, an organization must submit for approval its constitution and amendments to the Senate Committee on Student Affairs. It is one of the functions of the Student Activities Bureau to coordinate for the University all of the student organizations and their activities.

We will appreciate your cooperation in telling us of any changes you wish to suggest in regard to the roster information for your organization. The status and the officers of the organizations change from time to time. Therefore, we will endeavor to send supplementary information throughout the year informing you as to what organizations are active and inactive, and what changes in personnel have taken place.
