FOREWORD

The 1953-54 Directory of Student Organizations has been prepared by the Student Activities Bureau in cooperation with the officers of student organizations.

The Directory lists those student groups which have been given official University recognition by the Senate Committee on Student Affairs. In some instances, it describes in limited summary form the major committees, projects, and programs sponsored by the student organizations.

The Directory is published:

1. As an annual description of organized student life at the University of Minnesota;
2. To facilitate communication and understanding of each other's programs among student leaders;
3. To help professional and academic counselors provide informed advice for meeting the recreational, cultural, and social interests of their advisees;
4. To help the administrative and service agencies of the campus to provide effective service to the authorized responsible officers of recognized student organizations.

Since new student officers are frequently elected during the academic year, and because new student organizations are continually being formed while others are disappearing, the Directory is fully accurate only on the date of publication. For information concerning these changes as well as for a more detailed description of the function or program of any group, we recommend consultation with the appropriate staff member of the Student Activities Bureau. The staff for 1953-54 is listed below. The Department's office is located at Temporary South of Mines A, Room 114.
