a: 1975 figures are based on Statistical Survey Cards returned by 87.0 percent of the total student population. Students who did not hand in the cards are distributed proportionately to each category in the table. Minority enrollment data for Duluth-undergraduate and Duluth-graduate schools are estimated figures based on Statistical Survey Cards returned in Fall, 1974, and applicant files for Fall, 1975. Minority students in Duluth-Medical School and Mayo-graduate school are obtained directly from the records office of each school.
