^a 1976 figures are based on 90.4 percent of the total student population who provided ethnic background information through application forms at the time of application for admission, or through the minority survey card at the time of registration. Students without ethnic background information are distributed proportionately to each of the appropriate categories in the table.

Minority enrollment data for all Duluth colleges except Duluth-Medical School are estimated figures based on the existing data on the Active Student File for Fall, 1976.

Minority students for Law School, School of Dentistry, College of Veterinary Medicine, Medical School, Duluth-Medical School, and Mayo-Graduate School of Medicine are supplied by the records office of each college.

^b Includes international students.

^c 1975 figures are the total for the following colleges at the Duluth campus: School of Business and Economics, College of Education, School of Fine Arts, College of Letters and Science, School of Social Development, and the Dental Hygiene Program.
