

New handbook available on individual projects, study

A convenient handbook, entitled "Individual Learning Opportunities in Extension" (ILOE), is now available to all Extension students, according to James Hickman, coordinator of the ILOE Office.

The purpose of the handbook is to inform students about what opportunities are available to help them develop their own projects and/or study on their own to receive credit, said Hickman.

The ILOE Handbook focuses on the procedures necessary to obtain credit through the following options: extra credit (X) registration, credit by examination, (Y) registration (course content learned without attending classes), directed studies (working independently in areas not covered in regular departmental offerings) and directed instruction (credit for helping to teach a course).

Students may pick up a handbook at 57 Nicholson Hall or may order one by calling Hickman at 373-3919.

Discussing the environmental crisis during the taping of the "Ecology, Technology and Society" (ETS) television course are University Professor Mulford Q. Sibley (left) and Mr. Tom Griffin (right) of the St. Paul Science Museum. The course, which will involve 11 outstanding University faculty, will be televised beginning Monday, January 8, from 9-10 p.m. on Channel 2. Students may register for the course without late fee through January 19.

Student Board initiates changes in evening parking policies

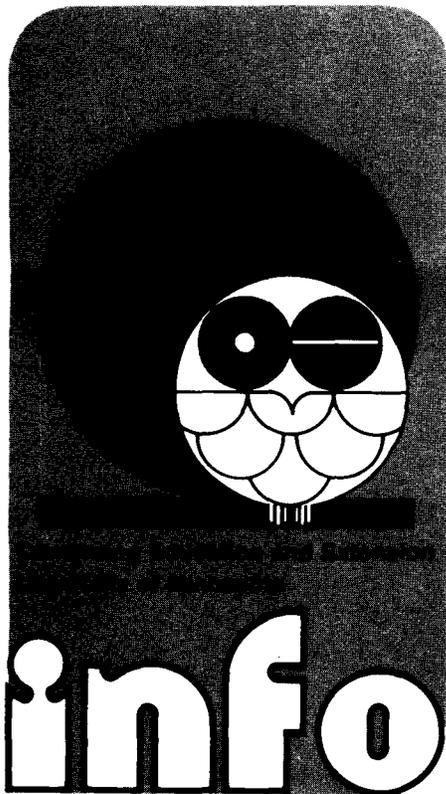

Extension Classes Student Advisory Board members met in December with Assistant Manager of Parking Services Walter J. Parnacott to initiate changes in University night parking policy.

The following four policies have been established for the convenience of Extension students:

1. Evening parking rates will begin one hour earlier at 4:30 p.m., starting January 3, 1973.

2. Also, beginning one hour earlier at 4:30 p.m., all cars will be allowed, on a space available basis, into underground garages.
3. Lot 1 next to Northrop Auditorium is now being held open an hour longer until 8:30 p.m.
4. And Ramp A at Union Street and Washington Avenue will maintain a 65 cent parking fee until 9:30 a.m. on football Saturdays starting this fall. (The previous rate was \$1.)

INFO/January, 1973/1

Extension Classes Director Theodore L. Campbell greets students at the winter quarter Orientation. Extension counselors, instructors and staff members were also available to field students' questions ranging from financial aid to degree programs.

... comments

Theodore L. Campbell, director, Extension Classes

In the last two issues of INFO we described three baccalaureate degrees for Extension students who wish to create their own programs of study: the Bachelor of General Studies and the Bachelor of Applied Studies offered by the General College, and the Inter-College Program offered by the University College.

Consider this time the College of Liberal Arts' interdepartmental major, which encourages a student to create a major of his own, drawing on courses from a number of Arts College departments, when an existing major doesn't suit his interest or needs. For example, a student might put together his own program of "Russian Studies," or a course of studies tailored to his vocational objective. (Pre-packaged interdepartmental majors already have been established in American Studies, Humanities, International Relations, Latin American Studies, Religious Studies, Social Welfare, Pre-Theology, and Urban Studies.)

In his sophomore year, an Arts College degree candidate wishing to design his own interdepartmental major selects a combination of courses he thinks will best help him achieve his educational objective. He writes up his proposed course of studies, explaining his objective and why he wishes to combine the courses he has selected. (A member of the interdepartmental office staff, 114 Johnston Hall, will help the student not only in identifying his educational objective, but also in the preparation of a proposal.)

The proposal is reviewed by staff and faculty to see if it seems likely to provide a sound liberal education (after all, the interdepartmental major is a liberal arts program), and whether it is the most efficient way for the student to accomplish his objective.

The interdepartmental major leads to a Bachelor of Arts degree, meaning the usual Bachelor of Arts requirements — language, distribution requirements, etc. — need to be met. (Consult the CLA bulletin, or pages 56-58 of the Extension Classes bulletin.)

The interdepartmental major must consist of 80 credits, 60 of them at the upper division (3-XXX) level. There's no requirement for work outside the major department, since the major

itself is interdepartmental.

Directed Studies Projects (3-970), of 1 to 15 credits, can help a student tie his course of studies together.

The interdepartmental major student is expected to do a creative or scholarly project during his senior year which focuses on the unique objective of his major and the integration of his broadly-selected courses.

Interested in the Arts College interdepartmental major? Stop in at 114 Johnston Hall (best to telephone for an appointment first — 376-3030) for further information and preliminary advising.

For questions on other degrees, traditional or non-traditional, call Extension Counseling, 373-3905.

Reading & Study Skills Center Offering free student service

Students seeking to improve reading comprehension, writing skills and/or math skills can get special help at the Reading and Study Skills Center at 113 Eddy Hall.

A counselor is available at the Center on Wednesdays and Thursdays from 5 to 8 p.m.

"The Center stresses a flexible program to help meet the needs of the individual," said Center Counselor Corin Kagan.

Students are encouraged to spend two to three hours a week working with a counselor on a specific strategy to improve their skills.

Students like the one shown above often spend between two to three hours a week improving their study skills at the Reading and Study Skills Center at 113 Eddy Hall.

MSA offering \$100 Small Study Grant

Extension students working on special projects for credit, independently of the classroom, are eligible for a Small Study Grant, according to the Extension Counseling Department.

The grant has a maximum value of \$100.

The Minnesota Student Association (MSA) is providing the financial aid through the Forum Committee on Small Grants.

The grant may be applied for any time during the year. To request an application write Howard Schwartz, MSA executive vice president, 213 Coffman Union, University of Minnesota, Minneapolis, Minnesota 55455 or call him at 373-2414. For further information regarding registration for courses which are applicable for the grant call the Counseling Department at 373-3905.

Spring semester, dates, locations

Thursday, January 11—Extension Office will begin mailing reservation cards and forms to students whose requests are honored; those whose requests cannot be honored will be notified by mail.

Saturday, January 23—Last day for students to return limited class cards, registration forms, and tuition and fees by mail.

Monday, January 29-Wednesday, February 7—In-person registration. (Mail registrations postmarked after midnight February 7, must include late fee.) See page 34 of the *Extension Classes Bulletin*.

JUNE GRADUATES

Degrees were granted to the following June, 1972 graduates: William Greger, White Bear Lake, A.L.A. degree; and Amaryllis Palm, St. Paul, B.A. degree.

The University offers a number of degrees which can be earned entirely or in part through Extension Classes (see page 51 of the *Extension Classes Bulletin*).

Students who received degrees in June, but have not received acknowledgment in previous issues of INFO, should call 376-7501.

STARTING WINTER QUARTER [WEDNESDAY, JANUARY 3] UNIVERSITY POLICE WILL BE ISSUING PARKING TICKETS TO ALL UNAUTHORIZED CARS PARKED IN CONTRACT LOTS AT NIGHT.

You can earn 32 credits in Feb. without classes, by taking CLEP

Did you know it's possible to earn up to 32 credits toward satisfying distribution requirements for a degree or certificate without taking courses?

The College Level Examination Program (CLEP) enables individuals who have acquired education in non-traditional ways to demonstrate their academic achievement through four nationally standardized tests.

A student can earn up to eight non-graded credits for passing each of the following tests, provided he has satisfactory scores and has not yet completed course requirements toward a degree in these appropriate areas: mathematics, natural sciences, social sciences-history and humanities.

The next series of CLEP tests will

be given Saturday, February 3, at 9 a.m. The application deadline for the tests is January 12. There is a \$3 fee for each test, which take about 75 minutes to complete.

Various colleges use different criteria in accepting CLEP test results. For further information regarding the tests and procedures call the Extension Counseling Department at 373-3905.

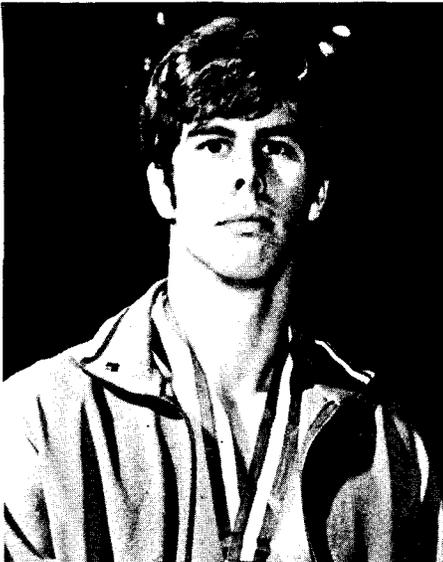

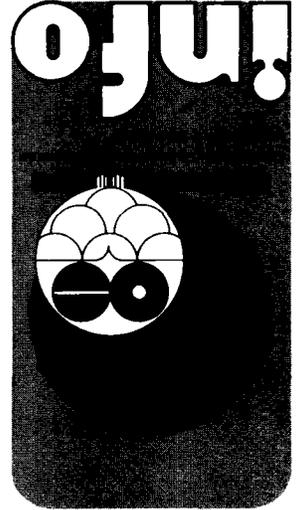

INFO is a newsletter for university extension students. If you would like to submit questions to Comments they must be received NO LATER THAN January 1 for the February issue. If you would like to have someone's name placed on the mailing list for INFO, call 376-7500. Published 10 times a year — August, September, October, November, December, January, February, March, April, and May, by the Department of Extension Classes, 180 Westbrook Hall, University of Minnesota, Minneapolis, Minnesota 55455.

THIS NEWSLETTER IS PRINTED ON 100% RECYCLED PAPER

Students attending winter quarter classes at Kellogg High School may purchase textbooks and limited supplies at the Roseville District Office, 15 East County Road B2, from 5:30 - 7:30 p.m. on Wednesday, December 27, and Thursday, December 28. Texts will not be available at Kellogg High School as stated in the December INFO.

Extension Classes/180 Westbrook Hall
University of Minnesota/Minneapolis, Minnesota 55455

University Diving Coach Craig Lincoln will instruct a Saturday course on "Spring Board Diving for Boys and Girls" (PE 0-100) during spring semester. Coach Lincoln was a bronze medalist at the XX Olympiad in Munich, West Germany.

Students, remember to get tax deductions for travel

Students are eligible to obtain a tax deduction for educational travel expense.

To obtain a one-way educational transportation deduction a student may deduct travel expenses incurred while driving from work to campus. A student living in the metropolitan area cannot deduct expenses driving from home to school. (This is considered a regular commuter expense.)

The above information is a correction from the tax information that appears on page 47 of the 1972-73 Extension Classes Bulletin.

For further information regarding educational tax deductions call the Internal Revenue Service at 725-7351.

...in short

PHYSICS FOR ENGINEERS — If enough students express interest in taking "Modern Physics for Engineers" (Phys 3-501) the class will be scheduled spring semester. The course would provide a descriptive discussion of the physical basis for such devices as transistors, lasers and nuclear reactors; and the level of comprehension will be the same as a calculus level general physics course. Voice your interest now by calling 373-3334.

TURN YOUR RADIO ON — University classes are rarely canceled. However, in the event a winter storm makes cancellation necessary, University Radio Station KUOM (770 kc) announces all cancellations on the day in question at 4 p.m. Other local stations will also keep students informed.

OLD AND NEW — The St. Paul Extension Center Office, 192 West 9th St., will officially close January 12, 1973. A special registration desk will be located in the Skyway System off the Capitol Center Plaza in downtown St. Paul during in-person registration for non-limited Spring Semester Classes (January 29 to February 7). For further information about the new location call 376-7501, and look for a special story in the February issue of INFO.

LIBRARIES — There are 35 library units on the Minneapolis and St. Paul campuses to serve students' needs. To obtain information on buildings, hours and study locations call 373-9985. For information on Wilson Library hours call 373-0066 or 373-3082.

HUNGRY AT NIGHT? — Telephone 376-7500 and request a Food and Beverage guide. This handy reference tells where students can buy food and/or beverages on campus during late afternoons and evenings.

RENT ORIGINAL ART — Students may rent original prints, drawings and watercolors from the University's Art Gallery at M-16 Northrop during the quarter for only \$1, plus tax per composition. For the convenience of Extension Students the office is open from 5:30-7:30 p.m. on the first Monday of each quarter and semester. Other rental periods may be arranged by calling 373-5685.

24 HOUR CAMPUS ASSISTANCE CENTER — Call 373-1234 to find the correct path to help at the University on problems ranging from academic matters to food stamps and selective service. The CAC Office is located at 110 Temporary North of Mines on 15th Avenue. On problems particularly related to Extension Classes, call a Student Advisory Board Member. For telephone listings call Extension Classes (376-7500), the Extension Counseling Department (373-3905) or the Department of Extension Classes (373-3195).

CAR STARTING SERVICE — Students parking in a University parking lot between 7 a.m. and 8 p.m., Monday through Friday, may call the University's free car starting service. To request aid call either 373-3963, 373-4190 or 373-3288, and designate the lot in which you are located, as well as the make and model of your automobile. Also stay near your car until the repair truck arrives.

Volume 3/Number 2/Feb., 1973

1/2 tuition courses continuing spring

The Department of Extension Classes will continue to offer courses during Spring Quarter on a non-credit basis at half the regular tuition (plus fees if any).

Students who are interested in exploring subjects of personal concern, but not in earning University credit may register for the special non-credit courses Spring Quarter.

The list of special courses and their non-credit registration costs will be published in the March issue of INFO.

As non-credit registrants, students may attend class sessions, buy texts and keep up with readings, but may not submit work for evaluation or receive credit of any kind. No permanent record of their registration will be kept.

Diversified courses will be offered spring quarter

Time to think spring. Two popular courses of general interest which will be offered this spring are "American Popular Music" (Mus 5-712), and "Science and Religion" (Phil 1-011).

The course "Science and Religion" investigates the nature of science and religion and attempts to reveal grounds of conflict and/or reconciliation.

"American Popular Music" traces the history of popular music in the United States from 1850 through 1970, including ragtime, jazz, rock and protest. The course emphasizes the musicians—their sounds, their messages and their times. Musicians studies range from The Jefferson Airplane and Bob Dylan to Dave Brubeck and Louis Armstrong. An inter-

esting feature of the course is that all the music will be demonstrated live or with recordings, and students may perform before the class, (a background in music is not required).

There are also hundreds of other courses being offered this spring.

For further information on registration and a free bulletin and calendar, call 373-3195.

SPRING QUARTER

REGISTRATION INFORMATION

Classes begin March 28.

Dates to request limited class reservation cards: February 19-21.

Registration by mail: March 6-23 (call 373-3195 for forms).

In person registration: March 14-23.

Extension bids farewell to old, welcomes new registration center

By the time you read this issue of INFO, the downtown St. Paul Extension Center at 192 West 9 Street, where the University has held classes for 10 years, will have been officially closed. Before 1963, Extension Classes were held at 555 Wabasha, and before that, going back all the way to 1932, classes were held in various St. Paul locations, including the public library.

But, "the times they are changin'," as Bob Dylan says. In the last several years, several things have happened which have led to the moving of classes from a downtown St. Paul location to one on the east side of St. Paul. Student population shifts have occurred, and freeways have made the Minneapolis campus more accessible from west and central St. Paul. Furthermore, financial retrenchment has required the University to give up its lease on the downtown St. Paul Center. Thus, the invitation of the St. Paul Public Schools to the University to join in making adult and continuing education opportunities available to St. Paul citizens came at a good time.

Since this fall, approximately 600 students have registered for classes in the new St. Paul Extension Center, at Harding High School, 1540 East Sixth Street.

Classes are now offered in four geographically well-placed off-campus locations. In addition to Harding, classes are held at Richfield Senior High School; Carl Sandburg Junior High School, Golden Valley; and Kellogg Senior High School, Roseville.

A registration booth in the downtown St. Paul Skyway Building (between Fifth and Sixth Streets just off Wabasha Street) will be open on a trial basis March 14 to 23 during weekdays from 9-5 p.m. Students will be able to register for Extension courses which have no limit on the number of students who may enroll. (This includes bulletin courses which have no asterisk (*) preceding the course number). If response warrants, the booth will be established during future registration periods.

Questions regarding registration and class locations? Call 373-3195.

Theodore L. Campbell, director, Extension Classes

Approval has been granted to Continuing Education and Extension to accommodate 50 Extension students per year in the Arts College Bachelor of Elected Studies degree program.

The BES is an experimental degree program which allows students wide flexibility in selection of course work. Each degree candidate designs his program to meet his own needs and to provide the components of a liberal education in the way he thinks most appropriate for him. Students will work closely with advisors in designing their programs.

Students who elect this program must meet the regular admissions standards of the College of Liberal Arts, and they must apply for the degree before they have completed 106 credits. As in the case of all CLA degrees, students must earn 180 credits of A, B, C or S, with 75 of these credits being in CLA upper division courses.

The basis of the BES experiment is to discover what kinds of programs students develop when given wide latitude in course selection. Such latitude is especially appropriate for the Extension student whose objectives and interests

may not be most effectively met by the structure of the more traditional degrees.

A CEE-BES candidate may not transfer to day school classes as a BES student for at least two calendar years after admission to the program, although such a student could transfer to day classes for another degree.

As this issue of INFO goes to press, the procedures for admitting Extension students to BES programs have not been established, but interested students are encouraged to call the Counseling Office (373-3905) so that further information and application blanks may be sent to them.

Comments is a place where students' views may be printed. The following letter was sent by Terence R. Paulson, a 28-year-old Air Force veteran from Osseo, Minnesota, who attended University day classes full time for a while and is now working, through Extension, for the Associate degree in Legal Assistance. Except for a couple deletions required by space limitations, the letter is printed verbatim. We print it because it seems to us a relevant and interesting stated view of continuing education—a view that more and more people are coming to hold.

Car will not run? Call U starting service

You say you attended an evening class, went to a University parking lot and your car wouldn't start? And to make matters worse your fingers and toes got frostbite on the way to the nearest service station? We hope you have recovered by now, and for the future you may wish to note a free University car starting service.

Students parking in a University parking lot between 7 a.m. and 8 p.m., Monday through Friday, may call either 373-3963 or 373-3288 to request aid.

When calling about your car, designate the lot in which you are located, as well as the make and model of your automobile. Also stay near the vicinity of your car until the repair truck arrives.

No "Shady Rest Villa"

I've always looked upon education as an ongoing process, one that did not readily lend itself to segmentation into obligatory time slots, like the quarters of a football game. A University campus, for me, has never been a place to "do your time."

I wanted close contact with my instructors and professors, and I needed genuine communication with my fellow students. In night school I found just the sort of environment I was seeking.

I found motivational levels at their peak, among both students and instructors. The exchange of ideas was spirited, often emitting sparks that prevented anyone from napping, no matter how long a day he had put in on the job.

My own progress, in terms of credits earned, has been, admittedly, slow but never discouraging. When asked by a friend recently when I planned to complete my current course of study, I smiled and replied with mock profundity, "Probably never. Likely you'll find me shuffling across the mall toward a 7 p.m. class when I'm seventy. Night school will probably always beat television, and it's better as an investment than ballroom dance lessons at the Shady Rest Villa."

—T.R. Paulson

We'd like to hear from more of you on your views of continuing education.

INFO is a newsletter for university extension students. If you would like to submit questions to Comments they must be received NO LATER THAN February 5 for the March issue. Comfortable atmosphere At Nolte Center Lounge

The Nolte Center Lounge, with its warm atmosphere, carpeting and comfortable chairs, provides a convenient place to study, relax or talk with classmates and friends. During Winter Quarter students can make use of the facilities from 4:30-8:00 p.m., Monday through Thursday. An up-to-date bulletin including all bulletin changes is there for students' use and coffee is available.

For further information regarding other lounge and study areas on the East and West Bank or on the St. Paul Campus, call 376-7500.

Performing their final duties recently at the St. Paul Extension Center are (l to r) Principal Clerk Eleanor Marlow and Center Director R. Kay Humphrey. A new registration booth where students may register for non-limited classes, will be located in the downtown St. Paul Skyway Building during spring quarter.

Come to spring Orientation

Extension students and prospective students are invited to attend the spring quarter Orientation on Wednesday, March 14, from 5-8 p.m., in the Nolte Center Lounge on the Minneapolis campus.

The informal Orientation gives students the opportunity to become better acquainted with campus locations, special Extension and University services as well as counselors, advisors, faculty members and staff.

Extension Classes also provides all students with college bulletins, copies of INFO, plus many other informative flyers during Orientation.

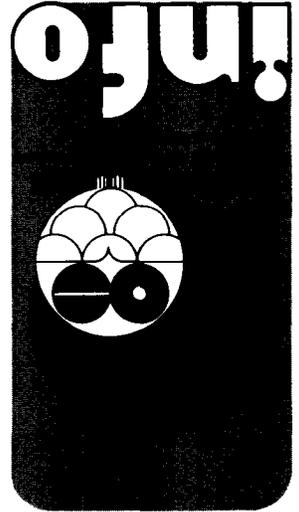

For those students wishing to join a campus or Wilson Library tour during Orientation, reservations should be made soon by calling 376-7500 (8 a.m. to 5 p.m.).

The Alvin Ailey American Dance Theatre, an exuberant company of 20 dancers which give interpretations of jazz, blues and spirituals, returns to Northrop Auditorium, on the Minneapolis campus, Saturday, February 17, at 8 p.m. The program is being presented by the University Artists Course. For information regarding tickets call Northrop at 373-2345 or any Dayton's store.

SPECIAL FOR SECONDARY SOCIAL STUDIES TEACHERS—A course entitled "Teaching About Organized Labor and the American Community" (IR 8-000) will be offered on Mondays, beginning February 12, from 7-9:30 p.m. at the Remington Rand Bldg., 3300 University Ave. S.E., Mpls. For information regarding the course description, number of graduate credits and/or tuition call David Ordos at 373-5167.

UNIVERSITY HEALTH SERVICE BENEFITS—Students registered for six or more Extension credits or a combination of day and Extension credits may enroll for University Health Service benefits. All medical care, except surgery, is covered for a hospitalized student under the health plan. Other services include: allergy testing and treatment, eye examinations and laboratory services. Physical therapy and x-ray therapy are provided up to a limit of \$50 per quarter; charges are made, at cost, for prescriptions, eyeglasses and dental work. The cost of the Health Service is \$28 per quarter or \$42 per semester. For further information request an explanatory brochure by calling 373-3195.

GRADE REPORTS IN MAIL—Extension students will receive grade reports by mail within a month of the close of any quarter or semester. Grades cannot be furnished by any Extension office. All reports are mailed by the Office of Admissions and Records. However, many instructors will send students their grades if they provide instructors with stamped, self-addressed post cards at the last class meeting.

WORLD FEDERALIST WORKSHOP—The concept of a global government will be explored weekly on Monday evenings through May 7, at 7:30 p.m. on the 5th floor of Coffman Memorial Union. The free sessions feature University and community leaders who have volunteered to lead the discussions. For information on University credit for the series, call Professor Joseph E. Schwartzberg at 373-5800.

DIRECTOR'S OFFICE: 170 Westbrook (373-3942)

The University of Minnesota adheres to the principle that all persons shall have equal opportunity and access to facilities in any phase of University activity without regard to race, creed, color, sex or national origin.

Students may join in spring internship

Extension students may participate in the Environmental Intern Program spring quarter.

The primary objective of the program is to give interested students direct experience with on-going or new programs in environment protection and conservation.

The program is intended for advanced undergraduate or graduate students who want to participate in the environmental programs of various agencies as part of their University training. Students involved will receive academic credit but no salary and must spend a major part of the quarter in the internship.

For more information regarding student eligibility requirements and procedures call Prof. Dean E. Abrahamson, chairman of the All-University Council on Environmental Quality at 373-7796, or the Extension Counseling Office at 373-3905.

IMPORTANT DATES TO REMEMBER —

Feb. 1-7 Nicholson office open noon to 8 p.m.
Feb. 7 Registration and tuition deadline for Spring Semester classes.

Feb. 8-10 All offices closed to process registrations.

Feb. 12 Spring Semester classes begin.
Feb. 12 Last day for official cancellation of Winter Quarter classes with automatic "W".

Feb. 19-21 Three day period for receipt of mailed post card requesting limited class reservation card for Spring Quarter limited enrollment classes.

CORRECTION—The January issue of INFO (page 2) incorrectly referred to Center Counselor Corin Kagan as Ms. Corin. It should have read Ms. Kagan.

A NEWSLETTER FOR UNIVERSITY EXTENSION CLASSES STUDENTS

100 non-credit courses opening at 1/2 tuition

One hundred Extension courses for those who are interested in the subject but not the credit will be available spring quarter at one half the regular tuition.

The courses are offered as part of the on-going experiment initiated winter quarter in an effort to make the resources of the University more accessible to the general public.

Non-credit registrants may attend all class sessions, keep up on the readings and participate, if they like, in class discussions.

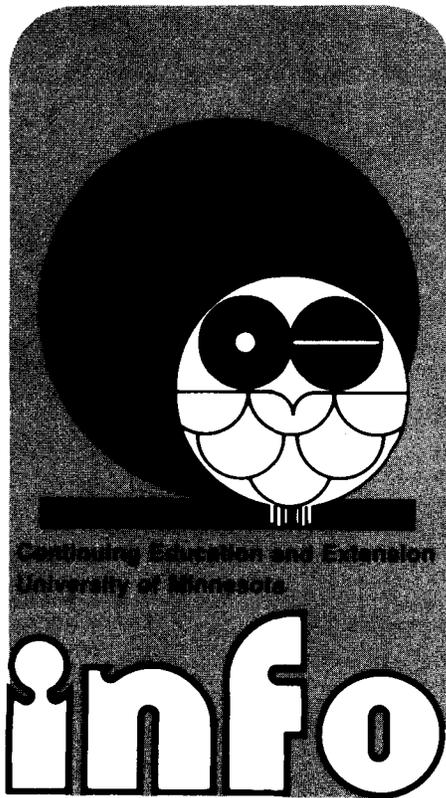

No permanent record of their registration will be maintained. (Students who wish to take a course for no credit, but need a transcript should register as auditors, for which the tuition is the same as for a credit registration.) Non-credit registrants will not be entitled to have work evaluated by instructors.

Student and faculty response to the non-credit registration category this spring will determine its use next year.

Persons may register by mail for the spring quarter one-half tuition courses listed below (which are also offered for

credit with regular tuition) from March 6-23 or in-person from March 14-23 at one of the three registration locations in the metropolitan area.

Students should register on a SPECIAL CLASS REGISTRATION FORM available in 57 Nicholson Hall or by calling 373-3195. For more information regarding registration procedures, course descriptions, hours or locations call 376-7500 or consult the 1972-73 Extension Classes Bulletin.

... comments

(COMMENTS is written this issue by Harold A. Miller, dean of Continuing Education and Extension.)

Dear Extension Student,

During the current session of the legislature, the University is requesting \$1.1 million to improve programming and service to the part-time adult student. The request includes funds to insure the offering of larger numbers of upper division and graduate courses for Extension Classes. Also included is a minimal amount to allow us to offer some new experimental classes.

It has been three years since we have been able to increase instructional salaries. The legislative request would enable us to make a modest increase in those salaries. It would also allow us to provide an increase in the Extension Counseling staff. These changes would require either a legislative supplement or an increase in tuition.

A significant part of the Continuing Education and Extension activity goes on in out-state locations and in non-credit short courses. These programs are expensive and the legislative request would provide subsidy in order to reach the average citizen with programs which improve understanding and quality of life.

The request is now before the Higher Education Committees and the Appropriations Committee of the legislature. Governor Anderson did not recommend that this request be funded. Our argument has been that the adult student who is also a taxpayer should not be denied educational opportunity because job and family commitments make it impossible to go to day school. We plan to press this reality home to the legislature in the next few weeks and we would welcome whatever help you could give us in this very important effort. Write your legislator and tell him/her our story from your point of view. It might help more than either of us expect.

Sincerely,

Harold A. Miller

Extension Classes has blossomed since 1913

Sixty years ago University President Dr. George E. Vincent procured \$40,000 from the Minnesota Legislature to create the General Extension Division (known today as Continuing Education and Extension). President Vincent pursued the endeavor because he believed in and advocated continuing education as the "privilege, the prerogative, and the solace of adults."

In President Vincent's report to the University's Board of Regents for 1912-13, he said, "Evening courses in academic subjects afforded some valuable experience . . . public speaking proved popular. Some classes in English attracted reasonably large numbers. Popular courses in sociology made their appeal to teachers and social workers."

President Vincent also stated that public school teachers preferred something inspirational or popular rather than purely technical, while other workers desired to receive direct vocational aid from the evening study.

"This fact accounts for the popularity of business and engineering branches," he said.

The enrollment during the first fall semester of evening classes in 1913 was 737 students, whereas the average enrollment figure for an evening fall

term today is 14,097 (excluding out-state enrollment).

The first courses offered during the fall semester of 1913 provide a glimpse of how Extension Classes has blossomed over the years. Where there were only three Departments in 1913 there are now 94, with a far greater number of courses being offered to students. Following are the courses which were offered in 1913: ECONOMICS—Advertising and Salesmanship, Business Law, Labor Problems, Banking Practice; ACADEMIC—Art Course for Teachers, Beginning French, Chemistry, Short Story, Sociology, English, Rhetoric; ENGINEERING—Elements of Architecture Engineering, Elements of Design, Concrete Construction, Dynamos and Motors, and Steel Construction.

Survey shows citizens attend more night classes

A recent survey, conducted by the University's office of Student Life Studies, revealed that more metropolitan area citizens have attended University Extension classes than have attended day classes.

The survey, sampling 373 citizens from city directories, showed that 33 percent had attended the University of Minnesota. Out of this percentage, 24

Environmental TV course to be aired April 2 at 9 p.m.

The spring quarter segment of "Ecology, Technology and Society", (SSci 3-403) a 4-credit television course, begins Monday, April 2 at 9 p.m. on Channel 2. It will feature representatives from government agencies, industry, business and utilities, discussing with University faculty members alternative solutions to the environmental problems identified in the winter quarter course.

Topics to be discussed spring quarter include: alternatives to present urban and suburban development patterns; the green revolution; mass transit options; improved public environment education; water resources legislation; industrial growth; labor's point of view; and citizen participation.

Registrants in 3-403 need **not** have taken the winter quarter course.

As in the winter quarter course, answers to viewers' questions telephoned to program participants will be aired on WCAL-FM radio immediately after each TV broadcast.

Students enrolling in 3-403 for credit will be expected to watch the television programs and listen to the radio broadcasts of discussions, to read independently, to send in a paper, and to take a final examination on campus. For further information and a course outline for SSci 3-403 call 376-7500.

percent had attended evening classes, while 17 percent had attended day classes. The remaining seven percent, had a combination of both educational experiences or did not respond, according to Associate Professor Donald A. Biggs, coauthor of the survey entitled, "Urban Citizens and their Satisfaction with a University".

Orientation

Extension and prospective students are reminded to attend spring quarter Orientation on Wednesday, March 14, from 5-8 p.m., in the Nolte Center Lounge on the Minneapolis campus.

Continuing Education and Extension is offering Bachelor of Elected Studies degree program

As was reported in the last issue of INFO, the Bachelor of Elected Studies degree is now being offered within Continuing Education and Extension. Fifty Extension students per year will be accepted into this degree program.

Persons interested in applying for the BES degree should call 373-3905 immediately to ask for application blanks. The deadline for applications to be received at 314 Nolte Center is April 13, 1973. If more than fifty students apply before April 13, 1973, selection will be made by lot.

Another group of fifty will be taken in during the 1973-74 school year, probably in winter quarter 1974.

The BES program is open to students who have already been admitted, or who are admissible to the College of Liberal Arts and who have earned fewer than 135 credits. BES students have wide latitude in planning their programs. Majors are not required and there are no specific distribution requirements. Students must present 180 credits, 75 of them in Upper Divi-

sion courses, and 30 credits may be drawn from courses not normally credited toward a CLA degree.

While there are no distribution requirements for this degree, each student is expected to keep the objectives of a liberal education in mind and develop his or her own ways of meeting the standards set up by the Council of Liberal Education.

The degree is still considered experimental and students must be aware that its acceptability to graduate schools and employers is untested.

The BES degree is only one of many flexible-degree options open to Extension students. The Bachelor of General Studies and Bachelor of Applied Studies in General College, the Inter-College Program of University College, and the Inter-departmental major in CLA have all been described in earlier issues of INFO. All of these options should be considered by persons seeking an individualized degree program. For more information, call counseling at 373-3905.

Students may register for spring quarter courses at the new information-registration booth in the foyer of the downtown St. Paul Skyway Building weekdays from 9 a.m. to 5 p.m., starting Wednesday, March 14 through Friday, March 23. The Booth provides a convenient place for workers and shoppers to become better acquainted with Extension Classes.

...in short

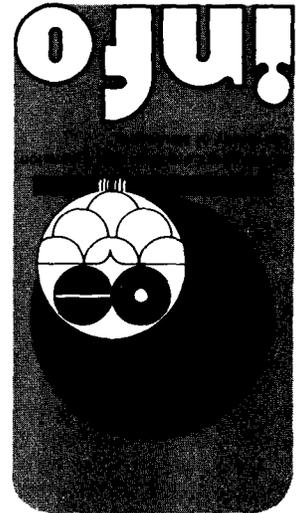

NEW BOARD MEMBER—Mrs. Esther LeRoy, 4100 Parklawn Ave. Edina, was recently appointed to the Student Advisory Board. Mrs. LeRoy is taking short story writing from Professor Charles Norman after having been away from school for many years raising three daughters. In addition to attending school, Mrs. LeRoy is employed full-time as an executive secretary for Research, Inc. (Eligibility for appointment is registration for any Extension class. Call 376-7500, and join the Student Board. Meetings are scheduled the first Friday of each month at 6 p.m. and are open to all Extension students.)

INFO is a newsletter for university extension students. If you would like to submit questions to Comments they must be received NO LATER THAN March 2 for the April issue. If you would like to have someone's name placed on the mailing list for INFO, call 376-7500. Published 10 times a year - August, September, October, November, December, January, February, March, April, and May, by the Department of Extension Classes, 180 Westbrook Hall, University of Minnesota, Minneapolis, Minnesota 55455.

Extension students urged to run for 1973-74 University Senate

Extension students wishing to voice their opinions and represent their classmates regarding University matters are urged to run for the 1973-74 University Senate. Students who are elected senators and alternates not only represent Extension students in the University Senate, they also serve on the Extension Classes Student Advisory Board and are members of the Minnesota Student Forum.

According to 1972-73 Student Advisory Board Chairman Robert Smith, representing Extension Classes in the capacity as a senator and alternate is the most effective way to initiate action in the best interest of Extension students.

Some of the problems the Student Advisory Board has tackled this year have brought positive results for Extension students, particularly in regard to better evening parking hours and rates, plus the improvement of campus lighting, Smith said.

The regular Board meetings help keep communication flowing between Extension Classes students and administration.

To be a candidate for office this spring, students must be planning to register for fall classes, must carry five credits at the time of the election and have earned 12 University of Minnesota credits in the past five years. (An amendment may be presented to the Senate which would lower the number of credits carried at the time of election to three. Inquire before filing.) To be eligible for an appointment to the Student Advisory Board a student must be currently registered.

Filing forms will be available during registration March 14-23 at all offices, or by mail to April 9 by calling 376-7500. Filing deadline is April 9.

Candidate information will be distributed in classes before the election, and ballots will be given out in classrooms for the election May 7-12. INFO will cease publication during June and July, so to obtain election results call 376-7500.

Special bookstore hours during spring registration

The Nicholson Hall Bookstore will be open Wednesday, March 21, and Thursday, March 22, during in-person registration until 8:00 p.m. for the buying and selling of textbooks.

The Off-Campus Centers (excluding MacPhail) will observe the same dates for purchasing textbooks from 5:30 to 7:30 p.m. (Students may sell back textbooks only at Nicholson Bookstore.)

After March 21 and March 22, the Nicholson Bookstore will observe regular hours which are published on pages 17-18 in the Extension Classes Bulletin.

IMPORTANT DATES TO REMEMBER —

- Mar. 6 Mail registration begins. Non-limited class registration forms available for Spring Quarter (373-3195)
Last day to return by mail limited class reservation cards, registration forms for Spring Quarter
- Mar. 14 In-person registration for Spring Quarter classes begins
Orientation — 5-8 p.m. Nolte Lounge
First day to file for candidacy for University Senate through April 9
- Mar. 15 Final date to register for summer "Credit Courses in London" (373-3709)
- Mar. 15-21 Final examination period for Winter Quarter classes
- Mar. 21 Last day of Winter Quarter
Spring semester recess begins through March 27
- Mar. 23 Registration and tuition deadline for Spring Quarter classes
- Mar. 26, 27 All offices closed to process Spring Quarter registrations
- Mar. 28 Spring Semester classes resume

June 18-Aug 24/W/6-9:45/WB ArtB

*ArtS 1-701 PHOTOGRAPHY. 4 degree credits. \$56 plus \$10 materials fee.

A course in black and white photography for beginners with little or no experience. The course will cover techniques in the use of the camera, light-meter, film development and enlargements. Much time will be spent in the darkroom. Emphasis will be placed on personal expression through the photographic medium. (No prereq. Limited to 20 students)

June 18-Aug 24/M/6-9:45/WB ArtB 120
June 18-Aug 24/T/6-9:45/WB ArtB 120
June 18-Aug 24/W/6-9:45/WB ArtB 120
June 18-Aug 24/Th/6-9:45/WB ArtB 120

*ArtS 1-801 CERAMIC PROCESSES. 4 degree credits. \$56 plus \$15 laboratory fee.

An introduction to fired clay as a creative medium. Emphasis placed on exploration of ideas and not on production of a product, but course includes technical considerations of clay, glazes, kiln, etc. (No prereq. Limited to 24 students)

June 18-Aug 24/T/6-9:45/WB ArtB Basement
June 18-Aug 24/W/6-9:45/WB ArtB Basement
June 18-Aug 24/Th/6-9:45/WB ArtB Basement

BA 3-002 BUSINESS AND SOCIETY. 4 degree credits. \$56.

Examines the strategic and dynamic relations of business and society in a goal-oriented and problem-solving context. Focuses on the interfaces of business institutions with the physical environment, the social milieu, the political process and economic activity. Gives specific attention to the on-going debate regarding national priorities and the respective roles of the private and public sectors concerning the challenges confronting U.S. society. Includes assessment of the concept, determinants and indicators of the "quality of life" and the social responsibilities of business. (No prereq)

July 23-Aug 24/TTh/6-8:30/AndH 250

BLaw 3-058 BUSINESS LAW. 4 degree credits. \$56.

Study of origin, history and development of law, systems of courts, legal procedure, and extensive study of law of contracts, the basic law affecting business transactions; and the law of the relationship of principal and agent, master and servant, employer and employee. (No prereq)

June 18-Aug 24/T/6-8:30/BlegH 5
June 18-July 20/MW/6-8:30/AndH 250

CPsy 3-301 CHILD PSYCHOLOGY. 4 degree credits. \$56.

Introduction to science of child behavior; emphasis upon critical review of theories and research. (Prereq 5 cr introductory psychology)

June 18-Aug 24/T/6-8:30/AndH 330

*Econ 1-001, 1-002 PRINCIPLES OF ECONOMICS. 4 degree credits each, if no credit received for any other beginning economics course. \$56 each.

Principles underlying economic activity and the way these principles work out through our economic institutions. 1-001: Macroeconomics; national income, money and banking, economic growth. 1-002: Microeconomics; demand and supply, competition and monopoly, distribution of income, international trade, and current economic problems. (No prereq. Econ 1-001 and 1-002 may be taken in either order, or may be taken the same evening in order for the student to progress more rapidly to other courses. Each section limited to 35 students)

1-001/June 18-Aug 24/MW/6-7:40/AndH 270
1-002/June 18-Aug 24/MW/8-9:40/AndH 270

Comp 1-001/1-002 INTRODUCTORY COMPOSITION. 4 degree credits each. \$56 each.

A two-term sequence offering extensive guided practice in the structural and stylistic features of exposition and argumentation. Not an introduction to literary studies or to humanities. Satisfies the freshman English requirement for most degree programs. (No prereq for 1-001; 1-001 for 1-002)

1-001/June 18-Aug 24/M/6-9:30/KoltH S-132
1-001/June 18-Aug 24/W/6-9:30/KoltH S-132
1-002/June 18-Aug 24/Th/6-9:30/KoltH S-132

*FSoS 1-001 DYNAMICS OF DATING COURTSHIP AND MARRIAGE. 3 degree credits. \$3-001. \$42 plus \$1 materials fee.

The course is designed to assist individuals seeking self-understanding mutually satisfying interpersonal relations, happy marriage, and successful parenthood. These personal goals are worked toward through discussion and study about: personal growth and maturity; desirable mate qualities and selecting a marriage partner; purposes and problems of dating, courtship, and engagement; family philosophy, religion, values and planning; early marriage adjustments, child training and discipline, sex education, income management, problem solving and decision making. Integral parts of the course are: case studies, movies, and student discussion. Students are invited for discussion and personal or family counselling with the instructor. (No prereq. Limited to 30 students)

June 18-Aug 24/W/6-8:30/KoltH S-136

*BFIn 3-000 FINANCE FUNDAMENTALS. 4 degree credits, \$8-000. \$56.

Provides students with a comprehensive, analytical introduction to the principal concepts in Finance. After considering the general business environment, the course examines valuation theory. Then financial management decisions concerning uses and sources of funds are presented thus introducing students to capital budgeting. This course concludes by surveying the nation's financial markets. (Prereq Acct 1-026 or 1-051. Limited to 45 students)

June 18-July 20/MW/6-8:30/BlegH 10

INFO is a newsletter for university extension students. If you would like to submit questions to Comments they must be received NO LATER THAN April 18 for the May issue. If you would like to have someone's name placed on the mailing list for INFO, call 376-7500. Published 10 times a year - August, September, October, November, December, January, February, March, April, and May, by the Department of Extension Classes, 180 Westbrook Hall, University of Minnesota, Minneapolis, Minnesota 55455.

THIS NEWSLETTER IS PRINTED ON 100% RECYCLED PAPER

GC 1-112 MAN AND HIS ENVIRONMENT. 4 degree credits. \$56.

Deals with biological principles of inter-relationships between man and his environment, or study of ecology as applied to problems of man's past, present, and future existence. Basic principles of ecology are applied to such topics as structure and function of the ecosystem; pollution of air, water, and soil; population explosion; evolution of man, his migrations, and development of human settlements or biosocial environments; marine, radiation, and space biology; and creation of livable environments for man, present and future. (No prereq)

June 23-Aug 24/TTh/6-8:30/KoltH S-138

***GC 1-235 THE LAW IN SOCIETY.** 4 degree credits. \$56.

Introduction to major principles and functioning of our legal system. Students participate in organization and emphasis of the course. Guest lecturers, tours and films lend practical knowledge to theoretical problems. Topics to be selected by students include: drug problems; pollution; the draft; racism; the war; Minnesota correctional system, etc. (No prereq. Limited to 30 students)

June 18-Aug 24/W/6-8:30/KoltH S-135

GC 1-816 AFRO-AMERICAN LITERATURE. 4 degree credits. \$56.

Students study Afro-American contributions and aspirations by reading essays, poems, stories, and novels of Black America. (No prereq)

June 18-July 20/TTh/6-8:30/KoltH S-138

Hist 1-301, 1-302 AMERICAN HISTORY. 4 degree credits each. \$56 each.

Survey of political, economic, and social history of the United States with emphasis on forces that resulted in the emergence of Modern America. 1-301: Colonial, early national period through the sectional crisis. 1-302: Modern America. (No prereq)

1-301/June 18-July 20/TTh/6-9:20/AndH 310

1-302/July 23-Aug 24/TTh/6-9:20/AndH 310

Hum 1-001 HUMANITIES IN THE MODERN WORLD I. 5 degree credits, \$3-001 and Rhet 1-301. \$70.

An introduction to the study of the humanities in the modern world, including the old regime, the revolution, neoclassicism and romanticism from about 1740 to 1820. Materials used are history, prose, criticism, literature, poetry, and art. Authors: Pope, Voltaire, Rousseau, Burke, Goethe, Tolstoy. (No prereq)

June 18-Aug 24/MW/6-8:05/KoltH S-138

IR 0-001C SUPERVISION I: ELEMENTS OF SUPERVISION. 3 certificate credits. \$42 plus \$2 materials fee.

A general discussion of basic principles of supervision in the office and factory. Survey of principles for the handling of day-to-day problems of supervisors, with emphasis upon human relations aspects of such problems such as selection, induction and training of new employees, employee appraisal, giving orders, handling grievances, discipline, and employee moral. Extensive use of class discussion of practical problems drawn from office and plant situations. (No prereq)

June 18-Aug 24/W/6-8:30/BlegH 110

***Mgmt 3-001 FUNDAMENTALS OF MANAGEMENT.** 4 degree credits. \$56.

Study of concepts, theory, research, and operational problems. Includes the principal functional areas of management. Examines provisions of necessary factors and relationships to achieve organizational objectives, establishment of goals, policies, procedures; organizational structure and behavior leadership; control systems. (No prereq. Credits may be applied toward the Informations Systems Analysis and Design certificate [see bulletin page 81]. Limited to 40 students)

June 18-Aug 24/T/6-8:30/BlegH 435

***Mktg 3-000 PRINCIPLES OF MARKETING.** 4 degree credits. \$56.

Study of the basic policy and strategy issues in marketing and the environmental factors that affect these issues. Legal, behavioral, ethical, competitive, economic, and technological factors are examined as they affect product, pricing, promotion, and marketing channel decisions. (Prereq Econ 1-001 and 1-002 or #. Limited to 40 students)

June 18-July 20/TTh/6-8:30/AndH 250

Math 0-009 INTERMEDIATE ALGEBRA. Entrance credit. \$70.

Fundamental operations, factoring, fractions, functions and graphs, linear equations, exponents and radicals, quadratic equations, ratio and variation, progressions, binomial theorem, logarithms. (Prereq 0-006 or equivalent. Entrance requirement for Institute of Technology and is a prereq to all IT and CLA mathematics courses)

June 18-Aug 24/TTh/6-8:05/KoltH S-137

Math 1-141 ALGEBRA, PROBABILITY, AND PRE-CALCULUS. 5 degree credits. \$1-111, 1-201, 1-210, 1-441. \$70.

(First of a two-semester sequence for students in pre-business administration curriculum and others requiring college algebra and a minimal amount of calculus. Students who plan to take several quarters of mathematics should not register for this course.) Inequalities, elementary set theory, functions and analytic geometry, general systems of linear equations, linear inequalities and programming, combinations, permutations, probability, sequences, limits, and continuity. (Prereq 0-009 or 0-011 or high school higher algebra, 1-008 or high school trigonometry)

June 18-Aug 24/MW/6-8:05/KoltH S-137

***OAM 3055 INTRODUCTION TO MANAGEMENT SCIENCES.** 4 degree credits. \$56.

First course in use of analytical approaches and techniques, within business contexts. Emphasis on the role of mathematical models, statistical techniques related to data acquisition, and the use of computers and computer techniques in solving organizational problems. Examples will illustrate the use of both deterministic and stochastic models. Laboratory session will include problem solving and case analysis. (Prereq QA 1-050 or old 3-050, MIS 3-099 or Math 1-142 or equiv. Limited to 50 students)

June 18-July 20/MW/5:30-8:50/AndH 230

Phil 1-001 LOGIC. 5 degree credits. \$70

A study of the difference between logical and fallacious reasoning and functions and uses of language; rules of good definitions and sound argument. (No prereq)

June 18-Aug 24/Th/rec 5:30-6:20/lect 6:20-8:50/BlegH 10

***PE 0-001 SWIMMING FOR CHILDREN.** No credit. \$21 plus \$3 facility fee.

A course in swimming for children between the ages of 6 and 14 years. Each child must furnish his or her own towel, swimming suit, and cap; and should register for the appropriate section according to estimated ability. Sections are classified as follows: **Beginners**--nonswimmers and those who can swim, but not 10 yds.; **Intermediates**--those who can swim with ease in deep water. (The first meeting will be used for the purpose of reclassifying swimmers where necessary. Each section limited to 20 students.)

June 18-July 19/MTWTh

Beginners/9-9:45 a.m./NGW 58

Intermediates/9-9:45 a.m./Small Pool, Cooke Hall

Psy 1-001 GENERAL PSYCHOLOGY. 5 degree credits. \$70.

This course is designed to orient the student to the whole field of psychology. Emphasis is upon methods of investigation. Required for most other courses in psychology. (No prereq)

June 18-Aug 24/M/6-9:20/BlegH 5

Psy 1-003 APPLICATION OF PSYCHOLOGY TO LIVING. 4 degree credits. \$56.

Psychology in personal relationships and in the achievement of mental health, centering, for the most part, around our fundamental needs; and exploration of principles highly applicable in the life of every person. (No prereq. May be taken before or after Psy 1-001)

June 18-July 20/MW/6-8:30/AndH 370

***PO 1-001 HOW TO STUDY.** 2 degree credits.

credits do not count toward a B.A. degree; however, grades are included in the overall grade point average.) \$42 plus \$2 materials fee.

Practical assistance to the student in developing efficient study habits, organizing materials, preparing for examinations, and improving the speed and comprehension of reading. Diagnosis and practice in basic skill areas such as reading, spelling, vocabulary and elementary composition are also provided. (No prereq. Limited to 25 students)

June 18-Aug 24/T/6-8:30/EdH 102

***QA 1-050 ELEMENTARY MANAGERIAL STATISTICS.** 4 degree credits. \$56.

Introduction to quantitative decision making. Probabilistic and statistical techniques in decision making, data analysis, and management information systems, e.g., laws of probability, sampling, estimation, and regression. (Prereq Math 1-131 or 1-141 or #. Limited to 50 students)

June 18-Aug 24/W/5:30-8:50/BlegH 5

***Rhet 1-147 EFFICIENT READING.** 3 degree credits in Business Administration, General College, the Institute of Technology, and Agriculture. \$42 plus \$2 materials fee.

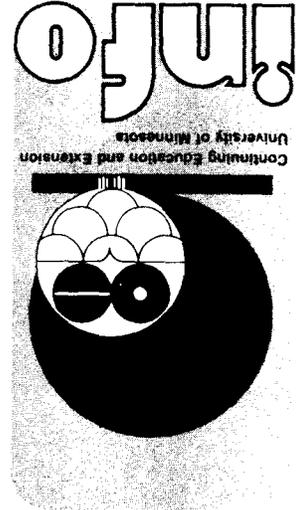

Designed for students, business, or professional people of average or above-average reading ability who wish to improve their reading speed and comprehension. Emphasizes reading techniques useful in achieving or maintaining scholastic or professional status. A suggested follow-up for PO 1-001, How to Study. (No prereq. Limited to 30 students)

June 18-Aug 24/M/6-8:30/ForH 115

Soc 1-001 INTRODUCTION TO SOCIOLOGY.
 4 degree credits. \$56.

A survey of the main substantive fields of sociology for non-prospective sociology majors. Illustrative material drawn from current social problem areas. (No prereq. Usually not for sociology majors; however, prospective sociology majors wishing to apply 1-001 to a degree program should contact the undergraduate adviser in the Department of Sociology)

June 18-July 20/TTh/6-8:30/AndH 350

Soc 1-002 AMERICAN COMMUNITY. 4 degree credits. \$56.

Sociological analysis of modern American society. Topics include distribution of population, urban-rural differences, social factors in business systems, occupational groups, determination of social status, and minority group adjustment. (No prereq)

June 18-Aug 24/Th/6-8:30/AndH 370

Ital 0-001 ITALIAN FOR GRADUATE STUDENTS. No credit. \$42.

This course is designed to impart a basic reading knowledge of the Italian language. Successfully passing the examination fulfills the Graduate School requirement of reading knowledge of a foreign language. (No prereq)

June 18-July 20/TTh/5-7:30/KoltH S-136

Ger 0-221 GERMAN FOR GRADUATE STUDENTS. No credit. \$42.

This course is designed to help the graduate student acquire a reading knowledge of basic German as rapidly as possible. (The course itself is not intended to prepare a student for the Graduate German Reading Examination; it is merely the first step toward that objective.) Ger 0-221 assumes no knowledge of German on the part of the student. Grammar is reduced to an essential minimum. The course progresses from intensive reading of simple, graded materials to selections of moderate difficulty. Vocabulary building and analysis of compound works are emphasized. (No prereq)

June 18-July 20/MTh/5:30-8/KoltH S-135

The Nolte Center Study Lounge will be closed spring quarter beginning March 28.

Ger 0-222 GERMAN FOR GRADUATE STUDENTS. No credit. \$56.

This course is designed to give the graduate student the experience in intensive reading of German literary texts necessary to enable him to satisfy the German language requirement for an advanced degree by achieving a grade of "B" or better in the final examination which is part of the course. (Prereq 0-221 or 2 quarters of beginning German or 2 years of high school German)

July 23-Aug 24/MTh/5:30-8:50/KoltH S-135

Fren 0-001 FRENCH FOR GRADUATE STUDENTS. No credit. \$42.

This course is designed solely to impart a basic reading knowledge of the French language; full time is devoted to intensive reading and translation of a variety of texts. Since this approach deals with only one aspect of the language, reading, with no time-consuming sessions for oral-aural drills and composition, great skill can be acquired in a short time. At the end of one quarter the student is given the French Graduate Reading Examination. Successfully passing this examination fulfills the Graduate School requirement of a reading knowledge of a foreign language. (No prereq)

Sec 1/June 18-July 20/MW/5-7:30/KoltH S-134
 Sec 2/July 23-Aug 24/MW/5-7:30/KoltH S-134

Span 0-221 SPANISH FOR GRADUATE STUDENTS. No credit. \$42.

This course is designed solely to impart a basic reading knowledge of the Spanish language; full time is devoted to intensive reading and translation of a variety of texts. Since this approach deals with only one aspect of the language, reading, with no time consuming sessions for oral-aural drills and composition, great skill can be acquired in a short time. At the end of one quarter the student is given the equivalent of the Spanish Graduate Reading Examination. Successfully passing the examination fulfills the Graduate School requirement of a reading knowledge of a foreign language. (No prereq)

A NEWSLETTER FOR UNIVERSITY EXTENSION CLASSES STUDENTS

Remember these summer dates:

REGISTRATION DATES:

June 4-15, Monday through Friday
July 9-20, Monday through Friday

REGISTER IN PERSON AT:

Minneapolis Campus Office, 101 Wesbrook Hall, phone 373-3195.
June 4-15: 8 a.m.-8 p.m., Monday-Thursday; 8 a.m.-4:30 p.m., Friday.
July 9-20: 8 a.m.-5:30 p.m., Monday-Friday.

MacPhail Center (downtown Minneapolis), 1128 LaSalle Avenue, phone 373-1925.

June 4-15: 8 a.m.-6 p.m., Monday-Thursday (closed Friday at 4:30 p.m.)

July 9-20: 8 a.m.-5 p.m., Monday-Thursday (closed Friday at 4:30 p.m.)

OR REGISTER BY MAIL. May 21-June 15. Call 373-3195 to request registration forms for non-limited enrollment classes.

TERM DATES:

June 18-August 24.....10-week term
June 18-July 20.....First 5-week term
July 23-August 24.....Second 5-week term

Extension Classes offering 40 courses this summer

Forty Extension courses being offered during summer evening terms will provide a wide variety of information from methods of recording, reporting and interpreting business to investigating American attitudes toward environment.

Summer courses are particularly beneficial to recent high school graduates who wish to get "a head start" on college and to high school students or adults who wish to take courses for personal enrichment.

All courses will meet on either the Minneapolis East or West Bank campuses, with as many as possible in air-conditioned classrooms. For a complete list of course offerings refer to the April Info or call 373-3195.

Summer activities abound for Extension students

There's much to see and do on campus this summer . . . theatre, concerts, sports, films, gallery exhibitions, and lectures. It's a pleasing time of year for classes . . . or for an evening of entertainment.

The Minnesota Orchestra presents another summer season of entertainment, featuring Sesame Street, Chet Atkins, Doc Severinsen, Henry Mancini, Victor Borge, and an evening with Danny Kaye. Call 373-2331 for dates and ticket information.

University Theatre offers two Showboat performances this summer: *The Merry Wives of Windsor* and *Stephen Foster*. **Peppermint Tent**, for many years a delight to children of all ages, will present two plays in repertoire: *The Mirror Man* and *The Hide and Seek Odyssey of Madeline Gimple*. University Theatre will also present two summer plays in air-conditioned Scott Hall Auditorium. For performance and ticket information for all summer productions call 373-2337.

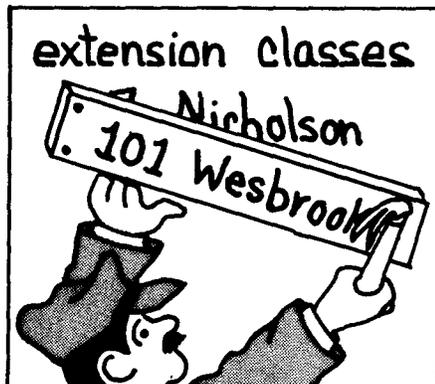

In addition, the Coffman, West Bank, and St. Paul Student Centers offer films, exhibitions, dances, and craft activities to summer day and Extension students. Read the "What's Doing" column in the Minnesota Daily for a weekly list of these and other University activities. Also, a Summer Session publication, *Socially Speaking*, (published in June) lists many of the scheduled activities. Call Summer Session, 373-2925, to have a copy mailed to you: or pick one up at the Extension Classes campus office, 101 Wesbrook Hall.

Concerts and Lectures: This summer you can attend performances of several dance companies, including the Don Redlich Dance Company and the Minnesota Dance Theatre with the Minnesota Orchestra. The Orchestra will also present seven Wednesday "Concerts on the Mall", at noon. The well-known Concentus Musicus and other classical music concerts will be presented. A popular outdoor *Blues and Jazz Series* will feature national and local Dixieland and blues artists and ensembles. All of the summer events, sponsored by Summer Session under the direction of the Department of Concerts and Lectures, are free to the public. For information on dates and performances call 373-2345.

Volume 3/ Number 5/ May 1973

Extension Classes offices Moving to Wesbrook Hall

After two years and nine months of anticipating a change of offices, Extension Classes registration and tuition payment facilities will be relocated in Wesbrook Hall (directly behind Nicholson Hall, next door to Northrop Auditorium). The move is scheduled for May 15. This means all campus Extension offices will finally be located under one roof.

1973-74 Extension Bulletin

Extension students registered this year and the previous three years can expect the 1973-74 Extension Classes Bulletin to arrive in their mailboxes around the middle of August.

... comments

Theodore L. Campbell, director, Extension Classes

While most people are thinking summer, we in the Extension Classes offices are preoccupied with fall - - as well as winter and spring of next year. We're deep in preparation of the 1973-74 Extension Classes program - - scheduling classes and lining up new courses, talking with instructors, streamlining procedures and contemplating various changes which will improve the program and services for the Extension student.

Ideas for changes, and course and program additions, come from a variety of sources, and one of the best sources, of course, is you, the student. But we don't hear as much from you as we'd like to.

Members of the Student Advisory Board have worked very hard to help improve the lot of the Extension student, even taking their cause to President Moos and, we hope, several legislators. But while the Board Members have been in close contact with many of their classmates, they can talk to only a small fraction of the 30,000 + people they represent.

In order to get more information as to how Extension students view their experience in Extension Classes, the Board has requested the Student Life-Studies Office

to ask several hundred of you some questions.

About now the Student Life Studies Office is calling 600 randomly selected winter quarter Extension Class students to find out such things as how much they know about Extension Classes programs and services, how they rate their instruction, and what complaints and suggestions they have. If you're called, I hope you'll help out, because answers to the survey will be valuable to us, to faculty and to your fellow students.

If you're not called, or even if you are, why not use another means (in addition to letters and the telephone) of getting ideas to us. Take a few minutes to fill out and mail the coupon in this issue of INFO. Many of the suggestions students sent in on the coupon last October have been implemented, or will be next year (for example, recognizing on certificates those recipients who have distinctive GPA's). We want to hear your suggestions as well as your criticisms. If you don't have any complaints, then tell us what you like about Extension Classes programs. If you'll sign your name and address, we'll respond with a personal letter.

We hope to hear from you.

Registration up for no-credit, 1/2 tuition CLA courses

More than 350 people took advantage of the new no-credit, one-half price registration category in 100 CLA classes spring quarter. The purpose of the new category is to make University Extension Classes more available to people interested in exploring subjects that interest them, but not in earning academic credit.

The classes opened are regular degree-credit courses.

The no-credit registrant is entitled to attend all lectures, keep up with assigned readings, and participate in class discussions. He or she is not entitled to submit work for evaluation, and no permanent record of the registration is kept. (Those not wishing to earn credit but who need a record kept register as auditors.)

Brasted receives award for contributions to chemical education

Robert Brasted, professor of chemistry, is the recipient of the 1973 American Chemical Society's \$2,000 Award in Chemical Education.

The award, which Brasted received in April, was established in 1950 "to recognize outstanding contributions to chemical education", and is financed by the Laboratory Apparatus and Optical Sections of the Scientific Apparatus Makers Association.

Brasted joined the University of Minnesota faculty in 1947, and has taught chemistry courses to Extension students since 1959. This fall Brasted will again be teaching "General Principles of Chemistry" (1004/1005).

A scientist and educator, Brasted is recognized by the American Chemical Society for his outstanding work toward improving the quality of chemical education, for his teaching and research, and his energetic leadership in organizations devoted to chemical education at all levels.

Lecture series focusing on prelude to Middle Ages

"The Twilight of Antiquity and the Beginning of a New Era" is the title of eight memorial lectures to be presented this fall by the Department of Extension Classes and the Department of History.

Proceeds will be used to establish the R. Stuart Hoyt Memorial Fund for promotion of the study of history at the University of Minnesota.

R.S. Hoyt, distinguished medievalist and popular University teacher, was a member of the History faculty from 1955 until his death in February, 1971, serving as Chairman of the History Department during his last five years. In 1963, Professor Hoyt was organizer and moderator of the popular series "Life and Thought in the Early Middle Ages," subsequently published in book form by the University of Minnesota Press.

University of Minnesota Regent's Professor of History Tom B. Jones will deliver all eight lectures. Students who wish degree credit for the lectures may register in History 5131.

The new lecture series is intended to carry on the tradition of the Hoyt lectures by taking as its subject the gradual drift from antiquity into the

early Middle Ages. Lecture topics are: Ferment and Repression, The Pilgrim, The Enemy, The Orator and the Emperor, The Churchman, The Soldier, The Man of Affairs, and The Roman.

Summer courses offered by correspondence

Continuing Education and Extension offers approximately 250 college level credit courses that may be taken by correspondence.

There are no admission requirements. Certain courses, however, may require prerequisites or the consent of the instructor. Students may enroll in the regular written/lesson submission format or, upon approval of the instructor, may select a more individualized approach to study.

For a free bulletin, you should write or call Department of Independent Study, 45E Westbrook Hall, University of Minnesota, Minneapolis, Minnesota, 55455, Telephone: 373-3256.

Student Board meets with President Moos

A number of Extension Classes Student Advisory Board members and the Dean of Continuing Education and Extension Harold A. Miller, met with President Malcolm Moos recently to discuss support of the adult Extension student.

Student Board Chairman Robert Smith pointed out to President Moos that the Extension student is often a taxpaying citizen but still pays more for his education than the student registered during the day. (The state legislature presently does not fund Extension Classes as it does day time education at the University.)

President Moos said he was well aware of the large number of adult students at the University and believed legislators should have an opportunity to meet with members of the Extension Board. President Moos told the Board that he would try to arrange a meeting with key legislators and Board members.

Other Board members attending the session with President Moos included Walter Carpenter, Esther LeRoy, Mark Kaszynski, and Michael Nelson.

Note:

The Nicholson Hall Bookstore will be open during the Second Summer Session term on July 23 and 24.

...in short

LEGISLATIVE REQUESTS FOR CONTINUING EDUCATION AND EXTENSION (CEE)—Dean Harold A. Miller recently appeared before the House Appropriations Committee, Education Division and the Senate Finance Education Sub-Committee. He explained to legislators that CEE's basis for the request for funds stems from the University's desire to provide instructional services on a basis which does not discriminate by location, time of day, or a student's ability to bear full costs. Miller said that legislators have shown concern for the problems of CEE students, who must pay for 85% of the costs of their education, in contrast to the 28% paid by regular day students. He is hopeful that additional state funds will be made available to CEE over the next biennium.

SUMMER LIBRARY HOURS—Summer campus library hours had not been determined when Info went to press. Call 373-2424 for complete information.

COUNSELING DEPT. HANDLES STUDENT PROBLEMS—This year 4,000 students came to the Counseling Department, 314 Nolte Center, for a total of 6,000 interviews. Most students sought help with decisions or problems relating to their continuing education. Counselors are available weekdays and two evenings a week (by appointment only). Call 373-3905.

STATUS AND ROLE—A two-week workshop offered through Women's Programs, in cooperation with the College of Education, will focus on the roles and functions of women in contemporary society. The workshop will be held on the St. Paul Campus at 9:00 a.m. to 12 noon, Monday through Friday, June 18-29. The session may be taken for four upper division or graduate credits. Tuition is \$60. For further information call 373-9743.

HINT OF WHAT'S TO COME IN NEW TV COURSES—Look for some new television courses in next year's bulletin (coming out in August). *Utopia* (pol 5664) will be taught by popular University professor Mulford Q. Sibley Winter Quarter and an Interior Design course (Dsgn 1555) will be aired Spring Quarter, taught by Associate Professor Alice Goacher.

FOR ARTS SAKE—The Summer Arts Study Center will offer 18 workshops (mostly one-week) in all of the arts during the two-month session beginning June 18 at Quadna Mountain, Hill City, Minnesota. Tuition for each workshop is between \$60 and \$75 and undergraduate and graduate credit is available. For workshop information call 373-4947.

Extension Classes/180 Westbrook Hall
University of Minnesota/Minneapolis, Minnesota 55455

Note-Summer Orientation June 4

All students and prospective students are cordially invited to attend the summer Extension Orientation to be held on Monday, June 4 from 5-7 p.m., in air-conditioned Nolte Center Lounge on the Minneapolis Campus.

The summer orientation will provide students the opportunity to discuss procedures, course selection and degree and certificate programs, with advisors, study skills experts, and instructors.

Members of the Extension Classes Students Advisory Board, and several administrative members will also be ready to answer inquiries regarding financial aid, campus activities and registration.

The orientation is informal. Students are encouraged to ask any questions they may have, and to obtain literature on bookstores, study locations, libraries, health services, and athletic activities, as well as other campus services.

Students are also invited to join a campus tour at 5:30 p.m. and/or a Wilson Library Tour at 6:15 p.m.

For further information regarding orientation, and/or to request a campus parking map, call 376-7500. Parking is available in the Nolte Center Underground Garage for 65 cents after 4:30 p.m.

ART EXHIBIT

Works of art rendered by Extension students during spring quarter Studio Art classes will be on exhibit beginning May 29, in 101 Westbrook Hall.

The display will include projects done in Ceramics, Prints, Sculpture, Drawing, Painting and Photography classes. Works will be labeled so those viewing the display will know in which class each project was completed. The Westbrook office is open from 7:45 a.m. to 8 p.m. (4:30 p.m. on Friday) except May 28, Memorial Day.

M.A. in English will be offered through Extension Classes

The Master of Arts in English will be offered through Extension Classes beginning Fall Quarter, 1973.

To obtain information, call Extension Classes at 376-7500.

INFO is a newsletter for university extension students. If you would like to submit questions to Comments they must be received NO LATER THAN July 9 for the August issue. If you would like to have someone's name placed on the mailing list for INFO, call 376-7500.
