

Bedrock Geologic Map of the Kadunce River 7.5' quadrangle, Cook County, MN
Boerboom, Terrence J., and Green John C.
Minnesota Geological Survey
Miscellaneous Map Series M-190
2011

Projection: UTM, NAD83, zone 15

Files associated with project:

m190_extras.zip--supplementary GIS and other files.

GIS:

base.png, .pgwx, .png.aux.xml--image file of quad topographic base with associated location information files
bedrock_geology.lyr--ArcGis 10 layer file to color bedrock geology polygons
bedrock_geology.shp--shapefile of Kadunce bedrock geology polygons
contacts_faults.lyr--ArcGis 10 layer file to color bedrock geology contact and fault lines
contacts_faults.shp--shapefile of Kadunce bedrock geology lines
geochem_sam.shp--point shapefile of geochemical sample locations
Kadunce_structure_points.lyr--ArcGis 10 layer file to show structure symbols
outcrops.shp--polygon shapefile of bedrock outcrop locations
str_pts.shp--point shapefile of structure measurement locations
water_well_cuttings.shp--point shapefile showing locations of CWI wells with cuttings
xsec_loc.shp--line shapefile showing locations of bedrock cross sections
Kadunce Metadata.xml--xml file of metadata derived from MSWord

Non-Gis files:

cross sections.pdf--pdf images of the bedrock geology cross section on the map plate
Kadunce_chemdata.pdf--chemistry data from rock samples
Kadunce Metadata.pdf--metadata for the bedrock map (an xml version is included in the supplementary zip file)
M-190.pdf--pdf image of the Kadunce bedrock map
