Re: Senate Facilitative Committee

I would like to convene a meeting of the Facilitative Committee of the Senate at the earliest possible date in November. As you well know, this is shaping up to be a critical year for the University because of the ramifications of the state's fiscal crisis.

The Facilitative Committee, consisting of the chairs of several key Senate committees, was first constituted in the mid 1970's by the Consultative Committee to expedite Senate business. Since then the number of committees represented has grown. Each year the SCC chairperson convenes the group occasionally, according to how useful he or she believes such opportunities for exchange will be, given the issues at hand.

Please indicate on the enclosed form your schedule for November, and return it as soon as possible to the SCC secretary, Meredith Poppele, at the office as listed above. We will get out meeting notices at the earliest possible date.
