## BUDGET SUMMARY STATEMENT

**GENERAL**

The 1927-28 budget has been prepared along the same general lines as have been followed at the institution for the past fifteen years. Encumbrances of general University funds of the preceding year are not shown as they are not known at the time of preparation of the budget. For the same reason balances of the service enterprises, revolving and trust funds are omitted. For the first time, however, the student loans, prizes, research, and other trust funds of the institution are included on an estimated basis.

**REVENUE**

The revenue available for the instructional, research, and extension services of the institution is estimated in the budget as being \$320,136.55 in excess of the amount available for 1926-27. The principal changes in the sources of income available for these purposes are indicated below:

Fund	Increase	Decrease	
<b>State Funds</b>			
For General Support			
Maintenance appropriation .....	\$75,000.00		
23/100 Mill tax .....		\$25,000.00	
Net increase for general support.			\$50,000.00

Intercollegiate Athletics .....	18,650.00	
	<hr/>	
Net increase University Income.		\$229,242.00

**EXPENDITURES**

The increase in the estimated expenditures of the institution are divided \$282,015 for salaries and \$38,121.55 for supplies, \$183,158 of the salary increase comes from the Support Fund. \$55,784.55 only of this amount is secured from the increase in State Funds for all purposes. The balance is secured from Federal Funds and from other University income. The net supplies increase of \$38,121.55 is derived from State Funds for Special Purposes, from Federal Funds and from other University Income. The major items of increase in supplies are for Physical Plant operation, for Hospital operation, and for Intercollegiate Athletics. Included under Intercollegiate Athletics is an item of \$6,000.00 which represents the share from Athletic Funds of maintaining the Field House.

In the following pages are indicated the distribution of the estimated expenditures, among the several major divisions of the institution, according to Salaries and Wages, and Supplies, Expense and Equipment. With the exception of those funds which were available only for special purposes, it will be noted that the major increases of allotments have been made to the instructional departments of the University, particularly Science, Literature, and the Arts, Engineering, Chemistry, Education and Extension.
