## GENERAL

The 1928-29 budget has been prepared along the same general lines that have been followed at the institution for the past sixteen years. Obligations and free balances in the general University funds of the preceding year were not known at the time of the preparation of this budget and for this reason are not included. Likewise, balances of the service enterprises, revolving and trust funds are omitted. For the first time an explanation of the several revolving funds of the institution is included in the printed budget.

There are three changes to which attention should be called. At the meeting of the Board of Regents on February 11, 1928, the following report on the change of status of Class "A" faculty members was approved:

"1. That as soon as practicable the designation 'Class A' be not employed and that 'Class B' or 'Class C' be substituted in the cases of the regular members of the instructional, research, and extension staffs of rank of instructor, assistant professor, associate professor, or professor, who are on an essentially full-time basis of employment in the University.

"2. That 'Class B' be redefined as follows: 'The employment for any three academic quarters of the year, the quarters to be designated at the time of the adoption of the annual budget.' Members of the staff engaged before this new definition goes into effect shall not be required to teach other than the quarters of the year contemplated in their initial agreement with the University.

"3. That any person now on the 'Class A' basis who is changed to the 'Class B' basis shall receive on the new basis eight-ninths of the annual salary which he was to have received for the same year on the 'Class A' basis. (This provision is contingent upon removing the maximum of \$600 now prevailing for six weeks in the summer session.)

"4. That each person changed from the 'Class A' basis to the 'Class B' basis shall be assured employment at the 'extra quarter' or 'Summer Session' rate for additional time each fiscal year to such an extent as will make an annual salary at least equal to the annual salary which he was receiving at the time the change from 'Class A' basis was made. It is understood that individuals or their departments will assume responsibility under the new régime as under the old for the duties which fall to their respective offices throughout the twelve months of the year.

"5. That this change of basis of employment shall not in itself constitute a claim for additions to the annual allotments made to the departments in which the persons so changed are employed, except that increases in total allotments to given departments may be allowed if equivalent decreases are made in other departments and divisions within the same school or college."

This action of the Board of Regents explains the new status designation "BC" which refers to those people who were on the old "A" basis and have elected to be on duty during one-half of a fourth quarter, thus insuring an annual salary equal to the annual salary received at the time of change from the Class "A" basis.)

This budget recognizes the four quarter plan by including along with compensation for the regular three academic quarters, special compensation for service in the fourth quarter. It also provides for employment at the regular rate for any three of the four quarters of the year. The ultimate objective is to place the summer quarter on the same basis as other quarters of the year thus making it possible to employ members of the instructional staff for any three of the four quarters as the teaching load may require.

At the meeting of the Board of Regents on June 2, 1928, the following salary schedule and classification of persons in the secretarial, clerical, and stenographic service of the University were approved:

I. For those just entering University service:

	1st yr.	2nd yr.	3rd yr.	4th yr.	5th yr. and after
Class 1 .....	\$ 780	\$ 840	\$ 900		
Class 2 .....	840	900	960		
Class 3 .....	960	1,020	1,080		
Class 4 .....	960	1,020	1,080	1,140	1,200
Class 5 .....	1,020	1,080	1,140	1,200	
Class 6 .....	1,200	1,260	1,320	1,380	
Class 7 .....	1,380	1,440	1,500	1,560	
Class 8 .....	1,500	1,600	1,700	1,800	

Note 1. The above salaries are maximum. It is allowable for officials to engage persons at a lower salary than above stated in case a person is engaged who is not well prepared for the work and must be expected to grow into the position.

Note 2. The above salaries are not guaranteed except upon recommendation of the head of the department concerned. The object of the schedule is to guarantee to the department heads the approval of the higher salary in case they recommend it but it is understood that it will not be recommended unless the work of the appointee is entirely satisfactory.

II. For those who are promoted from a position in one salary classification to a position in a higher classification.

When a position is filled by the promotion of a person from a position of lower classification, the salary will be that indicated for the first year in the table above except where that figure is the same or less than the person is receiving in the lower classification. In such case, the person will be granted an increase of \$60 per year in salary when accepting the new position.

III. The year of service in the above schedules means the fiscal year from July 1st to July 1st.

Provided a person employed from as early as November 1st will be regarded as having rendered a year of service by the following July 1st. Those employed after November 1st will not be qualified for advance in salary until the second succeeding July 1st, unless special exception is made for them at the time of their employment.

Intercollegiate Athletics .....	13,318	
Net Increase University Income .....		109,134
Total Net Increase All Income .....		\$187,410

**EXPENDITURES**

The increase in the expenditure allotments appearing in this budget are divided, salaries and wages, \$159,981, and supplies, expense, and equipment, \$27,429. The increases in allotments for supplies, expense, and equipment are primarily for library books and service for the University Hospitals, for the maintenance of the North Central School and Experiment Station at Grand Rapids, and for intercollegiate athletics. It was necessary to reduce the amount usually set aside for special allotments in Section XXII in order to meet other needs of the institution. With the exception of those funds which are available only for special purposes, it will be noted that the major increases of allotments have been made to instructional departments, particularly Science, Literature, and the Arts, Medicine, Law, and Education. The increase allowed in Medicine was met principally from increased student fees.

In the following pages are indicated the distribution of the estimated expenditures among the several major divisions of the institution according to salaries and wages and supplies, expense, and equipment.

Budget

No.

**3900 General and Military Deposits 7500**

When enrolling in the University the student is required to make a cash deposit to cover use, loss or breakage of equipment owned by the University or Military Department, which is credited to this budget. The General Deposit is five dollars for all schools except the Medical School, the College of Dentistry, and the College of Pharmacy, where the deposit is ten dollars. If the student is enrolled in the Military Department an additional deposit of ten dollars must be made. At the close of the school year the deposit less all charges will be refunded to the student. The charges are made by Journal Voucher in July of the following fiscal year and credited to the departments sustaining the loss.

**3901 Chemistry Deposits 7501**

Students doing laboratory work in chemistry must purchase Chemistry cards for which they pay five dollars. The credits for these sales are made to this budget. On this card is indicated the amount of the charges for chemicals and equipment used by the student. At the close of the school year the balance as shown by the Chemistry card will be refunded. The balance in this budget after all refunds are made is credited to the Chemistry Budget 2350.

**3902 Biochemistry Deposits 7502**

Students doing laboratory work in biochemistry on the farm campus must purchase Biochemistry cards for which they pay five dollars. The credits for these sales are made to this budget. On this card is indicated the amount of the charges for chemicals and equipment used by the student. At the close of the school year the balance as shown by the Biochemistry card will be refunded. The balance after all refunds are made in this budget is credited to the Biochemistry Budget 2216.

**3903 Agriculture Deposits 7503**

The General Deposits for students in the College of Agriculture, Forestry and Home Economics and the Central School of Agriculture are credited to this budget instead of Budget 3900. The charges are made by Journal Voucher in July of the following fiscal year and credited to the departments sustaining the loss.

**3904 Crookston Deposits 7504**

The deposits for students in the Northwest School of Agriculture are credited to this budget. These deposits are held until the close of the school and when the student has settled all his accounts the full deposit is refunded.

**3905 Morris Deposits 7505**

The deposits for students in the West Central School of Agriculture are credited to this budget. These deposits are held until the close of the school and when the student has settled all his accounts the full deposit is refunded.

**3906 Grand Rapids Deposits 7506**

The deposits for students in the North Central School of Agriculture are credited to this budget. These deposits are held until the close of the school and when the student has settled all his accounts the full deposit is refunded.
