GENERAL

The 1930-31 budget has been prepared along the same general lines that have been followed at the institution for the past eighteen years. Obligations and free balances in the general University funds of the preceding year are not known at the time of the preparation of the budget and for this reason are not included. Likewise balances of service enterprises, revolving funds, and trust funds are omitted. The budget consists, therefore, of a distribution among the various activities of the institution of anticipated receipts during the fiscal year beginning July 1, 1930, and ending June 30, 1931.

There are several facts of interest to which attention should be called. Among the important actions of the Board of Regents was acceptance and approval on December 21, 1929, of a comprehensive insurance plan covering faculty and employees. The plan provides (1) All faculty members shall be eligible for \$10,000 group death and disability insurance after having completed certain periods of service; i.e., Professors and Associate Professors immediately, Assistant Professors after completion of one full academic year of service, and Instructors after completion of two full consecutive academic years of service. (2) All employees shall become eligible for \$1,000 group death and disability insurance after having completed three full time consecutive fiscal years of service, for \$2,000 after having completed seven fiscal years, and to receive \$2,000 without cost after having completed twenty fiscal years of service. This plan became effective January 1, 1930, and all those who were eligible at that time were given the option of accepting the plan, while to all those becoming eligible or entering the service thereafter, acceptance becomes obligatory.

The following are excerpts taken from the Regents' meeting of December 21, 1929, relative to the insurance plan:

Voted to approve the following report of the Special Insurance Committee of the Board of Regents consisting of Regents Snyder, Boeckmann, and Mayo:

Voted to recommend acceptance of the joint proposal, filed supplement to the minutes, page 662, of the Northwestern National Life Insurance Company, Minneapolis, Minnesota, and the Minnesota Mutual Life Insurance Company, St. Paul, Minnesota, for the insurance of members of the faculty and employes in accordance with the printed plan, filed supplement to the minutes, page 663, and to recommend further that the President and Secretary of the Board be authorized to place a binder on all the lives of the members of the faculty and employes whose ages were submitted in the plan for the period from 12:01 a.m. January 1, 1930, to 12:01 a.m. February 1, 1930, with the understanding that the coverage thereafter is to include those members of the faculty and employes who elect the insurance to which they are eligible and further to authorize said President and Secretary of the Board to prepare and execute the necessary contracts for the issuance of the insurance. It is understood that the contract shall include these provisions:

1. That the aggregate maximum amount of single premium three-year term insurance that may be converted to endowment insurance on any individual shall be \$14,000.
2. That the disability provisions obtained in policies converted from group insurance shall contain a disability benefit providing for the payment in event of disability of the face amount of installments over a period of ten years.

Voted to approve, on recommendation of the special committee on insurance, consisting of Regents Snyder, Boeckmann, and Mayo, the following resolution:

WHEREAS, The Board of Regents did at its meeting on June 15, 1929, set aside in a separate budget \$45,000 for the purchase of insurance to protect members of the staff and employes against the hazards of death and disability, and

WHEREAS, there will remain in this budget a balance due to the fact that the insurance for the fiscal year 1929-30 will become effective on January 1, 1930, instead of July 1, 1929, and

WHEREAS, there exists in the University staff a number of unfilled positions and a large number of staff members and employes who are ineligible because they have not been in the employ of the University long enough to qualify.

NOW, THEREFORE, be it resolved that the Comptroller of the University be directed to transfer any balance in the present year's and subsequent years' allotments for insurance to a revolving trust fund with the understanding that either the income or the principal, or both, shall at the discretion of the Board of Regents be used to provide protection against old age, disability, or death, by insurance or otherwise, for the University staff including those not now eligible to participate in the insurance plan because of insufficient service, those who may subsequently fill positions now vacant, and those for whom positions may be created in the future.

Voted to authorize the President of the University to administer for the Board the following resolution:

WHEREAS, the University of Minnesota maintains for purposes of expedition in appointment and payment a so-called "regular payroll" paid on the first and sixteenth of each month which includes employes and members of the staff whose terms of appointment are regular and are included in the printed budget and are specifically approved by the Board of Regents; and a second payroll paid on the fifth and twentieth of each month which includes employes whose service is in most cases temporary, whose rates of

pay are fixed in accordance with a standard schedule of payment for such service, and whose terms of appointment are not specifically included in the printed budget nor approved by the Board of Regents.

WHEREAS, there are included in the so-called "miscellaneous payroll" certain persons who are appointed to positions of a regular and presumably permanent character for periods of six months or more per fiscal year.

NOW, THEREFORE, be it resolved:

1. That persons on the miscellaneous payroll who are appointed to positions of a regular and presumably permanent character for periods of six months or more per fiscal year shall be regarded upon recommendation of the employing officer and with the approval of the President and the Board of Regents as coming within the provisions of the Minnesota State Employees Retirement Fund Act (Chapter 191, *Laws 1929*).

2. That persons on the miscellaneous payroll who are appointed to positions which are regular and full time shall be regarded upon recommendation of the employing officer and with the approval of the President and the Board of Regents as coming within the provisions of the University Insurance Plan for employes after the completion of three consecutive full years of employment.

Voted to approve the following schedule of payroll deductions for insurance:

1. That to cover the faculty's share of the cost there be deducted \$3.13 from each pay check of "A" members of the staff; \$4.17 from "B" and "E" members' checks; and \$3.75 from "D" members' checks with the necessary adjustment of the June thirtieth deduction to provide \$75 per year.

2. That to cover the employes' share of the insurance cost deductions of \$2.50 be made on January 16 and July 16 from the pay checks of employes of the University receiving \$1,000 insurance coverage and \$5 on the same dates from the checks of employes receiving insurance coverage of \$2,000.

The non-faculty employees of the University also became eligible for retirement under the provisions of the State Employees Retirement Fund Act. The title of the original act reads as follows:

"An act to establish a State Employees Retirement Fund, to authorize deductions from salary thereof and the payment of annuities and benefits therefrom, to provide for the management of said fund by a retirement board, and to define the powers and duties of such board, Chapter 191, Senate File No. 434, *Session Laws of Minnesota for 1929*."

The Regents of the University accepted the provisions of Retirement Act (Chapter 191, *Session Laws of Minnesota for 1929*) on November 15, 1929.

Voted that the Board of Regents, without waiving any rights or powers conferred on it by the charter of the University and the Constitution of the State, nevertheless recognizing and approving the policy of the Legislature in differentiating between the non-faculty employes and the faculty of the University, should and hereby does require all new non-faculty employes unless exempted by the Board of Regents to comply with the terms of the Act, and offers to all present non-faculty employes the option of participating according to the terms of the Act.

Voted further that the President of the University should proceed to make a list of the positions in the University, the incumbents of which shall be classed as non-faculty employes and as such are required or privileged to comply with the terms of the Act in accordance with the resolutions aforesaid, and to present the list to the Board of Regents for approval.

The 1929-30 Budget Summary Statement carried an explanation of the present code used in the accounting set-up of the various colleges and departments and its use. The 1930-31 budget has two new indices used in the accounting department and inserted in the budget for the first time because of the value to the various departments and as a permanent record of the classifications used in a given year. These are the classifications of Income and Expenditure. Each individual item is given a numerical classification according to the nature of the receipt or expenditure, and this is entered upon the permanent record of the University. It will be noted that the expenditures are divided into six major divisions; i.e., Salaries and Wages, Supplies, Expense, Equipment, Land and Buildings, and Investments with detailed classifications under each.

In addition to these major items several minor additions have been made to the 1930-31 Budget. An Insurance and Retirement Index has been included which shows faculty members and employees, by major divisions and departments, who have accepted insurance or retirement, a list of positions on the miscellaneous payrolls that have been designated as eligible for insurance showing also those who have insurance, a code index of symbols, standard terminology and perquisites, and a comparative allotment schedule.

REVENUE

The year 1930-31 is the second year of the 1929-31 Biennium. The Legislature provided an appropriation of \$3,225,000 for each year of this biennium. There is therefore no additional income from this source for general support in 1930-31. \$35,000 was allowed for special repairs and alterations in 1929-30. The state support is therefore less by that amount in 1930-31.

With the exception of an \$8,000 increase in estimated revenue from Land Grant Interest, there will be no other increases in revenue from Federal appropriations.

The total increased income from the University itself amounts to \$56,015. Of this \$15,000 is the increase in the estimate of Student Fees and is available for general maintenance. The balance of \$41,015 is specifically derived from Hospital, Athletics, Mayo and Miscellaneous Fees, and is allocated to the various departments for definite purposes.

EXPENDITURES

With the exception of the \$15,000 increase derived from Student Fees, the allotments in this budget represent a redistribution of the allotments made in the 1929-30 budget. The following budgets and departments have been eliminated:

Retired Presidents	\$ 3,130
Heating Plant Boiler	40,000

The elimination of these budgets have made available approximately \$43,130. The addition of the \$15,000 from Fees and \$8,000 from Land Grant Interest increases this total to \$66,130. This amount, less \$10,000 for General University Research, has been allocated in the budget for salary adjustments and new positions, particularly in the instructional and research staff.

In the following pages are indicated the distribution of the estimated expenditures in detail among the several major divisions of the institution according to salaries and wages, and supplies, expense, and equipment.

EXPLANATION OF SYMBOLS

The following symbols and standard terminology codes are used in this budget. The secretarial and clerical salary code, appointment, and vacation symbols follow the title, whereas the perquisites code follows the salary amount and the reference is noted at the foot of the page.

General and Military Deposits 7500

Budget 3900—When enrolling in the University the student is required to make a cash deposit to cover use, loss or breakage of equipment owned by the University or Military Department, which is credited to this budget. The General Deposit is five dollars for all schools except the Medical School, the College of Denistry, and the College of Pharmacy, where the deposit is ten dollars. If the student is enrolled in the Military Department an additional deposit of ten dollars must be made. At the close of the school year the deposit less all charges will be refunded to the student. The charges are made by Journal Voucher in July of the following fiscal year and credited to the departments sustaining the loss.

Chemistry Deposits 7501

Budget 3901—Students doing laboratory work in chemistry must purchase Chemistry cards for which they pay five dollars. The credits for these sales are made to this budget. On this card is indicated the amount of the charges for chemicals and equipment used by the student. At the close of the school year the balance as shown by the Chemistry card will be refunded. The balance in this budget after all refunds are made is credited to the Chemistry Budget 2350.

Biochemistry Deposits 7502

Budget 3902—Students doing laboratory work in biochemistry on the farm campus must purchase Biochemistry cards for which they pay five dollars. The credits for these sales are made to this budget. On this card is indicated the amount of the charges for chemicals and equipment used by the student. At the close of the school year the balance as shown by the Biochemistry card will be refunded. The balance after all refunds are made in this budget is credited to the Biochemistry Budget 2216.

Agriculture Deposits 7503

Budget 3903—The General Deposits for students in the College of Agriculture, Forestry, and Home Economics and the Central School of Agriculture are credited to this budget instead of Budget 3900. The charges are made by Journal Voucher in July of the following fiscal year and credited to the departments sustaining the loss.

Crookston Deposits 7504

Budget 3904—The deposits for students in the Northwest School of Agriculture are credited to this budget. These deposits are held until the close of the school and when the student has settled all his accounts the full deposit is refunded.

Morris Deposits 7505

Budget 3905—The deposits for students in the West Central School of Agriculture are credited to this budget. These deposits are held until the close of the school and when the student has settled all his accounts the full deposit is refunded.

Grand Rapids Deposits 7506

Budget 3906—The deposits for students in the North Central School of Agriculture are credited to this budget. These deposits are held until the close of the school and when the student has settled all his accounts the full deposit is refunded.
