

# SENATE MEETING

THURSDAY, DECEMBER 5, 1968

3:30 P. M.

## MURPHY HALL AUDITORIUM

The voting membership of the Senate totals 207 including the President and 206 elected members. For a quorum, a majority of the voting membership (104) must be present. Constitution changes require advance publication and 138 affirmative votes. By-Law changes require 104 affirmative votes. Other actions require only a simple majority of members present and voting. The members of the Administrative Committee are ex officio nonvoting members of the Senate.

*All members of the faculty* who hold regular appointment as defined in the Regulations Concerning Academic Tenure may be present at Senate meetings and are entitled to speak and to offer motions for Senate action, but may not vote.

*Members of standing committees who are not faculty*, including student members, may be present at a meeting of the Senate during such time as a report of their committee is under discussion and may participate in such discussion, but shall not have the privilege of making motions or of voting.

A special section will be provided for the seating of such faculty and such members of standing committees.

Provision has been made for the University News Service to send the Senate Docket to the news media in advance of each meeting and to arrange a news conference at the close of each meeting with the vice chairman and others he may designate.

### ATTENDANCE RECORD

A roll of elected and ex officio members will be circulated during the meeting. Members will please check their names to indicate their presence. If the list misses you, please stop afterward to check your name. The roll, after adjournment, will be on the rostrum.

An attendance record for nonmembers will also be circulated and will be on the rostrum after the meeting.

*As voted by the Senate, a summary of the attendance of members elected for the current academic year will be included in the June minutes.*

### NOT FOR RELEASE PRIOR TO THE SENATE MEETING

Year 1968-69

No. 2

## UNIVERSITY OF MINNESOTA THE SENATE DOCKET

December 5, 1968

Your Committee on Business and Rules respectfully presents the following matters for consideration:

### I. MINUTES OF OCTOBER 31, 1968

#### Reported for Action

### II. REPORT OF THE ADMINISTRATIVE COMMITTEE

#### 1. Reported for Action

1. *Minor Holiday Change, 1968-69.* Mr. Summers presented a recommendation that February 12, 1969, Lincoln's Birthday, be used as an instructional day and that another day, a floating holiday made possible by a recent change in the Civil Service rules, be substituted at the discretion of the Civil Service Committee and the Regents. A motion to approve the recommendation was seconded and approved. This would add an instructional day to the short winter quarter of the 1968-69 calendar as was desired when the calendar was approved.

#### 2. Reported for Information

1. *Honors Committee Report.* Mr. Ziebarth, acting chairman of the Committee on University Honors, presented 6 nominations for the Outstanding Achievement Award, which were approved by common consent. He also presented for information the names proposed for 5 buildings.

2. *Course Numbering System.* Mr. Smith reported on the work of the sub-committee chaired by Mr. Kellogg in developing a new course numbering system to meet a variety of needs associated with planned University information systems. He indicated that a broad range of administrative officers and faculty had been consulted, as well as all committees related in any way to a change in the system. He pointed out that the system outlined would provide good flexibility for future changes in structure which cannot now be anticipated and that it will accommodate items of information which are not now available. He urged that similar departments on the different campuses communicate with one another in planning their number systems, and suggested that any comments from the Administrative Committee be passed on to the committee at once, and to departments, so that the plan could be implemented as soon as possible and renumbering could commence during this school year. When asked about the time element in printing new course numbers in college bulletins, Mr. Smith replied that it was hoped that the changeover could be accomplished in a biennium. Mr. Summers stressed the importance of planning ahead in so far as possible to provide for the most orderly and useful number structure and an exact indication of the "level of learning" (teaching level) of every course. He noted that care should be taken in naming courses to minimize confusion in their identification. Mr. Boddy said it would be important to develop parallel systems within related departments and among coordinate campuses. Mr. Smith suggested that a supplement to the guidelines might be developed by the Graduate School for their special purposes.

3. *Unassigned Instruction Funds.* Mr. Shepherd reviewed a 1964 memorandum issued jointly by Mr. Lunden and himself concerning the use of unassigned instruction funds to pay honoraria. He indicated that the rule concerning the use of such funds was being reviewed in order to emphasize that discretion was needed in honoraria payments this year because of the tight budget situation, and he urged that department heads be so informed.

4. *Promotions and Departmental Planning.* Mr. Smith introduced proposals for change in procedures affecting promotions and departmental planning and, following discussion of several of the recommendations, the following were approved: (a) time separation of the promotion process from the budget-making process; (b) establishment of committees to study the protocol on recommendations for promotion involving tenure, to study classes of faculty information and the system for gathering and using such information, and to study needs of and policies affecting departmental chairmen; and (c) referral to the Tenure Committee of 2 items pertaining to present tenure regulations.

5. *Greybook Presentation.* The President reported on the statement of needs to be presented to the Legislature and outlined the requested increases for each year of the biennium. Mr. Summers presented preliminary fall 1968 attendance statistics by college and totals. Mr. Wenberg then commented briefly on the Legislative request.

The clerk of the Senate shall request the departments or units of the University in which the deceased faculty members served to prepare suitable memorial statements and send them to their respective deans to be forwarded by the deans to the clerk of the Senate. At convenient intervals the clerk shall include such memorials in the agenda of the Senate for adoption by it, and shall supply copies of the same to the President.

The committee shall study and advise on intra-University problems of liaison and coordination as well as on problems of relations involving the University and other institutions. It shall promote articulation between the University and other educational institutions and assist in developing plans of cooperation and mutual assistance among the educational programs of the state.

It shall review the number, scope, and functions of the committees of the Senate and shall make appropriate recommendations thereon to the Senate. It shall assist the President in his appointment of committees by furnishing him a slate of twice the number of faculty members to be appointed to standing committees as specified in the By-Laws or Rules for each standing committee, giving consideration to geographical representation from the various collegiate campuses when this is appropriate, the principles of rotation of committee assignments, and the recommendations of the respective committee chairman and of faculty members.

##### 4. Consultative

There shall be a Consultative Committee which shall be composed of seven members elected by the faculty of the Twin Cities Campus, one member each of the Duluth and Morris campuses elected by the faculties of these campuses, and ex officio membership of the vice chairman of the Senate. The clerk of the Senate shall distribute by mail election ballots and slates to all faculty eligible to vote for members of the Senate from the respective campuses, and shall receive all returns. The election procedure herein set forth shall be held and completed during a period commencing February 15 and ending March 30. - e. The chairman of the committee shall be elected by the members from their number. The term of office shall be for one year; chairmen shall be eligible for re-election to that position.
- f. The committee shall represent the faculty-at-large and not the individual campuses, institutes, colleges, schools, or departments of the University. The Consultative Committee shall serve as the consultative body of the faculty to the President, as the Executive Committee of the Senate, and as a coordinating committee between administrative offices and the Senate. It shall initiate and further communications between the faculty and the President of the University and the Board of Regents. It shall meet with the President at regular times to discuss matters of policy relating to educational interests or policies of the University, personnel, service functions and the budget. The committee shall serve in such a way that problems of concern to the Senate in the exercising of its powers and responsibilities shall be put on the agenda in a timely fashion for study, debate, and action. It shall supervise the arranging of the order of business for the Senate and the recommendations for the disposition of business which appears to be not germane to the purposes of the Senate. The committee shall perform such other responsibilities as described in the Rules of the Senate.

It shall give emphasis to the coordination of libraries on the several campuses, and shall investigate and recommend policies with respect to increasing the educational services of the total, University-wide library system.
