This Is Your University

CHARTERED in February, 1851, by the Legislative Assembly of the Territory of Minnesota, the University of Minnesota has this year celebrated its one hundred and second birthday. As from its very beginning, the University is dedicated to the task of training the youth of today, the citizens of tomorrow. How well it has succeeded is indicated by the number of doctors, lawyers, engineers, social workers, journalists, dentists, farmers, businessmen, and community and civic leaders in all fields—good citizens all—who have gone from its several campuses to participate actively in the upgrading of the welfare of the citizens of our state. During the period of its existence, the University has awarded more than 110,000 degrees to its students who have completed the rigorous training demanded by the complexities of modern society.

In addition to the enormous task of giving collegiate instruction to nearly 19,000 students on its Minneapolis, St. Paul, and Duluth campuses, the University offers, through its Schools of Agriculture, its General Extension Division, and its short courses, specialized training designed to assist those who wish to study on a part-time basis. Still in addition, its staff members who are county agents, home agents, and recreation and health consultants give effective aid and assistance to citizens of the state in their very homes.

But the University of Minnesota, like all great universities, has expanded far beyond its early teaching and training programs. In its diverse research laboratories on its three campuses, at the several agricultural experiment stations, at the Rosemount Research Center, and at the University Hospitals, its scientists at any one moment are working on countless research experiments of vital interest to the future health and welfare of all of us. These projects deal with such matters as cancer, poliomyelitis, taxation, low-grade iron ore, cheese-making, teacher training, municipal government, nuclear fission, new varieties and strains of grains and fruits, supersonics and transonics, to mention only a few.

THE UNIVERSITY is recognized as the cultural hub of the Northwest; it is the home of the Minneapolis Symphony, the University Artists Course, radio station KUOM, the University Theatre, and the local performances of the Metropolitan Opera Company. Through the University of Minnesota Concert and Lecture Service and the School Assembly Service, the University brings to more than a million and a half people, in the area it serves, artists and lecturers of quality and talent.

The people of Minnesota are proud of their University, not only because it is one of the leading state universities in the nation, but also because of the extent and quality of its services from which they, their families, communities, and organizations benefit. Their interest in the University is a dynamic, living thing and expresses itself in many ways. Contributions from them have made it possible for the Variety Club Heart Hospital to be constructed and for the great Mayo Memorial building to be erected over the coming months. Through the American Legion and auxiliary posts all over the state, thousands of friends have made generous donations to provide an endowed research professorship in heart diseases.

All students at the University, their families and friends are invited to continue their enthusiasm and interest in the University of Minnesota. Graduates are especially urged to identify themselves with the University Alumni Association and the Greater University Fund and to return as frequently as possible to visit us here at the University.

Order of Events

THE ASSEMBLING OF THE AUDIENCE: Members of the Senior Class will form by colleges in front of Coffman Memorial Union, and the line of march will be up the center of the Mall into the Auditorium. University staff members and members of the Senior Cabinet will march last in the processional and will sit on the platform. Preceding the formation of the processional, the Flemish Bells will be heard from Northrop Auditorium, Mr. Edward Berryman, Instructor in Music, carillonneur. As the line of march is being formed, the University of Minnesota Concert Band, Mr. Gerald Prescott, Associate Professor and Bandmaster conducting, will play from the steps of the Auditorium. Leading the processional from the Union to the Auditorium will be: the University Army ROTC band, Bandmaster Cadet Sergeant Harold A. Strobel conducting; the University Navy ROTC band, Bandmaster Midshipman Bernard Terhorst conducting; and the University Air Force ROTC band, Bandmaster Cadet Captain James Weatherby conducting.

PROCESSIONAL: The University of Minnesota Concert Band, together with the University Army ROTC, Navy ROTC, and Air Force ROTC bands, will play until the processional has entered the Auditorium.

Choral and Minuet from the Gothic Suite - - - - - Boëllmann
Arranged and performed by Mr. Arthur B. Jennings, Associate
Professor of Music and University Organist

PRESENTATION OF COLORS: As the color guard, made up of University Army ROTC and Air ROTC cadets, and Navy ROTC midshipmen, enters the Auditorium, the audience will rise and remain standing.

THE NATIONAL ANTHEM (first stanza only): The entire audience and Mr. Roy A. Schuessler, Associate Professor of Music, soloist.

INVOCATION: Reverend Wilbur Grose, Minister and Director, Wesley Foundation, and adviser to Methodist students on the St. Paul Campus.

PRESIDING: Dr. E. G. Williamson, Dean of Students.

PRESENTATION OF THE CLASS OF 1953: Miss Darlene Ludtke, President of the Senior Cabinet.

ADDRESS: "Minnesota, Hail to Thee," Professor Elvin C. Stakman, Head, Department of Plant Pathology and Botany.

PRESENTATION OF HONOR STUDENTS: Dr. James Lewis Morrill, President of the University, assisted by Dr. E. W. Ziebarth, Professor and Chairman of the Department of Speech and Theater Arts.

"HAIL! MINNESOTA," the University's Alma Mater song: The audience and Mr. Roy A. Schuessler, soloist.

Minnesota, hail to thee!
Hail to thee, our college dear!
Thy light shall ever be
A beacon bright and clear;
Thy sons and daughters true
Will proclaim thee near and far;
They will guard thy fame
And adore thy name;
Thou shalt be their Northern Star.

Like the stream that bends to sea,
Like the pine that seeks the blue,
Minnesota, still for thee
Thy sons are strong and true,
From thy woods and waters fair,
From thy prairies waving far,
At thy call they throng
With their shout and song,
Hailing thee their Northern Star.

RECESSIONAL: Toccata from the Fifth Organ Symphony - - - Widor
Mr. Arthur B. Jennings, Organist

Freshman and sophomore Physical Education courses have not been included.

Students whose names are preceded by a star (*) have maintained an "A" average.

CAPS AND GOWNS

AN EXPLANATION

In the medieval city, clothing not unlike that worn by those participating in this commencement was common. The modern academic costume has evolved from the dress of the medieval guilds and the early religious orders.

Today, everyone with a college or university degree may wear the black academic gown. Hoods, which are omitted by seniors who are candidates for degrees, are worn by graduates. At the University of Minnesota, the lining of the hood has a maroon chevron on an old gold ground to represent the University colors. A University faculty member who holds a degree from another college or university wears the colors of his own alma mater.

Distinctions between sleeves indicate the type of degree held by the wearer. A long, pointed sleeve indicates a Bachelor's degree, while a long, closed sleeve with a slit near the upper part of the arm designates a Master's degree. A round, open sleeve marks a Doctor's degree.

The velvet edging on hoods is the color which stands for the field of study of the gown's wearer. It may be white for Arts and Letters, gold-yellow for Science, maize for Agriculture, Forestry, and Home Economics, grey for Veterinary Medicine, or light blue for Education. Orange denotes Technology; dark blue, Philosophy; purple, Law; green, Medicine; and pink, Music. Public Health is shown by salmon pink edging, Dentistry by lilac, Pharmacy by olive, and Commerce and Accounting by drab.

The Doctor's costume also has velvet trimming on the rest of the gown, including crossbars on the sleeves. The trimming may either be black or may match the color of the hood edging.

Shoulder insignia on the gowns of candidates for degrees indicate that the candidate is an honor student.

Caps, or mortarboards, too, have significance. The President of the University is the only one who may wear a velvet cap and a gold tassel.

For the Master's and Doctor's degrees the tassels are always black, but candidates for the Bachelor's degree at this commencement wear tassels which indicate their school or college by color, as follows:
