## *This Is Your University*

CHARTERED in February, 1851, by the Legislative Assembly of the Territory of Minnesota, the University of Minnesota this year celebrated its one hundred and sixth birthday. As from its very beginning, the University is dedicated to the task of training the youth of today, the citizens of tomorrow. How well it has succeeded is indicated by the number of doctors, lawyers, engineers, social workers, journalists, dentists, farmers, businessmen, and community and civic leaders in all fields—good citizens all—who have gone from its several campuses to participate actively in the upgrading of the welfare of the citizens of our state. During the period of its existence, the University has awarded more than 130,000 degrees to its students who have completed the rigorous training demanded by the complexities of modern society.

In addition to the enormous task of giving collegiate instruction to more than 25,000 students on its Minneapolis, St. Paul, and Duluth campuses, the University offers, through its Schools of Agriculture, its General Extension Division, and its short courses, specialized training designed to assist those who wish to study on a part-time basis. Still in addition, its staff members who are county agents, home agents, and recreation and health consultants give effective aid and assistance to citizens of the state in their very homes.

But the University of Minnesota, like all great universities, has expanded far beyond its early teaching and training programs. In its diverse research laboratories on its three campuses, at the several agricultural experiment stations, at the Rosemount Research Center, and at the University Hospitals, its scientists at any one moment are working on countless research experiments of vital interest to the future health and welfare of all of us. These projects deal with such matters as cancer, heart surgery, taxation, low-grade iron ore, cheese-making, teacher training, municipal government, nuclear fission, new varieties and strains of grains and fruits, supersonics and transonics, to mention only a few.

THE UNIVERSITY is recognized as the cultural hub of the Northwest; it is the home of the University Artists Course, the Radio Station KUOM, the Twin City Area Educational Television Station KTCA-TV, the University Theater, the Minneapolis Symphony Orchestra, and the local performances of the Metropolitan Opera Company. Through the University of Minnesota Program Service, the University brings to more than a million and a half people in the area it serves, artists and lecturers of quality and talent.

The people of Minnesota are proud of their University, not only because it is one of the leading state universities in the nation, but also because of the extent and quality of its services from which they, their families, communities, and organizations benefit. Their interest in the University is a dynamic, living thing and expresses itself in many ways. Contributions from them have made it possible for the Variety Club Heart Hospital to be constructed and for the great Mayo Memorial building to be completed. Through the American Legion and its auxiliary posts all over the state, thousands of friends have made generous donations to provide an endowed research professorship in heart diseases. Further contributions will make it possible, in the near future, for the University to build the Masonic Memorial Cancer Hospital and the Veterans of Foreign Wars Institute for Cancer Research.

Equally generous have been the contributions made by corporations, associations, foundations, trade unions, clubs, and individuals, whose thoughtful cooperation has made hundreds of scholarships and fellowships available each year to students of promise. Chiefly because of financial difficulties, only one-half of the Minnesota high school graduates of high ability enter any college or university. Because of this, the friends and supporters of the University are constantly trying to increase the numbers of scholarships and the amount of money available for such assistance.

Over recent years, much of the University's energy has gone into the necessary planning for the anticipated increases in future enrollments. At present, about half of the students in Minnesota colleges and universities attend the University of Minnesota. If the other institutions continue to take this same percentage of these students, not less than 47,000 full-time, fully matriculated students will be attending the University in 1970. This means more teachers, more civil service staff members, more land, and more buildings.

THE 1957 LEGISLATURE ACCEPTED, last month, on the behalf of the people of the state, the additional responsibilities which this anticipated enrollment involves. In addition to \$44,339,057 for general maintenance, the University will receive \$7,907,291 for University Hospitals; \$3,610,000 for special appropriations, including special extension and research activities; and \$16,530,518 for new buildings, land, and for the rehabilitation of existing buildings for the two years, 1957-58 and 1958-59.

Each year the University publishes and widely circulates a summary financial statement, which is available to anyone upon request, as is, indeed, a much more comprehensive and complete statement for those who wish to make a special study of the University's income and expenditures.

The summary financial statement of 1955-56 showed that the University received \$61,304,737.40 and spent \$61,305,615.38. This includes, of course, \$10,303,699.34 received from student tuition and fees, hospital and other departmental receipts; \$1,211,490.47 from intercollegiate athletics; \$10,666,778.11 from such services as dormitories and dining halls, printing, the laundry, University Press, Concerts and Lectures, University Theater, Health Service and the revolving funds; and \$13,145,587.04 from trust funds, including gifts, grants, donations, and income from endowments and research contracts for instruction, research, prizes, scholarships, fellowships, and the care of the sick, as well as from the Permanent University Fund derived from land set aside by the Federal Government and the occupational tax on iron ore. Also, \$1,897,551.05 came from federal appropriations for instruction, research, Agricultural Extension, and plant expansion.

Of the total of \$61,304,737.40, which the University received for 1955-56, \$24,079,631.39 came from the state.

All students at the University, their families and friends are invited to continue their enthusiasm and interest in the University of Minnesota. Graduates are especially urged to identify themselves with the University Alumni Association and the Greater University Fund and to return as frequently as possible to visit us here at the University.

## *Order of Events*

**THE ASSEMBLING OF THE AUDIENCE:** The members of the Senior Class will line up by colleges in front of the Coffman Memorial Union, and the line of march will be up the center of the Mall into the Auditorium. University staff members will march last in the procession and will sit on the platform. Preceding the formation of the procession, the Frances Miller Brown Memorial Bells will be heard from Northrop Auditorium, Miss Kathryn A. Simpson, SLA '58, carillonneur. As the line of march is being formed, the University of Minnesota Concert and Varsity Bands, Mr. Gerald Prescott, Associate Professor and Bandmaster, conducting, will play from the steps of the Auditorium. Leading the procession from the Union to the Auditorium will be: The University Army ROTC Band, Cadet Captain W. C. Benson conducting; the University Navy ROTC Band, Midshipman Lieutenant W. G. Beckwith conducting; and the University Air Force ROTC Band, Cadet Major J. D. Anderson conducting.

**PROCESSIONAL:** The University and Minnesota Concert and Varsity Bands, together with the University Army, Navy, and Air Force ROTC Bands, will play until the procession has entered the Auditorium.

Mr. Edward Berryman, Assistant Professor of Music  
and University Organist

**PRESENTATION OF COLORS:** As the Color Guard, made up of University Army and Air Force ROTC cadets and Naval ROTC midshipmen, enters the Auditorium, the audience will rise.

**THE NATIONAL ANTHEM (first stanza only):** The entire audience and Mr. Roy A. Schuessler, Associate Professor of Music, soloist.

**INVOCATION:** The Reverend Oviatt Desmond, Advisor to Congregational, Evangelical, and Reformed students and staff members on the Minneapolis Campus of the University of Minnesota.

**PRESIDING:** Dr. Edmund G. Williamson, Dean of Students.

**PRESENTATION OF THE CLASS OF 1957:** Mr. James S. Greeno, SLA '57, outgoing President of the All-University Congress.

**SPEAKING FOR THE UNIVERSITY:** Dr. James Lewis Morrill, President of the University.

**ADDRESS:** "The Many Worlds of Modern Man," Dr. William Anderson, Professor of Political Science, the College of Science, Literature, and the Arts.

## Order of Events

PRESENTATION OF HONOR STUDENTS: President Morrill, assisted by Dr. E. W. Ziebarth, Dean of the Summer Session.

"HAIL! MINNESOTA," The University's Alma Mater song: The audience and Mr. Schuessler, soloist.

Minnesota, hail to thee!  
Hail to thee, our college dear!  
Thy light shall ever be  
A beacon bright and clear;  
Thy sons and daughters true  
Will proclaim thee near and far;  
They will guard thy fame  
And adore thy name;  
Thou shalt be their Northern Star.

Like the stream that bends to sea,  
Like the pine that seeks the blue,  
Minnesota, still for thee  
Thy sons are strong and true,  
From thy woods and waters fair,  
From thy prairies waving far,  
At thy call they throng  
With their shout and song,  
Hailing thee their Northern Star.

RECESSIONAL: Concerto V - - - - - Handel  
"Allegro"

Mr. Berryman

## STUDENTS WITH AVERAGES OF B OR HIGHER

The following students have completed at least two quarters (26 credits) of work at the University with a scholarship average of "B" or higher through winter quarter, 1957.

Grade averages for the School of Dentistry, Law School, and the School of Veterinary Medicine are based solely on the professional school record. Medical students are not listed because the Medical School grading system does not provide a basis for determining "B" averages. Grade averages for the other schools and colleges are based on the entire record including preprofessional work with the exception of freshman and sophomore physical education courses which are not included.

Students whose names are preceded by a star (\*) have maintained an "A" average.
