THIS IS YOUR UNIVERSITY

CHARTERED in February, 1851, by the Legislative Assembly of the Territory of Minnesota, the University of Minnesota this year celebrated its one hundred and sixteenth birthday. As one of the great Land-Grant universities in the nation, the University of Minnesota is dedicated to training the young people of today to become the leaders of tomorrow. Each year our graduates leave our campuses to add new skills and knowledge to the existing resources of our State. They have been trained here as physicians, lawyers, engineers, social workers, teachers, journalists, dentists, pharmacists, nurses, farmers, businessmen—to name only some of the careers for which we offer preparation. Since its founding, the University has awarded more than 194,000 degrees, each one in recognition of the successful completion of an exacting academic program.

In addition to giving collegiate instruction to more than 44,000 students annually on its Minneapolis-St. Paul, Duluth, Morris, Crookston, and Rochester campuses, the University offers, through its Schools of Agriculture and its General Extension Division, specialized training designed to assist those who wish to study on a part-time basis. It offers further educational opportunity throughout the State by providing county agents, home agents, 4-H club agents, and recreation and health consultants who give effective instruction to residents of the State in their own homes.

In the diversified research laboratories on the University's six campuses, at the several agricultural experiment stations scattered throughout the State, at the Rosemount Research Center, the Cloquet Forest Research Center, the Cedar Creek Natural History Area near Bethel, the Fruit Breeding Farm and the Arboretum at Excelsior, the Lake Itasca Forestry and Biological Station, the Hormel Institute at Austin, and at University Hospitals, University scientists are working on countless research experiments of vital importance to the future health and welfare of us all. These projects, of which only a few are mentioned here, are concerned with cancer, heart surgery, taconite, gamma irradiation, cheese-making, teacher training, municipal government, school surveys, and development of new varieties of grains, fruits, and flowers.

THE UNIVERSITY is acknowledged to be the cultural hub of the Northwest. It is the home of the University Artists Course, Radio Station KUOM, the University of Minnesota Television Hour, the University Theatre, the Minneapolis Symphony Orchestra, and the local performances of the Metropolitan Opera Company. Through the University of Minnesota Program Service, the University brings renowned artists and lecturers to more than a million and a half persons living in the area it serves.

The people of Minnesota are proud of their University, not only because it is one of the leading state universities in the nation, but also because of the extent and quality of its services from which they, their families, communities, and organizations benefit. Their interest in the University is a dynamic thing and expresses itself in many ways. Contributions from them have made it possible for the Variety Club Heart Hospital and the great Mayo Memorial Building to be constructed. Through the American Legion and its auxiliary posts all over the State, thousands of friends have made generous donations to provide an endowed research professorship in heart disease. Generous contributions have built the

Masonic Memorial Hospital, the Veterans of Foreign Wars Cancer Research Center, and Diehl Hall (which houses the biological-medical library and additional medical research facilities).

Equally generous have been the contributions made by corporations, associations, foundations, trade unions, clubs, and individuals, whose tireless efforts have made hundreds of scholarships and fellowships available to promising students each year. Chiefly because of financial difficulties only one-half of the State's high school graduates of marked ability enter any college or university. Friends and supporters of the University, recognizing the need to alleviate this situation, continuously try to increase the number of scholarships and the amount of money available for scholarship assistance.

As it meets the needs of present students, the University must also make plans for those of the future. The 43,997 students who enrolled at the University at the beginning of the 1966-1967 academic year represented nearly one-half of Minnesota's college-level enrollments. They underline the fact that there are limits to the University's physical capacity. Future enrollments must be adjusted to those limits. In the fall of 1965, for the first time in its history, the University instituted an admissions policy based on controlled growth of total enrollment. This change in admissions requirements held the 1966-1967 enrollment to about 44,000 students. It reflects the University's need for more teachers, more land, and more buildings. And it makes plain the University's determination to maintain the educational quality that has made it one of America's leading educational institutions.

THE 1965 LEGISLATURE granted the University \$81,300,000 for general operations and maintenance during the 1965-1967 biennium. In addition, the University received \$9,083,223 for University Hospitals; \$6,833,887 for special appropriations, including special extension and research activities; \$15,820,656 for new buildings, land, and the rehabilitation of existing buildings; and \$1,240,000 for the University of Minnesota, Morris.

Each year the University publishes and widely circulates a summary financial statement, which is available to anyone upon request, as is a much more comprehensive and complete statement for those who wish to make a special study of the University's income and expenditures.

The summary financial statement of 1965-1966 showed that the University's current income and expenditures amounted to \$150,738,945.58. Of the total received, \$15,647,291.27 came from student tuition and fees; \$20,023,300.63 from activities relating to educational departments such as Hospitals, Dental Clinic, Cancer Detection Center, and University Theatre receipts and the sale of bulletins and agricultural products; \$1,673,200.41 from intercollegiate athletics; \$21,659,432.05 from such services as the dormitories and dining halls, printing, the laundry, the University of Minnesota Press, the Department of Concerts and Lectures, and the Health Service; and \$7,937,650.10 from corporations, foundations, individuals, and endowment income for instruction, research, prizes, scholarships, and the care of the sick. Also \$34,462,190.42 came from the Federal government for instruction, research, and agricultural extension. The State provided \$49,335,880.70 or 32.7 percent of the University's total operating costs.

THIS IS YOUR UNIVERSITY

Funds expended for the construction and remodeling of buildings and the purchase of land amounted to \$13,814,966.

“FOUNDED IN THE FAITH THAT MEN ARE ENNOBLED BY UNDERSTANDING
DEDICATED TO THE ADVANCEMENT OF LEARNING AND THE SEARCH FOR TRUTH
DEVOTED TO THE INSTRUCTION OF YOUTH AND THE WELFARE OF THE STATE”

These words, engraved on the façade of Northrop Memorial Auditorium and an intrinsic part of the fabric of the University of Minnesota, express the purpose of the University, the spirit in which it was founded, and the motivation for its academic endeavors throughout the 116 years of its history.

Its students, supported by its faculty, its administrative officers, and its alumni, form the heart of the University structure and the means by which it is enabled to translate these ideals into reality. Linked by countless ties to the University's history, and creating, out of their own college experience, another chapter in that history, the students are its most articulate spokesmen to the communities of the State and beyond. Those who have distinguished themselves by academic achievement, the ones whom we assemble to honor today, are in a particularly felicitous position to do this. Speaking, as they would be doing, as academic leaders, they can present an enlightened interpretation of the University's needs, progress, and goals as few others can do. Theirs is, perhaps, a unique task. It is also one of utmost responsibility. But the University welcomes this service, proudly convinced that its own students are its most eloquent ambassadors and that, in their hands, rests its greatest security.

CAP AND GOWN DAY

INVOCATION

UNIVERSITY OF MINNESOTA

ORDER OF EVENTS

ORDER of EVENTS

THE PROCESSIONAL

The *Frances Miller Brown Memorial Bells*, played by Mrs. James Whipkey, Graduate Student, will be heard from Northrop Memorial Auditorium before the procession starts.

The *University Concert and Symphony Bands*, conducted by Associate Professor of Music and Bandmaster Frank P. A. Benciscutto, A.Mus.D., will play from the steps of the Auditorium during the procession.

The *line of march*, from the lower Mall into the Auditorium, will be led by the Mace-bearer, Assistant Vice President Paul H. Cashman, Ph.D., Educational Relationships and Development. Following the Mace-bearer will be the Color Guard, made up of Army, Navy, and Air Force ROTC Cadets and Midshipmen; the University Army and Navy ROTC Bands, conducted by Army ROTC Cadet Thomas Armstrong and Navy ROTC Midshipman John F. Silverberg; the graduating students, marching by colleges; the faculty and staff; and the President.

THE CEREMONY

In the Auditorium, the audience is requested to remain seated so that all can see the procession. As the Mace-bearer enters the Auditorium, heralding the arrival of the academic procession, Professor of Music and University Organist Heinrich Fleischer, Ph.D., will play the University organ. The Mace-bearer will present the Mace at the center of the stage. Graduating students will take their places on either side of the middle aisle. All other honor students, freshmen to seniors, will sit in the orchestra seats next to those reserved for graduates. When the faculty members, marching last, have assembled on the stage, the Mace-bearer will put the Mace in its cradle to signal the beginning of the ceremony.

PRESENTATION OF COLORS: As the Color Guard enters the Auditorium, the audience will rise and remain standing for the Presentation of Colors, for the National Anthem, and for the Invocation.

THE NATIONAL ANTHEM: The entire audience and Professor Roy A. Schuessler, M.M., Department of Music, soloist.

INVOCATION: The Reverend Gordon J. Dahl, M.A., Campus Minister of the Lutheran Student Association on the St. Paul Campus.

PRESIDING: Vice President Stanley J. Wenberg, M.A., Educational Relationships and Development.

SPEAKING FOR THE CLASS OF 1967: Mr. Howard L. Kaibel, CLA '67, outgoing president of the Minnesota Student Association.

1967 CAP and GOWN DAY CONVOCATION

SPEAKING FOR THE UNIVERSITY: President O. Meredith Wilson, Ph.D.

ADDRESS: Professor and Chairman of the Astronomy Department Willem J. Luyten, Ph.D., Institute of Technology.

PRESENTATION OF STUDENTS: Vice President William G. Shepherd, Ph.D., Academic Administration, will present to the faculty and to the audience the recipients of scholarships, fellowships, awards, and prizes; the members of honor societies; honor students; and the members of the graduating class.

AN ANNOUNCEMENT: Dr. William A. McDonald, Professor of Classics and Director of the Honors Division, will announce the establishment of the O. Meredith Wilson Scholars Program.

PRESENTATION OF FACULTY AWARDS: Associate Vice President Donald K. Smith, Ph.D., Academic Administration, as Chairman of the All-University Council on Liberal Education, will present to President Wilson the six faculty members selected by the All-University Council on Liberal Education to receive Standard Oil (Indiana) Foundation-Horace T. Morse Awards in recognition of their outstanding contributions to undergraduate education. Each will receive a University citation and a \$1,000 grant provided by the Standard Oil (Indiana) Foundation.

These Awards combine the generosity of the Standard Oil (Indiana) Foundation, which is greatly concerned with achieving the highest possible standards in undergraduate education, with the name of the late Horace T. Morse, Dean of the General College, whose contributions to undergraduate education at the University of Minnesota were highly significant.

The names for this year's recipients of the Standard Oil (Indiana) Foundation-Horace T. Morse Awards will be first announced at this Convocation and will appear on the single sheets which our guests at this Convocation will receive.

HAIL! MINNESOTA: The University's Alma Mater song, sung by the audience and Professor Schuessler.

RECESSIONAL: Professor Fleischer.

FACULTY MARSHALS

STUDENTS WITH AVERAGES OF B OR HIGHER

The following students have completed at least two quarters (26 credits) of work at the University of Minnesota with a scholarship average of "B" or higher through winter quarter, 1966.

Grade averages for the School of Dentistry, Law School, College of Pharmacy, and College of Veterinary Medicine are based solely on the professional school record. Medical students are not listed because the Medical School grading system does not provide a basis for determining "B" averages. Candidates for degrees from the Graduate School are not included. Grade averages for the other schools and colleges are based on the entire record including pre-professional work with the exception that freshman and sophomore physical education courses are not included.

Students whose names are preceded by a star (*) have maintained an "A" average.

ACADEMIC COSTUME

On appropriate occasions, anyone with a college or university degree may wear academic costume consisting of a gown, a hood, and a cap. By observing the kind of academic costume a person wears, it is possible to know the name of the university from which he was graduated, as well as the degree which he holds, and, in some cases, the field of his major interest as well.

The long, pointed sleeve of the gown indicates a Bachelor's degree; the long, closed sleeve with a slit near the upper part of the arm indicates a Master's degree; and the open sleeve marks a Doctor's degree. Bachelors' and Masters' gowns are black in color and are without any trimming. Generally, the Doctor's gown is black, also, but some universities, particularly those abroad, prescribe such festive colors as red, crimson, or green. All Doctor's gowns have velvet trimming on the front facings and crossbars on the sleeves. This trimming may be black, or it may match the color of the edging of the hood and thus identify the profession or field of major interest of the wearer.

Only those students and faculty members who have already received college or university degrees wear hoods. Anyone who has a degree from the University of Minnesota may wear a hood decorated with a maroon chevron on gold background. The length and shape of the hood indicates whether the wearer has earned a Bachelor's, a Master's, or a Doctor's degree. The velvet edging on the hood indicates the field in which the degree was granted. For example, dark blue signifies Philosophy; light blue, Education; green, Medicine; lilac, Dentistry; orange, Engineering; russet, Forestry; drab, Business; olive green, Pharmacy; purple, Law; gray, Veterinary Medicine; golden yellow, Science; and white, Arts and Letters.

Shoulder insignia on the gowns of candidates for degrees indicate that the candidates are honor students.

Caps, generally mortarboards with tassels, have significance, too. The Doctor's tassel may be black or gold. Masters' and Bachelors' tassels are black, but at University of Minnesota commencement functions—upon the authority of the Senate Committee on University Functions—candidates for the Bachelors' and Associates' degrees wear tassels which indicate their schools or colleges by color as follows:

| | |
|--------------------------------------|--------------------|
| General Extension Division | orange and drab |
| General College | crimson and white |
| College of Liberal Arts..... | white |
| University College | old gold and white |
| College of Biological Sciences | golden yellow |

| | |
|--|------------|
| Institute of Technology | orange |
| College of Agriculture, Forestry, and Home Economics | maize |
| College of Education | light blue |
| School of Business Administration | drab |
| College of Pharmacy | olive |
| Law School | purple |
| College of Veterinary Medicine | gray |
| School of Dentistry | lilac |
| College of Medical Sciences..... | green |
| Graduate School | black |

Once the Bachelor's degree has been received and the commencement is over, the graduate, should he wear academic costume again, will wear only the black tassel as does the holder of the Master's degree. Similarly, he will not in the future wear the shoulder insignia as a part of his academic dress even if he is an honor graduate. All graduates of the University should remember that the academic dress at this University conforms to the rules of the Intercollegiate Bureau of Academic Costume. This means that Minnesota academic insignia may be easily secured anywhere in the world. And it is always worn proudly and with distinction—for ours is a great University.
