

106 TSMa

Thank you for your interest in the Minnesota Plan for the Continuing Education of Women. We are sending you a leaflet describing the plan, in case you have not already seen one. Perhaps if you already have a copy, you will pass the extra along to a friend who might be interested. Also enclosed is a booklet that we have prepared to answer some of the questions that many women have already asked us about educational opportunities for adults at the University of Minnesota. You may find that some of your won questions are answered there, and reading it will help you to do some advance planning of your own educational program. Information about the on-campus child-care service which will almost certainly be offered next year is also included.

Finally, there are three copies of a Minnesota Plan application blank. Please fill these out and return the white and green copies to us; the pink one is for your personal files.

Ordinarily, the next step in the program is an interview with the Minnesota Plan counselor. This can be arranged any time after we have your application blanks on file. Therefore, as soon as you have mailed your completed blanks to us (but not before, please!), you may call FE-2-8158, extension 7381 or 7382, and ask for an appointment with the Minnesota Plan counselor.

We look forward to including you in our program.

Sincerely yours,

(Mrs.) Virginia L. Senders, Ph. D.
Coordinator
