Significance of the School Pin

This pin has been the symbol of our School of Nursing since September of 1913. The antique lamp represents the metaphysical sciences. The telescope represents the physical sciences. The plow represents the industrial arts. The artist's palette represents the fine arts. These are the four dimensions of a Baccalaureate education. The crosses above and below, are St. George's crosses, which have stood for "unselfish service" for centuries. We are proud of this 70 year heritage.

"HAIL! MINNESOTA"

Minnesota, Hail to thee!
Hail to thee, our college dear!
Thy light shall ever be
A beacon bright and clear.
Thy sons and daughters true
Will proclaim thee near and far.
They will guard thy fame and adore thy name;
Thou shalt be their Northern Star.

Graduation Coordinator - Janet Seaman-Boughey

A special thank you to the graduating class members for their valuable input in the planning of their ceremony.

Thank you to Assistant Dean Dunning for her continued patience and support for every graduating class.

We would also like to acknowledge Alpha Tau Delta for their continued assistance in ushering for the ceremony and serving at the reception.
