The Class of 1940

The Class of 1940, University of Minnesota Medical School, is observing the 50th anniversary of its graduation this week. These senior alumni of the Medical School have returned to Minnesota for this joyous occasion and are assembled with us today as honored guests.

The Class of 1940 extends its congratulations to the class of 1990, and welcomes these new physicians into the medical alumni family of the University of Minnesota with its proud traditions and record of high achievement.

Acknowledgements

A special thank you to Peter D. Murray for providing piano music during the ceremony.

A special thank you to the members of the University of Minnesota Brass Ensemble.

Minnesota has been at the forefront of modern medicine every year for the past century, and we will continue to be. With the graduation of the Class of 1990 we again make a major contribution to the world of medicine. These graduates have accomplished what few people can. They have successfully completed one of the toughest curriculums of any profession. These ceremonies honor them and their accomplishments.

The ceremony to create a doctor has many traditions. The most important is the "Oath for New Physicians." Through the ages, physicians were brought into the profession by reciting the Hippocratic Oath, a tradition dating back to the 4th century B.C. In recent years, this oath has been modified to reflect scientific advances and philosophical changes that affect the practice of modern medicine.

The second tradition you will witness today is the donning of the hoods. This is an academic tradition. The student will be given a hood made with the school colors. Surrounding the hood is a border of velvet, the color of which is specific for the profession into which the student is graduating. In our case, the hood will be maroon and gold, the colors of the University of Minnesota; the border will be green, the color of medicine.

Part of our ceremony is to honor the alumni from 50 years ago who have come back to help us pay tribute to our graduating physicians. We honor the graduates of the past, acknowledging the age-long tradition of medicine, and we honor those who will carry the tradition into the future. Participation of the faculty, administration and alumni from 50 years ago signifies the continuing involvement of teachers, practitioners and academicians with their students and the profession of medicine.

These traditions come together to make a unique ceremony that only a few people are ever privileged to witness. The graduation of these students signifies continuation of our commitment to the provision of outstanding health care for individual patients and our ongoing dedication to the health and welfare of humanity.

Welcome.

RECESSIONAL - (PLEASE REMAIN SEATED DURING THE RECESSIONAL)

4:30 p.m.

Dean's Reception for Graduates, Families and Friends

NORTHROP MALL

SPONSORED BY THE MINNESOTA MEDICAL FOUNDATION

OATH FOR NEW PHYSICIANS

In the tradition of Hippocrates and the men and women through the ages who have dedicated their lives to the art and science of medicine I make the following pledge:

The respect, dignity of patients and the confidential nature of our relationship is foremost in my service to them. I will value their lives as I value my own.

I acknowledge my limitations and need for continued education. I will seek the knowledge and inspiration of my colleagues, friends and patients.

My work shall be dedicated to improving the quality of life for those who seek my assistance. I will honor the wishes and needs of the patient, recognizing that death is not always an enemy. I will do no harm.

I will strive always to improve the practice of medicine, to provide a level of care that is ethical, moral and just. I expect the same standards from my colleagues and will not tolerate their indifference, greed or unethical behavior.

My profession is an honored one. I will not violate the trust society has placed in me by allowing religion, race or creed to affect my judgment or ability to take care of patients. I will be humble.

I will consider the tools of my profession to be knowledge, compassion and patience. I will share these tools freely with my colleagues and patients alike.

I shall do my utmost to provide the vulnerable members of society the care and attention they need to assure their health, dignity and protection. I see all life as sacred.

In the presence of my teachers, my family and my friends I make these promises solemnly and freely. With this oath I willingly assume the rewards and responsibilities of a physician.

Administered to the Graduating Class
University of Minnesota Medical School
June 1, 1990

(Written by Timothy Schacker, M.D., Class of 1987; revised 1990)

HONORS

MINNESOTA MEDICAL FOUNDATION
UNDERGRADUATE RESEARCH AWARD

Awarded to a member of the senior class for the most
meritorious research paper

Daniel J. Garry

MINNESOTA MEDICAL FOUNDATION
MEDICAL STUDENT ACHIEVEMENT AWARD

Awarded for any or all of the following: academic excellence,
research, student leadership or community service

Suzanne E. Green

Outstanding Achievement Award

Edmund B. Flink

Distinguished graduate of the University of Minnesota.

Benedum professor of medicine, West Virginia University.

Dedicated leader who shaped the education, research and service roles of West Virginia University School of Medicine.

Accomplished clinical investigator credited with a lifetime of contributions to understanding of nutrition, mineral metabolism and endocrine functions.

International educator and perpetual student of medicine.

Respected mentor for hundreds of aspiring young physicians.

The regents of the University of Minnesota, as an expression of high esteem and in recognition of noted professional attainment, present this Outstanding Achievement Award on June 1, 1990.

President; Secretary, Board of Regents; Chair, Board of Regents.

Outstanding Achievement Award

John W. LaBree

Distinguished graduate of the University of Minnesota.

Director of hospital outreach and spokesperson for the University of Minnesota Hospital and Clinic to physicians in greater Minnesota communities.

Former dean of the University of Minnesota School of Medicine-Duluth.

Founding partner of the St. Louis Park Medical Center.

Compassionate and caring clinician and teacher who has served in numerous capacities of medical leadership throughout his career.

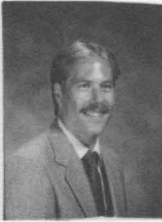

The regents of the University of Minnesota, as an expression of high esteem and in recognition of noted professional attainment, present this Outstanding Achievement Award on June 1, 1990.

President; Secretary, Board of Regents; Chair, Board of Regents.

W. Albert Sullivan Jr., M.D.

April 6, 1924 to April 29, 1990

Associate Professor, Surgery Department
Associate Dean, Admissions and Student Affairs
University of Minnesota Medical School

"The support and kindness you offered me is rare, yet in my discussion with others it was commonplace with you. I have learned much from you about decency, integrity, compassion, professionalism and love of life. Heroic lives are not forgotten." - a former medical student

Students who transferred into the third year class:

- (C) University of Chicago, Pritzker School of Medicine
- (D) University of Minnesota-Duluth, School of Medicine
- (N) University of North Dakota, School of Medicine
- (T) University of Texas, Medical School at Houston

The University of Minnesota, including the Minnesota Extension Service, is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, religion, color, sex, national origin, handicap, age, veteran status or sexual orientation.

This book is not an official record of graduation from Medical School. The degree of Doctor of Medicine is officially granted by the Board of Regents on the date ending the academic quarter in which degree requirements are completed, which this year will be June 9, 1990.

Academic Costume

Academic costume - cap, gown, and sometimes hood - may be worn by anyone with a college degree, or by a candidate whose degree is soon to be awarded. Characteristics of costumes show their wearers' highest degrees and, often, the fields of major interest and the institutions by which the degrees are granted.

All bachelors' and masters' gowns are black and untrimmed. The bachelor's gown has a long pointed sleeve, the master's a closed sleeve with an arm slit. Doctors' gowns in the United States are usually black, with velvet front facings and sleeve crossbars. Some universities, especially those abroad, prescribe colorful crimson, bright red, or other colors, set off by black or colored facings.

At commencements, degree candidates wear the gowns for the degrees they are about to receive. Hoods are worn only by those who already possess degrees. Anyone who has a University of Minnesota degree may wear the Minnesota hood - black with a maroon chevron on gold. The length and shape of a hood identify the most advanced degree its wearer has earned, and the hood's velvet edging shows the degree's field: dark blue for philosophy, light blue for education, green for medicine, lilac for dentistry, orange for engineering, russet for forestry, drab for business, olive green for pharmacy, purple for law, gray for veterinary medicine, golden yellow for science, white for liberal arts.

Caps - usually tasseled mortarboards - show by tassel color the nature of degrees awarded at University of Minnesota commencements. Doctors' tassels may be black or gold; masters' are black. Bachelor's degree candidates at Minnesota, however, indicate their fields of study by their tassel colors:

College of Agriculture.....	maize
College of Biological Sciences.....	golden yellow
Continuing Education and Extension.....	orange and drab
School of Dentistry.....	lilac
College of Education.....	light blue
College of Forestry.....	maize
General College.....	crimson and white
College of Home Economics.....	maize
Law School.....	purple
College of Liberal Arts.....	white
School of Management.....	drab
Medical School.....	green
School of Nursing.....	green
College of Pharmacy.....	olive
School of Public Health.....	green
Institute of Technology.....	orange
University College.....	old gold and white
College of Veterinary Medicine.....	gray

Gold shoulder epaulets are worn by candidates who are honor students.

After receiving their degrees, holders may wear the academic costume on any appropriate occasion, but they always wear the black tassel and omit the shoulder insignia. Appropriate academic costumes can be obtained anywhere that academic ceremonies are conducted.
