V. CARMEN AND LEONARD

In bidding farewell, it is appropriate here to bid adieu to Leonard Lang, who departed his state of bachelorhood yesterday morning. On the most glorious day in June of this year, he said his 'I will' with Carmen Frazee at the Basilica of St. Mary. The wedding, which has not been out-ranked in splendor these many years, attracted a large and enthusiastic audience. Dozens of movie cameras and candid cameras documented the occasion. The impromptu reception on the church steps attested the high esteem in which they are held.

After a busy day, they retired to the bridal suite with plenty of chaperons. This morning a car headed for the West with the cooing pair in the front seat.

Yesterday, as the day wore on the "bustle" slowed down to a walk and his ears grew deaf with advice. Long active in superintending the results of other men's work there was a glint in his eye as he accepted the good wishes of his friends.

Good-bye, 'Dutchman' - You're a grand guy and you have picked a good manager!
