# Standards

There is a consequence for each standard.

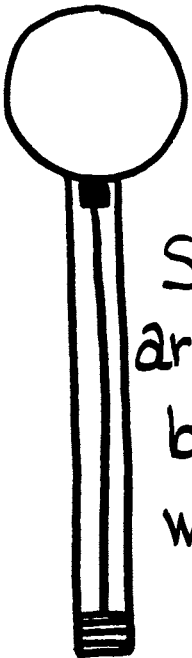

# Resources

Limited resources —  
space  
time  
natural environment

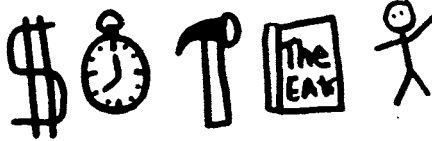

# Values

We give up many things for our values.

# Standards

Standards are influenced by those we admire.

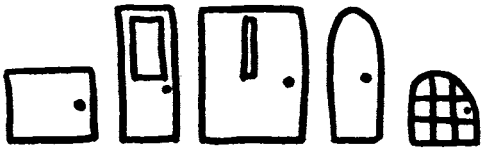

# Resources

Community resources —  
money  
people  
places  
nature.

# Values

Our values are things we are proud of.

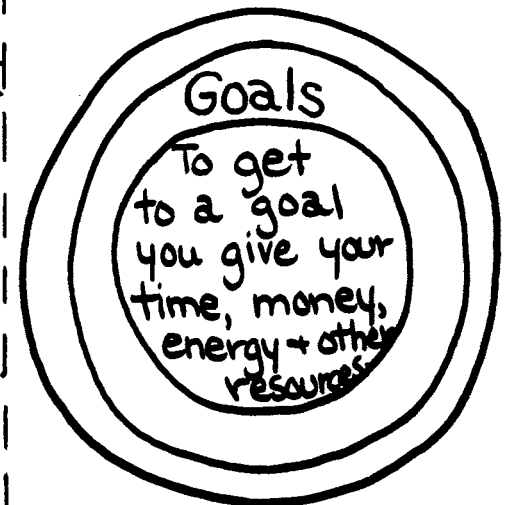

# Decision Making

You can cause things to happen.

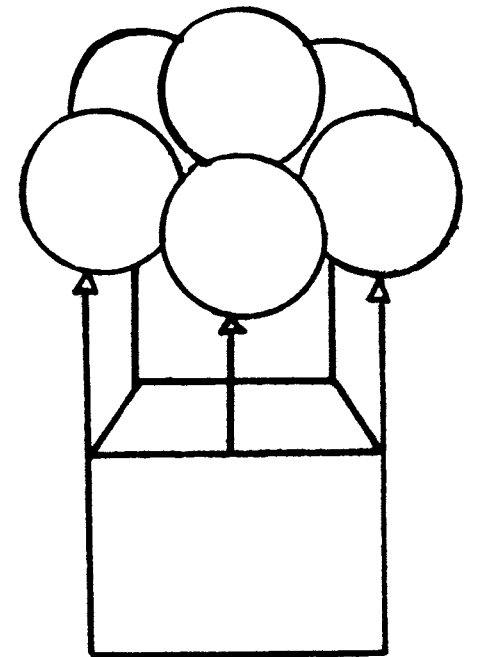

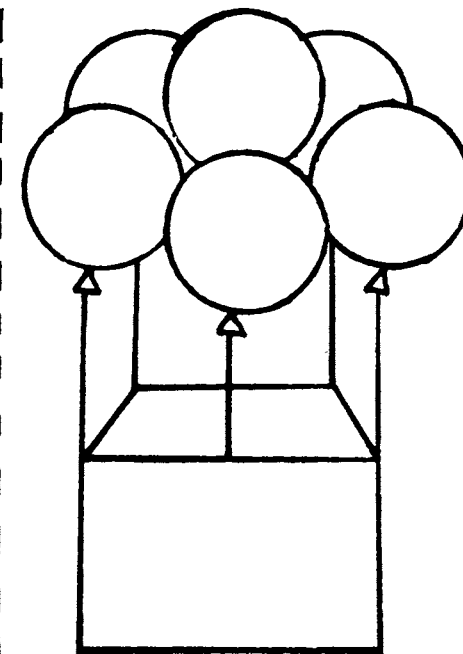

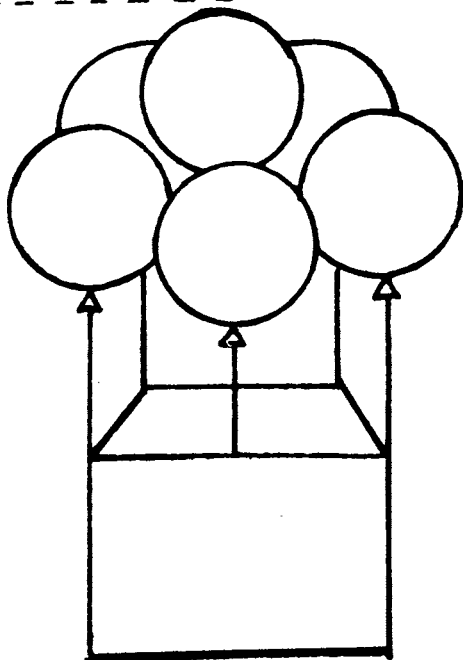

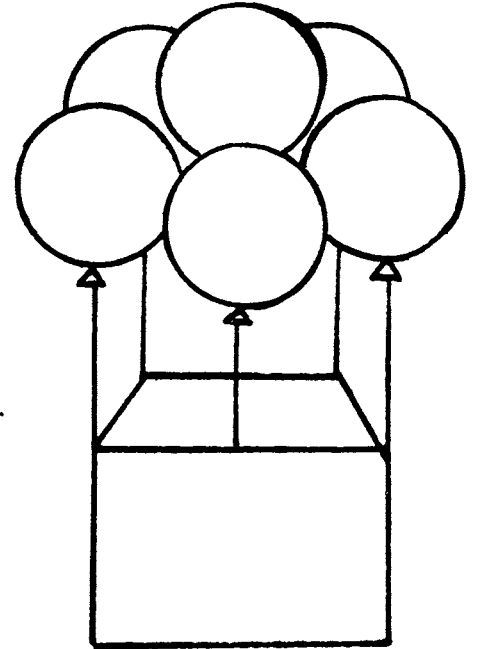

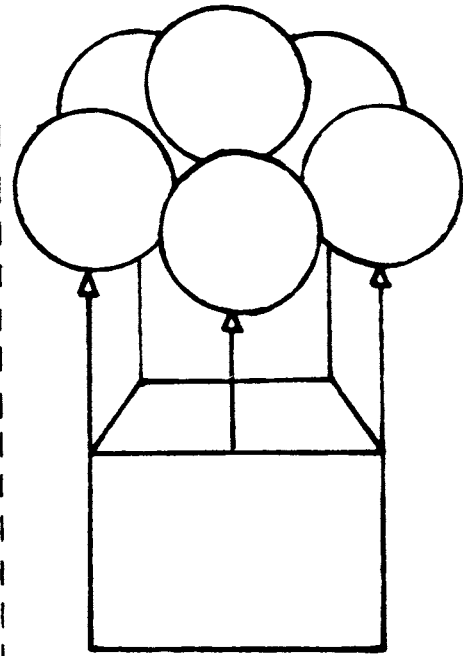

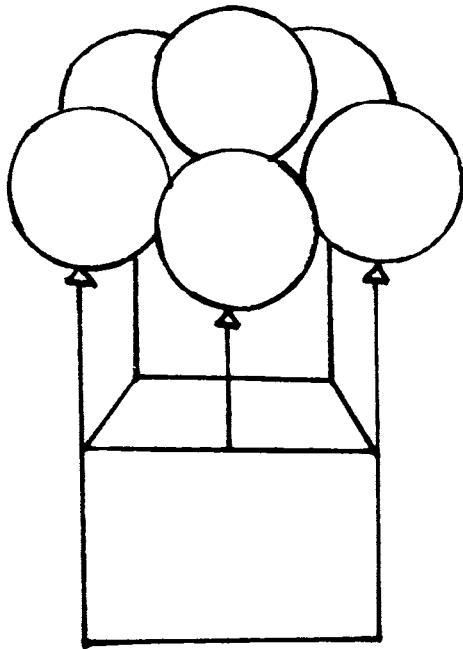

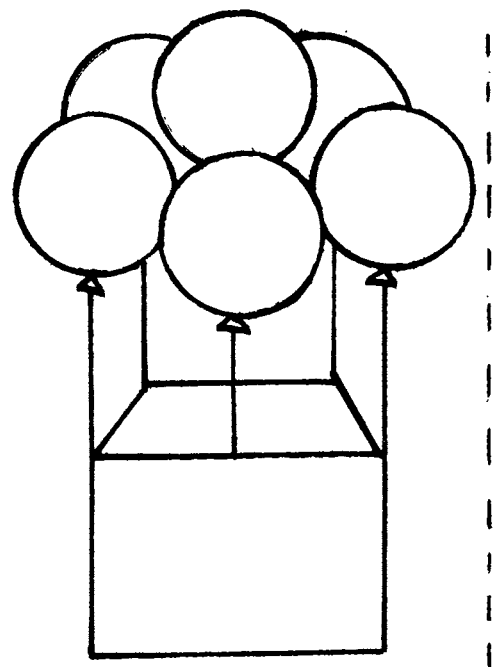

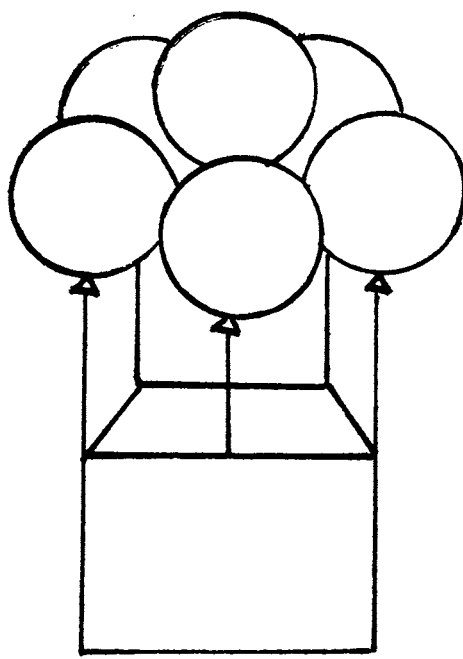

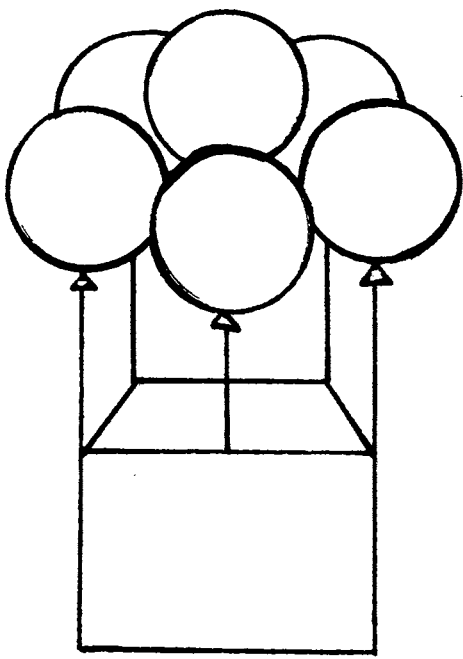

# Organization

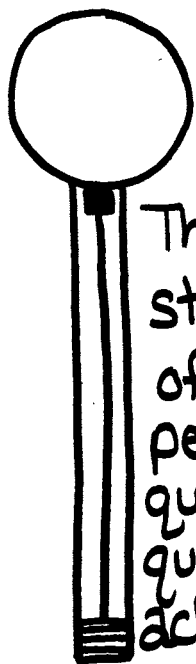

Everything has a place and a place for everything.

# Goals

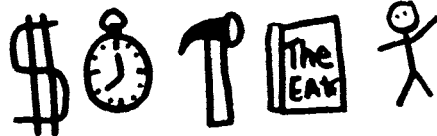

To get to a goal you give your time, money, energy + other resources.

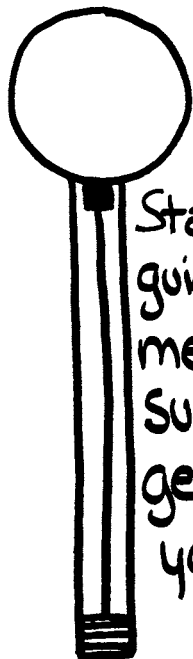

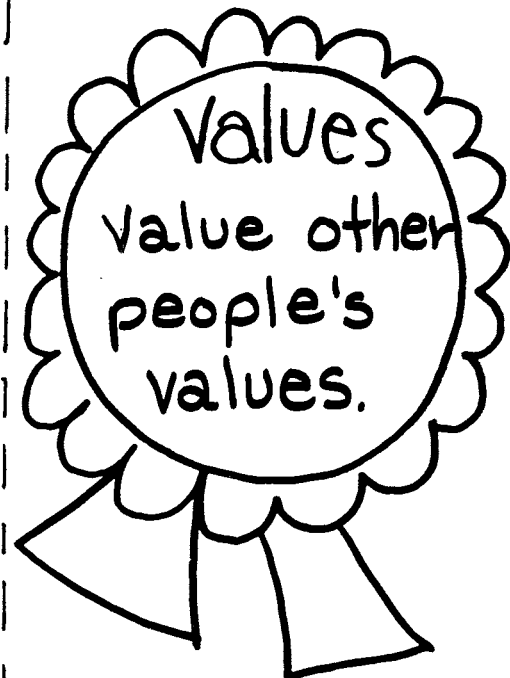

# Standards

There are standards of performance quality, quantity + achievement.

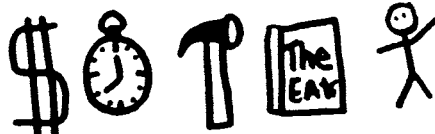

# Resources

Resources are used to achieve goals.

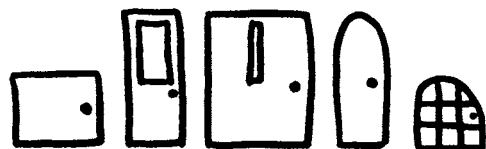

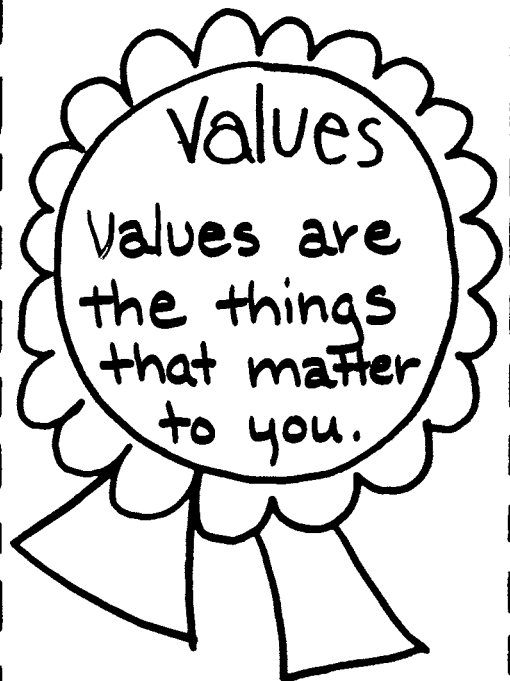

# Standards

Standards are guide lines for measuring success in getting what you want.

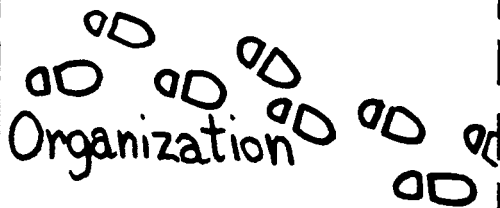

# Resources

Human resources —  
go - power  
skill  
brain - power  
personality

# Decision Making

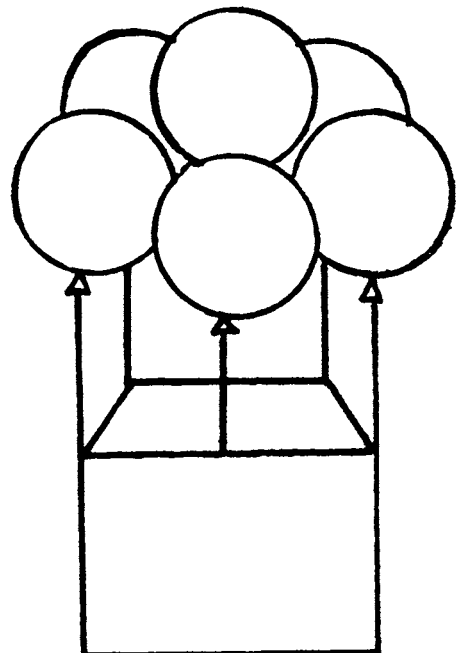

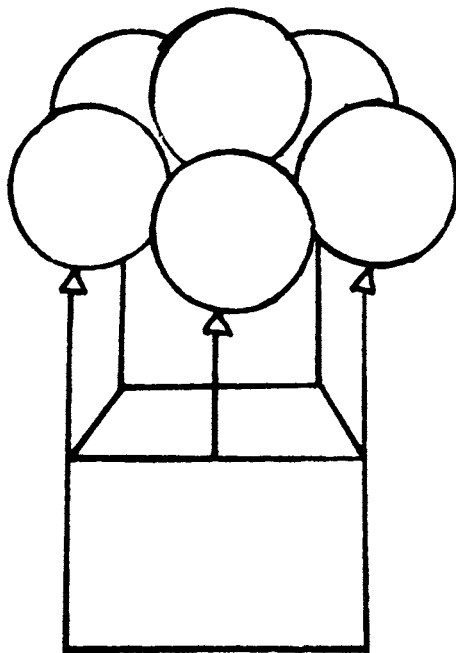

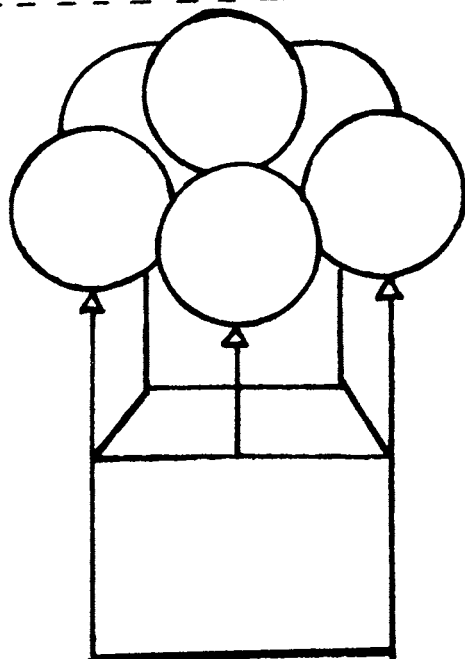

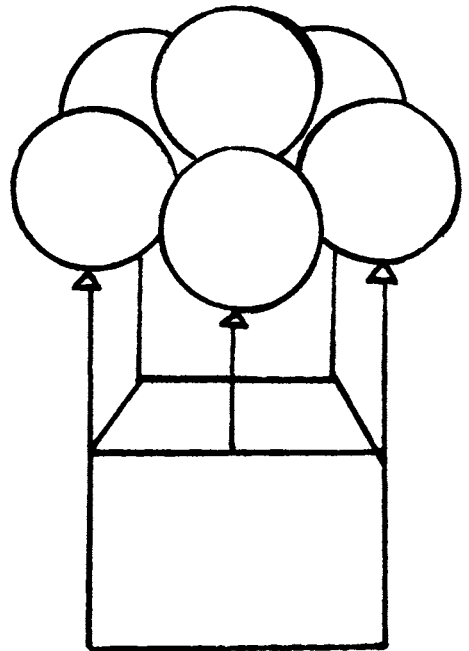

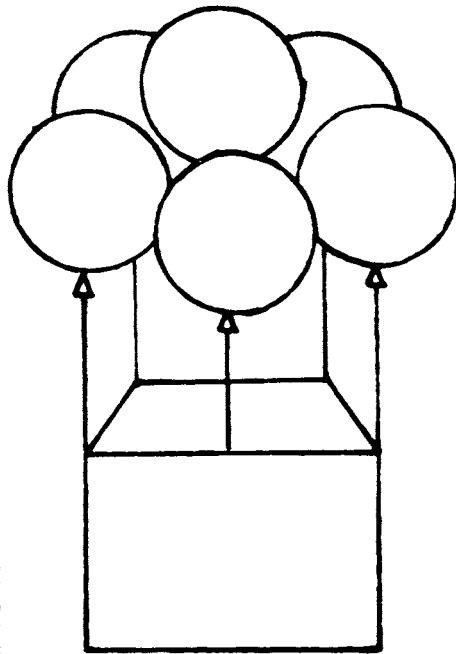

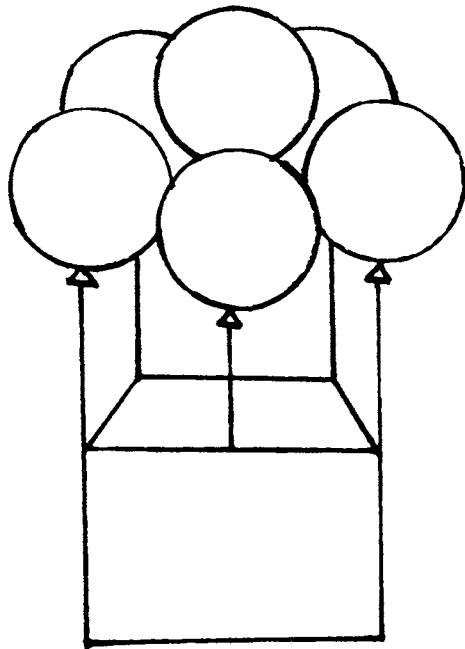

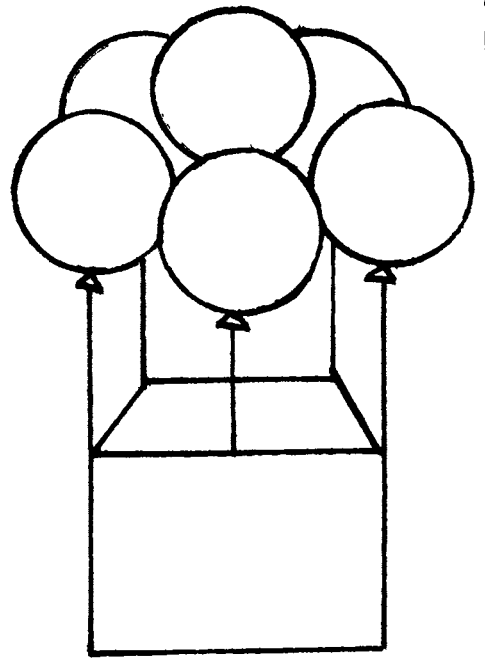

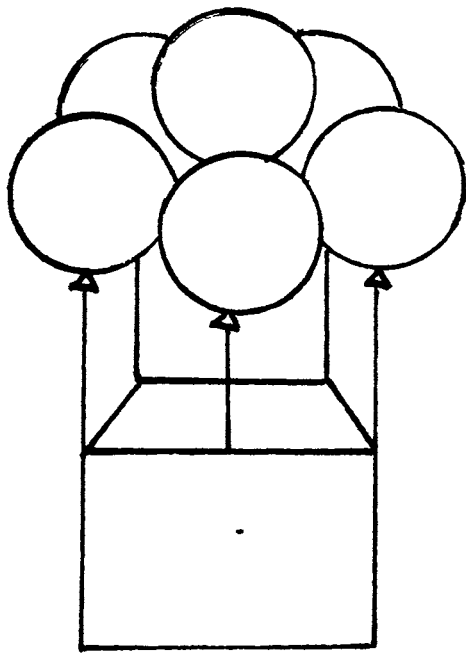

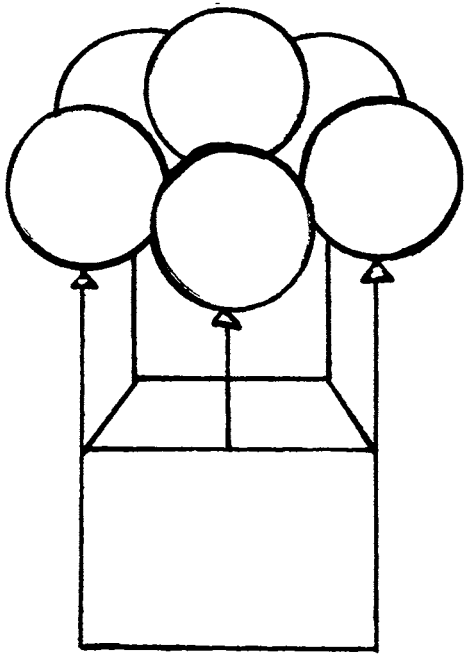

Evaluate —  
would you do it again?

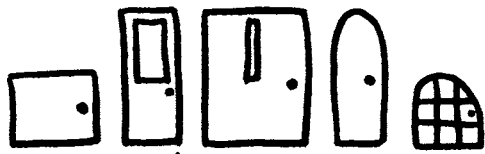

# Organization

People organizers help us work together.

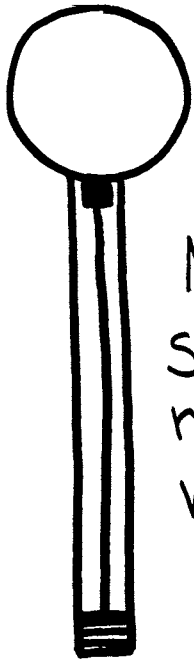

## Decision Making

Brainstorm  
for a solution.

## Organization

Organization  
means going  
step  
by step.

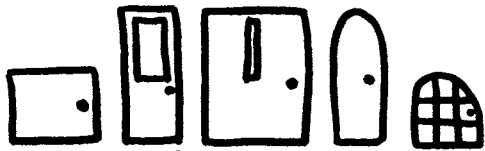

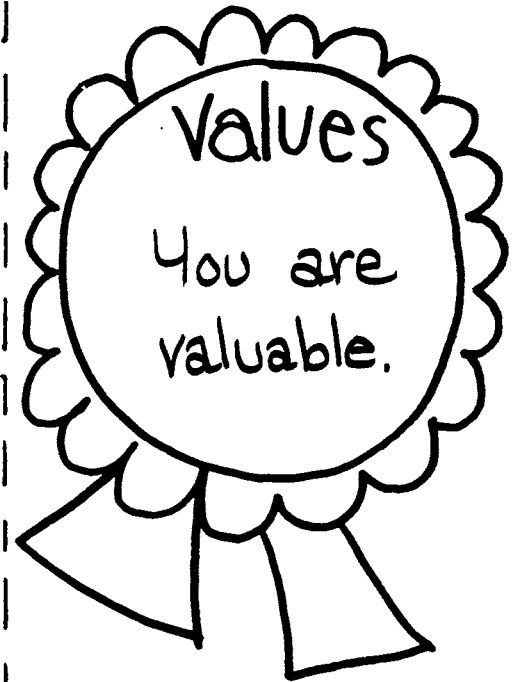

## Standards

No  
standard is  
right or  
wrong.

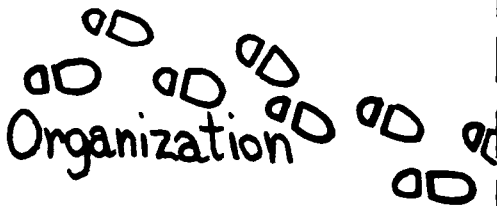

## Resources

Resources  
disappear if  
not used wisely.

## Decision Making

Nothing works  
well without  
decision  
making.

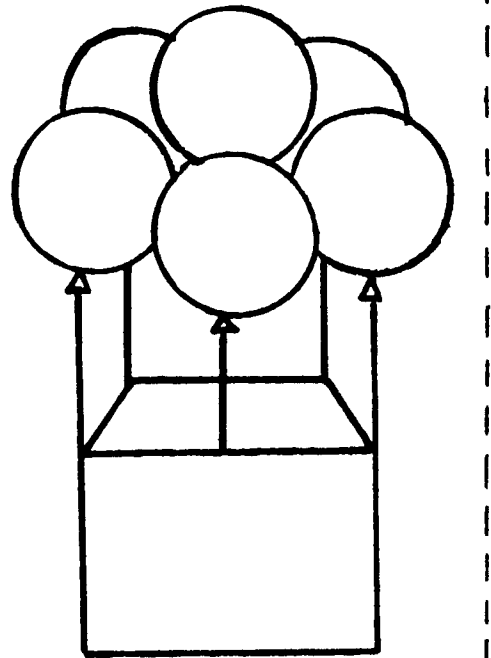

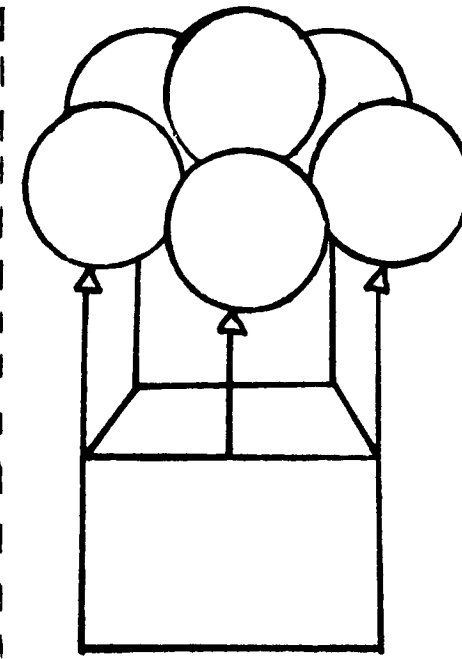

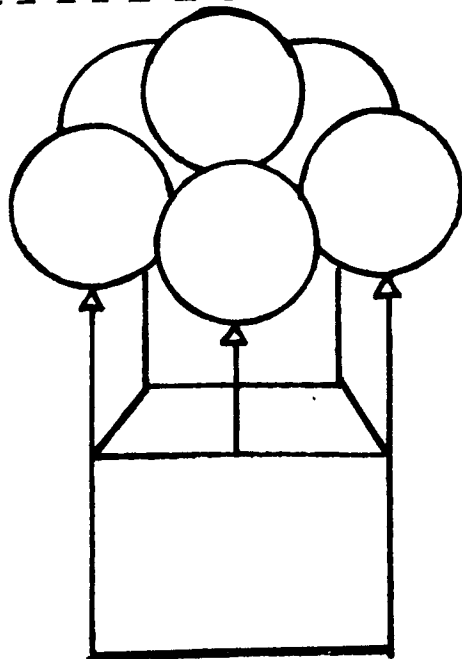

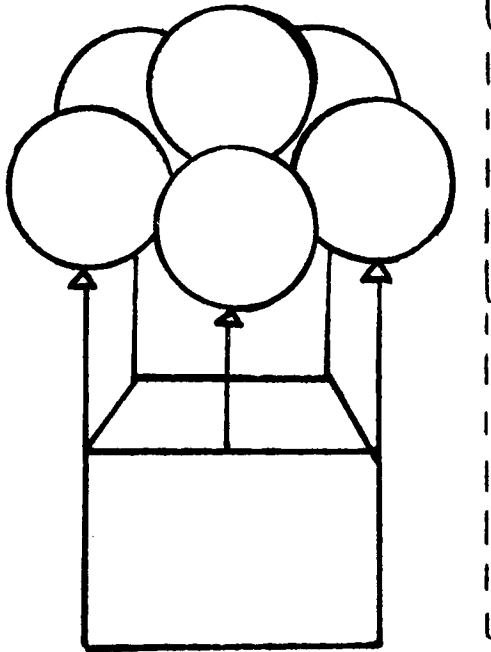

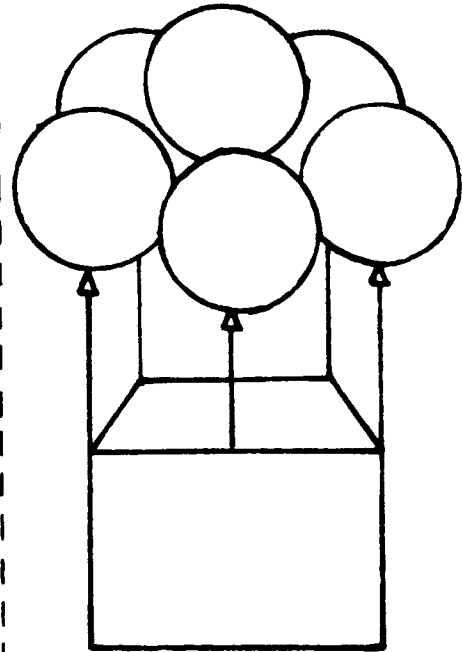

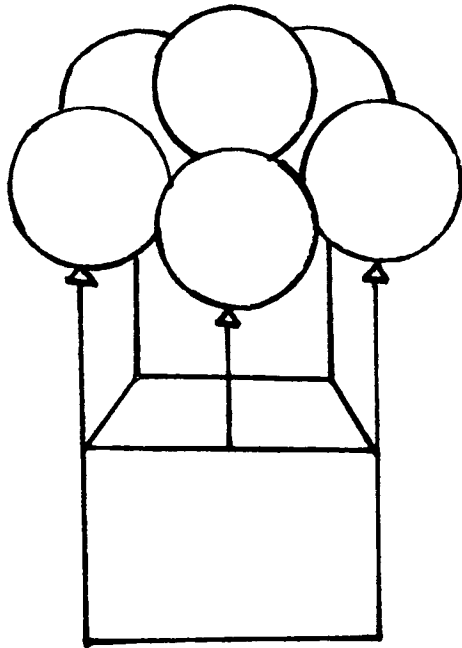

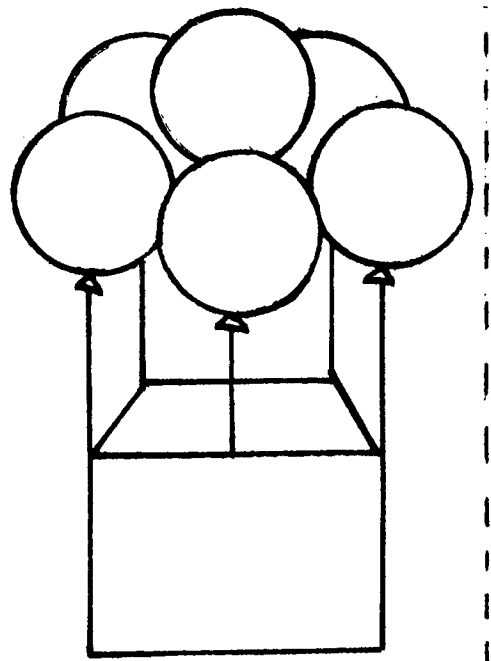

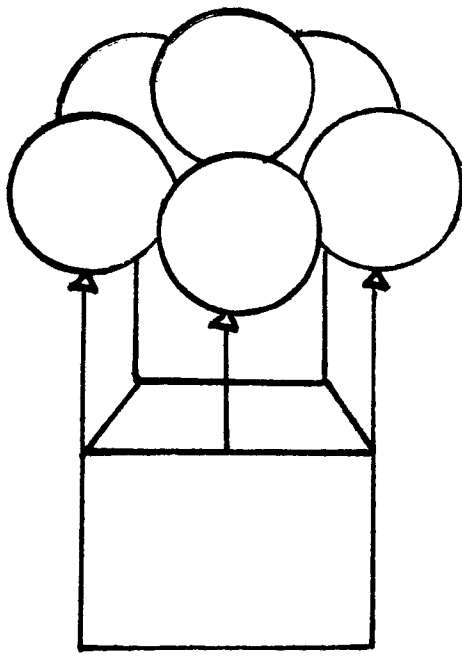

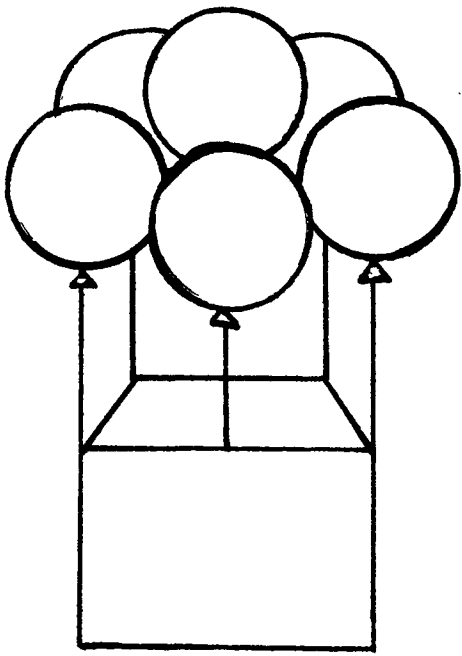

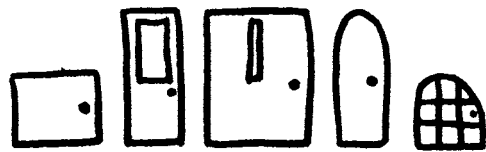

## Organization

Organization  
means planning  
ahead.

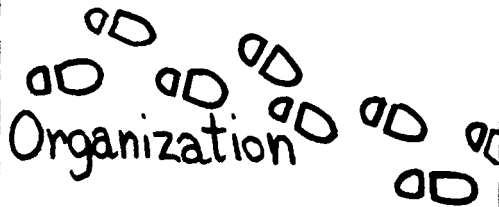

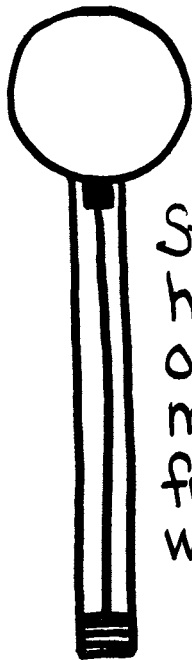

## Decision Making

Decision Making puts you in control.

Organization means finding a system for doing things.

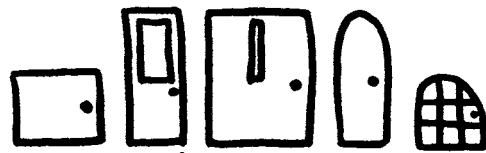

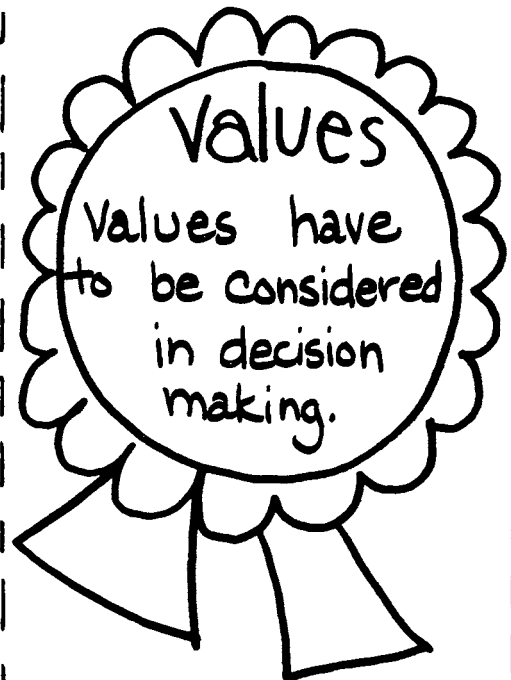

## Standards

Standards held by ourselves may differ from those we hold for others.

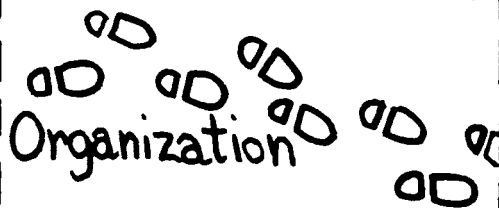

## Resources

You are the most important resource the world has.

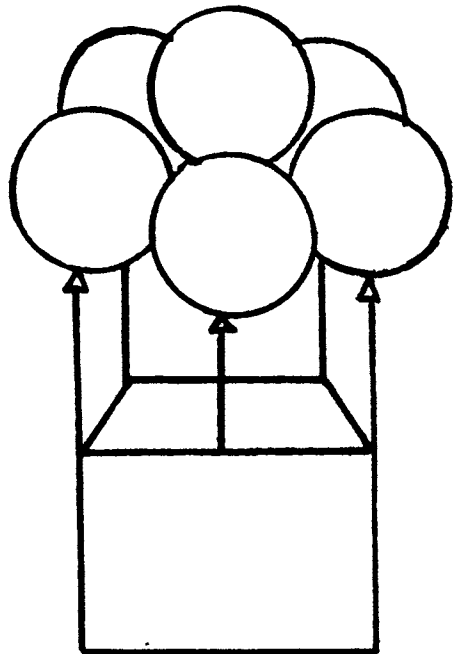

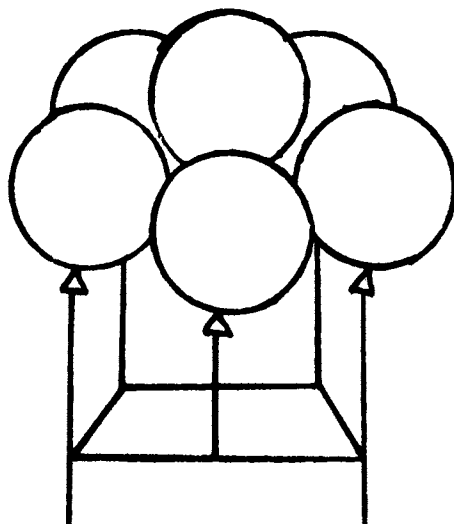

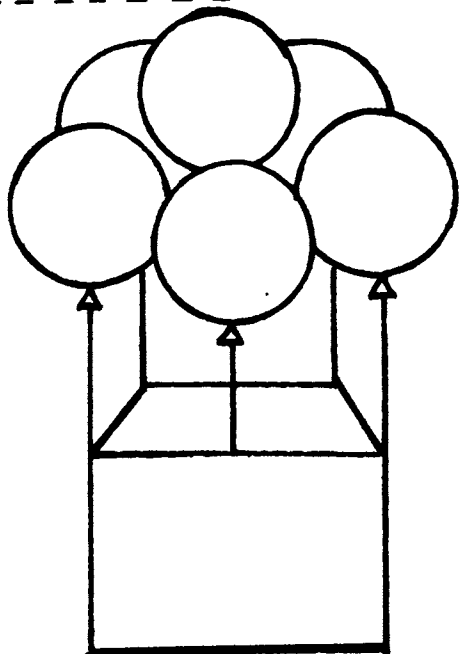

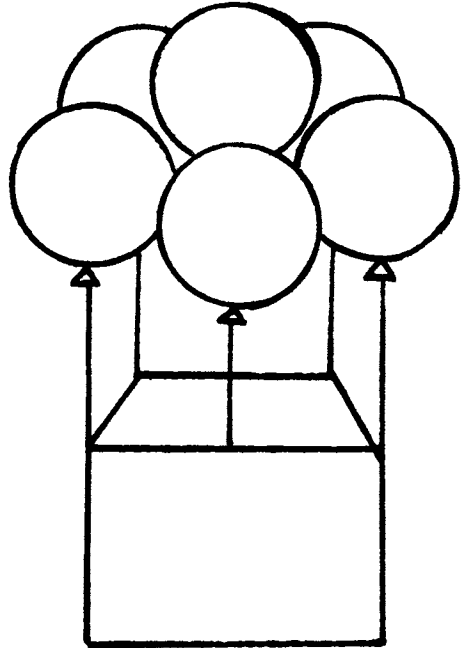

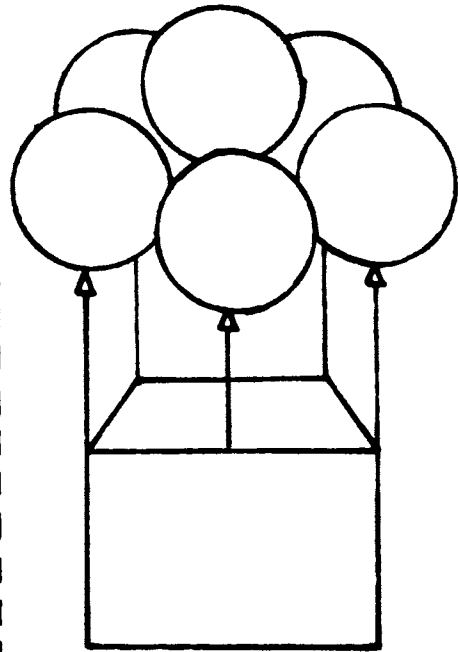

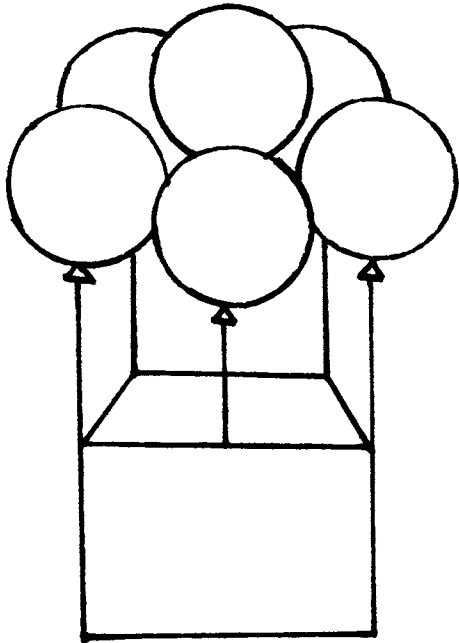

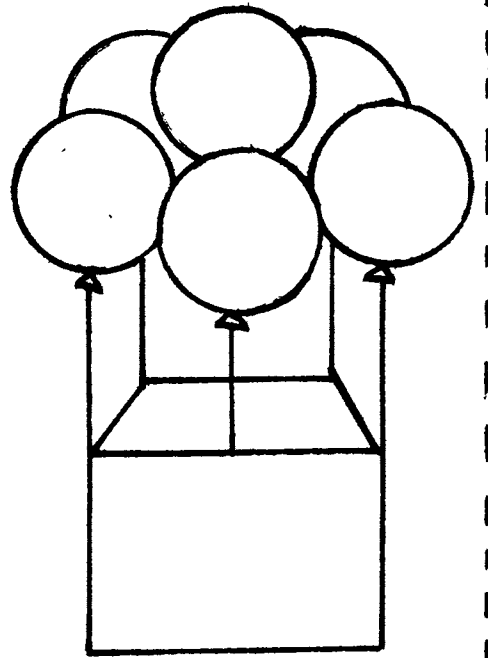

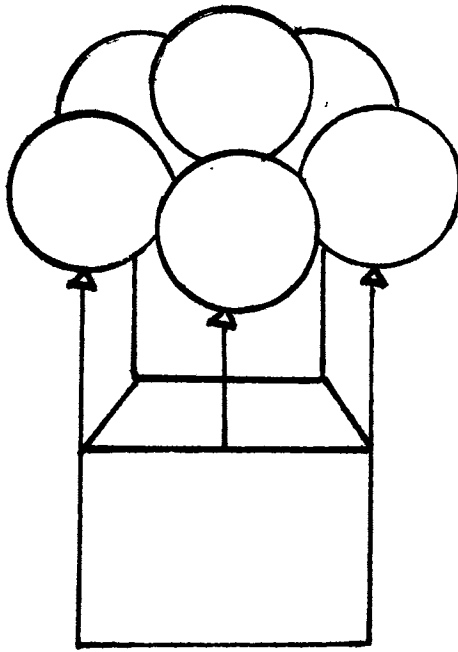

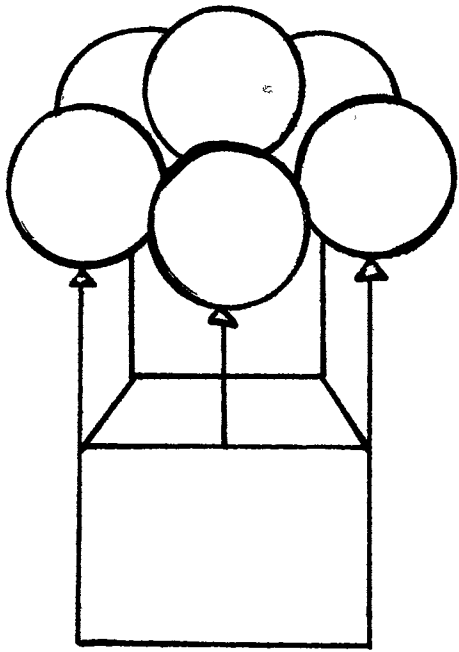

## Decision Making

Everyone makes decisions.

There is no best way to organize.
