Two New Sewage Publications

(0:40)

Two new publications on home sewage treatment systems are available from local County Extension offices and the Bulletin Room, University of Minnesota, St. Paul 55108. The publications are written by University of Minnesota Extension Agricultural Engineer Roger Machmeier.

"Town and Country Sewage Treatment," Extension Bulletin 304, contains comprehensive information on the proper design, installation, use and maintenance of onsite sewage treatment systems. The publication provides sewage treatment solutions for a wide range of site and soil conditions.

General background information for persons interested in home sewage treatment systems is provided in "Get to Know Your Septic Tank," Extension Folder 337.
