Voted unanimously to approve the following resolution:

ALBERT PFAENDER

Albert Pfaender served as a member of the Board of Regents of the University of Minnesota for exactly a decade. He was chosen for this high and responsible office on the seventh of February, 1935. His death occurred on the fourteenth of February,

1946. These were ten significant and formative years in the history of the University, for they were marked by the election of three presidents. In all of the decisions that were made during this period, and in the weighing of all considerations that entered into them, the good judgment and broad experience of Albert Pfaender were sought and respected. He was a conscientious and loyal member of the Board and a devoted supporter of the University, from which he himself had graduated in 1897. He favored every policy that contributed to the advancement of the University and the extension of its influence. His ability as a lawyer and his long years of public service—in his home community of New Ulm and as a member of the Legislature—endowed him with a background rich in understanding of the problems of men and women everywhere, and this, coupled with his unyielding faith in education, gave to him a prestige on the Board of Regents that will long be reflected in the future development of the University. In his death the people of the State of Minnesota have lost an outstanding citizen; the members of the Board of Regents have lost a beloved colleague and a true friend.

In recognition of the great debt that the University and the State owe to Albert Pfaender, the Regents of the University of Minnesota do hereby resolve that this expression of their deep and lasting appreciation be spread upon the minutes of the Board and, with their heartfelt sympathy, be transmitted to those who were nearest to him.
