The Business Vice President presented for the information of the Board receipt of assignment agreement covering patents applied for by Drs. Lloyd H. Reyerson and Lowell E. Peterson, School of Chemistry, relating to sorption of gases in or on synthetic fibers, filed supplement to the minutes, page 8336.

Voted to authorize three additional scholarships in Pharmacy of approximately \$200 each from the Samuel W. Melendy Memorial Fund, beginning with the academic year 1955-56.

The President presented to the Regents the biennial report covering the years 1952-1954, which report was adopted as "The Biennial Report of the President and the Board of Regents of the University of Minnesota to the Legislature of the State of Minnesota."

The President presented for the information of the Board and for the record the special pamphlet "Needs of the Biennium" for 1955-1957.

Voted to approve employment of Magney, Tusler and Setter as architects and engineers for the construction of the Cedar Creek Forest Laboratory Building, agreement filed supplement to the minutes, page 8337.

Voted on recommendation of the President to authorize solicitation through Minnesota Medical Foundation sponsorship of funds for 50% of the cost of construction of a residence hall for interns and fellows, in accordance with the understanding set forth in Dean Diehl's letter dated December 7, 1954, filed supplement to the minutes, page 8338.

Voted on recommendation of the Group Insurance Advisory Committee, the Business Vice President, and the President, filed supplement to the minutes page 8338-a:

- A. To approve in principle the following changes in the University Faculty Retirement Plan, involving the inclusion in that plan of OASI coverage, but with the following limitations:

Retirement income from the revised plan would be provided from three possible sources:

1. Retirement income from OASI coverage. Since all concerned staff earn in excess of \$4200 per year, each individual would receive the maximum of \$108.50 per month for life after retirement.

2. Retirement income from the annuities purchased jointly by the staff member and the University. The present amounts of annuity income from this course would be undisturbed.
3. Retirement income from current funds of the University termed the "University Supplement." This source is a variable amount and is lowered in some individual cases as a result of revision.

The revised plan would provide retirement income

- a. Not less than the present plan.
- b. Not less than the income from annuities plus OASI.
- c. Not more than 50% of average salary for the last five years preceding retirement, or not more than 1/60 of the average salary times years of University service, whichever is the lesser.
- d. Not more than the present plan plus OASI.
- e. From, of course, the University Supplement in an amount subject to the limits of "c" and "d" above.
- f. If a staff member receives less than \$2500 per year from the above, from the University Supplement an amount equal to 20% of the income from the annuities, but in no case shall the result exceed 50% of the average salary for the five years preceding retirement.

The revised plan would include under OASI coverage only staff members eligible for membership in the Faculty Retirement Plan.

- B. To authorize the preparation and submission to the Legislature of necessary enabling legislation together with request for funds to cover.
- C. Upon approval of enabling legislation and availability of funds, to conduct the required referendum of Faculty Retirement Plan members.
- D. Upon approval by the referendum, to enter into the needed State-Federal covering agreement, directly or through State offices.
