The President submitted the following excerpt regarding the NCAA television policy from a report dated March 9, 1956 received from the Office of the National Collegiate Athletic Association:

Under date of February 20, 1956, we submitted to the membership the recommended 1956 NCAA Football Television Plan under the terms of a mail referendum calling for approval by two-thirds of those voting. It is our pleasure to report that the following vote resulted:

FOR—225; AGAINST—12.

It is noteworthy that this ballot represents the largest number of votes cast (237) and the highest affirmative percentage (94.9%) of the five referendums held on this subject.

The recommended 1956 Football Television Plan as distributed under the date of February 20 now becomes the approved and adopted Plan to govern the live telecasting of college football by NCAA members during the 1956 football season. This will mark the sixth consecutive season that the colleges and universities of the nation have joined together in limiting the live television of college football.
