BOARD OF REGENTS

SPECIAL COMMITTEE

MINUTES

May 27, 1936

A meeting of the Special Committee on Public Works Administration Projects, created by the Board of Regents with power at its meeting on September 18, 1933, was held in the Regents' Room on Wednesday, May 27, 1936 at four-thirty o'clock.

Present: Regent Lawson, presiding; Regents Quinlivan and Snyder, and Mr. Coffman.

Voted on recommendation of Mr. C. H. Johnston, Architect, the Pillsbury Engineering Company, Engineers, and Professor F. M. Mann, University Advisory Architect, to approve the following change in contract as indicated, for which change funds are available:

Fourth Floor Addition to Storehouse and Shops Building

Standard Construction Company, Inc., General Contract

The R & O Elevator Company, who have the contract for the elevator work, inform the Pillsbury Engineering Company, mechanical equipment engineers, that the 18'0" dimension from the last landing to the machine level and the 7'9" ceiling height in the machine room, which they allowed is inadequate and that the former figure should be changed to 19'7" and the latter to 8'2". For this added material and labor the Standard Construction Company, Inc., general contractors, who are building the elevator penthouse section, ask an extra.

Addition to contract for this change	\$172.10
Addition for fees by Architect—3%	5.16
Supervision by Owner	None
	<hr/>
Subtotal	\$177.26
Addition to legal, administrative, etc., costs	None
	<hr/>
Total	\$177.26

Voted to adjourn.

W. T. MIDDLEBROOK, Secretary
