# The Minneapolis Teachers' Agency

Has assisted HUNDREDS of University of  
Minnesota graduates to obtain

*Excellent  
Positions*

LET US HELP YOU

No Charge to Members of the Class of  
1911

unless we assist them to positions which they accept

We quote below from one of the **many letters received by us from satisfied Minnesota University Alumni:**

"Jan. 16, 1910. I am writing to you for another position. I suppose you will laugh to think of my applying to an agency again after the decided views I expressed against Agencies once upon a time; but it surely is an easy means of getting a good place. Miss ————, another high school teacher here, is going to write you, too, about getting a position, and she wanted me to mention her to you. She is a superior girl and a competent teacher."

**ENROLL EARLY**  
Dec., Jan. and Feb.  
are the best months

**CALL ANY TIME**  
We shall be glad  
to talk with you

## MOORE'S NON-LEAKABLE FOUNTAIN PEN

READ WHAT AN OWNER OF A MOORE'S SAYS

Providence, R. I.

"You may be sure I shall, whenever the opportunity offers, recommend Moore's Pen. It has always given the greatest satisfaction to myself and to all to whom I have recommended it."

**MOORE'S IS THE FOUNTAIN PEN FOR YOU.**—It can be carried anyway, anywhere, in pocket or bag, it can't leak. It writes without shaking. When the cap is on, the pen resting in ink remains moist. It writes continuously with an even flow of ink. It will carry any kind of ink, even Higgin's India Drawing Ink, the heaviest ink made. It is the simplest fountain pen to fill. No joints to unscrew, just take off the cap and it is ready to fill. It is made in the simplest manner of the fewest parts nothing to get out of order. It is giving satisfaction to thousands of users all over the world. It is the best fountain pen made.

Over thirty College men and women have been placed in positions by us during the past year, paying not less than \$60 per month to begin with. Advancement is rapid and certain, as our records show. Many are now receiving \$80, \$100 and even \$125 per month. You cannot do as well teaching or at anything else. We shall need not less than 100 this year.

Twenty of the largest firms of Minneapolis have arranged with us to supply and train their office help for them. We have 1,500 positions to keep filled.

If you are a stenographer or bookkeeper, we can secure you a position. If you are not, we have organized special classes, with not more than six in a class, under a University trained teacher, to prepare College men and women, especially, for these excellent positions.

You can take the course in connection with your College work. Send for our bulletin. All information is contained in it.

# SHORTHAND

AND

## BOOKKEEPING

BY PRIVATE LESSONS

The finest exclusively individual and private instruction ever given in business branches.

### A Strong Statement,

But no stronger than our work merits. To twelve years of teaching experience, builded upon the most solid foundations of University training and valuable experience pushing the pencil in the business world, is due half the credit for the high standing of Hillman's School. The other half is due to the strenuous efforts Mr. Hillman always puts forth, day and night, to give patrons of his school more than their money's worth and a better course than they could possibly get elsewhere.

### Special Arrangements and Price.

Twenty lessons, or per month, \$12.00. University students desiring to take up shorthand along with their regular work can get three private lessons per week, day or evening, any time convenient. These lessons are long, and earnest, able students can finish the course in six months on three lessons per week, costing them less than \$50.00. You not only get the best possible course cheaper in this way, but you save more than \$50.00 in time. Students may take two private lessons per week and finish in nine months at the same price. Each lesson at least forty minutes.

### Remarkably Rapid Progress.

We teach the same system of shorthand that is used more extensively by court reporters in the Twin Cities than any other system. The same is true all over the country, so far as we can learn.

During the last few years we have had several students who were able to do stenographic work after six or seven weeks of study, and in one case the student after only three months of study wrote a sermon, following a speaker not slow by any means, and transcribed the sermon and gave it to the minister. If there is a Gregg writer in Minneapolis who learned shorthand more rapidly or who could do anywhere near so well following a public speaker, we never heard of it. The point is, Gregg shorthand is no easier to learn than Graham and is not worth much in the expert line.

A University student is foolish, indeed, to take up Gregg, because he can never hope to gain much distinction as a shorthand writer with the Gregg. Of course, a dachshund is good for something. The Gregg is a dachshund, but the Graham is a greyhound.

### Regular Courses.

To day students, cash in four months, complete course, including books and ordinary assistance in securing employment (which with us is practically assuring a situation), regular tuition is \$65.00; tuition payable in easy payments after six months from date of beginning, or as soon as the student takes employment, if sooner than six months, same as above, \$70.00. Occasional review lessons to these stenographers during the first year or two entirely free. Much other valuable assistance is always cheerfully rendered free of cost. Here you get a foundation for reaching a height of speed that you cannot approach with Gregg shorthand.

### General Information.

We want to send you copies of letters from former patrons. Please send your address. Surely you never before read or heard statements from students speaking so favorably of the school they attended. The teachers here are the most highly educated, are themselves the finest of stenographers, and are unexcelled as instructors. Regular students may stay in school all day or only half days; special students suit their convenience. We cut down the rent expense and give more instruction for the money than any other school. You will save more than your entire tuition here either by working during your course or by finishing sooner. Others boast of school office practice departments; we boast of actual practice in actual business offices. Their students pay for practice that does only a small amount of good; our students receive pay for practice that does a vast amount of good.

For superb shorthand and bookkeeping and exclusively individual instruction in all branches, be sure to investigate

## INFORMATION

Having done official and private printing for the University for some years past we are fully acquainted with the general styles and needs of that class of work. We give students the benefit of our knowledge gratis, thereby reducing the cost of production. Any information in regard to printing gladly furnished. Estimates furnished on any kind of work.

## PROGRAMS

Original and tasty designs executed. We will furnish them or act upon your designs.

## MENUS

The latest creations in menus for private or public banquets — eccentric styles a specialty. A neatly tied menu with the appropriate colors usually aids digestion — they also retain it as a souvenir.

## COLORS

All the University colors in paper, card boards, silk cords and inks. We have samples of the past always on hand that will help you in your selections.

THE INDEX PRESS

Corner University and  
14th Ave. S. E.  
MINNEAPOLIS, MINN.

WE are general printers having the capacity for small job work, and also for publishing books. All the latest devices known to the printing fraternity will be found in our office; as we operate our own linotype machines we are enabled to give you the advantage in that department which alone is a saving over hand set composition.

## COMPOSITION

No matter what your copy is like, if it is not artistically displayed the cost of the entire job is wasted — it won't attract. We make it attract.

## PRESS WORK

Should you have halftones to print we have a special process to bring out all the light and shade as in a photograph. Embossing is our specialty. No finger prints on our work.

## BINDING

This department is equipped for work of all kinds — law books, periodicals, gold stamping, leather case making, binding in all styles, the dailies, weeklies and monthlies of the University.

# Send Today for the Oliver Typewriter!

17c a Day.

Some of the great fortunes of modern times were founded on pennies, nickels and dimes. Yet not one person in a thousand knows the possibilities of pennies.

Pennies have wings. They simply fly, and you never know where or why.

Here's a business proposition, made in all seriousness by the greatest typewriter concern on the continent—made to teach penny-spend-thrifts that these coins have real purchasing power.

We will sell you the Oliver typewriter for Seventeen Cents a Day!

A small first payment brings the machine—it's yours to use as your own. Then we willingly wait while you pay at the rate of seventeen cents a day.

The Oliver serves the interests of a vast constituency.

Its sphere of action and achievement is as wide as the world.

No other writing machine has such wonderful working capacity, and none excels or even approaches its versatility.

Its freely-moving mechanism works in a frame of steel that's as rigid and strong as the jacket of an engine.

These moving parts exemplify "the poetry of motion" in their beautiful rhythmic action.

All one would expect in any typewriter, and a score of unexpected perfections, you will find in this matchless machine.

And this, the newest model—The Oliver Typewriter No. 5—is the one we offer to sell you for seventeen cents a day.

**MOORE'S**  
**NON-LEAKABLE**

Moore's Non-Leakable has many advantages over the ordinary fountain pen. You can carry it anywhere and in any position with the absolute assurance that it will not leak. When the pen point is pulled down into the barrel and the cap properly adjusted, the ink becomes incased in an air-tight and ink-tight chamber, thus making leakage utterly impossible. By this simple operation the pen point rests in ink, and is all ready for instant use without requiring the preliminary shaking so common with fountain pens.

Moore's is the easiest of pens to fill. Simply unscrew the cap and it is ready to fill, no joints to unscrew or parts to take off. Styles and sizes to suit all tastes and purses. \$2.50, \$3.50 and up. **INSIST ON MOORE'S.**

**MOORE'S NON-LEAKABLE MIDGET**—2½" long. Just the pen for Doctors. Can be carried conveniently in your lower vest pocket. Price \$2.50.

For Sale by all Dealers

# Unusual Tailoring

¶ We desire particularly to communicate with those fellows who are ambitious to surpass the "dead level" of ordinary tailoring.

¶ Our ideas on clothes production are not of the hackneyed, has-been kind.

¶ Our facilities for superior tailoring which actually show workmanship and thought are unexcelled.

¶ We may be able to offer valuable suggestions to you about your next suit or overcoat.

¶ Our \$25, \$28, and \$32.50 ready-to-wear overcoats are the talk of the campus.

The logo for College Tailors features the name in a stylized, cursive script. The word "College" is written in a large, flowing font, with "Tailors" written in a smaller, similar font below it. To the left of the word "College", the name "B. E. Summs" is written vertically in a smaller, sans-serif font. Below the main text, the address "325 14TH AVE. S. E." is printed in a small, plain font.
