## **DO NOT PLACE LONG DISTANCE CALLS WITH THE UNIVERSITY OPERATOR**

### **WHEN DIALING "9" FOR AN OUTSIDE LINE . . .**

From a Minneapolis Campus telephone, **DO NOT** wait for a second dial tone. Just continue dialing; the second dial tone is applied to the circuit instantaneously — it will even seem to be continuous with the dial tone you hear when you first pick up the phone.

### **DON'T DELAY WHEN DIALING**

The Minneapolis Campus Centrex equipment includes a "time out" feature. This means that, once having started dialing, you must finish dialing within a specified amount of time or the "time out" equipment will automatically cut you off and your call will not be completed. Should this happen to you, hang up for a few seconds, and then dial the call again.

### **The CENTREX Telephone System**

The University's CENTREX telephone system electronically routes your incoming calls directly to your phone or your departmental answering point. Those persons who regularly call you from outside the University merely dial the appropriate campus prefix (373 for the Minneapolis Campus, 647 for St. Paul) and your own CENTREX extension number. This connects them to your answering-phone—quickly, efficiently.

### **TELEPHONE CALLS CANNOT BE TRANSFERRED**

The CENTREX system will not allow calls to be transferred from one University extension number to another. Attempting to do so will cause the caller to be cut off. When an off-campus caller reaches your phone by mistake, find out who he is trying to reach and check the Staff Listings for his party's correct CENTREX telephone number. Then inform the caller that "Mr. So-and-So can be reached by dialing (his party's CENTREX number)."

## Long Distance and Telegrams

### LONG DISTANCE CALLS PLACED DIRECT

From University telephones, place all long distance calls directly—DO NOT PLACE LONG DISTANCE CALLS WITH THE UNIVERSITY OPERATOR. Station-to-Station calls can be dialed quickly via Direct-Distance-Dialing (see Station-to-Station instructions below). Person-to-Person and Collect calls should be placed with the Bell Telephone Operator.

### AUTOMATIC LONG DISTANCE BILLING

Long distance calls placed from University telephones are automatically charged against the departmental account number associated with the Centrex telephone number from which the call was placed. Each department is sent a monthly statement showing the calls billed against each of its telephone numbers.

Departments are responsible for controlling and recording all long distance calls made from their telephones. Individuals who are not authorized by their departments to make long distance calls must use pay phones.

### FOR FASTER LONG DISTANCE SERVICE

Whenever possible, place your calls Station-to-Station. These calls can be rushed straight to their destinations by Direct-Distance-Dialing and are much cheaper than Person-to-Person calls.

When long distance calls must be placed through the Northwestern Bell Operator, you will get faster service by giving her your party's Area Code and telephone number.

### HOW TO FIND AREA CODES

You will find most Area Codes, listed by city, in your Area Code Handbook and in the introductory pages of the Minneapolis or St. Paul Telephone Directory. Area Codes for unlisted cities can be obtained by dialing "9," then "Operator." Ask the Operator who answers for the desired Area Codes.

### YOUR AREA CODE IS 612

When calling within your home DDD area (the 612 area, or roughly the central part of Minnesota) give the operator *just* the party's telephone number. Do not give her the 612 Area Code.

When arranging for a call-back from a place outside the 612 Area, be sure to leave your Area Code and your complete CENTREX number. Your out-of-town callers will appreciate the fast, direct service they will get.

## HOW TO OBTAIN LONG DISTANCE NUMBERS

If you do not know the out-of-town number you wish to call, you may dial directly, without charge, to the Information Operator in most cities. Consult the Area Code Handbook or the DDD section in the Minneapolis or St. Paul Telephone Directory to see if the city you wish to call is listed. If it is, and the symbol \* appears, proceed as follows:

1. Dial "9," for an outside line.
2. Dial the proper DDD Access Code . . .  
. . . when calling from 373 numbers, dial "1."  
. . . when calling from 647 numbers, dial "112."
3. Dial the Area Code of the city you are calling—except when that city is in your own 612 DDD area.
4. Then dial 555-1212. This will connect you to the distant Information Operator.

If the desired city is not included in the DDD network, ask the Bell Telephone Operator (dial 9, then Operator) to connect you to the Information Operator in that city.

Record your frequently-called long distance numbers for future reference.

## TO MAKE STATION-TO-STATION CALLS (DIRECT-DISTANCE-DIALING)

1. Look up the proper Area Code and telephone number. (See above).
2. Write it down for future reference.
3. Dial "9," for an outside line.
4. Dial the proper DDD Access Code . . .  
. . . when calling from 373 numbers, dial "1."  
. . . when calling from 647 numbers, dial "112."
5. Dial the Area Code of the city you are calling—except when that city is in your own 612 DDD Area.
6. Dial the telephone number.
7. When completed, make note of the call for your departmental records.

**IMPORTANT**—The CENTREX equipment associated with the Minneapolis Campus system will automatically record the calling CENTREX number, but, on calls originating from 647 numbers, a Bell Operator will ask for "Your number please." Give her your complete CENTREX number—647 plus your 4-digit extension number.

*If you reach a wrong number*, ask the person who answers what city and telephone number you have reached. Then dial the Bell Telephone Operator immediately and report the wrong number call to her—in this way, you will not be billed for the call.

*If you need assistance*, if you are cut off, encounter difficulty in hearing, or experience any other trouble, just dial the Bell Telephone Operator and report it to her. She will be glad to help you.

## TO MAKE PERSON-TO-PERSON and COLLECT CALLS

Person-to-person, collect, and station-to-station calls to non-DDD cities must be placed through the Bell Telephone Operator. To place such a call . . .

1. Look up the proper Area Code and telephone number. (See above).
2. Write it down for future reference.
3. Dial "9," then "Operator."
4. Give the Operator the Area Code, telephone number, and name of the party to be called. Specify if call is to be Person-to-Person, Station-to-Station, or Collect.
5. When the Bell Operator asks for your number, give her your complete 7-digit CENTREX number.
6. When completed, make note of the call for your departmental records.

## TELEGRAMS

Place telegrams directly with Western Union, NOT through the University Operators. Telegrams placed from a CENTREX telephone will be charged against the budget of the department controlling that CENTREX number.

*To send a telegram from a 373 number*, dial "9," then "332-4211." When the Western Union operator asks for your telephone number, give her your complete CENTREX number—373 plus your 4-digit extension number.

*To send a telegram from a 647 number*, dial "9," then "222-5044." When the Western Union operator asks for your telephone number, give her your complete CENTREX number—647 plus your 4-digit extension number.

## STAFF DIRECTORY

The Staff Directory contains academic personnel, full-time Civil Service personnel, and part-time Civil Service personnel who are regularly employed. It includes names of those staff members on all campuses of the University who have turned in staff address cards.

Minneapolis campus staff members are designated by "373", St Paul campus staff members by "647", and Hospital staff members by "Hosp" preceding the office telephone number. For staff members on other campuses, the campus with which they are associated is listed.

Corrections to this listing are available from the Department of University Relations 217 Morrill (373-2126).

-----

Each listing reads in this order: Name, position held at the university, (name of department, division, office, etc), office address, (office telephone), residential address, residential telephone.
