Back-to-School means Adler portables

First choice on campus

ADLER® Portables

A. Adler Satellite 2001 Electric — Speeds all typing jobs. Full range of time and work-saving features.

B. Adler J-5 — World's easiest writing portable. Touch, action and speed of office typewriter.

C. Adler J-2 — Built for a lifetime of continuous use. Designed for today's busy student.

D. Adler Contessa Deluxe — The spritely, bwwitely portable in Sunset Red. Compact, slim line.

E. Adler TIPPA — Mini weight and rugged. The perfect personal portable typewriter.

Sturdy carrying case with every model. Choose from a wide variety of distinctive type styles.

Come in today for a demonstration. Easy terms arranged.

Introducing the personal portable calculator with full-size capacity and features.

The Sanyo Pocket 16-Digit Midget.

Most companies make electronic calculators smaller by leaving things out.

Sanyo's Pocket 16-Digit Midget is the first "mini-mini" with everything left in.

Full 16-digit capacity. Full-sized keyboard. Advanced LSI circuitry. Automatic constants in multiplication and division. True Floating Input/Fixed Output Decimal system. 2.5-hour built-in lifetime rechargeable battery. AC adapter. Carrying case. And a bright, easy-to-read Light Emitting Diode display.

The one thing we did skimp on was weight. It's only 13 oz. Small and light enough to fit in your pocket when you're traveling, sit in your hand when you're working.

And it's priced low enough to comfortably fit any executive's budget.

Try it out on your own problems. See for yourself what a big help Sanyo's little calculator can be.

Call us for a free demonstration of the Pocket 16-Digit Midget, Model ICC-804.

DIALING INSTRUCTIONS

	FROM Twin Cities Campus Telephones
TO University Information	Dial "3-2002"
TO University Hospitals Information	Dial "3-8484"
TO Twin Cities Campus Numbers	Dial last FIVE digits of listed Centrex number
TO Twin Cities Area Numbers	Dial "9," then listed number
LONG DISTANCE	See page 7
For Telephone Repair	Dial "9-410-2234"
In case of an EMERGENCY such as serious accident, illness, fire, police, emergency repairs, etc.	Dial "0" and report to University Operator

DO NOT PLACE LONG DISTANCE CALLS WITH THE UNIVERSITY OPERATOR

DIAL "9" FOR AN OUTSIDE LINE . . .

From a Twin Cities Campus telephone, DO NOT wait for a second dial tone. Just continue dialing; the second dial tone is applied to the circuit instantaneously and will be continuous with the dial tone you hear when you first pick up the phone.

DON'T DELAY WHEN DIALING

The University's CENTREX equipment includes a "time out" feature. This means that once having started dialing, you must finish dialing within a specified amount of time or the "time out" equipment will automatically cut you off and your call will not be completed. Should this happen to you, hang up for a few seconds and then dial the call again.

TELEPHONE CALLS CANNOT BE TRANSFERRED

The CENTREX system will not allow calls to be transferred from one University extension number to another. Attempting to do so will cause the caller to be cut off. When an off-campus caller reaches your phone by mistake, find out who he is trying to reach and check the staff listings for his party's correct CENTREX telephone number. Then inform the caller that "Mr. So-and-So can be reached by dialing (his CENTREX number)."

376- EXCHANGE

Some telephone numbers with a 376- exchange have been assigned to University telephones. These numbers are part of the regular CENTREX system and should be treated like the familiar 373- numbers. On-campus callers should dial the last five digits of the number (6, and then the extension number). Off-campus callers dial the whole seven-digit number.

Long Distance and Telegrams

LONG DISTANCE CALLS

From University telephones, place all long distance calls directly—DO NOT place long distance calls with the University Operator. Station-to-Station, Person-to-Person, Collect, and Special Billing calls can be dialed quickly via Direct-Distance-Dialing (DDD).

TO MAKE STATION-TO-STATION CALLS

1. Look up proper area code and telephone number; write it down for future reference.
2. Dial "9" for an outside line.
3. Dial "1."
4. Dial the area code if different from your own.
5. Dial the telephone number.
6. Make a note of the call for your departmental records.

If you reach a wrong number, dial the Bell Telephone Operator immediately and report the wrong number call to her so that you will not be billed for the call.

If you need assistance, are cut off, encounter difficulty in hearing, or experience any other trouble, dial the Bell Telephone Operator and report it to her.

TO MAKE PERSON-TO-PERSON, COLLECT, CREDIT CARD, OR SPECIAL BILLING CALLS

1. Look up proper area code and telephone number; write it down for future reference.
2. Dial "9" for an outside line.
3. Dial "Operator."
4. Dial area code if different from your own.
5. Dial the telephone number.
6. Make a note of the call for your departmental records.

When the Operator asks, "May I help you?" simply tell her on a:

Person call: the name of person called.

Collect call: "collect" and your name.

Credit call: credit card number.

Special Billing call: charge to area code and telephone number.

If you reach a wrong number, are cut off, or cannot hear, flash the Bell Telephone Operator by depressing the receiver button.

MARINE AND OVERSEAS CALLS

Place all Marine and Overseas calls with the Bell Telephone Operator. Dial "9" and then "Operator."

AUTOMATIC LONG DISTANCE BILLING

Long distance calls placed from University telephones are automatically charged against the departmental account for the CENTREX telephone number from which the call was placed.

Each department is sent a monthly statement showing the calls billed against each of its telephone numbers.

Departments are responsible for controlling and recording all long distance calls made from their telephones. Individuals who are not authorized by their departments to make long distance calls must use pay phones.

HOW TO FIND AREA CODES

You will find most area codes, listed by city, in the introductory pages of the Minneapolis or St. Paul telephone directory. Area codes for unlisted cities can be obtained by dialing "9," then "Operator." Ask the Operator who answers for the desired area codes.

YOUR AREA CODE IS 612

When calling within your home DDD area, the 612 area, or roughly the central part of Minnesota, do not dial the 612 area code.

When arranging for a call-back from a place outside the 612 area, be sure to leave your 612 area code and your complete CENTREX number.

HOW TO OBTAIN LONG DISTANCE NUMBERS

If you do not know the out-of-town number you wish to call, you may dial directly, without charge, to the Information Operator in most cities. Consult the area code section in the Minneapolis or St. Paul telephone directory to see if the city you wish to call is listed. If it is, proceed as follows:

1. Dial "9" for an outside line.
2. Dial "1."
3. Dial the area code of the city you are calling—except when that city is in your own 612 DDD area.
4. Then dial "555-1212." This will connect you to the distant Information Operator.

If the desired city is not included in the DDD network, ask the Bell Telephone Operator (dial "9," then "Operator") to connect you to the Information Operator in that city.

Record your frequently called long distance numbers for future reference.

TELEGRAMS

Place telegrams directly with Western Union, NOT through the University Operator. Telegrams placed from a CENTREX telephone will be charged against the budget of the department controlling that CENTREX number.

To send a telegram from a "373-" or "376-" number, dial "9," then "332-4211." When the Western Union Operator asks for your telephone number, give her your complete 7-digit CENTREX number.

STAFF DIRECTORY

The Staff Directory contains listings for academic personnel, full-time civil service personnel, and part-time civil service personnel who are regularly employed. It includes names of those staff members on all campuses of the University who have turned in staff directory cards.

University telephone numbers of Twin Cities campus staff members are designated by a "373" or "376" prefix. Campus designations are included for staff members on the coordinate campuses.

Updated information received after publication of the Directory is on file in the Department of University Relations (373-2126).

Each listing reads in this order: Name, position (name of department, division, office, etc.) office address (office telephone), residential address, residential telephone.

WHERE YOUR MONEY GOES WHEN YOU BUY A VOLVO.

When you first look at a Volvo in our showroom, it's hard to see why it costs \$3900*.

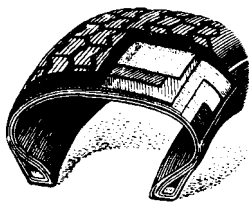

For that kind of money you'd expect a big car. Which it is, on the inside. (More front seat legroom than a Cadillac De Ville. More rear seat legroom than a Buick Electra. Bigger trunk than a Lincoln Continental.)

For \$3900, Volvo gives you fully-reclining bucket seats with adjustable lumbar supports. You can make the seat backs firmer or softer. Which increases the cost. But pays back dividends.

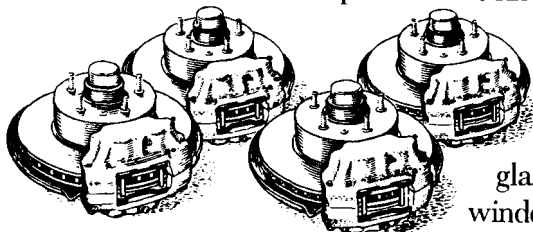

You also get fuel injection. More costly than carburetors, but worth it. As you'll discover when you pull out to pass.

The radial tires which come standard on our Volvos are more expensive than conventional tires.

Take out one of our Volvos for a panic stop. Some cars give you two disc brakes as an extra. Our Volvos give you four *power discs*, standard. Plus a dual circuit braking system with three wheels on each circuit. If one circuit fails, you still have 80% of your braking power.

One of our strongest selling points is Volvo's body. Volvo has stacked seven Volvos on top of each other. The bottom one held up. So did the six it was holding.

Volvo's front and rear ends are designed to absorb impact in case of a collision.

Of course, our Volvos also have advantages you can see. Whitewalls, tinted glass, carpeting front and rear and a rear window defroster are all standard.

Which all adds up to a \$3900 car that's far from standard.
