Are You Planning to Build?

Do Not Fail to Provide for Electric Service

The slight additional cost for wiring will be more than repaid if you should rent or sell the house later.

Many people still hold to the idea that electric light is only for the rich man's home. While this may have been more or less true in past years great improvements, such as water power, better lamps, etc., have now reduced the cost to such an extent as to be actually cheaper, all things considered, than old fashioned methods of lighting.

Our best satisfied customers are those in the homes where every dollar must be made effective, and where the electric light is appreciated, because it makes house work easier.

E. B. JOHNSON, '88 Editor.

EDWARD D. ANDERSON, '13 Advertising.

OUR FRONT COVER.

The Weekly is glad to be able to present
its readers with so fine a picture of Dr. William
Watts Folwell, first president of the University
of Minnesota. On the directory of 1910 appear-
ed President Northrop's favorite photograph
of himself; on the inaugural number was a
fine likeness of President Vincent. This pic-
ture of Dr. Folwell completes the series.

THE DIRECTORY.

This directory is placed in your hands as a
special number of the Minnesota Alumni
Weekly. The editorial and clerical work on
this number has been done as a part of the reg-
ular routine work of the association. If this
editorial and clerical work had been charged
against the directory, the expense of issuing the
number would have been almost \$3400, that is
\$1.10 for every subscriber to the Weekly, for
this single number.

Remember that our advertisers have made it
possible to furnish you this number at no ex-
tra charge. When you want anything our
advertisers have to sell, buy of them and let
them know that you saw their advertisement
in the Weekly.

The cost of issuing this directory is increas-
ing so rapidly, due to the increasing number of
alumni, that the Weekly does not expect to
issue another. In most institutions such direc-
tories are issued by the institution. No other
alumni publication in the country issues such

a directory as a regular number of its official
publications.

The greatest care has been taken to make
this directory complete and correct, but, of the
9,000 return post cards sent out, only half were
returned. This does not mean that we have
had information concerning only half of the
alumni—a large amount of information has
been furnished by friends.

Doubtless there are many who are not cor-
rectly listed, but we have done our best to re-
duce this list to the lowest possible minimum.
We must ask your co-operation in still further
reducing this list—if YOU will send in AT
ONCE, corrections which you know should be
made, we will publish such corrections in the
Weekly, and keep a record of the same so
that the next directory, whoever issues it, may
be more nearly complete and correct, than this
issue.

YOUR co-operation is needed. Will you not
join us in the attempt to locate every living
alumnus of the University.

NOT THE ANNUAL BANQUET.

The alumni banquet to be held in St. Paul
on the evening of December 6th, does not take
the place of the usual annual banquet held in
February. The February banquet will be held
as usual this year, on or near the 18th of that
month.

The program of the banquet to be held at
Hôtel St. Paul on the evening of December 6th,
will probably include Mr. Thaxton, the U. S.
commissioner of education, Suemas MacManus,
whose name is a household word, Mrs. Moore,
and President Vincent. Dr. James will preside
as toastmaster.

THE GENERAL ALUMNI ASSOCIATION.

This association is an organization of alumni
and former students of the University of Min-
nesota; members and former members of the
faculty and regents are entitled to become hon-
orary members.

Its object is to unite the alumni in the serv-
ice of the University—business rather than so-
cial.

The management of the affairs of the Asso-
ciation is vested in a board of directors, con-
sisting of two directors chosen by each col-
lege alumni association. The Board of Direc-
tors is, at present, made up as follows:

- College of Science, Literature and Arts—
Fred B. Snyder, '81, Gratia A. Countryman,
'89,
College of Engineering and the Mechanic Arts—
Wm. I. Gray, '92, James B. Gilman, '94.
The Department of Agriculture—
D. A. Gaumnitz, '04, John A. Hummel, '99.
The College of Law—
Hugh V. Mercer, '94, Kay Todd, '00.
The College of Medicine and Surgery—
Soren P. Rees, '97 (Acad. '95), Charles W.
Bray, '95 (Acad. '91).
The College of Homeopathic Medicine and Sur-
gery—

- Asa J. Hammond, '96 (Acad. '91), Alfred E. Booth, '99.
- The College of Dentistry—
Thomas B. Hartzell, '93 (Med. '97), Frank E. Moody, '96.
- The College of Pharmacy—
Arthur G. Erkel, '02, Manley Haynes, '12.
- The College of Education—
Conrad G. Selvig, '07, Paul C. Higbie, '07.
- The School of Chemistry—
Frank W. Emmons, '99, Edw. J. Gutsche, '04.
- School of Mines—
M. S. Kingston, '04, A. Y. Peterson, '08.
- Ex-officio—
Henry F. Nachtrieb, '82; E. Bird Johnson, '88; Charles F. Keyes, '96 (Law '99); Horace Lowry, '00.

The officers of the Association are Henry F. Nachtrieb, president; Horace Lowry, vice-president; Charles F. Keyes, treasurer; E. Bird Johnson, secretary.

The Association has but one annual meeting—the date of this meeting is fixed at or near charter day, the 18th of February, each year.

The board of directors meets on the first Tuesday of each month for the transaction of the Association's business.

The board of directors represents the Association, and, in order to insure the greatest efficiency for every effort put forth, the board has employed a secretary to give his whole time to the work.

The board directs its activities with two main objects in view—

- (a) To keeping the alumni informed as to University affairs, through the *Weekly*, and,
- (b) To keeping in touch with the alumni in order to be able to secure, when occasion arises, concerted action of the alumni, in behalf of the University.

The Association is supported by funds derived from three main sources—

- 1) The net income of the *Weekly*.
- 2) The income from the invested life membership payments.
- 3) The contribution of the University toward keeping up the alumni records.

The secretary of the Association is always available for any service the University may desire of him.

During the past biennial period the Association has placed in Folwell Hall a tablet in honor of Dr. Folwell, first president of the University; it planned and carried through the torch-light procession at the time of the inauguration of President Vincent; it has issued one alumni directory. Two annual meetings have been held and one picnic on the campus and a dinner at the department of agriculture.

The Association has published the *Minnesota Alumni Weekly* during the past two years. This publication is now in its twelfth year and is recognized as ranking well with similar publications in other institutions. The *Weekly* has three thousand subscribers and is read by twice that many alumni and by members of their families. As soon as the Association can

meet the expense, it is planned to either mail the *Weekly* to all the newspapers in the state, or, to issue a news letter containing the more important items of information, of general interest, to the people of the state.

Table of Graduates.

Complete statement, by colleges, including the class of 1912.

The Graduate School.....	450
The College of Science, Literature, and the Arts	3,624
The College of Engineering and the Mechanic Arts	748
The School of Chemistry.....	87
The School of Mines.....	205

The College of Homeopathic Medicine and Surgery	93
The College of Dentistry.....	656
The College of Pharmacy.....	295
The College of Education.....	133
Graduates in Nursing.....	8
Total degrees granted.....	9,654

Living Alumni.

While it is impossible to give these figures with absolute exactness, the University has conferred degrees upon 6907 men and 2334 women. As nearly as can be determined there are 6700 men and 2230 women, living, who have received degrees from the University.

THE CLASS DIRECTORY.

Under the leadership of its president, Sidney DeWitt Adams, and largely due to his loyalty to the University and his untiring energy, the class of 1901 has set a standard which other classes will find it difficult to surpass.

The class has issued—Mr. Adams being the "George" of the class—a "1912 edition of the Gopher of 1901." The pamphlet is printed on a page 6 $\frac{3}{4}$ x9 $\frac{3}{4}$ in. page-uniform with the last alumni directory. (See sample page following.) It fills 16 pages and has a heavy paper cover. It includes a complete directory of the academic, agricultural, mining and engineering sections of the class of 1901. Under each name is given information upon the following points—so far as the information could be obtained—and the compiler has been wonderfully successful in getting the desired information.—Name, permanent address, present address, occupation, occupation since graduation, degrees secured, where born, where prepared for college, whether married, and, if so, name of husband or wife, number of children, names and ages, honors and achievements of note, publication, etc., etc.

A full page is devoted to "facts" about the class—that is, statistics. Some of these are exceedingly interesting and valuable, from which we quote the following:

The class of 1901 comprised, on Commencement day, 140 members, of whom 71 were men and 69 women. Of this number, 7 men and 2 women are deceased.

Forty members of the class were of foreign parentage, including 13 Norwegians, 9 Germans, 7 Swedes, 5 Irish, 3 Canadians, 2 English and

1 Dane. Of these 4 Swedes, 3 Norwegians, 3 Canadians, 2 Germans and 1 Dane were foreign born. One member of the class was born in Italy.

Sixty-nine, or 49%, of the class were born in Minnesota; 16 in Wis., 8 in N. Y., 3 each in Ill., Iowa, Maine, Mich., and Pa.; 2 each in N. H., N. J., and Ohio; and 1 each in Mass., Mo., S. C., Tex. and Vt.

Sixty-eight, or 49%, of the members of the class now reside in Minn.; 10 in Wash.; 8 in N. Dak.; 6 in Cal.; 5 each in N. Y., S. Dak., and Wis.; 4 each in Iowa and Mont.; 3 in Ore.; 2 each in Ariz., Ill., Mass. and N. J.; and 1 each in Ala., Colo., Conn., D. C., Idaho, Kan., Maine, Tex., Utah and Vt.; 1 each in China and Peru.

Ninety, or 64% of the class are married; 54, or 76% of the men, and 36, or 52% of the women.

Twenty-seven men and 22 women married in the first 5-year period after graduation; 24 man and 14 women in the second 5-year period after graduation.

Twenty-one men and 24 women married college graduates; 6 men and 1 woman married women or men with some college education; 12 men and 4 women married high school graduates, and 4 men married normal school graduates.

Seven women married classmates, and, strange as it may seem, seven men did likewise.

Of those of foreign parentage, 5 Norwegians married Norwegians; 4 Germans married Americans; 3 Swedes married Swedes; 2 Norwegians married Germans; 2 Norwegians married Americans; 1 Dane married an American; 1 Swede married an American; 1 German married a Frenchman; 1 German married an Irishman; 4 Americans married Scandinavians and 2 married Germans.

One hundred twenty children have been born to members of the class, including 65 boys and 55 girls. Eighty-three families are represented, of which 17 are without children. There is an average of 1.44 children to each family and 1.81 children to families having children.

Of the various occupations agriculture has claimed 5 members of the class; domestic science 36 (the married women); education 39 (18 men, 21 women); engineering 2; finance 5; government service 1; law 15; literature (including Journalism) 3; manufacturing 2; medicine 8; mercantile pursuits 4; ministry 3; real estate 2; specialized science 2; transportation 3; Y. W. C. A. 1; unspecified 6.

Eighteen members of the class have taken graduate degrees at Minnesota.

The average annual income of 41 men is \$2798.30, the highest income reported being \$10,000; and the average annual income of 25 women is \$1182, the highest being \$2,000.

One page is devoted to a list of persons who entered with the class but did not graduate. Information concerning these persons is asked and it is expected to include information concerning these persons in later editions of the directory.

Two pages, of special interest to the members of the class, are the reports of the individual members in answer to the questions: What is the most valuable thing you got out of your college course?

What is your most notable achievement since graduation?

Not a few answer "my wife" or "my husband" and "my children."

The members of the class owe Mr. Adams a debt of gratitude which they will be prompt to acknowledge and the whole alumni body is beholden to Mr. Adams and the class for having set a precedent that many other classes will be glad to follow in years to come.

WHY?

Why should not YOUR class do the same thing, or, improve on the record made by 1901—if possible?

THE ALUMNI CLASS ORGANIZATION.

There is one decided weakness in the alumni organization of this University—that is, the class organization. This natural unit has been greatly neglected. Not more than ten per cent of the classes have anything like an effective organization. The possibilities of class organizations for the mutual pleasure and benefit of its members can hardly be overestimated and it is the purpose of this statement to call attention to the desirability of pushing such organizations.

I. The permanent secretary.

One of the first requirements for an effective class organization is a permanent officer who shall be responsible to the class for keeping its members in touch with each other. In every class there is to be found some one who will gladly undertake this task for the sake of doing something worth while. The first task in effecting the class organization, is then, to find the member who can and will give time to the work of keeping up the class organization and spirit.

Such an officer would be the natural one to look after news items concerning members of the class and to send them to the *Weekly* for publication. The *Weekly* is the natural means of communication between the alumni and should be more generally used than it is by the classes. At least half of the alumni see the *Weekly* regularly and keep in touch with the University through the news contained in it.

II. The class directory.

The class of 1901 has made a class directory well worth while. Read what is said about this directory, in another column of this issue. You will surely agree with us that it is worth the effort.

III. The class reunion.

Class reunions are events in the lives of the men and women who are members of classes that never let a year go by without getting together. There are several classes that have never missed a reunion date in all the years since graduation, notable among these classes are 1892 and the law class of 1904. Members of these classes look forward to these occasions

for months and remember them with a sense of satisfaction for months afterward. There are no classes among all that have graduated who could not have similar organizations and reunions if they would. Certainly the members of these classes find it well worth while.

Next June the classes of 1873, 1878, 1883, 1888, 1893, 1898, 1903 and 1908 will naturally plan for reunions—begin at once to make your plans—the time is none too long for proper preparation.

LOCAL ALUMNI ASSOCIATIONS.

Alumni and former students of the University have more or less formal organizations in various parts of the country. Whenever an alumnus may chance to settle where there is such an organization, he should make the fact known to the other alumni living in the neighborhood. While the following list is not complete, it may prove helpful to alumni who are travelling. As the officers are frequently changing, in the associations, we have simply given a list of the places where such organizations are maintained. If you chance to be in a part of the country where you would like to get in touch with any of these associations, make yourself known to any alumnus living in the city and you will be able to secure the information you desire.

Minnesota—St. Paul, Duluth, Crookston, Misabe Range, Hibbing, Virginia, New Ulm, Stearns county, Melrose and Sauk Center, Lac Qui Parle county, Madison, Montevideo, Winona, Grand Rapids, East Grand Forks.

North Dakota—Fargo and Williston.

South Dakota—Pierre.

Idaho—Coeur d'Alene.

California—Berkeley and Los Angeles, Stanford University.

Illinois—Chicago.

District of Columbia—Washington.

New York—New York City, Schenectady.

Oregon—Portland.

Washington—Spokane and Seattle.

MONTICELLO ALUMNI MEET.

The Minnesota Alumni living at Monticello, Minn., gave a dinner Saturday evening, October 29th, in honor of President Vincent who was in that city that evening. There were present at this meeting, Ruth M. Sherwin, '15; Arthur L. Hill, '96; Grace P. Trench, '11; Ray S. Thomson, Eng. '08; James F. Trench, '03; Esther A. Johnson, Ag '12; Lester H. Knapp, Eng '12; Eva R. Sherwin, '11; E. H. Weis, Eng Ex '09; Lou Klossner, '11; Laura B. Paddock, '10; Hans M. Monck, Ag '13; V. H. Kingsbury, School of agriculture, '05; T. H. Brown, '83.

The following representatives from other institutions were present:—Mrs. A. L. Hill, Hamline; G. D. Hargrave, Hamline; Mrs. G. D. Hargrave, Mankato normal and Mrs. Ray S. Thompson, Iowa.

SUCCESSFUL CANDIDATES.

This partial list of successful alumni candi-

dates will be supplemented as returns are received.

Congressmen.

James Manahan, Law '89, congressman-at-large; George R. Smith, Law '93, from the Minneapolis district; Clarence B. Miller, '95, Law '00, from the Duluth district; Sidney Anderson, from the first district.

State Ticket.

J. A. A. Burnquist, Law '05, lieutenant governor and Charles Elmquist, Law '98, railroad and warehouse commissioner.

The Hennepin County Ticket.

John A. Dahl, '92, Law '93, judge of probate; W. C. Leary, '92, Law '94, ("Bill" of football fame) district judge; Harry S. Swensen, Law '99, made a close run for county attorney; Henry R. Chase, '89, commissioner from the first district; Peter S. Neilson, Law '96, clerk of the district court.

Willis L. Norton, '07, Law '06, will, with Frank L. Palmer, represent the University district in the legislature. C. L. Sawyer, Law '97, will represent the 41st district; E. C. A. Lundeen, the 42nd and L. A. Lyldard, Law '92, the 43d district, in the legislature.

E. W. Hawley, Law '93, won out against very bitter opposition, by a majority of 135.

D. P. Jones, '83, was elected to the Park board, David F. Swenson, '98, failed of election to the school board. We have commented, elsewhere in this issue, upon the case of Charles D. Gould, candidate for mayor.

George M. Young, Law '94, was elected to congress from the second district of North Dakota.

AN HONOR TO HIS ALMA MATER.

In order to understand the action of Charles D. Gould, law '91, in retiring from the race for the mayoralty of this city, it is necessary to say a few words as to the situation here. Mr. Gould was second man in the primary, he and Mr. Selover running neck and neck close up to the leader in the race, Mr. Nye. Mr. Gould and Mr. Selover both appealed to the same class of voters and had either one been out of the race, the other would have won by a handsome plurality. The socialist candidate, taking advantage of an oversight in the law, determined to make sure of a divided opposition and came into the race later, by petition.

It was seen that there was danger of the election of a socialist, if both Mr. Gould and Mr. Nye should remain in the field, and both men consented to submit the matter to a group of citizens for advice. The advice of this group was that Mr. Gould should retire from the race, in order that there might be a clean-cut issue to be decided between socialism and those opposed to socialism. This action has aroused the most bitter attacks on Mr. Gould by the socialists and some of his former supporters.

In consenting to eliminate himself, Mr. Gould has shown sturdy qualities of patriotism and manhood that have brought him greater honor than the winning of the election would have

brought. Though intensely disappointed, more largely on account of his family and friends than on his own account, Mr. Gould made no half-way work of his action and has thrown all his influence in favor of his former and only legitimate opponent.

The following statement, signed by five hundred of the leading citizens of this city, shows how his action has been received. Only the lack of time prevented the securing of ten times as many signatures.

In signing this statement, President Northrop, who heads the list said—"I am glad and proud to sign it."

"We, the undersigned, hereby express to Mr. Charles D. Gould our gratitude for his manly, generous patriotic consent to retire from active participation in the mayoralty race in order that the citizens of Minneapolis may be able to make a decision on the issues presented without complications which three candidates would make inevitable.

"In taking this action, voluntarily giving up a cherished ambition, Mr. Gould has shown rare patriotism and public spirit and deserves the everlasting gratitude of every citizen of the city who has its highest interests at heart.

"We realize the great sacrifice he has made in giving up the contest; his friends may misunderstand him, and his enemies will question his motives, and he will be severely criticised by those whose partisanship blinds them to the higher good of the community as a whole.

"We are proud of Mr. Gould's record as an alderman. He has given of his time and energy in unstinted degree for the public service. The city owes him a debt of gratitude for such service; yet, we do not hesitate to say that we believe that no act of his public life demonstrates such unselfish devotion to the public welfare as this act. He has shown himself a man who holds his duty to the public above his personal interest and ambition.

MINNESOTA 13—ILLINOIS 0.

Last Saturday Minnesota won a decisive victory over the Illini in one of the hardest contested battles fought on Northrop field in several years. The visitors started out with a rush that threatened to wipe Minnesota defense off the field. After carrying the ball back sixty-five yards, Minnesota took a brace and held on her own 10-yard line. An incomplete forward pass over the goal line gave Minnesota the ball on her own 20-yard line. Minnesota then started on a march to Illinois' goal when a penalty of fifteen yards stopped them and Illinois had another opportunity to show its offense. In the meantime Minnesota had partially solved the plays of the Illini and then got an attempted drop kick on her own 5-yard line.

Then followed some football that was faultless—for ninety five yards Minnesota took the ball in twenty three plays straight over for a touchdown.

After the next kickoff by Illinois, Minnesota started in another march for the visitors' goal, gaining ground in big gains on every play. The interruption of the quarter seemed to check the effectiveness of Minnesota's plays and the ball see-sawed back and forth in Illinois territory. Finally Illinois attempted to kick out from close to her own goal line and the ball went straight up in the air. An Illinois man captured it, illegally, and the ball was given to Minnesota on Illinois' 8-yard line. Three plays put it over for a second touchdown.

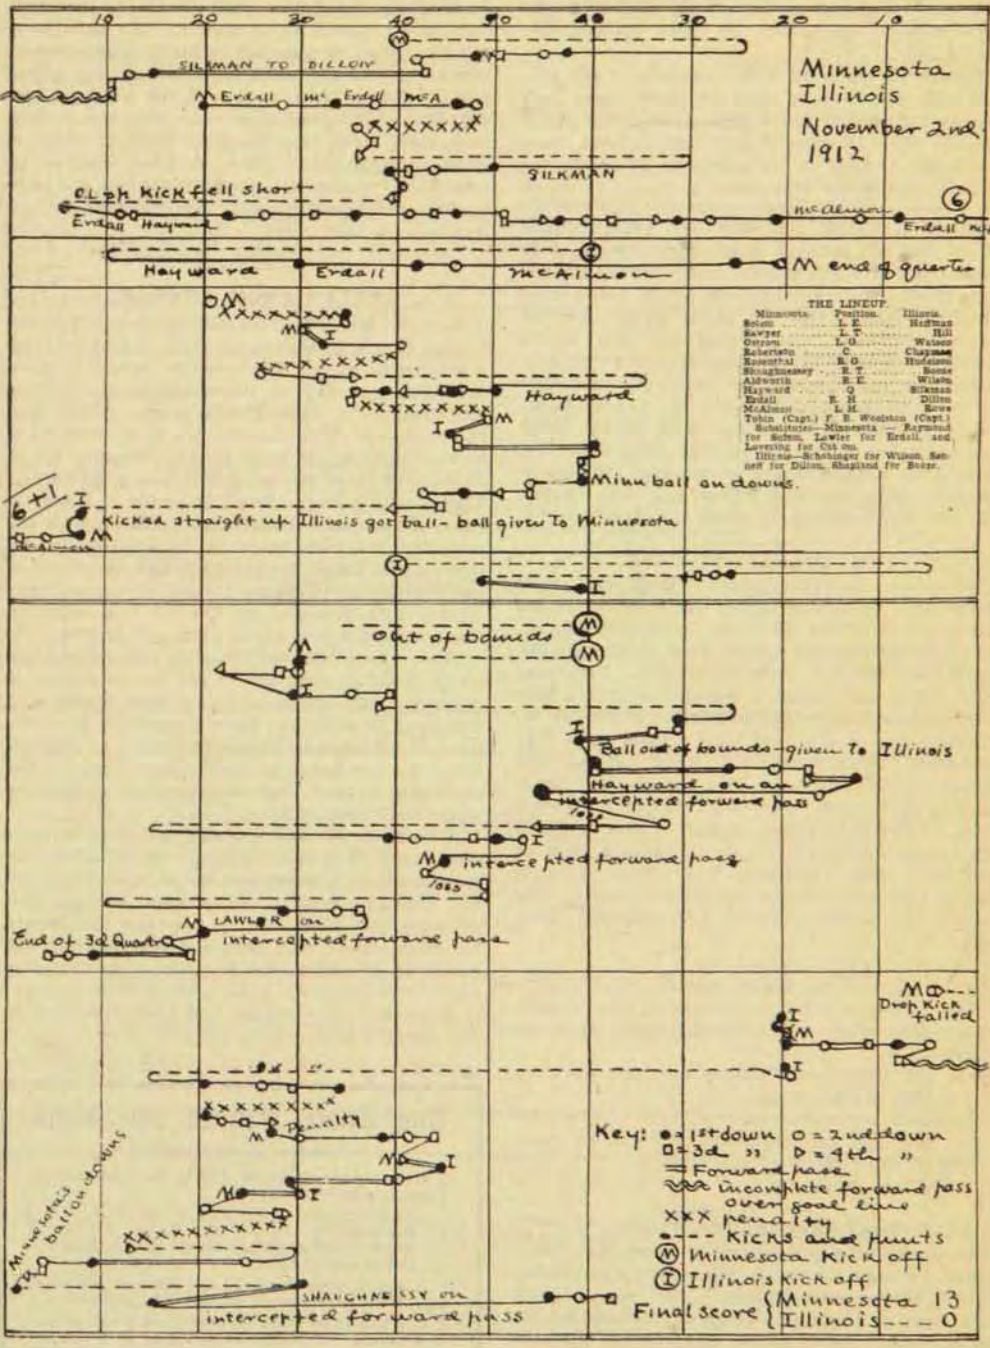

The remainder of the game was without a score. Illinois, at all times dangerous, Minnesota playing great offensive work and bracing up on defensive work. Neither side could make continued gains against the other. For the most part Minnesota had the better in every department except punting, and here she was notably weak, her loss coming mainly on exchanges of punts. Illinois used the forward pass frequently and much more effectively than did Minnesota and often made good gains. Minnesota captured a number of these passes and several times made long gains on such intercepted passes.

The plot of the playing shows that Minnesota had clearly the better of the game, but it shows also that Illinois was very dangerous at all times. Twice Minnesota had the ball on Illinois' 5-yd line and twice she failed to make a touchdown. Minnesota's defense never showed to better advantage than when, late in the game, she held Illinois on her one yard line for downs and then took the ball out of the danger zone. The work reminded one of that famous stand against Wisconsin, on the old Northrop field, when the score stood 6 to 5 for Minnesota and the ball was stopped six inches from Minnesota's goal.

Many of the spectators commented on the fact that Minnesota's first touchdown came as a result of football that resembled the old-fashioned variety, more than any seen on Northrop field in the past three years.

The loss of Tollefson was a heavy blow to Minnesota. He was by all odds the strongest

punter on the team, a good field general, and a heady all-round player. Hayward showed himself a worthy substitute but Minnesota is left weak in punting. A strong punter would have enabled Minnesota to have doubled the score.

Minnesota made 18 first downs to 9 for Illinois; she gained more than 129 yards more than Illinois from snap back plays—about 300 yards against 175; Minnesota suffered heavily from penalties, a total of 60 yards to 30 yards for Illinois. On punts Minnesota averaged 30 yards on 7 punts, while Illinois averaged 34 yards on 4 punts, including the one that went straight up in the air without gaining distance. Both sides tried forward passes many times, Minnesota made 3 successful passes for 20 yards gain; Illinois 6 passes for 89 yards gain. Several times Minnesota was tackled for loss before passing the ball on attempted forward passes. Minnesota made some fine gains on intercepted forward passes—Hayward 30 yards, Lawler 18 yards and Shaughnessy 45 yards. Minnesota failed on an attempted drop kick and Illinois on an attempted place kick. McAlmon made both touchdowns. The Illini were watching for McAlmon all through the game.

THE TOLLEFSON CASE.

Tollefson, the star quarter back has been suspended for the semester for cribbing in an examination. The evidence is circumstantial, but two independent committees of the faculty have pronounced it to be conclusive. Tollefson, who bears an excellent reputation for integrity, insists that he did not crib. Principal W. F. Webster, of the east high school, says that he would take Tollefson's word against any circumstantial evidence—he knows the man. In this statement, many of Tollefson's instructors, in the University, concur. The students who have been with him in his classes, both in the high school and the University, unite in saying that they cannot believe him guilty. His record up to the present has certainly been clean.

THE NEW SONG.

The Varsity band is delighting the rooters these days with a new song, which runs, as follows:

They say that Doc Williams aint got no style
Aint got no style,
Aint got no style,
They say that Doc Williams aint got no style,
BUT—he's there all the while,
All the while.

"THAT MINNESOTA THING."

The November number of the American magazine contains a story in which the "Minnesota shift" figures prominently. The story shows how such an intangible thing as "college spirit" grips, even a hardheaded, tight-fisted, business man. It is an enjoyable story with some real college flavor.

THAT WISCONSIN GAME.

Every alumnus who has any interest in football is asking himself and others, What will be the outcome of the Wisconsin game—can Min-

nesota win? Minnesota has the making of a strong team; the Illinois game showed that it is developing along safe lines and that it is making real progress. Its offense is powerful and its defense is fairly strong. We have seen Minnesota go into games with Wisconsin when it was practically sure to win—and get gloriously licked. We feel that if the men go into the Wisconsin game this year with the feeling that they must play to their limit to make a good showing—they have a good chance to win. Two weeks is a long time when the season is at its height—and Dr. Williams can do wonders in that time.

LETTER FROM SMYRNA.

John W. Dye, '04, vice counsel general of the United States to Smyrna writes, "I find Smyrna a charming place. The country about is rich, beautiful and full of historical interest. The city itself is a combination of the Orient and the Occident. The bazaars are most attractive. The population of over 300,000 is made up of Greeks, Ottoman Greeks, Armenians, Jews and Turks, with perhaps 2000 Europeans and Americans. The Turks, though the rulers, are in the minority and all business is carried on by Greeks and other Europeans. The members of the European-American Colony are most hospitable and pleasant so that I felt quite at home within a few weeks after my arrival.

"Few American or English bachelors get away from Smyrna and I am no exception to the rule. My engagement to Miss Margherita Pellegrini-Tibaldi has been announced for some time and we are to be married early in November. We are going to Greece and Egypt if not prevented by war, and next summer we hope to visit the United States.

"Since my arrival Smyrna has been threatened with blockades, cholera, earthquakes and massacre but nothing serious has yet happened and probably won't. At present we are just between two wars. It is asserted that peace has been signed with Italy and that fighting has begun on the Bulgarian frontier. Our Consular work here is quite unique on account of extraterritorial jurisdiction and characteristics of the ruling Turks.

The Tome School for Boys

An Endowed Preparatory School

¶ Its unusual results are due to the best faculty which can be secured:

To the careful supervision of the lives of the students.

To the most generous provision for their health and comfort.

¶ It insists upon thorough and efficient teaching and offers an unusually extensive curriculum.

¶ It is known as the most heavily endowed school in America. It claims recognition as a school where the highest standards of scholarship and character are maintained.

A completely equipped Lower School for little Boys.

IF YOU WANT TO HELP READ THIS—THEN ACT

YOU receive this copy of the *Weekly* without extra charge simply because of the loyal support of those who have **advertised** in this number. The firms advertising in this issue represent three classes of advertisers:

1. Not a few firms advertise solely because they consider it a paying proposition---they find it brings results.

2. Those who do not expect direct returns, but who feel that it is worth their while to keep in touch with such a large body of influential men and women as the alumni of the University of Minnesota.

3. These who feel that the cause is a worthy one, and who advertise, chiefly, in order to contribute to the success of the work of the General Alumni Association for the University.

YOU---subscribers to the *Weekly*---can change every one in this third list to the first or the second list and materially assist in the work of the Association.

The issuing of this directory---made possible by the generosity of our advertisers---^{has} a very important bearing upon the work of the Association for the coming Legislative session. In order to keep in touch with the alumni, and to be able to let them know when there is opportunity for them to do some service for the University, we must know where they are---hence this directory.

*Two things are wanted of YOU---When you desire to purchase something which the *Weekly* advertisers have to sell---other things being equal---buy of them. And, when you buy, don't forget to tell them you saw their advertisement in the Minnesota Alumni Weekly. **It helps a whole lot and don't cost a cent.***

Our advertisers represent the highest class of dealers in their respective lines---we are proud to introduce them to you and you to them.

THE GENERAL ALUMNI ASSOCIATION,
PUBLISHER.

OUR ADVERTISERS

Every Home Needs My Help

I guarantee to regulate any heating plant accurately and continually day and night at a cost that means but a few cents a week.

I render a service that is worth many times my price in time, worry, and fuel saved, and am good for a lifetime of continuous service.

For 30 years my name

The "MINNEAPOLIS" HEAT REGULATOR

has stood for perfect heat regulation in the home.

I can be used with hot water, hot air, steam or natural gas heating.

I cost but little more than a good clock and have proven my merit in 12,000 Twin City homes. Dealers in the heating trade everywhere handle the "Minneapolis".

A booklet, showing all models, explaining all details and giving prices, gladly sent by the manufacturers.

MINNEAPOLIS.

An Office Training Course

Bear in mind the fact that this is **the only school in the Northwest** having an office training department thoroughly equipped with every modern machine and appliance and giving its pupils practice on same. The Edison Business Phonograph; the Printograph, Neostyle, Adding Machine and other appliances are a part of the equipment which our pupils become thoroughly trained in.

Our School is Highly Endorsed

By the **leading business concerns** of the Northwest, as well as the leading literary and educational institutions. The superior class of pupils patronizing our school gives them a prestige with business concerns.

It Pays to get the Best

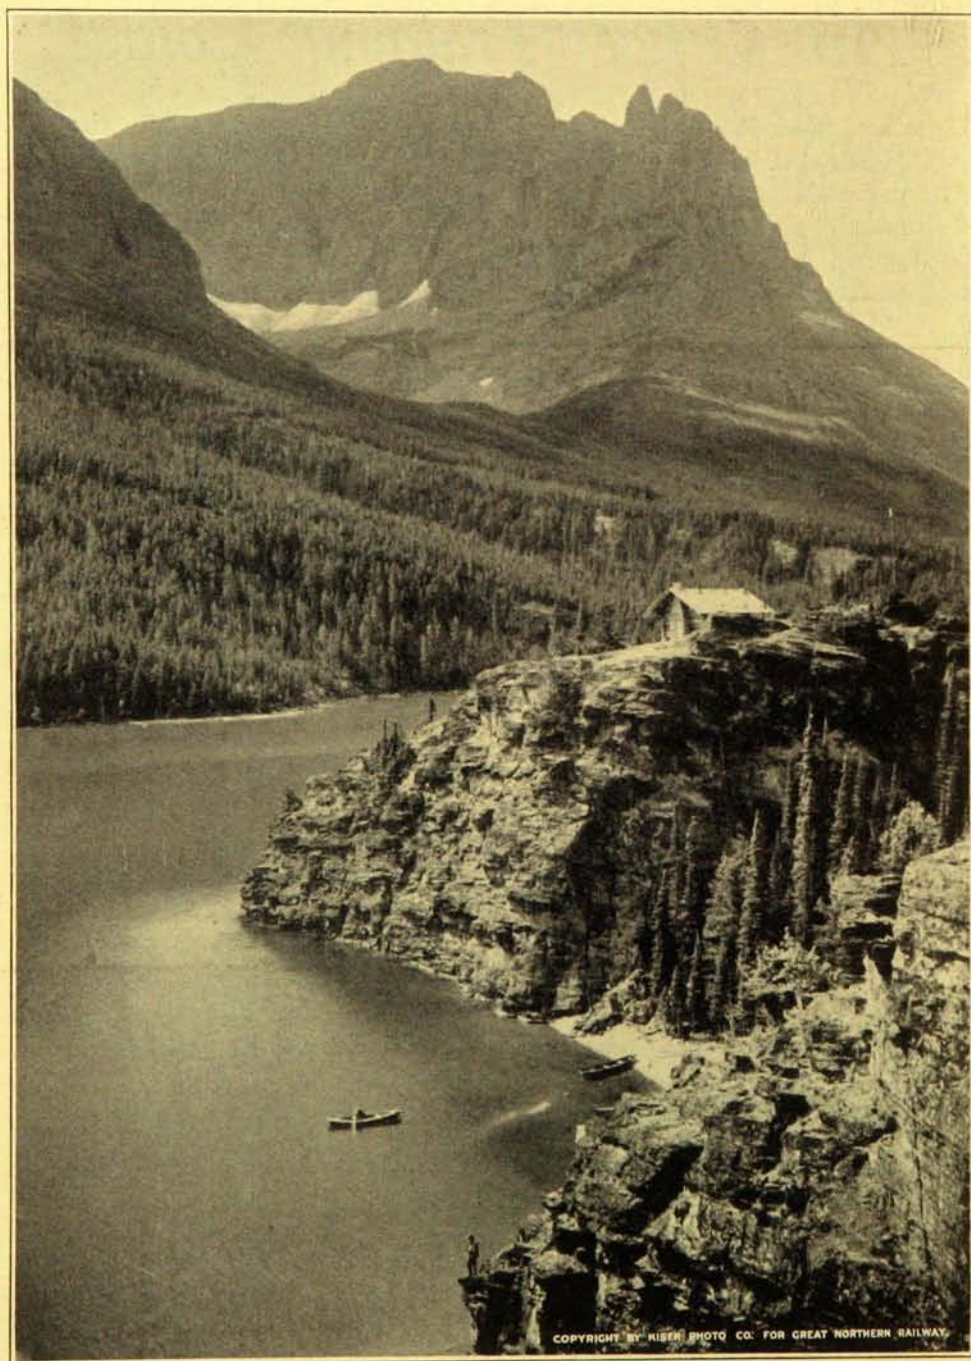

It will pay you in time and money to get your course at this school where you take no chances. Our school is a success. We teach a success course. Successful business houses patronize us, thus making our pupils a success. Get started at once. **A Visit** to our school **will convince** you of the excellence of our work.

Minnesota

By GEORGE FITCH

(Copyright, 1912, by George Mathew Adams.)

MINNESOTA is an American state which has been borrowed by the Norwegians with great success. Owing to its steady and reliable winter it has become the favorite lifetime resort for these hardy people who raise wheat, white whiskers and American citizens with great fluency. Minnesota now has over 2,000,000 people, half of whom have names ending in "son."

Minnesota is one of the larger states, having 88,000 square miles and a full supply of square legislature. It has no mountains, but it is so badly infested with lakes in the northern part that the scattered farmers north of Duluth have to fence in their fields with fish nets. The Mississippi river rises in one of these lakes and flows over 250 miles through the state before it becomes large enough to act as a state line and a barrier against presidential nominations.

Minnesota is densely settled in the southern part and enjoys all the conveniences of civilization, including inter-urbans and golf clubs.

Minnesota produces more wheat, iron ore and light-haired, blue-eyed statesmen than any other commonwealth. It has a state university which leads the world in the production of Clydesdale half-backs and has 5,000 students all trained to yell "Ski-U-Mah" in unison when the team scores on Michigan. It was born republican, but was recently captured by Colonel Roosevelt after a hard tussle with neighbor La Follette.

Besides, Minnesota has contributed Ignatius Donnelly, Adam Bede, Knute Nelson, James J. Hill, Archbishop Ireland and other interesting citizens to its country, but her greatest feat in citizen-producing was John A. Johnson, who would have mixed up the democratic convention at Baltimore more than ever had he lived. Minnesota mourns his death sincerely, but has 100,000 more Johnsons in training and will yet produce a president of that name.

SCHOOL LAND IN STATE OF MINNESOTA

3,000,000 ACRES OF TILLABLE LAND ON EASY TERMS

15 Per Cent Cash. 40 Years' Time on Balance at 4 per cent Interest. Matchless Opportunity for Men of Small Means to Secure Homes in the Great "Bread and Butter" State.

These lands are especially well adapted to diversified farming and dairying, consisting of prairie land, cut-over timber land, natural meadow and timber. They are situated in country already settled, in close proximity to schools, churches and railroads. Minnesota has unquestionably the best public school system in the country, commencing with the thousands of common schools, and including the "semi-graded" and "graded" schools, high and normal schools, and culminating in the splendid State University with an enrollment of over 6,000 students. Minnesota has a permanent school fund exceeding \$23,500,000.00, which is increasing at the rate of \$1,000,000 annually—the largest of any state in the Union. Good roads are the rule, rather than the exception. A large part of the state lands are found in the neighborhood of beautiful inland lakes, abounding in fish of all kinds. Large and small game in abundance. The soil is fertile, and all crops that can be profitably raised in other parts of the state will thrive here. No "final fee" or "final proof" necessary.

Average Price of State Land Sold in 1912 Was About \$7 Per Acre.

The LOW PRICE and LIBERAL TERMS place these lands within reach of all. Why don't you take advantage of this golden opportunity to secure for yourself a home? All lands are sold at public auction to highest bidder. The next series of sales of Minnesota lands will be held during the spring or summer of 1913. For further particulars, pamphlets, circulars, charts, etc., call on or address.

S. G. IVERSON, State Auditor, ST. PAUL, MINNESOTA
