# Choose The "U" For Your Health Care

## WE PRACTICE WHAT WE TEACH.

The University of Minnesota Hospital and Clinic trains most of the physicians in Minnesota and is a leader in medical research. This helps us to practice what we teach when we take care of you.

And while some patients travel half-way across the country to seek our help, we're just around the corner for you.

With over 150 specialty clinics and a world-renowned hospital, we offer comprehensive health care. At our medical center, you can receive diagnosis and treatment for everything from heart problems to eye diseases, from

cancer to sports injuries. Thorough physicals and routine dental care are also available for your entire family.

For health care in your own back yard, choose the "U".

UMHC accepts a variety of health insurance plans. HMO patients must have financial authorization for each visit before receiving care at UMHC. Please call our Patient Financial Representative at 626-6685 if you have any questions about coverage.

# Choose The "U" For Your Health Care

## WE PRACTICE WHAT WE TEACH.

The University of Minnesota Hospital and Clinic trains most of the physicians in Minnesota and is a leader in medical research. This helps us to practice what we teach when we take care of you.

And while some patients travel half-way across the country to seek our help, we're just around the corner for you.

With over 150 specialty clinics and a world-renowned hospital, we offer comprehensive health care. At our medical center, you can receive diagnosis and treatment for everything from heart problems to eye diseases, from

cancer to sports injuries. Thorough physicals and routine dental care are also available for your entire family.

For health care in your own back yard, choose the "U".

UMHC accepts a variety of health insurance plans. HMO patients must have financial authorization for each visit before receiving care at UMHC. Please call our Patient Financial Representative at 626-6685 if you have any questions about coverage.
