STUDENT ACTIVITIES BUREAU
UNIVERSITY of MINNESOTA

FOREWORD

The 1962-63 Directory of Student Organizations has been prepared by the Student Activities Bureau in cooperation with the officers of student organizations. The Directory is published

1. To provide an annual description of organized student life at the University of Minnesota;
2. To facilitate communication and understanding of each other's programs among student leaders;
3. To help professional and academic counselors provide informed advice for meeting the recreational, cultural and social interest of their advisees;
4. To help the administrative and service agencies of the campus provide effective service to the officers of recognized student organizations.

If you have questions about the specific programs of any group, we advise you to see a staff member of the Student Activities Bureau. The Bureau was established in the belief that extra-curricular activities are a necessary and valuable part of a student's education. Therefore, the advisers are ready at all times to help you improve the program of your group and to solve group difficulties. The staff for 1962-63 is listed below with the various areas of specialization to which they are assigned. The receptionist in the Bureau office at Temporary South of Mines A, Room 106, will be glad to direct you to the appropriate adviser for your questions.

USE OF THE DIRECTORY

The following information will help you to use this book:

1. The alphabetical index at the back of the Directory includes not only all recognized student organizations but also many all-University events. Some of these activities are described in a section entitled, "All-University Projects, Traditional Events and Programs."
2. In listing faculty members who are advisers to groups, no academic titles have been included and no professional titles except those for ministers of religions.
3. Extension numbers listed are for University offices. Persons calling from off the campus should first dial 373 (Minneapolis Campus) and 647 (St Paul Campus). When calling a St Paul Campus extension from the Minneapolis Campus, dial 9, then 647 and then the extension number listed. When calling a hospital number dial 192, and then the hospital extension number listed.
4. In the right-hand corner of each organization entry, the next election date has been indicated whenever this information was available. The tenure of the officers listed can be determined by checking this date. Please consult the Student Activities Bureau for the names of new officers.
5. Certain groups unfortunately failed to comply with our repeated requests for officer lists, making it difficult for us to obtain accurate listings of their officers.

CORRECTIONS OR SUGGESTIONS

Although we have made every effort to compile a complete and accurate Directory, there are possible errors in the entries. Please submit any corrections or comments to the Student Activities Bureau, Room 106 Temporary South of Mines A.

Every regularly enrolled student at the University of Minnesota is a member of the Minnesota Student Association. The Association performs the functions of all-University student government and coordinates the activities of students in the administration of student affairs. The organization is based on student, staff and faculty participation and cooperation at every level of the University structure.

The Minnesota Student Association has two main branches, the executive and the legislative. The Student Body President, the Executive Committee and the Cabinet compose the executive branch, the Assembly and the Senate the legislative branch.

The principal body of the Minnesota Student Association is the student Assembly composed of the representatives of campus organizations which have forty or more members. The Assembly meets one to three times a quarter to debate and legislate on issues of major campus interest. Presently more than 200 delegates compose the Assembly.

The Cabinet will be made up of the appointed heads of standing committees of the Minnesota Student Association which carry out the many program functions of student government in athletics, civil service, education, finance, inter-collegiate, international relations, legislative affairs, public relations, orientation, rules, student services, human rights, and relations with the many University administrative departments.

ACADEMIC FRATERNITIES AND SORORITIES

The fraternity-sorority system is organized around similar concepts of purpose, standards and ideals. In all chapters there is an opportunity for personal development. This occurs through participation in chapter government, campus activities, social events and cultural programs. The fraternities and sororities strive to develop leadership, maturity and responsibility among their members. They also strive to complement and enhance higher education by offering friendship associations in a university setting. Most chapters maintain residences and are affiliated with national organizations. All are coordinated through the Panhellenic or Interfraternity Council.

MEMBERSHIP: Membership drives called "rushing" periods are conducted during the academic year. A student interested in joining a fraternity or sorority must register for rushing at the Panhellenic and Interfraternity Councils' Office, Room 225 Coffman Union. (Four academic sororities, Alpha Kappa Alpha, Clovia, Gamma Omicron Beta, and Lambda Delta Phi are associate members of Panhellenic and conduct their rushing under special arrangements.) More detailed information about rushing may be obtained from these offices or from the Student Activities Bureau.

MEETINGS: Meetings are held weekly (usually on Monday nights).

EXPENSES: Monthly living expenses compare favorably with those of the University residence halls.

OFFICERS: Because of space limitations the following listings include the names of four officers only: president, treasurer, social chairman and rushing chairman. For the names of other officers, call the Student Activities Bureau, Ext 3851.

ALL-UNIVERSITY PROJECTS,
TRADITIONAL EVENTS AND PROGRAMS

The projects and programs described in this section are not, in themselves, separate recognized student organizations but are, instead, tied either administratively or financially to one of the Governing Boards or Councils listed in the first section of the Directory. Included are some of the major events which are open to all members of the University community. Through these activities, students can gain valuable experience in formulating long-range plans, in selecting and organizing committees, in creating publicity campaigns, and in working co-operatively with other students and faculty members.

This listing is by no means complete, but is intended to be representative of the many semi-independent projects which are carried out on the campus each year. Further information about these and other programs is available at the Student Activities Bureau, 106 TSMA, Ext 3851.
