1. All data in the report are based on the number of students registered as of the end of the second week of classes.
2. Ethnic background information on students comes from application forms for fall admission, 1981 and from request for update of student ethnic data form or ethnic background survey cards collected during fall registration, 1981. The supplying of ethnic data is optional.
3. Data for Business Administration are now reported in Management. This is to reflect the recent change of name from College of Business Administration to School of Management.
4. Data for the years other than 1981 are taken from the Annual Fall Quarter Minority Enrollment Report prepared by the Office of Admissions and Records.
5. The descriptions of the ethnic categories in the report are the latest version proposed and used by the United States Department of Education.
