UNIVERSITY OF MINNESOTA

## Equal Opportunity

The Board of Regents has committed itself and the University of Minnesota to the policy that there shall be no discrimination in the treatment of persons because of race, creed, color, sex, age, or national origin. The policy is particularly applicable in the recruitment and hiring of members of the faculty and staff and in promoting the academic pursuits of all students at both undergraduate and graduate levels. Individual faculty members are expected to support the development of affirmative action programs that will provide an ethnic and sex balance in their departments. This policy also includes Title IX of the Education Amendments of 1972.

University of Minnesota *Facts*,  
December, 1976. Prepared by the  
Department of University Relations,

## HISTORY, ORGANIZATION, AND GOVERNANCE

### Origins and Development

When the University was founded in February 1851, the new territory of Minnesota was populated by an unknown number of American Indian residents and about 7,000 immigrant settlers. Statehood was still seven years away.

The University began as a preparatory school, was beset by financial crises during its early years, and was forced to close during the Civil War. In 1863, in the midst of this difficult time, Minneapolis businessman John Sargent Pillsbury began the long and dedicated service that won him renown as "the Father of the University." As a University Regent and state senator, and later as Governor, he guided the University out of its financial problems.

A major factor in the University's rebirth was the Morrill Act, which was signed into law by President Lincoln in 1862. This "Land-Grant Act," as it was known, gave each state a grant of land within its borders, the income from which was to be used in providing education for its people—especially in the areas of agriculture and the mechanic arts.

In 1867, the preparatory school again opened its doors. Following a major reorganization in 1868, the University finally got under way as an institution of higher education in 1869. The first collegiate class that fall numbered 18 students. The faculty totaled nine.

On December 22, 1869, William Watts Folwell, a scholar who had served as an engineering officer in the Civil War, was inaugurated as the first President of the University. Fittingly, Regent Pillsbury presided at the ceremony. In his inaugural address, President Folwell foresaw the emergence of a "federation of professional schools" with a faculty of teachers and investigators. He called for the development of a University open to all "worthy comers," an institution that would become the "head and crown" of the state's school system.

From its faltering origins, the University has grown mightily to become one of the largest and strongest universities in the land, with an enrollment of over 55,000 students.

Its campus has become statewide with units in many Minnesota communities. Its Twin Cities campus in Minneapolis and St. Paul offers the full range

of academic and professional degrees. Academic and preprofessional programs are offered at the University of Minnesota, Duluth, part of the University system since 1947; the University of Minnesota, Morris, opened in 1960; the University of Minnesota Technical College, Crookston, opened in 1966; and the University of Minnesota Technical College, Waseca, established in 1971.

Significant in the University's development is its autonomy in the management of its internal affairs, derived from the state constitution. The University's charter, drawn up and adopted by the Territorial Assembly and approved by an act of Congress, delegated to the Board of Regents the right to govern the University. In the state constitution, all the "rights, immunities, franchises, and endowments" granted by the charter were "perpetuated unto" the University.

In a test lawsuit known as the "Chase case," the Minnesota Supreme Court in 1928 held that the Board of Regents, in the management of the University, is constitutionally independent of all other executive authority.

### Board of Regents

The Board of Regents is the governing body of the University. Its chief responsibilities are election of the Chancellor; enactment of rules, regulations, and policies governing the University; control of University expenditures; and approval of all staff changes. (The term President is commonly used instead of Chancellor.)

The 12 Regents are chosen by the state Legislature: one Regent from each of Minnesota's eight Congressional districts and four from the state at large. One Regent must be a University student or have graduated from the University within the five years prior to election. They serve without pay for six-year terms. Vacancies occurring when the Legislature is not in session are filled by the Governor.

The Chancellor of the University is *ex officio* President of the Board of Regents. From its membership, the Board elects a chairman and a vice chairman. The Board also elects a secretary and a treasurer who may not be members of the Board of Regents. All officers, with the exception of the Chancellor, are elected for a two-year period.

The Board meets in regular session the second Friday of each month. The business considered by the Board is first reviewed by one or more of its

standing committees. The standing committees are Educational Policy and Long-Range Planning; Faculty and Staff Affairs; Physical Plant and Investments; Student Concerns; and the Committee of the Whole. Dates of Board meetings are announced ahead of time in the Official Daily Bulletin, which is published in the *Minnesota Daily* (the Twin Cities campus student newspaper) when classes are in session, and as a special bulletin during quarter breaks. The dates are also announced at the coordinate campuses in their campus calendars or publications and in *Brief*, the weekly newsletter for faculty and staff on all campuses. Materials for consideration by the Board are usually submitted to the secretary of the Board of Regents through the President's Office.

### Members

The Honorable Erwin L. Goldfine, Duluth  
 The Honorable Lauris Krenik, Madison Lake  
 The Honorable Robert Latz, Golden Valley  
 The Honorable L.J. Lee, Bagley  
 The Honorable Lester A. Malkerson, Shakopee  
 The Honorable Wenda W. (Mrs. Cornell) Moore, Minneapolis, Vice Chairman  
 The Honorable Lloyd H. Peterson, Paynesville  
 The Honorable George W. Rauenhorst, Olivia  
 The Honorable Neil C. Sherburne, Lakeland, Chairman  
 The Honorable Loanne R. (Mrs. Ralph) Thrane, Chanhassen  
 The Honorable Michael W. Unger, St. Paul  
 The Honorable David C. Utz, M.D., Rochester  
 C. Peter Magrath, President  
 Duane A. Wilson, Secretary  
 Clinton T. Johnson, Treasurer

### Administrative Officers

The President of the University is responsible to the Board of Regents. He is the chief executive officer of the University and is the representative of the faculties and the University Senate to the Board of Regents.

Six vice presidents, approved by the Board of Regents, divide the responsibilities of administering the University into six areas: academic affairs; administrative operations; finance; health sciences; institutional planning and relations; and student affairs.

### *President and Vice Presidents*

- President of the University  
C. Peter Magrath
- Vice President for Academic Affairs  
Henry Koffler  
Deputy Vice President for Agriculture,  
Forestry, and Home Economics  
William F. Hueg, Jr.
- Vice President for Administrative Operations  
Walter H. Bruning
- Vice President for Finance  
Donald P. Brown (acting)
- Vice President for Health Sciences  
Lyle A. French
- Vice President for Institutional Planning and Relations  
Stanley B. Kegler
- Vice President for Student Affairs  
Frank B. Wilderson

### *Provosts*

- University of Minnesota, Duluth  
Robert L. Heller (acting)
- University of Minnesota, Morris  
John Q. Imholte
- University of Minnesota Technical College,  
Crookston  
Stanley D. Sahlstrom
- University of Minnesota Technical College,  
Waseca  
Edward C. Frederick

### **University Presidents**

William Watts Folwell	1869-1884
Cyrus Northrop	1884-1911
George E. Vincent	1911-1917
Marion L. Burton	1917-1920
Lotus D. Coffman	1920-1938
Guy Stanton Ford	1938-1941
Walter C. Coffey	1941-1945
James Lewis Morrill	1945-1960
O. Meredith Wilson	1960-1967
Malcolm Moos	1967-1974
C. Peter Magrath	1974-

E. W. Ziebarth served as President of the University from June 17 to September 1, 1974.

### **University Senate**

The University Senate is the voice of the statewide University faculty and students. It has legislative control over educational matters concerning the University as a whole but not over the internal affairs of any individual college, institute, or school, except where these overlap or materially affect the interests of other colleges or the University as a whole.

The University Senate delegates authority and responsibility to campus assemblies in educational matters concerning but one campus of the University. Each campus determines its own assembly and adopts its own constitution and bylaws, which are consistent with the constitution and bylaws of the Senate.

The Senate meets at least once in each quarter of the academic year, at a time and place determined by the President. Special meetings may be called by the President, at the request of the Consultative Committee, or at the written request of ten members of the Senate.

The Senate is composed of elected representatives of the various schools, colleges, and campuses, as well as the President. The elected members are chosen by secret ballot by faculty members with the rank of instructor and above in the several schools and colleges. Each college has at least one senator; one additional Senate member is chosen for each 20 faculty members or major fraction thereof. Each Senate member also serves on the assembly for his campus. Office is held for three years.

Student representation on the Senate began in 1969. Students are represented on all committees except the Faculty Consultative Committee and the Senate Judicial Committee.

In advance of each Senate meeting, the docket is published in the *Minnesota Daily*. Minutes are sent to all faculty members eligible to vote for senators. Faculty members who are not senators may attend Senate meetings and participate, at the discretion of the Senate, except for voting.

The President of the University is chairman of the Senate. He may suspend action taken by the Senate or any college faculty and ask for reconsideration of such action. If the President and the Senate or college faculty do not reach agreement, the question may be appealed to the Regents by the President, the Senate, or the college faculty.

The vice chairman is elected by the Senate from its membership at the first meeting of the spring

quarter of each academic year. The clerk of the Senate and the parliamentarian, who need not be members, are appointed by the President with the consent of the Senate.

The Senate includes 11 standing committees: the Council of Academic Officers, the Committee on Academic Standing and Relations, the Consultative Committee, the Committee on Committees, the Committee on Educational Policy, the Committee on Faculty Affairs, the Judicial Committee, the Library Committee, the Committee on Research, the Committee on Resources and Planning, and the Committee on Social Concerns.

### Council of Academic Officers

The Council of Academic Officers was established in March of 1973 and consists of key academic and administrative officers whose function is to serve as an advisory body to the President and vice president for academic affairs, who co-chair this group. This council serves as a forum for the exchange of ideas regarding a wide variety of academic and University matters. While it has no legislative function in the sense that the University Senate has, in its advisory capacity it is instrumental in providing input and constant review that result in the eventual modification and improvement of academic policies and procedures.

### Consultative Committees

The **Senate Consultative Committee** is composed of nine elected members of the faculty, seven elected members of the student body, and the vice chairman of the University Senate (Barbara-Ann March), who serves *ex officio*. The elected faculty representatives comprise the Faculty Consultative Committee, and the elected student representatives make up the Student Consultative Committee. The Senate Consultative Committee meets with the President at least quarterly to discuss matters of policy relating to educational interests or policies of the University, personnel, service functions, and the budget.

The **Faculty Consultative Committee** consists of seven faculty members elected by and from the Twin Cities campus faculties and one faculty member each elected by and from the Duluth and Morris campus faculties. Terms of office are for three years, and no member is eligible to serve more than two consecutive terms. The terms of approximately one

third of the members expire each year. The chairman of the committee is elected by his or her fellow members for a term of one year and is eligible for reelection. Members of the Faculty Consultative Committee are Kenneth Keller, chairman; Rutherford Aris; Laird Barber (Morris); Wendell Glick (Duluth); Donald Rasmusson; Betty Robinett; Barbara Stuhler; Dennis Watson; and Mahmood Zaidi.

Of the seven voting members of the **Student Consultative Committee**, five are elected from the Twin Cities campus, one from the Duluth campus, and one from the Morris campus. Each member, who must be a member of the Student Senate at the time of election, serves a one-year term and is eligible for reelection. Members of the Student Consultative Committee for 1976-77 are Deborah Cheney (Duluth), Ann DeGroot, Tom Fairbanks, Caroline Klaus (Morris), Harriet Lewis, Rick Marsden, and William Werb.

In addition to the quarterly meetings of the Senate Consultative Committee with the President, separate meetings of the Faculty Consultative Committee are held to discuss with the President, or others, matters of primary concern to the faculty. The Student Consultative Committee may meet separately to discuss with the President, or others, matters of primary concern to the student body. Each consultative committee serves as the executive committee of its Senate, and the Senate Consultative Committee serves as a coordinating committee between administrative offices and the University Senate.

### Campus Assemblies

Each campus of the University has a campus assembly with functions similar to those of the University Senate. Faculty and student representatives serve on the assemblies, which are elected governing bodies for the campuses. Civil service staff members also serve at Morris and Crookston. The Twin Cities Assembly meets once each quarter. The Duluth Campus Assembly meets a minimum of twice per quarter, the Morris Campus Assembly meets at least once each quarter, and the Crookston and Waseca Campus Assemblies meet monthly.

Morris campus	48.00
Crookston campus	32.50
Waseca campus	30.00

**Degrees Granted**

Since June 1873, when the first two degrees were awarded, the University has granted a total of 288,865 degrees (through June 1976.) During the school year 1975-76, 10,200 students received their diplomas.

Included in the total number of degrees granted through June 1976 are 11,663 Doctor of Philosophy degrees, the first of which was awarded in 1888. In 1975-76, the University presented degrees to 480 Ph.D. candidates.

**Athletics**

Intercollegiate athletic programs are available for men and women on the Twin Cities campus. Men's teams are fielded in 11 sports—baseball, basketball, cross country, football, golf, gymnastics, hockey, tennis, track, swimming, and wrestling. The women's teams compete in basketball, cross country, field hockey, golf, gymnastics, softball, swimming, tennis, track, and volleyball.

Gopher football teams have won six national championships, the last one in 1960. The baseball team has captured ten Big Ten titles since 1956, and three NCAA Championships (1956, 1960, and 1964). The Minnesota men's basketball team won the Big Ten Conference Championship in 1972 and finished

as runner-up in 1973, and the hockey team captured the NCAA Championship in 1974, and 1976.

The 10-sport women's program is developing rapidly and has already achieved notable success. During 1975-76 the women captured MAIAW (Minnesota Association of Intercollegiate Athletics for Women) State Championships in seven of the eight sports in which they entered competition. In regional competition, the gymnastics, tennis, and volleyball squads won third place honors. Individuals from seven of the 10 teams participated in AIAW National Championships. The University was awarded the bid to host the 1977 AIAW National Basketball Championship.

All undergraduate women may participate in the women's intercollegiate program. Dates and times for tryouts are posted regularly in the *Minnesota Daily*.

Twin Cities campus athletic facilities include Memorial Stadium, which seats 56,725 for football, and Williams Arena, which seats 17,435 for basketball and 7,654 for hockey. The 2,200-seat capacity baseball stadium has a nine-lane, artificial surface running track. The football stadium has an artificial playing field, and also houses facilities for golf, handball, karate, paddleball, squash, weightlifting, wrestling, and other activities.

Still other facilities include an 18-hole championship golf course; a nine-hole short course; 30 outdoor tennis courts; a field house for indoor baseball, basketball, football, and track; and swimming pools, gymnasiums, and locker rooms on both the Minneapolis and St. Paul portions of the campus. The athletic ticket office and the administrative offices of men's and women's athletics are located in the Bierman Field Athletic Building.

Varsity and intramural athletic programs are also offered at each of the coordinate campuses. At Duluth, the UMD Bulldogs compete in 11 men's varsity sports and eight women's varsity sports as members of the Northern Intercollegiate Conference (NIC), the Western Collegiate Hockey Association (WCHA), and the Minnesota Association of Intercollegiate Athletics for Women. Men's competition includes baseball, basketball, cross country, football, golf, hockey, skiing, swimming, tennis, track, and wrestling. Women compete in basketball, cross country, field hockey, skiing, swimming, tennis, track, and volleyball. Football and track meets are held at the 4,000-seat capacity Griggs Field, located on campus. WCHA hockey games are played in the 5,400-

seat Duluth Arena. Students may use the facilities of Rock Hill (UMD's on-campus ski slope), several spacious playing fields, outdoor tennis courts, and two municipal golf courses. New to the campus is a \$1.7 million field house where track, tennis, wrestling, and intramural basketball events are held.

The Athletics Office at Morris fields eight men's varsity teams and five women's varsity teams. Men's varsity athletics include basketball, football, golf, tennis, track, and wrestling. Women's varsity athletics include basketball, swimming, tennis, track, and volleyball. The UMM Cougars are members of the Northern Intercollegiate Conference in men's athletics and of the Minn-Kota Conference in women's athletics. Athletic facilities include a football field with seating for 2,500; the only "all-weather" perma-track in western Minnesota; a baseball diamond; a physical education complex with seating for 4,000, housing three basketball courts, an all-purpose gymnasium, and handball courts; and a pool complex.

At Crookston, the UMC Trojans compete in the Northern Division of the Minnesota Junior College Conference. Since entering the league in 1967 the football team has won four divisional crowns and one state playoff championship. UMC is the only two-year institution to offer all major sports in its men's program—baseball, basketball, football, golf, hockey, tennis, track, and wrestling. Women's intercollegiate sports include basketball, softball, track, and volleyball.

At Waseca, the Technical College is a member of the Minnesota Junior College Conference. The Rams men's teams compete in basketball, cross country, football, track, and wrestling in the Southern Division of that conference. Women compete in basketball, softball, track, and volleyball.

### **International Students: U.S. and Foreign**

About 2,000 foreign students and faculty members are at the University. They come from more than 100 different countries in all parts of the world.

Countries with the largest representation are Hong Kong, the Republic of China, Nigeria, Iran, India, Korea, Canada, and Japan. Approximately 850 University of Minnesota students studied abroad in 1975-76.

The International Student Adviser's Office, located at 717 E. River Rd., Minneapolis, Minnesota 55455, works with foreign nationals in the areas of

educational and personal problems, counseling, financial aid, and U.S. and foreign government regulations.

The Minnesota International Student Association in 235d Coffman Union, and the Minnesota International Center at 711 E. River Rd., also offer assistance to foreign nationals. The International Study and Travel Center in 40 Coffman Union offers assistance to U.S. students planning to study abroad.

### **Minnesota Alumni Association**

The Minnesota Alumni Association is a voluntary organization of more than 17,000 paid members. Membership is open to graduates or former students who have completed 15 credits in daytime or evening classes. The organization is governed by a board of 55 directors, 17 of whom are presidents or representatives of constituent alumni groups; 16 regional directors; and the presidents of two affiliated groups, the Law Alumni Association and the "M" Club.

The Association has 45 chapters in the United States and overseas. Its members serve on a variety of University committees. It acts as secretariat for its 17 constituent groups, maintains records of University alumni, and recommends distinguished alumni for University honors. It serves its membership through its publication (the *Alumni News*), the Alumni Club, its travel tours, and comprehensive insurance program. Its central purpose is to support the University and serve its alumni in every possible way.

The Alumni Office is in the Administrative Services Building, 2610 University Ave., St. Paul, Minnesota 55114. Executive director of the Association is Vincent J. Bilotta, director of Alumni Relations for the University.

The University of Minnesota, Duluth, Alumni Association has 1,600 members. Graduates receive one year's free membership; renewal is \$7.50. Association programs include representation on campus committees, travel, student recruitment, and educational and social events. Members are informed on UMD's development through the quarterly *Alumnotes*. Association offices are in 320 Administration Building. Executive director is Nancy Joseph.

At Morris, alumni activities are coordinated by the Office of University Relations.

Alumni services at the University's Crookston campus have been the responsibility of the director

of Alumni Relations since 1973. This office maintains communications with UMC alumni, conducts follow-up studies and other alumni surveys, and coordinates efforts to consolidate alumni from the college and the Northwest School of Agriculture, a secondary school that was superseded by UMC in 1966. Assistance is provided in several Alumni Relations projects by the University Relations Department.

The Waseca Alumni Association was organized in the fall of 1974, and its activities are coordinated through the Placement Office.

### **Reserve Officers Training Corps (ROTC)**

The University offers men and women the opportunity to earn commissions in the Army, Navy, Air Force, and Marine Corps while completing requirements for a degree.

The Department of Military Science conducts the Army ROTC program, which has been on campus since 1869, and prepares students for commissioning in both the Regular Army and the Army Reserve. Courses are offered in 2- and 4-year sequences. Current enrollment is 120 cadets. Women constitute 17 percent of the current enrollment and participate in all phases of training.

The Navy ROTC program, on campus since 1939, is conducted by the Department of Naval Science. It offers students the opportunity to earn commissions in either the Navy or the Marine Corps. Current enrollment is 130 midshipmen. Women are presently enrolled in all four year groups and participate in all phases of training.

Air Force ROTC has been on campus since 1949 and enables qualified men and women to work toward Reserve commissions in the Air Force. Women constitute 19 percent of the current enrollment of 90 cadets. The first woman commissioned through any ROTC program in Minnesota was commissioned by the University Air Force ROTC program in 1974.

### **Residence Halls**

University residence halls provide housing for 4,277 students on the Twin Cities campus, 1,700 at Duluth, 1,031 at Morris, 448 at Crookston, and 372 at Waseca for a total of 7,828.

Room and board rates in the residence halls vary among units and from campus to campus. Twin Cities campus rates range from \$475 to \$647 per quarter. Quarterly rates at Duluth are \$465 to \$592 in

residence halls, and \$292 in apartments; at Morris, \$381 to \$456; at Crookston, \$384 to \$469; and at Waseca, \$345 to \$430. Rooms with limited meal plans are available on all campuses. Meals are not included with apartment housing at Duluth and Morris.

Residence halls on the Twin Cities campus accommodate 2,329 men and 1,948 women. Comstock is for women only and Frontier is for men. The other six halls are for men and women. Housing for married students on the Twin Cities campus is provided in Commonwealth Terrace and Thatcher Hall in St. Paul, and Como Student Community in Minneapolis. All apartment facilities are managed by student-run cooperatives.

Griggs and Vermilion Halls on the Duluth campus house men students while Burntside and Lake Superior Halls accommodate women. Village Apartments and Stadium Apartments are for both men and women.

On the Morris campus, Gay, Independence, Spooner, Blakely, and Pine Halls provide coeducational housing. Residence Hall IV is an apartment complex for men and women.

Robertson Hall, on the Crookston campus, accommodates men; McCall Hall, Skyberg Hall, and a new apartment-style complex accommodate men and women.

Housing is provided for men and women, in separate wings, on the Waseca campus, and in a new apartment-style complex.

### **Sororities and Fraternities**

There are 13 non-professional sororities on the Minneapolis campus and three in St. Paul, all of which maintain residence houses. Any eligible woman student regularly enrolled in the University may be invited to join a sorority. Panhellenic Council, the governing body of the Minneapolis sororities, and Intersorority Council, the governing group of the St. Paul sororities, establish and regulate a rushing calendar, but students may join any time during the year.

More than 23 non-professional fraternities, and 19 undergraduate professional fraternities and sororities, also serve students on the Twin Cities campus; most chapters offer facilities for housing and eating. Membership is by mutual choice and all students in good standing are eligible to belong. The Interfraternity Council (IFC) is the coordinating body for most of the fraternities. IFC plans a summer rush

and open houses at the beginning of the school year, but students may join any time during the year.

University sororities and fraternities provide small group living accommodations and a wide variety of activities for more than 1,000 residents on the Twin Cities campus. Houses offer many different options from room only to room and board with cleaning help (\$200 to \$530 per quarter). Average commuter costs per quarter are \$107 for fraternities, \$161 for sororities.

The Duluth campus has one service and four academic sororities and one service and five academic fraternities. There are two fraternities and one sorority at Morris.

### **Student Governing Bodies**

The Twin Cities campus student government, which was reorganized after a new constitution was passed in the spring of 1976, is composed of two bodies: the Twin Cities Student Assembly (TCSA) and the All-Campus Council (ACC). The Assembly coordinates a variety of University governance activities concerned with both academic and political issues, including approval of student services fees, election of representatives to the Board of Regents, and legislative lobbying.

TCSA members are the University senators from the Twin Cities campus. All fee-paying students are eligible to vote in spring elections for student senators representing each college. In addition to the senators, the five Twin Cities student members of the Senate Consultative Committee serve on the Assembly, which is chaired by a speaker elected from the Assembly.

The All-Campus Council serves as the campus-wide student government and has responsibility for all matters not dealing with University governance. ACC members represent the colleges, residence halls, sororities, fraternities, unions, and the campus at large.

The Duluth Student Association (SA) provides an arena where existing policies may be discussed and new policies recommended. It includes an executive staff and the Student Congress. The executive branch is comprised of the president, executive assistant, a public relations commissioner, a travel director, and vice presidents for academic affairs, business affairs, and student affairs. The president is elected in the spring to serve during the following academic year; the other executives are presidential

appointees subject to approval by the Student Congress. The Student Congress is an all-student caucus consisting of 30 elected representatives. Representatives include the seven all-University senators, the freshman president, freshman vice president, freshman secretary, and 20 representatives from UMD colleges and schools. The Congress acts as the official liaison body of the students. It debates student issues, formulates student positions on issues, and represents student concerns to various campus legislative bodies. SA funds (which amount to \$1.10 per quarter per student) come from the student service fee.

The Morris Campus Student Association (MCSA) is the campus organization representing students in University governance. The Executive Council, in conjunction with the Student Forum, appoints students to campus committees, sets up commissions dealing with student concerns, and in general attempts to be a student service organization as well as a governing body.

The Crookston Campus Student Senate and the Waseca Student Association are the student governing bodies on their respective campuses.

### University Unions/Centers

Facilities of the Department of the Minnesota Union on the Twin Cities campus include Coffman Union, the St. Paul Student Center, and the West Bank Union. A student-faculty-staff board directs each facility and its programs. Students are encouraged to serve on planning committees and to provide leadership for events.

The Kirby Student Center on the Duluth campus offers a wide range of programs to suit many interests. Program planning is done by the Kirby Student Center Program Board, which is made up of students with faculty-staff advisement. Headquarters for student activities on the Morris campus is Edson Hall. The Trojan Inn, a cafeteria-style commuter lunchroom, located in Bede Hall, serves as the Crookston campus student center. The Ram Shack, the Student Activity Link, and Student Union are centers of student activities at Waseca.

## FACULTY AND STAFF

### Faculty and Staff Totals (1976-77)

The University employs 4,348 full-time and 1,253 part-time persons for its academic staff. The civil service is composed of 9,460 full-time and 1,565 part-time staff members.

### Regents' Professors

Established by the Board of Regents in 1965, the Regents' Professorship was first bestowed in June 1966 upon five professors. The Regents' Professorship is considered the highest honor the University can give members of its faculty. Each Regents' Professor receives an annual stipend of \$5,000 from the University of Minnesota Foundation as long as he remains on the active faculty of the University. To date, the following faculty members have been designated Regents' Professors:

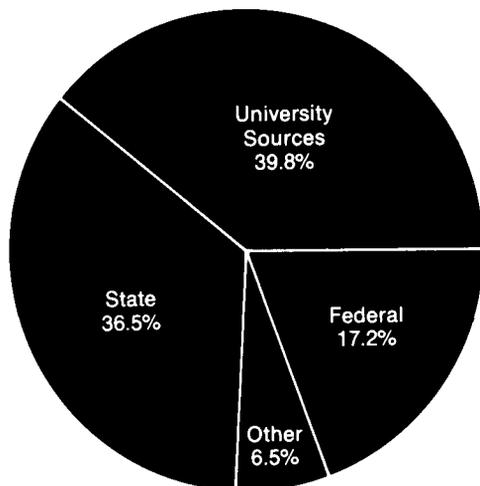

- Regents' Professor of Chemical Engineering Neal R. Amundson (1967)
- Regents' Professor of Biochemistry Wallace D. Armstrong (1974, retired)
- Regents' Professor of Neurology A. B. Baker (1973-76, retired)
- Regents' Professor of History and Philosophy of Education Robert H. Beck (1976)
- Regents' Professor of Humanities John Berryman (1969-72, deceased)
- Regents' Professor of Plant Pathology Clyde M. Christensen (1973-74, retired)
- Regents' Professor of Genetics Ralph E. Comstock (1968)
- Regents' Professor of Mechanical Engineering Ernst R. G. Eckert (1966-73, retired)
- Regents' Professor of Higher Education Ruth E. Eckert (1972-73, retired)
- Regents' Professor of Philosophy Herbert Feigl (1967-71, retired)
- Regents' Professor of Pediatrics and Microbiology Robert A. Good (1969-72)
- Regents' Professor of Economics Walter W. Heller (1967)
- Regents' Professor of Family Sociology Reuben L. Hill (1973)
- Regents' Professor of Anthropology E. Adamson Hoebel (1966-72, retired)
- Regents' Professor of Economics Leonid Hurwicz (1969)

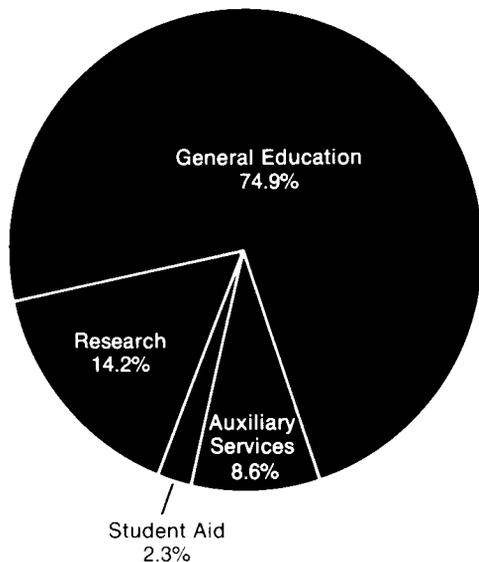

- Regents' Professor of History Tom B. Jones (1970)  
 Regents' Professor of Classical Studies William A. McDonald (1973)  
 Regents' Professor of Psychology Paul E. Meehl (1968)  
 Regents' Professor of Physics and Astronomy Edward P. Ney (1974)  
 Regents' Professor of Physics Alfred O. C. Nier (1966)  
 Regents' Professor of Mathematics James B. Serin, Jr. (1968)  
 Regents' Professor of Medicine and Comparative Medicine Wesley W. Spink (1967-73, retired)  
 Regents' Professor of English Allen Tate (1966-68, retired)  
 Regents' Professor of Political Science John E. Turner (1974)  
 Regents' Professor of Surgery Richard L. Varco (1974)  
 Regents' Professor of Physiology Maurice B. Visser (1967-70, retired)  
 Regents' Professor of Surgery Owen H. Wangenstein (1966-67, retired)  
 Regents' Professor of Medicine Cecil J. Watson (1968-69, retired)  
 Regents' Professor of Geology, Ecology, and Botany Herbert E. Wright (1974)

1975-76  
Income by Source

1975-76  
Expenditures by Function

Additional financial information is available on request. A printed Brief Summary of the Financial Report or a complete Financial Report may be obtained by writing to the Vice President for Finance, 301 Morrill Hall, 100 Church St. S.E.

## PHYSICAL PLANT AND FINANCES

### Total Building Valuation (By campus)

	Book Value
Minneapolis	\$263,023,911
St. Paul	79,118,250
Duluth	39,886,297
Morris	18,955,613
Crookston	4,984,344
Waseca	4,277,348
Rosemount Research Center	483,992
Off-Campus Buildings	4,939,420
Branch Stations	9,226,255
<b>Total</b>	<b>\$424,895,430</b>

### University Land (Estimates as of June 30, 1976)

Campuses	Acres
Minneapolis	233
St. Paul	751
Duluth	247
Morris (includes Station)	1,203
Crookston (includes Station)	1,495
Waseca (includes Station)	848
Branch Stations	18,912
<b>Total</b>	<b>23,689</b>

### Financial Status

Operating budget for 1976-77	\$460,266,362
Sources of revenue for 1976-77 (estimates):	
State appropriations	\$155,172,719
Student fees	43,784,655
Federal funds	76,454,755
Private gifts, grants, contracts	16,000,000
Earnings	161,104,233
Gifts and endowment income for student aid	7,750,000
<b>Total</b>	<b>\$460,266,362</b>

## GENERAL INFORMATION

### Art Galleries

The University Gallery pursues an expanding program of presenting art exhibitions, developing a permanent collection, and providing rental service of original works of art for University students, staff, and faculty members. The Gallery's exhibition spaces are located on the third and fourth floors of Northrop Auditorium, Twin Cities campus, and admission is free at all times.

The University Gallery has a permanent collection of outstanding works of art in all media, ranging in period from antiquity to the present. Additions to the collection are made by gift and by purchase when funds are available.

Throughout the year, including both summer sessions, the Gallery organizes and presents temporary exhibitions, drawing from both its own collections and outside sources.

Thesis exhibitions of many master of fine arts candidates in the Studio Arts Department are also held in the Gallery each year, and the Gallery's museology interns (graduate students from the Art History Department) plan, organize, and install their own exhibitions during their year's internship.

Other galleries are located in Coffman Memorial Union, the St. Paul Student Center, the Auditorium Classroom Building, and Wilson Library.

Since the Tweed Museum of Art was opened on the Duluth campus in 1958, nearly one million persons have viewed as many as 20 separate exhibitions each year, plus faculty and student shows, and a continuing display of art from the George P. Tweed Memorial Art Collection and the museum's permanent collection.

The Tweed Memorial Art Collection and major funding for construction of the museum were donated by the late Mrs. Alice Tweed Tuohy. Also donating funds for the museum was her daughter, Mrs. John Brickson, Duluth. Continuing support of the museum is provided by the Friends of Tweed organization and area patrons. Tweed Museum now has more than 600 works of art in its permanent collection.

The gallery in the Humanities Fine Arts Center, Morris campus, is notable for its size and outstanding lighting, which permit displays of large wall hangings and floor pieces. Two shows can be presented simultaneously when the loft area is used.

Dividers are used to break up the large main floor for various purposes.

### Concerts and Lectures

The University Artists Course, a division of the Department of Concerts and Lectures, presents the World Dance Series of ballet, modern dance, folk, and mime companies. Tickets for all Artists Course events may be purchased in 105 Northrop Auditorium or at any Dayton's store.

Each spring the Department of Concerts and Lectures on the Twin Cities campus joins the Minnesota Orchestral Association and a regional committee of sponsors and guarantors in presenting a series of performances by the Metropolitan Opera Company of New York. Mail orders for tickets are accepted at the ticket office six weeks before the opera performances.

During the academic year, convocations are presented free to the public, sponsored by the Campus Committee on Convocations and the Arts. These events, held at various campus locations, include lectures, musical programs, theatrical productions, and films. Concerts and Lectures also sponsors special lectures and scientific conferences for smaller and selected audiences.

During the summer, Summer Session and the Department of Concerts and Lectures cooperate in sponsoring free films and music and dance programs including contemporary dance, ballet, orchestral music, jazz, and blues.

At the Duluth campus, convocations and lectures are sponsored by the Convocations and Lectures Committee of the Kirby Student Center Program Board. The programs cover a broad range of topics and are open to the public at no charge. During the year, the committee also sponsors several concerts featuring popular musicians and entertainers. The UMD Coffee House series features young talented people who perform week-long engagements at the Bull Pub.

The University of Minnesota, Morris, each year presents a wide range of concerts, theatre attractions, recitals, lectures, films, and dance programs. Area residents as well as the campus community are invited to attend productions.

The Concerts and Lectures Committee at Crookston and the Convocations Committee at Waseca are composed of students and faculty and are res-

ponsible for planning special campus events and cultural and popular entertainment programs.

### Equal Opportunity and Affirmative Action

The Office of Equal Opportunity and Affirmative Action is charged with the implementation of Regents' policy and the supervision of programs insuring equal opportunities for minorities and women in all areas. The office also monitors affirmative action efforts to determine if the University is in compliance with federal and state guidelines regarding equal opportunity.

The director of the office submits periodic reports to the Regents, University President, the Department of Health, Education, and Welfare, and to other federal and state agencies. The chief administrators of each University unit and their respective equal opportunity officers are responsible for insuring equal opportunity through the execution of affirmative action programs overseen by this office.

Further information on the activities of the office can be found in documents outlining the University's Affirmative Action Program and in the office's 1975-76 Annual Report to the Department of Health, Education, and Welfare.

### Extension Services

Educational services of the University are extended to Minnesotans through activities of the two major extension units—the Agricultural Extension Service and Continuing Education and Extension.

**Agricultural Extension Service** is part of the University's Institute of Agriculture, Forestry, and Home Economics located on the St. Paul campus and is responsible for the extension-continuing education function of that unit.

A University staff of 250 extension agents in 91 counties is supported by 38 area extension agents in various areas of the state and by 148 specialists and a supervisory-administrative staff of 31 located on campus.

Agricultural extension involves the cooperative efforts of three levels of government: the county through the county Extension Committee, with funds authorized by the County Board of Commissioners; the state through the University of Minnesota, with funds appropriated by the state Legislature; and the federal government through the U.S. Department of Agriculture, with funds (commonly

called Smith-Lever funds) appropriated by the Congress.

The Extension Service reaches nearly a third of the persons in Minnesota each year with almost 22,000 educational programs. Extension staff provide more than 500,000 consultations, 14,000 radio broadcasts, over 600 television programs, and 21,000 news releases each year. More than a million informational publications are distributed each year in conjunction with these educational activities and in response to inquiries covering a multitude of subject fields.

For more information, write: Director, Agricultural Extension Service, 240 Coffey Hall, 1420 Eckles Ave., University of Minnesota, St. Paul, Minn. 55108, or telephone (612) 373-1246.

**Continuing Education and Extension (CEE)** keeps the University's door open to the people of Minnesota by means of classes, conferences, seminars, lectures, correspondence courses, individual counseling, independent study, telephone, radio, television, libraries, films, exhibits, and consulting services.

Flexible class scheduling, as to time, place, and medium, accommodates students of all ages who cannot or do not wish to attend regular day school classes, whether to pursue a degree or to acquire knowledge for vocational use or personal interests.

CEE also provides service to communities through programs for people in various economic and social groups and programs relating to services of a health-care, educational, governmental, or welfare nature.

During 1975-76 over 85,000 persons registered and paid fees in CEE courses, both credit and non-credit, at undergraduate, post-baccalaureate, and professional levels. In addition to 130,000 film bookings, thousands use library, consulting, and counseling services, view art exhibits, and listen to KUOM radio.

For more information about educational services available, contact Continuing Education and Extension, 150 Wesbrook Hall, 77 Pleasant St. S.E., University of Minnesota, Minneapolis, Minn. 55455, telephone (612) 373-3900, or the continuing education offices on the coordinate campuses or at Rochester.

### **Freshwater Biological Institute**

The Freshwater Biological Institute, located adjacent to a marsh on Lake Minnetonka in Navarre,

officially opened July 1974. The Institute, which is part of the College of Biological Sciences, provides facilities and equipment enabling faculty members and students to conduct basic research essential to understanding the complex problems of freshwater ecology. The laboratory, constructed entirely with private funds for the University, houses resident faculty members, visiting researchers, and graduate students.

For more information, contact the Institute, P.O. Box 100, County Roads 15 and 19, Navarre, Minn. 55392; (612) 471-8476.

### **Honorary Degrees**

Honorary degrees are conferred sparingly by the University of Minnesota. The first was given in 1925, and as of fall 1976 only 51 had been given. Recipients of honorary degrees have included Senator Hubert H. Humphrey (1966), Frederick R. Kappel (1966), James P. Shannon (1966), Melvin Calvin (1969), John H. Van Vleck (1971), Harold E. Stassen (1972), John Bardeen (1973), and Roy Wilkins (1976).

### **James Ford Bell Museum of Natural History**

The James Ford Bell Museum of Natural History, 10 Church St. S.E., Minneapolis, features exhibitions of the wildlife of Minnesota, a natural history library, extensive study collections of birds, mammals, reptiles, amphibians, and fish, and the Jaques Gallery of natural history art.

The museum is free and is open from 9 a.m. to 5 p.m. Monday through Saturday (Wednesday until 9 p. m.), and from 2 to 5 p.m. on Sunday. Guide services are available to groups of 15 or more upon advance request. A store in the lobby sells books, prints, stationery, and records of bird and animal calls. Call (612) 373-2423 for further information.

The museum's Touch and See Room is an area with pelts, bones, and mounted heads of animals arranged in low open displays for close inspection by young children and adults. All objects may be handled. The Touch and See Room is air conditioned and contains a reading room with a wide collection of children's books, maintained by the Minneapolis Public Library Children's Department.

### Lake Superior Basin Studies Center

The Lake Superior Basin Studies Center at the Duluth campus is a multi-faceted research, education, and public service center established to provide a sound basis on which decisions may be made relating to the resources of Lake Superior and its adjacent land areas. The center's programs encompass the geographical, chemical, biological, geological, physical, economic, institutional, and human resources of the Lake Superior Basin area. More information may be obtained from the center, 413 Administration Building, Duluth, telephone (218) 726-8542.

### Minnesota Marine Advisory Service

The Minnesota Marine Advisory Service on the Duluth campus is a cooperative extension program of the University and the U.S. Department of Commerce. It was established in January 1975 to assist public and private groups, government, and industry with the conservation and wise utilization of the area's marine resources. Drawing extensively upon the National Sea Grant network and the University, principally through Continuing Education and Extension and the Agricultural Extension Service, the Marine Advisory Service works with the various groups to solve marine and coastal problems through education and applied research techniques.

### Landscape Arboretum

The University of Minnesota's Landscape Arboretum is a 558-acre horticulture research facility and outdoor scientific laboratory. The Arboretum, four miles west of Chanhassen on State Highway 5, is used by University horticulturists to test and develop hardy ornamental shrubs and trees for landscaping homes, other buildings, and highway areas in Minnesota. Purpose of this research is to increase the number of varieties that will withstand Minnesota's severe climatic conditions.

In 1958, the University received the deed to a 160-acre tract of woodland and meadow from the Minnesota State Horticultural Society, along with a check for initial development of the site. Maintenance of the Arboretum's more than 4,000 kinds of plants is financed jointly by the University and by gifts from private donors.

Miles of woodland trails make it possible to walk through the Arboretum to study the carefully labeled

plantings. Limited picnic facilities are available. A new education and research building contains classrooms, an auditorium, a library, a tea room, and a gift shop. Classes on horticultural subjects are offered both for University credit and for noncredit. About 250,000 people visit the Arboretum each year.

### William R. Bagley Nature Area

The William R. Bagley Nature Area, located on the northwest corner of the Duluth campus, covers 24 acres of natural forest supporting native vegetation and small animals. Also on the site are a small lake and the Rock Hill ski tow. Wood chip trails and stairways and bridges accommodate public exploration of the area.

### Marshall W. Alworth Planetarium

UMD's Marshall W. Alworth Planetarium offers free, public programs each Sunday at 2 p.m. during the academic year. Special showings may be arranged by contacting the planetarium director at (218) 726-7129. Because staff is limited, preference for special showings is given to local school groups when necessary.

### News Services

News of all-University or Twin Cities campus significance is prepared, edited, and distributed by the University News Service on the Twin Cities campus. News services are also located on the Duluth, Morris, Crookston, and Waseca campuses. In addition, special news services handle information for the Institute of Agriculture, Forestry, and Home Economics and the Department of Intercollegiate Athletics, Twin Cities campus.

### Nobel Prize Winners

Saul Bellow (Former Faculty)	Literature	1976
William N. Lipscomb (Former Faculty)	Chemistry	1976
Norman C. Borlaug (Alumnus)	Peace Prize	1970
Melvin Calvin (Alumnus)	Chemistry	1961
John Bardeen (Former Faculty)	Physics	1956, 1972

Walter H. Brattain (Alumnus)	Physics	1956
Philip S. Hench (Faculty, deceased)	Medicine	1950
Edward C. Kendall (Faculty, deceased)	Medicine	1950
Ernest O. Lawrence (Alumnus, deceased)	Physics	1939

### President's Home

Eastcliff, home of the President of the University of Minnesota, was a gift from the Edward Brooks family to the University in 1958. Mr. Brooks, a prominent Northwest lumberman, built the home in 1922. The 18-room white Georgian colonial occupies a two-acre homesite that also includes a swimming pool, tennis court, flower gardens, shrubbery, and stately trees. The home and grounds at 176 North Mississippi River Boulevard are maintained by the University.

### Publications

The **Minnesota Daily** is the independent student newspaper for the Twin Cities campus. It is published daily during the academic year and three times each week during summer sessions, but is not published when classes are not in session. Staff offices are in Murphy Hall.

The **Statesman**, the independent student newspaper at the Duluth campus, is published weekly during the academic year. Staff offices are in the Kirby Student Center. **Summer Session News** is published weekly during summer session by the Office of Campus Relations, 305 Administration Building.

**Morris Weekly** is the weekly student newspaper at Morris, published during the school year when classes are in session.

The **Commentator** is the official student newspaper at the Crookston campus. Published biweekly, it is distributed quarterly to parents.

**Ram-Page** is the student newspaper for the Waseca campus. It is published monthly throughout the year.

The **Catalog of the University** is published in sections referred to as bulletins of the particular schools or colleges. Most college bulletins are published biennially; an exception is the annual **General Information Bulletin**. The Office of Admissions

and Records arranges for publication and distribution of Twin Cities bulletins and has responsibility for the mailing permit used.

**Report**, a tabloid newspaper for faculty and staff members, is published twice a month during the academic year and once a month during the summer by the Department of University Relations. It includes news and feature articles from all campuses of the University.

**Brief**, a weekly bulletin of current University news items (biweekly during the summer), is produced for the Office of the President by the Department of University Relations, Twin Cities campus. It is distributed to faculty, staff, and student leaders on all campuses.

**Update**, published by the Department of University Relations on the Twin Cities campus, is a quarterly description of the University, its people, and its goals. It is mailed to alumni, parents of University students, and other external constituencies.

**Focus** is a monthly publication issued by the Department of University Relations on the Morris campus. It contains general information about UMM and is distributed to various audiences outside the University in West Central Minnesota and throughout the state.

**Inside Out**, a multiple-constituency (general audience) newsletter, is published each month from September through May by the University Relations staff in Crookston. It features graphic art and primarily human interest articles about faculty, civil service personnel, students, and alumni of the Technical College. Intended to foster goodwill rather than to convey information, *Inside Out* is sent to parents of students currently enrolled, recent graduates, advisory committee members, civic leaders, friends of the institution, and educators, among others.

The **Twin Cities Campus Calendar** is published each quarter by the Department of University Relations on the Twin Cities campus and provides a brief summary of some of the important events on the campus. Copies are available from the department, S-68 Morrill Hall, 100 Church St. S.E., Minneapolis.

The **Student-Staff Directory**, published each fall by the Department of University Relations on the Twin Cities campus, contains listings of staff members, Twin Cities campus students, and the various departments and divisions of the University. Copies are distributed through departmental offices and campus bookstores.

The **Biennial Report**, issued every two years by the Twin Cities campus Department of University Relations, summarizes the activities of the various departments and units of the University during the two-year period following the previous issue. The *Biennial Report* series is a primary source of comprehensive information on enrollments, curriculum changes, research and instruction efforts, faculty activities, and other developments within the academic, administrative, and support units of the University. Copies are available through the Service Bureau, B-3 Morrill Hall, Minneapolis. A complete set is available for reference in the University Archives, Walter Library, Minneapolis.

**Campus and departmental publications** include a variety of newsletters, magazines, and other publications that report on the activities of individual campuses, academic units, departments, and organizations.

### Radio Stations

KUOM—the public radio service of the University and the Department of Continuing Education and Extension—provides a full schedule of news, music, public affairs, instructional programs, and the arts for the daylight listening hours. KUOM is a National Public Radio (NPR) network affiliate and carries NPR's popular award-winning news magazine program "All Things Considered," as well as "Options," and the arts magazine series "Voices in the Wind."

KUOM broadcasts from studios on the Minneapolis and St. Paul campuses, with a transmitter power of 5,000 watts. Programs can be heard Monday through Friday from 10:30 a.m. to local sunset and Saturdays from noon to local sunset. Main offices are at 550 Rarig Center.

Founded in 1948, WMMR is a student-operated radio station broadcasting exclusively to the dormitories on the Minneapolis campus of the University. The station is on the air 20 hours daily (during the school year) between 7 a.m. and 3 a.m., at a frequency of 730 kilohertz. WMMR broadcasts contemporary rock music, sports—including play-by-play of all Gopher football, basketball, hockey, and baseball home games—and news provided by staff reporters, the Associated Press, and the ABC Radio Network. It is a volunteer organization open to any student, regardless of background or major. Offices

and studios are located at 329 Coffman Memorial Union.

WDTH, a 100,000-watt FM stereo radio station, is operated by UMD students. Programming includes news, public affairs, and classical, jazz, and rock music as part of the station's "alternative radio" format.

Administered, maintained, and operated by students, KUMM FM radio serves the Morris campus community, providing programming that is both educational and entertaining.

KCUM, the Crookston campus FM radio station, broadcasts to listeners throughout northwestern Minnesota. It is operated exclusively by UMC students, most of whom are majoring in the electronic media sequence, rural communications. Programming includes local, national, and international news, music, and live play-by-play commentary of athletic events. Studios are located in the Learning Resources Center.

At Waseca a student-operated radio station began operation on an FM frequency on cable TV in the fall of 1975.

### Speakers Bureaus

Information about speakers may be obtained by contacting the Speakers Bureau in the University Relations office on each campus. Lists of faculty and staff available to speak on a wide variety of topics have been compiled.

### Television

Several University Television programs are produced weekly for broadcast over KTCA-TV, Channel 2, the Twin Cities area educational television station. Most of the programs are produced in Rarig Center by Media Resources of Continuing Education and Extension. They range from general informational programs, which cover a variety of subjects, to University credit courses offered by Extension Independent Study. Most of the programs utilize the resources and encourage the input of faculty and students, and develop from current areas of interest. University Television is a way of extending the University to the greater public. Program times and titles can be found in the daily television listings of the metropolitan newspapers, or obtained from the coordinator of broadcast television, at 373-2846.

The Waseca campus has a two-way link with the

local cable company and can originate programs at three locations on campus and feed directly into the cable system.

## Theatre

Each year the University Theatre, located in the Rarig Center on the Twin Cities campus, presents a diversified program of living drama, featuring classics as well as contemporary and experimental productions. There are also plays for young people, workshop productions, and numerous student-directed plays. Productions are scheduled for the Whiting Proscenium Theatre, the Stoll Thrust Theatre, the Arena Theatre, and the Experimental Theatre.

The Centennial Showboat plays a June, July, and August summer season on the Mississippi River, producing a wide variety of plays ranging from melodrama to Shakespeare. The Peppermint Tent, located on the east bank of the Mississippi, presents plays for youngsters each summer.

At Duluth, two basic objectives are pursued by the UMD Theater. The first is to provide practical theatrical experience for students who choose theatre arts as a vocation; the second is to provide an opportunity to view legitimate stage productions as another part of the individual's liberal education.

The production program consists of three main stage presentations directed and designed by the theatre faculty. A number of studio productions are directed by students under the supervision of the departmental staff. Productions are presented in the Marshall Performing Arts Center, which houses a 600-seat main theatre and a smaller studio theatre, as well as complete facilities for set construction, costuming, and makeup.

UMD Theater also offers summer stock productions in conjunction with summer session classes.

At Morris, the UMM Theatre correlates its classroom work with at least one major production each quarter and one or two student-directed experimental or laboratory productions each year. These, plus other extracurricular activities (including the student drama organization, the Morris Meiningens), provide opportunities for student participation in all areas of the theatre arts and exposure to a variety of dramatic experiences and staging methods including arena, thrust, proscenium, outdoor, and reader theatre production.

Trojan Players, a dramatics organization for UMC students, stages at least three productions each year on the Crookston campus and also presents several plays in community facilities. The theatre group has now been designated a "cocurricular activity," much like the school newspaper. As a result, the Players and their productions are regarded as an extension, or training laboratory, of the theatre curriculum offered under the Division of General Education.

The UMW Drama Club produces plays throughout the year.

## Tours

The Visitor Information Center, at 101 Coffey Hall on the St. Paul campus, is the starting point for many tours of the Twin Cities campus. Student tour guides show visiting families, school groups, and other groups the highlights of the St. Paul and Minneapolis campuses, or areas of special interest to them. The animal barns are a favorite attraction for elementary schoolchildren. Tour requests should be made at least two weeks before the date a tour is desired, but every attempt is made to fill requests of shorter notice. Visitors who arrive unannounced may be given a campus map with a walking tour pencilled in, for use without a tour guide.

Tours of the Duluth campus are offered weekdays during the academic year at 10 a.m., 11:30 a.m., 1 p.m., and 2:30 p.m. from the Kirby Student Center information desk. During the summer, tours are given at 11 a.m. and 2 p.m. Special tour arrangements may be made by calling the information desk at (218) 726-7163. Visitors information and campus brochures may also be obtained at the student center.

Persons or groups who want to tour the Morris campus should contact the Admissions Office in 201 Behmler Hall, (612) 589-2116, or the Office of University Relations in 306 Behmler Hall (612) 589-4322.

At Crookston educational tours of classroom buildings, other facilities, and the landscaped grounds can be arranged for any size group by contacting the University Relations office. Packets of information are also supplied on request.

Tours of the Waseca campus can be arranged by calling University Relations at (507) 835-1000, ext. 263 or 264. Arrangements for all non-campus groups and organizations wishing to use campus facilities for meetings, short courses, or seminars, are also handled by University Relations.

## University Libraries

With collections totaling over three million volumes, the University of Minnesota Library ranks eleventh in size among those of American universities. In addition to the humanities and social science resources in Wilson Library, the basic science and technology collection in Walter Library, the biomedical library in Diehl Hall, and the agriculture and home economics materials in the St. Paul Campus Central Library, there are more than 20 subject libraries on the Twin Cities campus.

The Duluth campus library has more than 218,370 volumes and receives more than 2,118 foreign and domestic magazines, newspapers, and other periodicals. An additional 26,000 volumes and 825 periodicals are housed in the health sciences library. Special collections include a 12,000-volume Children's Library, a collection of teaching materials, and the Voyageur Collection of materials covering the history of Northeastern Minnesota, Northern Wisconsin, Upper Michigan, and parts of Canada from 1650 to 1850.

A cooperative agreement between UMD, the College of St. Scholastica, and the University of Wisconsin-Superior allows students from the three Twin Ports colleges to use the facilities and borrow materials from all three libraries. The agreement places more than half a million books at the disposal of students and faculty at the three campuses.

The Rodney A. Briggs Library, named for the first UMM provost, provides reading space for 600 students and shelves for 160,000 books. The library serves as a repository for selected government documents and is open to the public 85 hours a week.

The library collection in the Learning Resources Center at Crookston emphasizes holdings in the areas of agriculture, business, home and family services, and hotel, restaurant, and institutional management. Other media resources, notably in the audio-visual field, are also available to support the technical college curricula.

The Learning Resources Center on the Waseca campus includes a specialized collection of post-secondary, technical materials that relate to the broad field of agriculture. In addition to the books, periodicals, pamphlets, microfilm, and audio-visual materials, the facility houses these other support units—printing and graphics, audio-visual services, television, computer center, and the study-skills center.

All University of Minnesota libraries are interconnected by MINITEX (Minnesota Interlibrary Teletype Exchange), a cooperative system that shares the resources of all academic libraries and major public libraries in the state.

## University of Minnesota Foundation

The University of Minnesota Foundation is a non-profit organization with tax deductibility for contributions with the sole beneficiary being the University of Minnesota. The basic purpose of the Foundation is to provide funds to meet certain needs of the University for which tax funds are not available. Its direction and resources are under the management of a Board of Trustees of concerned citizens with a strong interest in the University of Minnesota.

The Foundation provides the medium through which larger gifts (both deferred and living), in kind, securities, and monies may be sought from selected sources of support. During the past several years the Foundation has assisted in raising funds for, and supported, a variety of University projects, research, and student aid. These include the Regents' Professorship Program, Corporate Fellowship Program, Small Grants Program, Minnesota Messenia Expedition, Cardiovascular Research Center, Kidney Dialysis Center, European Bank Tour, and a number of student scholarships.

## University Press

The University of Minnesota Press, the book publishing department of the University, extends the horizons of teaching and research beyond the campus to scholars, professionals, students, and other readers. It publishes research studies, textbooks, reference works, and regional general books by University faculty members and other scholars and writers.

The Press maintains professional editorial, design, production, sales, promotional, and business staffs and distributes its publications through established book-trade channels in the United States and abroad.

## University Traditions

### *Campus Mascots*

Minnesota has been called the Gopher State since 1857. In the early 1930's, when Minnesota Gopher

football teams were national champions, local press reporters described the University teams as the "golden-shirted horde" and the "golden swarm." At this time, the teams also changed to yellow or "golden-colored" jerseys, bringing about the name the Golden Gophers. The name has stuck for Twin Cities campus athletic teams.

The mascot at the University of Minnesota, Duluth, is the Bulldog. The name was selected in the 1930's by the Letterman's Club when the school was still the Duluth State Teachers College. The name was retained when Duluth became a University coordinate campus.

The Morris mascot is the Cougar, a name chosen in a campus-wide referendum in 1961.

The mascot at the University of Minnesota, Crookston, is the Trojan; the athletic teams are called the Trojans. The name is the result of a "Name the Team" contest conducted in 1966 by radio station KROX, Crookston. Selected by the student association on campus, the winning name was submitted by a student.

Ramus, the Waseca mascot, is present for home football games. The college sports teams are known as the Rams.

### School Colors

Because the University's colors varied during the early years, William Watts Folwell, first President of the University, appointed English instructor Augusta Norwood Smith to choose permanent school colors. Mrs. Smith, "a woman of excellent taste," according to Folwell, chose maroon and gold, the University's colors today. First used sometime between 1876 and 1880, the colors were not officially approved by the Regents until March 1940.

### Songs

*Hail! Minnesota*, the University alma mater, was written by Truman Rickard, a member of the class of 1904, for use in a 1904 class play. A second verse was written by University student Arthur Upson in 1905. In 1945, the song became the official anthem of the state of Minnesota.

The *Minnesota Rouser*, sung at most University athletic events, was written by Floyd M. Hutsell in 1909 in response to a contest sponsored by the *Minneapolis Tribune*. Hutsell, a Minneapolis choir director and voice teacher, won \$100 in the contest to choose a fight song for the University.

### University Seal

The antique lamp on the seal represents the metaphysical sciences; the telescope, the physical sciences; the plow, the industrial arts; and the pallet with brushes, the fine arts. The motto, written in Latin, means "a common bond for all the arts."

### University Symbol

The official University symbol was originated by the Graphic Design service department and adopted in 1971. The design is a modification of the basic UM letterforms to provide a personalized mark of strong visual identity. The symbol is used on all University stationery and is the preferred identity mark for all communications. The Regents seal is reserved for documentary use as the official seal of the University.

**University Calendar—Academic Year 1976-77***Fall Quarter*

Sept. 13	Classes begin, Crookston
Sept. 23	Classes begin, Duluth
Sept. 27	Classes begin
Nov. 20	End of fall quarter, Crookston
Nov. 29	Classes begin, Crookston
Dec. 7	Last day of instruction
Dec. 9-15	Final examinations
Dec. 12	Last day of instruction, Waseca
Dec. 15	Commencement, Graduate School
Dec. 9-23	Orientation, registration

*Winter Quarter*

Jan. 3	Classes begin
Feb. 25	End of winter quarter, Crookston
March 7	Classes begin, Crookston
March 11	Last day of instruction
March 14-19	Final examinations
March 21-26	Orientation, registration

*Spring Quarter*

March 28	Classes begin
May 20	End of spring quarter, Crookston Commencement, Crookston
June 3	Last day of instruction
June 6-11	Final examinations
June 9	Commencement, Morris
June 10	Last day of instruction, Waseca
June 11	Commencement, Graduate School, Duluth, and Waseca campuses

*Summer Session 1977***FIRST TERM**

June 6	Orientation, registration, Crookston
June 7	Classes begin, Crookston
June 14	Classes begin
July 1	Last day of term, Crookston
July 15	Last day of term
July 16	Last day of term, Duluth

**SECOND TERM**

July 5	Registration, Crookston
July 6	Classes begin, Crookston
July 19	Classes begin
Aug. 3	Last day of term, Crookston
Aug. 19	Last day of term Commencement, Duluth

*Summer Quarter 1977 (Waseca only)*

June 27	Classes begin
Sept. 9	Last day of instruction

**Possible Fall 1977**

Sept. 26	Classes begin
Dec. 17	Classes end
