## **THIS IS YOUR UNIVERSITY**

CHARTERED in February, 1851, by the Legislative Assembly of the Territory of Minnesota, the University of Minnesota this year celebrated its one hundred and fifteenth birthday. As one of the great Land-Grant universities in the nation, the University of Minnesota is dedicated to training the young people of today to become the leaders of tomorrow. Each year our graduates leave our campuses to add new skills and knowledge to the existing resources of our state. They have been trained here as physicians, lawyers, engineers, social workers, teachers, journalists, dentists, pharmacists, nurses, farmers, businessmen—to name only some of the careers for which we offer preparation. Since its founding, the University has awarded more than 186,000 degrees, each one in recognition of the successful completion of an exacting academic program.

In addition to giving collegiate instruction to more than 42,000 students annually on its Minneapolis–St. Paul, Duluth, Morris, and Rochester campuses, the University offers, through its Schools of Agriculture and its General Extension Division, specialized training designed to assist those who wish to study on a part-time basis. It offers further educational opportunity throughout the state by providing county agents, home agents, 4-H club agents, and recreation and health consultants who give effective instruction to residents of the state in their own homes.

In the diversified research laboratories on the University's five campuses, at the several agricultural experiment stations scattered throughout the state, at the Rosemount Research Center, the Cloquet Forest Research Center, the Cedar Creek Natural History Area near Bethel, the Fruit Breeding Farm and the Arboretum at Excelsior, the Lake Itasca Forestry and Biological Station, the Hormel Institute at Austin, and at University Hospitals, University scientists are working on countless research experiments of vital importance to the future health and welfare of us all. These projects, of which only a few are mentioned here, are concerned with cancer, heart surgery, taconite, gamma irradiation, cheese-making, teacher training, municipal government, school surveys, and development of new varieties of grains, fruits, and flowers.

THE UNIVERSITY is acknowledged to be the cultural hub of the Northwest. It is the home of the University Artists Course, Radio Station KUOM, the University of Minnesota Television Hour, the University Theatre, the Minneapolis Symphony Orchestra, and the local performances of the Metropolitan Opera Company. Through the University of Minnesota Program Service, the University brings renowned artists and lecturers to more than a million and a half persons living in the area it serves.

The people of Minnesota are proud of their University, not only because it is one of the leading state universities in the nation, but also because of the extent and quality of its services from which they, their families, communities, and organizations benefit. Their interest in the University is a dynamic thing and expresses itself in many ways. Contributions from them have made it possible for the Variety Club Heart Hospital and the great Mayo Memorial Building to be constructed. Through the American Legion and its auxiliary posts all over the state, thousands of friends have made generous donations to provide an endowed research professorship in heart disease. Generous contributions have built the

Masonic Memorial Hospital, the Veterans of Foreign Wars Cancer Research Center, and Diehl Hall (which houses the biological-medical library and additional medical research facilities).

Equally generous have been the contributions made by corporations, associations, foundations, trade unions, clubs, and individuals, whose tireless efforts have made hundreds of scholarships and fellowships available to promising students each year. Chiefly because of financial difficulties, only one-half of the state's high school graduates of marked ability enter any college or university. Friends and supporters of the University, recognizing the need to alleviate this situation, continuously try to increase the number of scholarships and the amount of money available for scholarship assistance.

As it meets the needs of present students, the University must also make plans for those of the future. The 42,178 students who enrolled at the University at the beginning of the 1965-1966 academic year represented nearly one-half of Minnesota's college-level enrollments. They underline the fact that there are limits to the University's physical capacity. Future enrollments must be adjusted to those limits. In the fall of 1965, for the first time in its history, the University instituted an admissions policy based on controlled growth of total enrollment. This change in admissions requirements held the 1965-1966 enrollment to about 42,000 students. It reflects the University's need for more teachers, more land, and more buildings. And it makes plain the University's determination to maintain the educational quality that has made it one of America's leading educational institutions.

THE 1965 LEGISLATURE granted the University \$81,300,000 for general operations and maintenance during the 1965-1967 biennium. In addition, the University received \$9,083,223 for University Hospitals; \$6,833,887 for special appropriations, including special extension and research activities; \$15,820,656 for new buildings, land, and the rehabilitation of existing buildings; and \$1,240,000 for the University of Minnesota, Morris.

Each year the University publishes and widely circulates a summary financial statement, which is available to anyone upon request, as is a much more comprehensive and complete statement for those who wish to make a special study of the University's income and expenditures.

The summary financial statement of 1964-1965 showed that the University's current income and expenditures amounted to \$128,980,874.07. Of the total received, \$12,727,274.12 came from student tuition and fees; \$17,855,486.75 from activities relating to educational departments such as Hospitals, Dental Clinic, Cancer Detection Center, and University Theatre receipts and the sale of bulletins and agricultural products; \$1,496,963.54 from intercollegiate athletics; \$19,470,448.11 from such services as the dormitories and dining halls, printing, the laundry, the University of Minnesota Press, the Department of Concerts and Lectures, and the Health Service; and \$8,260,416.03 from corporations, foundations, individuals, and endowment income for instruction, research, prizes, scholarships, and the care of the sick. Also \$26,190,690.49 came from the federal government for instruction, research, and agricultural extension. The state provided \$42,979,595.03 or 31.4 per cent for the University's total operating costs.

## THIS IS YOUR UNIVERSITY

Funds expended for the construction and remodeling of buildings and the purchase of land amounted to \$11,003,913.

“FOUNDED IN THE FAITH THAT MEN ARE ENNOBLED BY UNDERSTANDING  
DEDICATED TO THE ADVANCEMENT OF LEARNING AND THE SEARCH FOR TRUTH  
DEVOTED TO THE INSTRUCTION OF YOUTH AND THE WELFARE OF THE STATE”

These words, engraved on the façade of Northrop Memorial Auditorium and an intrinsic part of the fabric of the University of Minnesota, express the purpose of the University, the spirit in which it was founded, and the motivation for its academic endeavors throughout the 115 years of its history.

Its students, supported by its faculty, its administrative officers, and its alumni, form the heart of the University structure and the means by which it is enabled to translate these ideals into reality. Linked by countless ties to the University's history, and creating, out of their own college experience, another chapter in that history, the students are its most articulate spokesmen to the communities of the State and beyond. Those who have distinguished themselves by academic achievement, the ones whom we assemble to honor today, are in a particularly felicitous position to do this. Speaking, as they would be doing, as academic leaders, they can present an enlightened interpretation of the University's needs, progress, and goals as few others can do. Theirs is, perhaps, a unique task. It is also one of utmost responsibility. But the University welcomes this service, proudly convinced that its own students are its most eloquent ambassadors and that, in their hands, rests its greatest security.

**FACULTY AWARDS  
CAP AND GOWN DAY CONVOCATION**

**MAY 11, 1966**

Traditionally, the Cap and Gown Day Convocation gives recognition to outstanding students. This year, the University of Minnesota wishes, also, to give special recognition to three of the many faculty members, who, in many ways, are responsible for the achievements of these students. The faculty members have been selected, upon the recommendation of the All-University Council on Liberal Education, for their outstanding contributions to undergraduate education. They will receive a University citation and a \$1,000 award, provided by the Standard Oil Foundation, at today's Convocation. They are:

**DAVID COOPERMAN**  
Professor of Social Science

**WILLIAM A. ROSENTHAL**  
Professor of English

**KENNETH E. WINSNESS**  
Associate Professor of Forestry

The students and faculty members of the University are grateful for the opportunity to recognize the generous and significant contributions these noteworthy educators have made to academic life. Likewise, the University is grateful to the Standard Oil Foundation for underwriting this program, which, it is hoped, will be continued to the end that yearly recognition will be given to outstanding teachers.

Office of the Director

To: Deans, Directors, Department Heads, Principal Administrative  
Officers and Senior Staff Members

Attached is a copy of the 1966 Cap and Gown Day Convocation program which is being sent at the specific request of the Senate Committee on University Functions. You will be interested in knowing that President Wilson sends a marked copy of the program, along with a personal letter, to all of those responsible for awards, prizes, fellowships, and scholarships at the University. Where the donor is deceased, the program and the letter goes to a son or daughter or, now in a few cases, to a grandchild.

No acknowledgment is necessary.

William L. Nunn, Chairman  
Senate Functions Committee

## CAP AND GOWN DAY CONVOCATION

UNIVERSITY OF MINNESOTA

ORDER OF EVENTS

# ORDER of EVENTS

## THE PROCESSIONAL

*The Frances Miller Brown Memorial Bells*, played by Mrs. James Whipkey, Graduate Student, will be heard from Northrop Memorial Auditorium before the procession starts.

*The University Concert and Symphony Bands*, conducted by Associate Professor of Music and Bandmaster Frank P. A. Bencriscutto, A.Mus.D., will play from the steps of the Auditorium during the procession.

*The line of march*, from the lower Mall into the Auditorium, will be led by the Mace Bearer, Professor Milo J. Peterson, Ph.D., College of Education. Following the Mace Bearer will be the Color Guard, made up of Army, Navy, and Air Force ROTC Cadets and Midshipmen; the University Army and Navy ROTC Bands, conducted by Army ROTC Cadet Lyle Laturno and Navy ROTC Midshipman Leroy V. Anderson; the graduating students, marching by colleges; the faculty and staff; and the President.

## THE CEREMONY

*In the Auditorium*, the audience is requested to remain seated so that all can see the procession. As the Mace Bearer enters the Auditorium, heralding the arrival of the academic procession, Professor of Music and University Organist Heinrich Fleischer, Ph.D., will play the University organ. The Mace Bearer will present the Mace at the center of the stage. Graduating students will take their places on either side of the middle aisle. All other honor students, freshmen to seniors, will sit in the orchestra seats next to those reserved for graduates. When the faculty members, marching last, have assembled on the stage, the Mace Bearer will put the Mace in its cradle to signal the beginning of the ceremony.

**PRESENTATION OF COLORS:** As the Color Guard enters the Auditorium, the audience will rise and remain standing for the Presentation of Colors, for the National Anthem, and for the Invocation.

**THE NATIONAL ANTHEM:** The entire audience and Professor Roy A. Schuessler, M.M., Department of Music, soloist.

O, say! can you see, by the dawn's early light,  
What so proudly we hail'd at the twilight's last gleaming,  
Whose broad stripes and bright stars, thro' the perilous fight,  
O'er the ramparts we watch'd were so gallantly streaming?  
And the rockets' red glare, the bombs bursting in air,  
Gave proof thro' the night that our flag was still there.  
O, say, does that star-spangled banner yet wave  
O'er the land of the free and the home of the brave?

## 1966 CAP and GOWN DAY CONVOCATION

INVOCATION: The Reverend Kent L. Kepler, Th.M., Campus Minister of the Wesley Foundation on the St. Paul Campus.

PRESIDING: Vice President Stanley J. Wenberg, M.A., Educational Relationships and Development.

SPEAKING FOR THE CLASS OF 1966: Mr. R. Walter Bachman, CLA '66, out-going President of the Minnesota Student Association.

SPEAKING FOR THE UNIVERSITY: President O. Meredith Wilson, Ph.D.

ADDRESS: Professor of Journalism Mitchell V. Charnley, M.A., College of Liberal Arts.

PRESENTATION OF STUDENTS: Assistant Vice President Donald K. Smith, Ph.D., Academic Administration, will present to the faculty and to the audience the recipients of scholarships, fellowships, awards, and prizes; the members of honor societies; honor students; and the members of the graduating class.

PRESENTATION OF FACULTY AWARDS: Dr. Smith, as Chairman of the All-University Council on Liberal Education, will present to the audience and faculty those faculty members cited by the All-University Council on Liberal Education for outstanding contributions to undergraduate education. Each will receive a University citation and a \$1,000 award provided by the Standard Oil Foundation. (The names of the recipients will be first announced at this Convocation and will appear, along with information about the Standard Oil Foundation awards, on the single sheets which our guests at this Convocation will receive.)

HAIL! MINNESOTA: The University's Alma Mater song, sung by the audience and Professor Schuessler.

Minnesota, hail to thee!	Like the stream that bends to sea,
Hail to thee, our college dear!	Like the pine that seeks the blue,
Thy light shall ever be	Minnesota, still for thee
A beacon bright and clear;	Thy sons are strong and true;
Thy sons and daughters true	From thy woods and waters fair,
Will proclaim thee near and far;	From thy prairies waving far,
They will guard thy fame	At thy call they throng
And adore thy name;	With their shout and song,
Thou shalt be their Northern Star.	Hailing thee their Northern Star.

RECESSIONAL: Professor Fleischer.

## STUDENTS WITH AVERAGES OF B OR HIGHER

The following students have completed at least two quarters (26 credits) of work at the University of Minnesota with a scholarship average of "B" or higher through winter quarter, 1966.

Grade averages for the School of Dentistry, Law School, College of Pharmacy, and the College of Veterinary Medicine are based solely on the professional school record. Medical students are not listed because the Medical School grading system does not provide a basis for determining "B" averages. Grade averages for the other schools and colleges are based on the entire record including pre-professional work with the exception that freshmen and sophomore physical education courses are not included.

Students whose names are preceded by a star (\*) have maintained an "A" average.

## ACADEMIC COSTUME

On appropriate occasions, anyone with a college or university degree may wear academic costume consisting of a gown, a hood, and a cap. By observing the kind of academic costume a person wears, it is possible to know the name of the university from which he was graduated, as well as the degree which he holds, and, in some cases, the field of his major interest as well.

The long, pointed sleeve of the gown indicates a Bachelor's degree; the long, closed sleeve with a slit near the upper part of the arm indicates a Master's degree; and the open sleeve marks a Doctor's degree. Bachelors' and Masters' gowns are black in color and are without any trimming. Generally, the Doctor's gown is black, also, but some universities, particularly those abroad, prescribe such festive colors as red, crimson, or green. All Doctors' gowns have velvet trimming on the front facings and crossbars on the sleeves. This trimming may be black, or it may match the color of the edging of the hood and thus identify the profession or field of major interest of the wearer.

Only those students and faculty members who have already received college or university degrees wear hoods. Anyone who has a degree from the University of Minnesota may wear a hood decorated with a maroon chevron on gold background. The length and shape of the hood indicates whether the wearer has earned a Bachelor's, a Master's, or a Doctor's degree. The velvet edging on the hood indicates the field in which the degree was granted. For example, dark blue signifies Philosophy; light blue, Education; green, Medicine; lilac, Dentistry; orange, Engineering; russet, Forestry; drab, Business; olive green, Pharmacy; purple, Law; gray, Veterinary Medicine; golden yellow, Science; and white, Arts and Letters.

Shoulder insignia on the gowns of candidates for degrees indicate that the candidates are honor students.

Caps, generally mortarboards with tassels, have significance, too. The Doctor's tassel may be black or gold. Masters' and Bachelors' tassels are black, but at University of Minnesota commencement functions—upon the authority of the University Senate Committee on Functions—candidates for the Bachelors' and Associates' degrees wear tassels which indicate their schools or colleges by color as follows:

General Extension Division .....	orange and drab
General College .....	crimson and white
College of Liberal Arts .....	white
University College .....	old gold and white
College of Biological Sciences .....	golden yellow
Institute of Technology .....	orange

College of Agriculture, Forestry, and Home Economics .....	maize
College of Education .....	light blue
School of Business Administration .....	drab
College of Pharmacy .....	olive
Law School .....	purple
College of Veterinary Medicine .....	gray
School of Dentistry .....	lilac
College of Medical Sciences .....	green
Graduate School .....	black

Once the Bachelor's degree has been received and the commencement is over, the graduate, should he wear academic costume again, will wear only the black tassel as does the holder of the Master's degree. Similarly, he will not in the future wear the shoulder insignia as a part of his academic dress even if he is an honor graduate. All graduates of the University should remember that the academic dress at this University conforms to the rules of the Intercollegiate Bureau of Academic Costume. This means that Minnesota academic insignia may be easily secured anywhere in the world. And it is always worn proudly and with distinction—for ours is a great University.
