Dear Graduates,

Congratulations! On behalf of the College of Education and Human Development in its centennial year of celebration, I congratulate you on your outstanding achievement. We recognize your hard work and perseverance in completing a rigorous course of study, and we applaud those who have supported you—family members, friends, and others—in the achievement of your degrees.

Today we celebrate the great promise of what you will contribute to your communities, to the nation, and to the world. As a graduate of the College of Education and Human Development, you are part of a great history of scholars, teachers, and innovators.

As you look toward what the future may bring, remember: You have the ability to use the knowledge you gained here to make a positive difference in the world. As our centennial theme reminds us, this college and its graduates have been “inspiring minds for a century.” We feel sure you will carry that tradition into our second century.

I hope you continue on your quest for knowledge as you pursue your goals, and I wish you much success throughout your lives.

Commencement, 1939

A simple series of lectures on pedagogy in the 1880s laid the foundation for the College of Education and Human Development as it exists today. Officially founded on December 12, 1905, the college continues to evolve, moving from those early lectures to a college of 4,000 students in more than 50 fields of study related to education and human development. The college enters the 21st century committed to meeting the ever-changing needs of those who are learning and developing, whatever their ages, and whatever the setting—home, school, work, community. Today the college is recognized as an invaluable, world-class asset throughout Minnesota, the nation, and across the globe.
