Symbolism of School Pin. Figures on the seal:

- 1) The antique lamp represents the metaphysical sciences;
- 2) The telescope represents the physical sciences;
- 3) The plow represents the industrial arts;
- 4) The artist's palette represents the fine arts.

The crosses above and below the figures are St. Georges crosses, which have stood for "unselfish service" for centuries. This pin has been the symbol of our School of Nursing since September 1913.

A special thank you to the graduates involved with planning and presentation of the program.

A special thank you to ATD for their continued support service at our graduations, assisting with ushering guests and setting up and serving the reception.

The class would like to thank Nursing College Board and Alpha Tau Delta for assisting in obtaining a photographer for our group picture.
