Northrop Memorial Auditorium

The Class of 1941

The class of 1941, University of Minnesota Medical School, is observing the 50th anniversary of its graduation this week. These senior alumni of the Medical School have returned to Minnesota for this joyous occasion and are assembled with us today as honored guests.

The class of 1941 extends its congratulations to the class of 1991, and welcomes these new physicians into the medical alumni family of the University of Minnesota with its proud traditions and record of high achievement.

Acknowledgements

A special thank you to Peter D. Murray, medical school class of 1992, for providing piano music during the ceremony.

A special thank you to the members of the Summit Hill Brass Quintet.

PERSONNEL:

Trumpets: David Baldwin
Lynn Erickson

Horn: Gwen Anderson

Trombone: David Stevens

Tuba: Scott Anderson

Processional: March from Second Suite in F (Gustaf Holst)

Recessional: Earl of Oxford's March (William Byrd)

Minnesota has been at the forefront of modern medicine every year for the past century, and we will continue to be. With the graduation of the class of 1991 we again make a major contribution to the world of medicine. These graduates have accomplished what few people can. They have successfully completed one of the toughest curriculums of any profession. These ceremonies honor them and their accomplishments.

The ceremony to create a doctor has many traditions. The most important is the "Oath for New Physicians." Through the ages, physicians were brought into the profession by reciting the Hippocratic Oath, a tradition dating back to the fourth century B.C. In recent years, this oath has been modified to reflect scientific advances and philosophical changes that affect the practice of modern medicine.

The second tradition you will witness today is the donning of the hoods. This is an academic tradition. The student will be given a hood made with the school colors. Surrounding the hood is a border of velvet, the color of which is specific for the profession into which the student is graduating. In our case, the hood will be maroon and gold, the colors of the University of Minnesota; the border will be green, the color of medicine.

Part of our ceremony is to honor the alumni from 50 years ago who have come back to help us pay tribute to our graduating physicians. We honor the graduates of the past, acknowledging the age-long tradition of medicine, and we honor those who will carry the tradition into the future. Participation of the faculty, administration, and alumni from 50 years ago signifies the continuing involvement of teachers, practitioners, and academicians with their students and the profession of medicine.

These traditions come together to make a unique ceremony that only a few people are ever privileged to witness. The graduation of these students signifies continuation of our commitment to the provision of outstanding health care for individual patients and our ongoing dedication to the health and welfare of humanity.

Welcome.

Antonia Novello, M.D., U. S. Surgeon General

OATH FOR NEW PHYSICIANS

Cassius M.C. Ellis, M.D., Assistant to the Dean, Medical School

RECESSIONAL - (PLEASE REMAIN SEATED DURING THE RECESSIONAL)

4:30 p.m.

Dean's Reception for Graduates, Families, and Friends

NORTHROP MALL

SPONSORED BY THE MINNESOTA MEDICAL FOUNDATION

OATH FOR NEW PHYSICIANS

In the tradition of Hippocrates and the men and women through the ages who have dedicated their lives to the art and science of medicine I make the following pledge:

The respect, dignity of patients, and the confidential nature of our relationship is foremost in my service to them. I will value their lives as I value my own.

I acknowledge my limitations and need for continued education. I will seek the knowledge and inspiration of my colleagues, friends, and patients.

My work shall be dedicated to improving the quality of life for those who seek my assistance. I will honor the wishes and needs of the patient, recognizing that death is not always an enemy. I will do no harm.

I will strive always to improve the practice of medicine, to provide a level of care that is ethical, moral, and just. I expect the same standards from my colleagues and will not tolerate their indifference, greed, or unethical behavior.

My profession is an honored one. I will not violate the trust society has placed in me by allowing religion, race or creed to affect my judgement or ability to take care of patients. I will be humble.

I will consider the tools of my profession to be knowledge, compassion, and patience. I will share these tools freely with my colleagues and patients alike.

I shall do my utmost to provide the vulnerable members of society the care and attention they need to assure their health, dignity, and protection. I see all life as sacred.

In the presence of my teachers, my family, and my friends I make these promises solemnly and freely. With this oath I willingly assume the rewards and responsibilities of a physician.

Administered to the Graduating Class
University of Minnesota Medical School
June 7, 1991

(Written by Timothy Schacker, M.D., class of 1987; revised 1990)

HONORS

MINNESOTA MEDICAL FOUNDATION
UNDERGRADUATE RESEARCH AWARD
Awarded to a member(s) of the senior class for the most
meritorious paper(s) on a research topic

Daniel R. Boué
Gregg H. Jossart

MINNESOTA MEDICAL FOUNDATION
MEDICAL STUDENT ACHIEVEMENT AWARD
Awards are given for any or all of the following: academic excellence,
research, student leadership, or community service

Ellen M. Coffey
Krishna V. Komanduri

Bruce A. Kletscher
A. Randal Olson

NICOLLET CLINIC FOUNDERS SCHOLARSHIP
Award given for academic excellence

Mitchell V. Gossman
Eric J. Schnaith
Shelly L. Peterson Strong

AMERICAN CANCER SOCIETY SCHOLARSHIP
Award given for interest in cancer research

Patrick M. Gaffney

RICHARD C. HORNS MEMORIAL AWARD
Awarded for outstanding clinical performance
for a graduating student

Andreas M. Stefan

GEORGE E. WILLIAMS SCHOLARSHIP
Awarded in Year Two to the student deemed outstanding clinician

Sharon H. Banister

DANIEL A. COYLE MEMORIAL AWARD
Awarded to the outstanding woman student by the
Department of Obstetrics and Gynecology

Mary Ellen L. Vomacka

HONORS

NICOLLET NORTON MEMORIAL SCHOLARSHIP
Award given for academic excellence and interest in pediatrics

E. Doreen Kiss

SOUTHERN MINNESOTA MEDICAL ASSOCIATION
OUTSTANDING SENIOR AWARD

Awarded to an outstanding member of the graduating class

Kevin T. Stiegelbauer

MAXINE NELSON - AEI FOUNDATION AWARD
The AEI Foundation, established by women physicians of Minnesota,
presents this award to the senior woman medical student who
best exemplifies excellence in clinical performance,
community service, scholarship, and leadership

Jane A. Bailey

DELIA TENILLE HOBBS SCHOLARSHIP
Award given for demonstrated superior academic
achievement as well as financial need

William E. Ayetey

Outstanding Achievement Award

Howard B. Burchell

Distinguished graduate of the University of Minnesota.

Esteemed clinician, scholar, educator, and scientist whose tenure at the Mayo Foundation and the University of Minnesota has had a deep and continuing impact on countless colleagues and students.

Internationally recognized leader in the development of cardiology, the advancement of electrocardiography, and the elucidation and treatment of cardiac arrhythmias.

Dedicated teacher and gentle physician, who teaches by example.

Former editor-in-chief of the highly respected journal, *Circulation*.

The regents of the University of Minnesota, as an expression of high esteem, and in recognition of noted professional attainment, present this Outstanding Achievement Award on June 7, 1991.

President; Secretary, Board of Regents; Chair, Board of Regents.

Outstanding Achievement Award

Earl H. Wood

Distinguished graduate of the University of Minnesota.

Innovative pioneer of dynamic spatial reconstruction of cardiac function.

Brilliant investigator of cardiovascular physiology and biophysics, aerospace medicine, biomedical instrumentation, elucidation of pathology of the heart and blood vessels.

International expert on the effects of gravitational forces on the cardiovascular and respiratory systems in the human body.

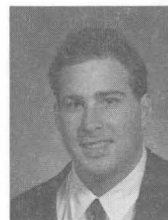

Admired and emulated teacher, who touched the lives of numerous physiologists and other scientists in biomedical disciplines.

The regents of the University of Minnesota, as an expression of high esteem, and in recognition of noted professional attainment, present this Outstanding Achievement Award on June 7, 1991.

President; Secretary, Board of Regents; Chair, Board of Regents.

Students who transferred into the third year class:

- (A) University of South Alabama, College of Medicine
- (D) University of Minnesota-Duluth, School of Medicine
- (DM) Dartmouth Medical School
- (W) University of Washington, School of Medicine

The University of Minnesota, including the Minnesota Extension Service, is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, religion, color, sex, national origin, handicap, age, veteran status, or sexual orientation.

This book is not an official record of graduation from the Medical School. The degree of Doctor of Medicine is officially granted by the Board of Regents on the date ending the academic quarter in which degree requirements are completed, which this year will be June 8, 1991.

ACADEMIC COSTUME

Academic costume -- cap, gown, and sometimes hood -- may be worn by anyone with a college degree, or by a candidate whose degree is soon to be awarded. Characteristics of costumes show their wearers' highest degrees and, often, the fields of major interest and the institutions by which the degrees are granted.

All bachelors' and masters' gowns are black and untrimmed. The bachelor's gown has a long pointed sleeve, the master's a closed sleeve with an arm slit. Doctors' gowns in the United States are usually black, with velvet front facings and sleeve crossbars. Some universities, especially those abroad, prescribe colorful crimson, bright red, or other colors, set off by black or colored facings.

At commencements, degree candidates wear the gowns for the degrees they are about to receive. Hoods are worn only by those who already possess degrees. Anyone who has a University of Minnesota degree may wear the Minnesota hood - black with a maroon chevron on gold. The length and shape of a hood identify the most advanced degree its wearer has earned, and the hood's velvet edging shows the degree's field: dark blue for philosophy, light blue for education, green for medicine, lilac for dentistry, orange for engineering, russet for forestry, drab for business, olive green for pharmacy, purple for law, gray for veterinary medicine, golden yellow for science, and white for liberal arts.

Caps -- usually tasseled mortarboards -- show by tassel color the nature of degrees awarded at University of Minnesota commencements. Doctors' tassels may be black or gold; masters' are black. Bachelor's degree candidates at Minnesota, however, indicate their fields of study by their tassel colors:

College of Agriculture	maize
College of Biological Sciences	golden yellow
Continuing Education and Extension	orange and drab
School of Dentistry	lilac
College of Education	light blue
College of Forestry	maize
General College	crimson and white
College of Home Economics	maize
Law School	purple
College of Liberal Arts	white
School of Management	drab
Medical School	green
School of Nursing	green
College of Pharmacy	olive
School of Public Health	green
Institute of Technology	orange
University College	old gold and white
College of Veterinary Medicine	gray

Gold shoulder epaulets are worn by candidates who are honor students.

After receiving their degrees, holders may wear the academic costume on any appropriate occasion, but they always wear the black tassel and omit the shoulder insignia. Appropriate academic costumes can be obtained anywhere that academic ceremonies are conducted.
