"Friends"

**I need them there everyday of my life,
To share and to care through all of my strife.**

**They listen and listen to my deepest despair,
And through all my troubles they'll always be there.**

**They hug me and hold me and keep me alive,
For without them I know that I could not survive.**

**I love them and trust them will all of my heart,
And death would befall me if we grew apart.**

**They love me through all, the good and the bad,
and they will cry with me during the times I am sad.**

**From God are these friends given to me,
The one's who allow for me to be me.**

**Their love is strong, genuine, and true,
And that is the thing that keeps pulling me through.**

**Thank you for being such a wonderful friend,
You shall forever be with me, right up to the end.**

**I tell you this now so that you will know,
Because there is a time when we will both go.**

**And I will have missed my last chance to say,
I love you, I need you, you brighten my day.**

**Robert J. Plante
March 2, 1986**
