1. Cut a plywood board that is about 10"x20".

You can shellac or paint the board. Remember to put newspaper around to avoid a mess.

2. Cut cork sheets 1/4" to 1/2" thick about 8"x18". Glue the cork with white glue or epoxy.

Leave space on the top or bottom.

3. In the space screw in cup-hooks. This can be for keeping pencils or a note pad.

4. To make a hanging clip, make a nail hole with a hand drill,

or nail wire across the back,

or screw in a round latch,

or nail in picture hangers.

5. Decide upon the place where the board is most needed.

Ask your mom or dad the best way to screw or nail this on the wall.
