# Budget Summary Statement

## GENERAL

The 1960-61 budget has been prepared along the same general lines that have been followed at the institution for the past forty-six years. Obligations and free balances in the general University funds of the preceding year are not known at the time of the preparation of the budget and for this reason are not included. Likewise balances of University Services, revolving funds, and trust funds are omitted. The budget consists, therefore, of a distribution among the various activities of the institution of anticipated receipts during the fiscal year beginning July 1, 1960, and ending June 30, 1961.

All allotments and estimates of income as shown in this budget carry the numbers of the accounts to which these entries are made. All account numbers consist of two numbers, the first of which is known as the "Department Number" and identifies the department concerned; and the second of which is known as the "Budget Number" and indicates which of the department's budgets is affected. The "Department Number" is always a four-digit number and is assigned to the departments in order as shown in the section of this index which is headed "Budget." The "Budget Number" is also a four-digit number, the first digit of which designates the purpose of the budget, and the last three digits of which indicate the "Fund" to which the budget belongs. For Balance Sheet Accounts the first digit of the "Budget Number" is a "0." For "Payroll Budgets" of Administration, Instruction, Physical Plant, and Trust Fund departments, the first digit is always a "1." The first digit of "Income and Expense" accounts is a "2," "4," etc., except in cases where special "Income" budgets are provided as shown in the "Budget Index" where the "2," "4," etc. indicate a "Supply, Expense, and Equipment" budget and the "3," "5," etc., designate the "Income" budget.

For University Services Departments, the first digit of the "Budget Number" is always an even number, and all transactions pertaining to a given budget, whether payroll, supplies, expense, equipment, or income are entered against the same operating budget, except where special budgets are provided as shown in the Budget Index.

The last three digits of the "Budget Number" indicate the "Fund" to which the budget belongs. A complete list of all funds will be found in the Fund Index.

The various account numbers are obtained from a combination of the "Department Numbers" and "Budget Numbers." For example, the School of Physics payroll account on Support Fund is number 2140-1100 and the Income and Expense account on Support Fund is number 2140-2100. As previously stated, for University Services Departments all transactions for payroll, supplies, expense, equipment, and income are entered to the same budget. For example, the account for Centennial Hall for payroll, expense, or income on the University Services Fund is number 7015-2500.

Payroll accounts are divided into sub-accounts, each identified by a payroll item number. The payroll item number precedes the name of the individual or position shown in this budget. Payroll sub-accounts are designated by the payroll item number and the payroll account number as 3-2140-1100 (Item No. 3, Department 2140, payroll budget on Support Fund).

## NONACADEMIC CLASSIFIED SERVICE

On January 29, 1937 the Board of Regents approved rules and regulations relating to the employment, leaves, and vacations of the nonacademic personnel and established the "Class Specifications for Positions in the Classified Service," effective July 1, 1937.

The class titles, vacation, and salary of the nonacademic positions established by this budget are in accordance with University of Minnesota Civil Service Class Specifications. All appointments and adjustments made during the year must conform to these specifications. Copies are available in the Office of Civil Service Personnel and major administrative offices.

## REVENUE

These general considerations as approved by the Regents have been made the basis of the 1960-61 budget:

1. University enrollment in the fall quarter is estimated to be 27,150 students compared to 28,150 students estimated in the 1959-60 budget.
2. Merit increases for civil service staff which were made on June 16, 1960 were continued in the 1960-61 budget. A reserve totaling \$229,589 was established in the 1960-61 budget to meet the costs of the merit increase for those civil service staff members eligible for merit increases on January 1, 1961.
3. Allotments were made to each college and administrative unit for academic salary adjustments. The Legislature provided that \$1,056,017 was to be used for academic salary increases and promotions.
4. The following new floors and fixed rates were established:

### Floors

Assistant Professors and Research Associates .....	\$628.00 per month
Instructors and Research Fellows .....	518.00 per month

### Fixed Rates

Teaching and Research Assistants and Administrative Fellows .....	470.00 per month
Medical and Dental Fellows .....	280.33 per month
(Cash \$3,000 annually plus \$364 deducted for tuition and fees)	

## Budget Summary Statement

### REVENUE—Continued

5. No new funds were available for increases in supply, expense and equipment budgets.
6. No funds were allotted for new positions, nor were funds available for across-the-board increases in the miscellaneous help budgets.

### For General Purposes—Unrestricted

The funds budgeted for general purposes—unrestricted—increased \$1,669,016 over 1959-60. This is composed of the following: Increase in the maintenance appropriation, \$1,400,000; increase in the maintenance appropriation for civil service merit increases to be granted on January 1, 1961, \$337,071; decrease in student fees for the regular session—Twin City campuses, \$375,137; increase in students fees for the regular session—Duluth, \$87,891; increased income from temporary investments, \$20,000; and income from overhead on research contracts, \$199,191.

### For Special Purposes—Restricted

The University appropriations for special purposes include the University Hospitals and various appropriations for research and public service.

The 1960-61 Federal appropriations total \$2,366,160, an increase of \$5,383 over the 1959-60 appropriation.

University-dedicated income from all funds for instructional purposes increased \$480,030 in the 1960-61 budget. This includes an increase in instructional Trust Funds totaling \$55,077.

The net increase in general funds from all sources for Administration, Teaching and Research, Extension and Maintenance totals \$2,225,062.

### For Special Purposes—Noneducational

Funds budgeted for noneducational purposes include University Services funds, Revolving funds, and Trust funds. These are mainly revolving and self-balancing funds which because of their nature are not adaptable to a printed budget. These funds increased \$2,012,330 in the 1960-61 budget.
