Seniors Retain Crown Won in 1941 Field Meet Juniors Crowd Them and Lower Swim Records

In a psychic hunch, the Agreview out-guessed the athletic managers of the class teams entered in the 50th annual field meet and homecoming, held on Saturday, February 7, and forecast the outcome as a victory for the Seniors. The final score was, Seniors, 74; Juniors, 55; Freshmen, 17; and Intermediates, 5.

Although the Seniors won the Field Meet, the Juniors expressed themselves quite well in the swimming events. Dean Christenson crashed the record by splashing 80 rods in 48.9 seconds which beat the low record of 50.4 records set by Robert Black in 1931. The Junior team for the men's swim relay consisted of Dean Christenson, Herbert Hoverstad, Vernon Musser, and Sherman Dalen. They broke the previous twelve year old record of 1 minute 45 seconds when they swam it to the tune of 1 minute 42.4 seconds. Herbert did not know how to swim last October.

The carpenters of tomorrow will no doubt be found in the complexes of Gertrude Lieske. Elsie Patchen, and Maxine Halland. Gertrude tapped her ten nails down in 34.5 seconds. There is beginning to be a little doubt as to the authenticity of the record of 20 seconds. It is believed that a mistake has been made either in timing or in keeping the records and that the record should read 30 seconds instead.

The half-mile run proved as exciting as any of the other events with Vincent Dooley cruising it in two minutes and 28 seconds and thereby scoring for the Seniors. Allan Heins and Warne Linton followed in rapid succession.

Coach Ryman rated the half-mile as the most exciting event of the meet.

Howard Gans garnered 13 points for the Seniors when he won first place in each, the 25-yard dash and the potato race, and second place in the rope climb. In the 25-yard dash, Gans won the race from Herbert Kraus who held the record made in 1940.

Coach Ryman said that the rivalry was the best he had known in five years. He commended John Beck and Anne Kanduth for the work they had done in organizing the Seniors for the meet.

Superintendent J. O. Christianson presented the successful contenders with medals or ribbons at the close of each event. Marsh Ryman, Jr., was his assistant.

Bianchi's Heroism Rewarded Congress Bestows Medal

Lieutenant Willibald Bianchi '34 of New Ulm made the headlines when he lead a company of soldiers in a counter attack against the Japanese on the island of Bataan, P. I. Lieutenant Bianchi was wounded three times during the engagement in which he was cited for extraordinary courage. He is said to be recovering from his injuries. On February 25, he was awarded the Congressional Medal of Honor "for conspicuous gallantry and intrepidity above and beyond the call of duty."

School and Faculty Friends Come When Pendergast Boys Hold Annual Open House

Hobbies were the theme of the Pendergast Open House when its doors opened to other students in the School, faculty members and their wives, and relatives of the students in residence, on Sunday evening, February 15. Among the hobbies displayed in students rooms which attracted attention were a geneology extending back to Methuselah, a collection of pictures of movie stars, a weed collection, and collections of kodak pictures.

After visiting the students rooms, the guests assembled in the club room where a musical program was in progress throughout the evening. Groups of instrumental numbers were played by an orchestra which included David Boland, Jr., Lloyd Plette, Charles Connelly, and Mrs. Boland. There were songs by the SAUM chorus, the Murray High Trio, the octette, the SAUM Singers, and the Pendergast Hall Trio. Mr. J. Herbert Swanson contributed two solos. Ray Olson played mandolin solos.

Refreshments were served in the office, Miss H. J. Fisher acting as room hostess. Refreshment hostesses were Mesdames Clyde H. Bailey, A. J. Kittleson, J. O. Christianson, Maurice Tanquary, Marsh Ryman, Ralph Miller, Nat Allen, and the Misses Kloohn and Matson. Chairmen of the committees which directed the open house were Harry Stewart, reception; Arlyn Martig, refreshments; Alan Stevermer, program; Howard Gans, general arrangements; and hospitality, Howard Grant.

Miss Matson Entertains Brewster Hall Officers

Miss Matson carried out a Valentine theme when she entertained the officers and monitors of Brewster Hall at a dinner party in the Party Dining Room of the Cafeteria on Feb. 3. Red candles and red paper hearts with fortunes written on the back decorated the tables. Valentine candies were served in nut cups.

Marie Hansen was toastmistress. Rosella Anderson's toast was "You Suit Me to a T." Dolores Blume talked on "Have a Heart" and Evelyn Schwecke had a message for each girl in her hall. "You're the Perfect Valentine for Me," said Ardis Hemmingsen and "Be My Valentine and I'll Be Yours" was Mildred Rossbach's theme. June Molenaar gave a recipe for the "Perfect Valentine."

Menk Teaches First Aid to Evening Class of Boys

A course in first aid is being offered to boys on Monday, Wednesday, and Friday evenings, by the Red Cross for four weeks beginning on February 9. Mr. Fred Menk is the instructor. Thirty boys are registered in the course and each hopes to pass the examination which will entitle him to receive a Red Cross First Aid certificate. It is hoped that this course may become regular one in the curriculum.

Several Girls Will Graduate From New Course in Nursing

Six girls expect to have completed the new course in home management and practical nursing when they are graduated from the School, this spring. During this term, they will receive about 80 hours of practical training in private homes under the supervision of a trained nurse. This training was made possible through cooperative arrangement between the School of Agriculture and the St. Paul Home Nursing Service.

The course in home management and practical nursing was planned in answer to the great need for this type of nursing in rural homes, now even greater because so many trained nurses have been absorbed by war time service. Dr. Ella Rose of the Home Economics Division is chairman of the committee which planned the course. On it were representatives of that division and of the Department of Public Health and Preventive Medicine.

It's War Time

"Gee! It surely was dark when I got up this morning." "It surely seems funny going to class in the dark." "Do classes start at 8:15 or 7:15?" "Who's got the correct time, I'm mixed up I don't know where I'm at?" "I guess we'll just have to sleep an hour faster each night." "What is this meal, dinner, supper, or lunch?" These and many other expressions were heard Monday, February ninth. That was the day after the night that the clocks were turned ahead one hour to **WAR TIME**. Some students were seen sort of stumbling around the classes that day. You see, they studied until the usual hour but then they had to turn the clock ahead. What difference one hour of sleep can make!

Five Girls and Two Boys Will Receive Dorr Prizes

Cedric Goiffon received the highest rating for scholarship, citizenship and participation in student activities during the fall quarter from the Caleb Dorr scholarship committee when the records of all students were reviewed. In the order named, the following were placed after Mr. Goiffon, Margaret Held, Thelma Brugman, June Molenaar, Everett Nelson, Marcella Padrnos, and Berneace Huper. Cash prizes from the Caleb Dorr fund will be awarded these students at the final assembly on March 20.

Kenneth Skarien is engaged in radio work at Newfoundland.

Many-Sided Program Insures Attendance at Assemblies

Again the tradition has been kept up with everyone attending the assemblies to unite in song and fellowship, to have minds mold on higher levels, and to learn the achievements of other lands.

January 31—The news and a movie short, "Going Places" which portrayed the wonders of Connecticut was of great aesthetic value to all.

February 3—Mr. Feeroze Husain, originally from India and now a graduate student in the division of agronomy gave a review of life in India.

February 4—An educational movie, "Rugs and Rug Making," showed how rugs are made and how to pick the rug for one's home.

February 6—Marie Alberts played a piano solo, Mendelsohn's "Sadness of the Soul." Mr. William J. Meyer, chief of staff of civilian defense in Minnesota, gave a few pointers on what is being done and what to do for civilian defense.

February 7—The School of Agriculture Band played several numbers. Awards for summer projects work were given to Nelva Loughrey and John Wagner by Professor Alvin Larson and Professor George H. Nesom, respectively. The speaker of the day was Professor L. B. Bassett, who told of the early track meets in which he had participated.

February 10—Miss Gladys Casady of the State Department of Health posed the question "Can You Prove That You Are Who You Think You Are?" when she told of the procedure to secure or correct a birth certificate.

February 11—Mr. Harry O. Martin, pastor of the St. Anthony Park Methodist Church introduced Dr. Charles McConnell, professor of town and country church at the Boston University of Theology. He called attention to the growth of ideas and the need to change outworn ideas for the best of the new.

February 13—A called assembly to discuss summer projects was conducted sectionally.

February 14—Ray Olson played a mandolin solo, "A Gypsy Dance," accompanied on the piano by Mr. Lloyd Plette. The news reel and a short on hobbies were interesting. Professor Robert A. Phillips presented the Peter S. Gideon award to Synnova Hofstad for her outstanding summer project in horticulture.

February 17—Obert Jacobson played a cornet solo, "Uncle Rufus Jubilee," accompanied by Violet Mussman on the piano. Dr. Milton D. McLean of Macalester College called attention to the fact that when dealing with others, man attends to what is in his experience when he developed his subject, "Eyes To See the World."

February 18—Mrs. Gertrude Lyons, Director of Family Nursing Service explained, as she showed a movie on nurs-

Washington Ball Is Occasion for Old-Fashioned Dancing

The Washington Ball, given under the auspices of the combined students councils, was held on February 22 at the Gymnasium.

The Rohde Orchestra played a program of old-fashioned dances which included schottishes, polkas, waltzes, and square dances and the Virginia Reel. Dr. Wm. Dankers and Max Hinds directed the grand march and Dick Carder and Irene Zavoral were first in line.

Refreshments were served at the intermission on the balcony. Joyce Carlson and Margaret Held poured the frappe.

The gymnasium was decorated with flags and streamers of bunting in red, white, and blue.

Among the guests present were Messrs and Mesdames Clyde H. Bailey, John O. Christianson, C. P. Bull, Phillip Larson, Carl Sierk, Clifford Peterson, Thor Gullickson, Ross Smith, Everell Smith, Max Hinds, Marshall Ryman, and Nat N. Allen, Dan Williams, W. L. Finlayson, Samuel Eddy, Al Harvey, Eric Ahlstrand, F. H. Mussman, and the Misses Laura Matson, Johanna Hognason, Gladys Gilpin, and Sonnenberg.

Kampus Klatter

A certain little fellow's persistence hasn't any affect on Leta. But his motto is "If at first you don't succeed, try, try, again."

David K. surely gets around at a basketball game—at the quarter, at the half, and when he goes home, he's with a different girl.

During his last quarter at school, Obert Jacobson is finding dancing, girls, and movies much more interesting than before.

Henry Schmidt has a sore shoulder. It's hard to believe that it came from wrestling alone.

When it's time for Ann Brunner to do something she can't decide whether she's bashful or self-conscious because she finds she can't do it.

The milking contest proved that Stella Jerabek can be very helpful in the defense program.

If success can be determined by the way he climbs a rope, Ned Boyce is going to reach the top fast.

Alex, if you don't eat so much between meals you wouldn't have to starve yourself before each wrestling match.

Sherman Dalen can't find another pair of dimples quite as intriguing as Joan's.

Dick Carter, Paul Mosman, and Wallace Sandager seem to have a monopoly on a certain group of girls.

Many a heart skipped a beat as P.O. boxes were opened on Valentine's day.

Who's Myrtle? Ask the boys who went to Crookston, especially the faithless ones.

What prominent personality has been taking out the girl livestock judge?

Have you noticed that lovely guest from St. Paul who came to our school dances?

Wonder how the orchestra expected to play in assembly without any music?

Too bad that certain Junior blond can't practice everything with that certain Senior wrestler. Short but — Oh! my!

We won't keep Mary Ann's name out of the paper if it can get past the censor!

My! My! Paschke, why commit bigamy? Dating two women for the same event is pretty risky, don't you think?

Wonder why that Brewster office girl always asks the little questions, "why?" and "what for?"

Where did the spark come from that lighted the fire between the Agrarian editor and the Norwegian?

A box of candy is O.K.—but who tried to outbeat the other fellows by sending his lady flowers?

Doris is a whiz at the bulls eye. Synnova had just made a score of 164 at archery. Highly elated, she rushed into Miss Eibner's office. "O, I wish I could shoot Doris," said Synnova.

What Will Happen to America?

What will happen to America after the war? How will we meet our rising government debt, change our economy back to a peace time basis and continue with our job of making America into the best place in the world to live?

Such questions are looming in American minds now and will in the future. In a speech given recently, Dr. B. G. Sproul, president of the University of California, gave us some points which should reassure us as to those points.

After the war he said, "the land and its resources will still be here; all of the knowledge of mankind from the beginning of history to the present will still be ours. Such adjustments as we may have to make in our social and economic scheme will not destroy our democracy as long as we perceive inviolate dignity and worth of the individual.

The good judgment of the people has always been one of the foundations of our freedom. At present we are able to work where we like, save our money or throw it away, worship as we wish and enjoy all our other liberties. Whatever happens in the months to come we must remember that and let nothing destroy our concept of freedom.

Dinner and Games Engage Interest of Government Officers

Miss Hognason entertained the officers of the S.S.G.A., Pendergast Hall, and Dexter Hall at a chicken dinner on Thursday evening, February 19, in the Party dining room. After the dinner some time was spent in table games. Supt. J. O. Christianson was guest of honor.

Discipline Is Moving Force Directing Your Development

We have just recently paid tribute to the Great Emancipator—Abraham Lincoln. We have quoted his wisdom, we have paid tribute to his virtue of courage and loyalty to that which was right. I am hoping that such recognition of our great leaders and teachers may not be confined to a mere passing observance but that there may be some effort to honor such leadership by strengthening those same qualities in our every day activities. This can be done only through self-discipline. Others may advise, may show to you the value of courtesy, courage, cooperation, clean living, and a loyalty to all such virtues as serve to strengthen the fabric of each individual life and of civilization itself, yet it is up to YOU to make these a part of your life. **You cannot gain these qualities merely by a mental contact, through reading or hearing someone tell of the need of sound moral and spiritual leadership in the life of every person. That may well be the first step, but you must then make such a part of your life by Action. Out of this will grow Habit, which is of first importance in the support of Morals. Habit grows only by force of repetition.** It was William James who said, "Could the young but realize how soon they would become mere walking bundles of habit, they would give more heed to their conduct while in the plastic state. We are spinning our own fates—good or evil—and never to be undone."

The moving force directing your own development is discipline. You must learn to discipline yourself. Discipline must come either from within or from without. Some of the people of Europe failed to discipline themselves and, finally, that discipline came from a power which made them slaves to a philosophy built on discipline without recognition of the moral and spiritual precepts which have been the motivating force of civilization. Today, you can best serve in the Army of freedom and liberation in its fight against barbarism and license by so guiding and disciplining your own actions so as to develop habits which strengthen your health and stability, physically and mentally. By so doing, you serve your country and join hands with the forces of civilization embattled round the world. **May you make each day count in strengthening some worth while habit through self-discipline.**

Light Opera Pinafore Will Be Presented as Senior Play

The Senior class and S.A.U.M. will present "H.M.S. Pinafore," Friday-Saturday evenings, March 13 and 14. The Minnesota Symphony Orchestra Works Progress Administration will furnish the music under the direction of J. Herbert Swanson. Ross Smith in charge of staging and direction.

"H.M.S. Pinafore or The Lass that a Sailor" by Gilbert and Sullivan operetta, satirizing the British navy, was first produced in London May 1878.

The story of this operetta takes place on the after deck of H.M.S. Pinafore in the harbor of Portsmouth, England. Little Buttercup, a bumboat woman, comes aboard selling her wares and speaks to Dick Deadeye, the villain, and also to Rackstraw, who is in love with Josephine, the Captain's daughter. Captain Corcoran enters, and Josephine confesses to him that she loves a common sailor and never marry Sir Joseph Porter, K.C.B. who is going to ask her hand in marriage. When Josephine and Ralph meet, she rejects his love; but later, as he is about to shoot himself, she relents; and they decide to go ashore at night to be married. Dick Deadeye eavesdrops and resolves to thwart their plans.

When Little Buttercup and Captain Corcoran meet on deck Buttercup warns him that a great change will take place in his life. Dick Deadeye reveals the elopement plot, and the two lovers are captured. They are leaving the ship. Ralph is thrown into the ship's dungeon, but little Buttercup tells a dark secret which alters the entire situation and unites the fortunes of three happy couples.

Style of costumes worn by the cast will be that of the early 1880's.

Characters as follows:

The Rt. Hon. Sir Joseph Porter, K.C.B. & Lord of the Admiralty, **Mervyn Humphreys**; Capt. Corcoran (Commanding H.M.S. Pinafore), **Kelth Miller**; Ralph Rackstraw (Able Seaman), **Alan Stevermer**; Dick Deadeye (Able Seaman), **Clifford Adams**; Bill Bobstay (Boatswain), **Richard Nehring**; Bob Becket (Boatswain), **Harold Nelson**; Sergeant of Marines, **H. O. Dickson Advises Good Seeds Be Planted in Good Soil Bed

"Each individual has his own plot to work with and in order to harvest a worthwhile crop only the good, pure, and honest seeds must be planted," said Dr. Dickson, president of the St. Paul Y.M.C.A. Board at the January 25 song service when Alan Stevermer was student leader. Edna Talbert, accompanied by Violet Musmann, sang, "Dear Lord and Father of Mankind."

"What shall be the Christian attitude in these times?" was the question proposed by Reverend Sidney Powell of the First Baptist Church of St. Paul at the February first meeting. His answer was, "The one significant thing is our faith in God. We should learn to hold his hand so that we may live out of the inner resources of our lives." Student Leader Edna Talbert introduced Synnova and Doris Hofstad who sang, "The Lord Is My Shepherd." Inez Johnson accompanied them on the piano.

Everett Nelson introduced Mr. Elmer Johnson as the February 8 speaker. Mr. Johnson chose as his subject, "The Bible, the Light of the World." He said, "The Bible is the only light by which we may be guided. It is scientifically correct. In it are found harmony and beauty." Mervyn Humphrey, Clifford Adams, and Alan Stevermer sang as a trio, "Beautiful Savior."

"Lincoln was not a demonstrative man. There was a sense of divine, a mysticism woven through his whole being. He was genuinely devout," said Superintendent J. O. Verona Witt was the student leader.

At the February 22 meeting, Synnova Hofstad accompanied Alan Stevermer when he sang, "I Know That My Redeemer Liveth." Student Leader David Knudtson introduced Miss Hognason who spoke on "Fields of Force." She found in the magnetism derived from the fields of force that surround a magnet an analogy to the power that is gained thru prayer when one places himself within that field of force which is God's love.

Literaries Combine Talent for Holiday Get-Together

Anyone who thought it was going to be lonely on the Campus over Washington's Birthday holiday weekend found out differently when he came to Room 217 in the Engineering Building Saturday evening, Feb. 21. Confraternities Join Forces To Sponsor Sunday Card Party

The school and college Catholic Confraternities combined in sponsoring a card party Sunday evening, February 1, in Corpus Christi Hall. Everyone in the parish was invited to attend. Florian Otto, Alan Stevermer, Ralph Boeckman, and Irene Zavoral worked with Everell Smith, the faculty advisor, in making the plans and arrangements for the card party.

Dr. William O'Brien gave an interesting talk on human nature at Confraternity meeting on February 8. After the meeting was adjourned, the group got together in the kitchen of Corpus Christi Hall for an old-fashioned taffy pull. There was plenty of taffy for everyone although to some it seemed like too much when it began to get sticky and seemed to cling to everything. Everyone had a sticky but enjoyable evening.

Miss Hally J. Fisher Visited South American Schools Relates Observations at Y

"The Migration of Negroes" was the topic presented by Miss Viola Carol, speaker at Y.W.C.A. Thursday evening, January 22.

Miss Hally Fisher, instructor in Home Nursing, spoke briefly on South America at the January 30 meeting. Schools of Agriculture are being developed in some parts of the country where girls are taught Home Economics and boys learn trades. These schools will in time, as they increase in popularity help greatly to overcome ignorance and extreme poverty which many of the people are enduring, said Miss Fisher.

Miss Lydia Hanson, missionary to China was the speaker, February 13. Of the four years Miss Hanson has been in China, it has been three and one half under Japanese control. No years have been more fruitful in producing Christians than these years. The people have been very receptive, said Miss Hanson.

Miss Johanna Hognason was the speaker on February 20. "Storing memories of things which have happened and experiences which one has shared with others is a pleasant hobby," said she.

Program of F.B.I. Explained Functions in Peace or War

The Y.M.C.A. fellowship hour program for February 6 was cancelled because of failure to receive the scheduled movie pictures.

Mr. W. S. Hardy, special agent, Federal Bureau of Investigation, presented a very interesting picture of the work done by the F.B.I. in protecting people from criminals in peace time and guarding them against saboteurs, spies, and fifth columnists in war time. He told of classifying of aliens and placing dangerous persons in concentration camps. Ralph Hendricks was the student leader.

Dr. William O'Brien of the University of Minnesota Medical staff, spoke on the "Health Education" on February 15. Warne Linton was the student leader.

My Brother

Did I ever tell you about my brother? His name happens to be Donald. He's got a part in the play! I suppose you'd think he'd be the big, tall, dark handsome brute that makes all the girls go ga-ga—well, he isn't! He's the town cop—am I proud!—(?) He dressed up for us last night before he went to play-practice. I turned my head. He looked terrible! He'll sure knock all the girls off there feet by just looking at them. He's actually a scream!

I certainly get in the most gorgeous fights with that sweet faced petunia. Tonight he was sitting at the supper table nearly blue in the face—trying to think up some kind of work for me to do. Finally—success! He drained his water glass in two gulps and very triumphantly set his empty glass down in front of me. I ignored it, but the worm—he started jiggling it around and acting very bored because his sister wouldn't even get him a tiny glass of water. Okay, the big mug—I finally made a very tragic grab towards his glass and oops!—over went my water glass and woe upon me, two glasses of water to get besides wiping up the table and floor while that—that—hyena brother of mine sat with a satisfied smirk on his pan.

Boy oh boy, what a lucky girl you are to have been born a twin.

Rivalry Will Blaze To Fever Heat in Scheduled Athletic Events Knuppel Kup Is Victory Symbol

Coach Ryman announces that the Pendergast-Dexter contest for the Knuppel Kup will be revived when the dormitories meet in basketball on March 13 and 14. Keith Miller and Casper Egger will captain the Dexter teams and Gerald Bebler and Lee Wahlberg, the Pendergast teams. The Kup was won by Pendergast Hall in 1940 and 1941.

A free-throw shooting tournament is set for Thursday and Friday, March 5 and 6. On Thursday, each entrant shoots 25 free throws and the ten scoring highest will qualify for the finals on Friday when the finalists will again shoot 25 free throws.

The All-School boxing and wrestling finals will be held at eight o'clock on Thursday evening, March 12, at the gymnasium.

Preliminaries will be run off from March 9 to 11. Entries should report early to Mr. Ryman.

Toastmaster Lester Paschke Proposes All Out for Victory

To celebrate the outcome of the 1942 Field Meet the fourth annual Victory dinner was held in the dining room on Saturday, February 7.

Professor Louis F. Keller, who had acted as referee and starter at the meet, was the principal speaker. He urged his audience to go "all out" for physical fitness in order to have a share in bringing victory to the nation in the present struggle.

The theme of the program was "All Out for Victory." Lester Paschke presided as toastmaster. Those who responded to toasts were Bob Guelker on "We Plan for Victory"; Ralph Boeckman, "Strategic Retreat"; Florian Otto, "The Generalissimo"; Marsh Ryman, "The Army"; Superintendent J. O. Christianson, "The Reserve Officers"; Keith Miller, "A New Battle Front"; and the Morris basketball captain, "A Response."

J. Herbert Swanson conducted the community singing during the program and the little German band furnished occasional music. Before the dinner the Seniors mounted their class banner on the balcony railing above the entrance to the dining room, and just before all the diners were seated the class cheer leaders, assisted by Harlan Jansen, led them in class yells.

Seated at the speakers table, besides those taking part in the program, were Mesdames J. O. Christianson, Louis F. Keller, Marshall Ryman, J. Herbert Swanson, and Mesdames and Messrs Nat N. Allen, and Ralph Miller and Miss Matson and Miss Hognason.

Other reserved tables were set up for each of five other groups, the boys basket-

School Girls Beat Alumni

Mary Dittfach and Catherine Talbert, who were basketball stars at school here, came back February 7 to play for the alumni girls in a game with the School team. Other alumni players were Ruby Nahrgang, Merna Tews, Ellen Jerabek, Betty Petersen, Dorothy Hubert, and Marguerite Wendt. High scorer with 15 points was Maxine Halland. Anne Kanduth scored 9 points. Captain Berneace Huper, Gertrude Lieske, and Elaine Marquardt did excellent work as guards.

The S.A.U.M. girls' basketball team beat Elim Baptist Youth Center, 30-22, on our floor February 10. Leona Flohr, with 14 points, was top forward. On February 19, the Northwestern Bible School team played here, and St. Columba's team came to our Gym on February 26 for a game.

Girls, if Virginia King taps you on the shoulder and looks as though she's all ready with a pep talk, you may be sure she'll ask you to enter the girls' swimming meet which will be held the first part of March. There are seven events you may participate in!

They Took a Dare

First a dare, then a challenge, and now a novel event. You see, the cat looks at the king and wonders how he got that way. So the wrestlers and basketball squad looked each other over and said we'll get your goat. Who'll get whose goat? That will be decided on March 16 at the gym when the two teams mix in a basketball game and finish off with a wrestling match. This is how they will line up for the wrestling match.

Girls Show Defense Spirit in Physical Education

More enthusiasm in the girls' physical education classes has been aroused by prevailing defense spirit. Not only physical fitness, but mental and social as well, are stressed by Miss Eibner. Popularity of shuffleboard and archery is in favor of more active recreation such as basketball, badminton, skating, and jumping.

The first name to be added to the row Club chart this quarter is Synn Hofstad's. She made a score of 164 with twenty-four arrows.

Virginia King has completed the requirements for earning a G.A.A. emblem. Other candidates who will be eligible if they complete their work this quarter are Har Augustson, Virginia Held, Esther Helmst, Marie Alberts, Stella Jerabek, Ruth Johnson, Anne Kanduth, and Vera Witt.

Pep Fest Is Rouser Precedes Field Meet

While the band played the "Minnesota Rouser," the student body poured into the auditorium after lunch on Saturday morning, February 7, and seated themselves in the classes under their class banners for the 50th annual Pep Fest.

Obert Jacobson, master of ceremonies called on Superintendent J. O. Christianson, Ed Gensmer, and Howard Grant. They responded with pep talks on sportsmanship and participation in the meet.

Class cheer leaders then took over from the stage and generated enough heat and light to lead the classes, headed by the band, straight to the scene of the field meet, the Gymnasium floor.

Soft Ice, Sharp Corners Lower Skaters' Speed

On Thursday morning, February 12, Lincoln's Birthday, the annual skating races were held. The racing course was around the hockey rink and because of the four sharp corners the winning time for all races were considerably lower than has been the races been run on a straight way course, and because of the weeks of warm weather preceding the races, the rink was not in good condition which also lowered the racers speed.

Following are the first and second place winners in each event and the time of the first place winners:

Event	Time	First	Second
Men's mile race	3:47.7	Wahlberg	Peichel
