Pazandak, World Champion is New Ag Wrestling Coach

Joe Nowotny, athletic director at the School of Agriculture, announces that he has been fortunate in securing Joe Pazandak, worlds leading heavyweight wrestling contender as coach of the Aggie matmen. Pazandak has been putting the Aggies through their paces for several weeks and hopes to have a fair team.

Joe Pazandak

Pazandak was a former University of Minnesota wrestling star and former Big Ten and National A. A. U. heavyweight champion. He served five years in World War II. Four of them were spent overseas with the 34th Division, 175th Field Artillery. Joe had more than 600 days of actual combat, and served in thirty different battles. His campaign ribbons bear six different campaigns and an invasion star. His outfit fired the first shot against the Germans in Tunisia and during the war his battery of twelve guns held the allied record for shots fired, more than 300,000 rounds. He is considered by many as the outstanding wrestler in the world. During the war he had a forfeit of \$500 to wrestle any man in the allied services. His offer was accepted but once, by the English Champion, whom Joe defeated in 45 seconds.

Pazandak's heart is wrapped up in wrestling. Even through the horrors of war he trained and wrestled whenever and wherever possible. He is taking advantage of

the G. I. Bill of Rights and has enrolled again at the University of Minnesota to complete his education. Already holder of the Associate Arts degree, he has one more year to obtain his Bachelor of Science degree in Agronomy.

About 25 Aggies turned out for the first coaching session and their enthusiasm likely to attract more to the sport.

Will Failures Follow Flu? Not if Study Follows, Too

A mild epidemic of flu filled the Health Service with School and College students and generally disrupted classes and activities late in November. The peak of the epidemic has passed and students are exchanging experiences, "When I had the flu" and "how am I going to get all my work made up!" Final exams loom only a few weeks away! 'Nuffsd?

Freshmen Tie Juniors, 0 to 0 In Champion Touchball Game

Boys athletics got off to a flying start early in the term when intra-mural touch football teams were organized; The Aggie Wildcats under Captain Bill Funk; Sandburrs, Captain Verle Olson; Panthers, Captain Bill Roth; and The Golden Gophers, Captain Dick Schroeder.

In the first game, the Sandburrs nosed out the Wildcats, 6 to 0. The Panthers ran away with the Golden Gophers, 24 to 0. A scoreless tie was the result of the game between the Wildcats and Panthers. Some fine running by Verle Olsen sparked the 18 to 0 victory of the Sandburrs over the Golden Gophers. On the fifth game of the series, Schoeder's Gophers defeated Funk's Wildcats by a score of 12 to 0.

When the sixth and final game came around the Sandburrs had one victory, one tie, and no losses. The final game was played between the Sandburrs and the Panthers, the winner to be champions. After battling on even terms for the first half the Sandburrs pulled away to defeat the Panthers, 13 to 6.

A class touchball tournament was then planned between the three classes. In the first game, the Juniors and Freshmen battled to a 6 to 6 tie. The second game ended in a 18 to 0 victory for the Freshmen over the Seniors. The Juniors nosed out the Seniors 2 to 0 as the result of a safety. In the championship game, the Freshmen and Juniors battled to another tie. This one ended 0 to 0.

On Thursday, November 8, a class cross-country run was held. This run was nine-tenths of a mile, and when the day of run came around a minor blizzard did its best to handicap the boys. Charles Annexstad and Richard Barthelemy came in first and second respectively. Although these two boys are both Juniors, the Seniors managed to pile up 44 points to the Juniors 39. The Freshmen followed closely with 37 points.

Cat's Meow

Hi Kids, The kitty is only going on two legs this time, the other two got lost; I guess. We also know that if that real cat doesn't get out of the laundry, and other places, it's going to be branded with more than the flatiron.

If any of you ever want to know the rules for passing in a girls kittenball game, we have two authorities in our midst, Braun and Millie.

P.S. Just give Gurtie a bat and ball and she'll find the top of a car to hit.

At a certain committee meeting the kitty was sitting in a corner and heard this, "Do you think it would be alright to ask the late President Coffey to speak next time?" A. Alberts (who had been snoozing in another corner) "Oh, no, lets have chocolate milk."

Thanks boys for so sweetly and innocently unscrewing the salt and pepper shaker tops!

The first snow fall had both its good and bad points. Jim D. sprained his thumb. A blond Indian of the Winnebago tribe hopes it doesn't disable his arm. There were several other incidents but we'll have to sit on those awhile.

Ronnie N. certainly has made a hit with a few girls! whoops! did we say a few!

The unseen at the Halloween party consisted of lamp shades and grape fruit.

Brainstorm of the Senior class; Nuts; we might just as well buy the rings to fit the girls in the first place, then they wont have to wrap, string, paper, and tape them on.

"Blushing is the color of virtue." Isn't it, Mary!

Sadie Hawkins day brought excellent results for several students, especially Rhoda!

Tickets went on sale for the Thanksgiving Eve Ball. Results—Some girls had two tickets.

A lion among the ladies is the most dreadful thing—How about it Barnes!

Does "Scud" ever complain about how hard her Algebra is at night, but the way I heard it her class work seems to more understandable since the college has taken over."

Al Anderson Raises Question

"What is 'Christianity?'" was the theme of the discussion led by Al Anderson at the November 15 YMCA meeting. Wayne Lemke read the scripture lesson. Robert Amundson was named secretary to succeed Tom Kostuck.

Freshmen Girls Triumph Win Volleyball Tournament

Fifteen Rahs for the Freshman team! Volley ball tournament champions! Captained by LaVonne Altmann, the team played Junior team I, captained by Marj Karstad, in the third and final round winning two out of three hotly contested games. The scores were Freshman Juniors, 51 to 14, 13 to 15, and 15 to 14.

In the first round, the Senior team sparked by Rhoda Glaeser, captain, won two games from Capt. Lois Alberts' Freshmen team II, 15 to 5 and 15 to 11.

Two sets of games were played in the second round, Capt. Alma Schiltgen's Junior team II won two games 15 to 11 and 15 to 11 from Capt. LaVonne Altmann's Freshman team I in the first round. In the second set, Capt. Rhoda Glaeser's seniors won 15 to 5 from Capt. Marj Karstad's Junior team I in the first game. But the Juniors came back to win the next two, 15 to 6 and 15 to 0. This won for them the right to meet the Freshman team I in the third and championship round. Several bye's shortened the tournament but did not dampen the enthusiasm of the players and spectators.

During the week of November 12 to 15 tournaments in shuffleboard, ping pong, badminton, and archery got under way.

The last game of the ping pong tournament, played November 27, gave Marj Brown, senior, the championship and placed Marian Karstad in second place as runner up. On November 28, while the archery contest was only in the second round, Verna Bogatzki beat the Field mark record of 170 points by 18 points.

Mary Brown, Allene Johnson, and Marj Schiltgen are veterans who are sure of a berth on the basketball first team. Other players are not yet named.

Translate Spirit of Thanksgiving Into Reality Daily

Thanksgiving Day for 1945 is now past. No special day will be set aside for the giving of thanks until November of 1946. However, such special designation of a DAY is but a symbol of a spirit which should be alive within our hearts and souls from day to day. That spirit lives only as we manifest our thankfulness from day to day. Such manifestation need not be a formal one, but rather a natural and informal expression of appreciation shown through acts of kindness, helpfulness, and generosity. We, as a people, have placed such major emphasis upon our rights that we have at times failed to see that there can be no Rights unless we also share our responsibilities. You, as students, have your rights and privileges of training and development in a great School. For this may we all be duly thankful. May such thankfulness be manifest through actions which show that you are willing to assume the responsibilities which assure those rights and privileges. **The practice of good citizenship through good study habits, clean living, spiritual and moral growth, common courtesy, self control, helpfulness to others are just a few of the many ways in which the spirit of Thanksgiving may be translated into reality every day of your year.** Ask yourselves each day, "What have I done today to express my appreciation for all that my family, my church and my state have done and are doing for me?" As you become more aware of your own part and responsibility, I can assure you that you are choosing the high road rather than the low. "Every today well-lived makes every yesterday a dream of happiness and every tomorrow a vision of hope."

School Spirit Fostered Here

Dr. J. O. Christianson has already engaged several important speakers to appear both on the noon assembly and the Friendly Road programs on Wednesdays and Fridays. Many an alumnus listening to Station KUOM, 770 on the dial, can easily imagine himself back in the assembly.

What he will miss however will be announcements made by students and community singing led by Miss Phyllis Nordquist. Were he present at assembly, this alumnus would also hear Mr. Thomas Larimore at the piano and Mr. Ivar Glemming playing the violin obligato, regularly.

What this alumnus will remember, whether he hears the assembly program in person or over the radio, is that "Assembly is the heart of the School."

Speakers who have already had a part in the program are Dr. Hugo Thompson, professor of psychology at Macalester College, on Oct. 10; Dr. Axling, once missionary to the Japanese and recently released from a Japanese prison camp, Oct. 12; Mrs. Ann Boardman, reviewing "Young Un" by Herbert Best and "Time For Each Other" by Margaret Lee Runbeck; Dr. Andrew Boss '91, professor emeritus, relating the early history of the school on its birthday, Oct. 17; John Price, secretary of the University Y.M.C.A. explaining its work and purposes, Oct. 19.

Another familiar feature of the assembly exercises is the showing of newsreels and "shorts" at Saturday assemblies.

On October 23 and November 6, respectively, "Nation's Capital" and "Men of Medicine," March of Time reels, were shown.

Father Leonard Cowley, pastor of the University Newman Club, pointed out spiritual values every student must consider as essential to successful life at the October 24 assembly. Mrs. Boardman reviewed "Journey into America" by Donald Culross Peattie on October 26.

Dr. Clyde H. Bailey, dean of the Department of Agriculture, welcomed students, old and new, to the advantages afforded by the School, on October 30. George Grim, lately war correspondent for the Minneapolis Star Journal and now a member of its staff related his experiences at the European war front, November 2. On November 7 the School Band under the direction of Ivar Glemming played several selections. Among them were "Rosebud Waltz" and the "Star March." Every Gal Gets Her Man At Sadie Hawkins Dance

Every gal had her chance at the Sadie Hawkins dance held after the movie on Saturday, November 3, at the Gymnasium. As far as date making was concerned, the usual procedure was reversed, the girls making the dates and the boys accepting, both before and during the dance. It worked out well for the attendance was large and all were ready for a good time. The boys say, "Not a bad idea, girls. You should do it more often."

On November 14, Professor Percy Lowe, Division of Agricultural Economics, recently returned from Avon, Conn. told of several interesting experiences he had as an instructor in the Army's Rehabilitation Center for the blind there. Mr. Phinney Larson, Magician, assisted by Priscilla Painter and Mary Davis made the November 16 Assembly very tricky entertainment. On Tuesday, November 20, George L. Peterson of the Minneapolis Star Journal gave a very interesting talk about the Alaskan Highway over which he had traveled several times during the war as a newspaper correspondent.
