

Workshop #1: DCN Vision

What do we want to see in place in 3-5 years as a result of our actions?

DCN is valued and trusted	Practical and transparent workflow and infrastructure	Standards driven data curation	DCN is a proven value proposition, a sustainable entity	Valid metrics that assess the value of curated data sets	DCN is an innovative Community that enriches the capacities for data curation writ large
<ul style="list-style-type: none"> ● DCN= Stamp of approval for data ● Recognized by external stakeholders as an authority ● Researchers value and trust DCN (measurable) ● OSTP / Funders turn to DCN to help further data strategies ● Publishers value data from DCN sources ● Libraries apply the DCN model to other areas 	<ul style="list-style-type: none"> ● Seamless workflow for shared curation services widely adopted ● Communication practices document provenance ● Access to trained, ready data curators ● DCN provides both consultative and workload support 	<ul style="list-style-type: none"> ● Data curated by DCN complies to set standards ● Data curation as a normative part of scholarship / the research process ● DCN will build (or build on) international standards (now & future) 	<ul style="list-style-type: none"> ● DCN has sustainable funding and support ● DCN grows past initial 6 institutions ● DCN participation appealing to institutions (benefits > barriers) 	<ul style="list-style-type: none"> ● Data in IRs being used to advance research and education ● Evidence of what data has the most re-use value ● DCN curated data is accessed more, used more, cited more 	<ul style="list-style-type: none"> ● Pipeline for training data curators ● Share standards & tools with IR staff beyond the DCN ● Promote data curation practices professionally
