Duluth--- Dr. William R. McEwen, chairman of the Division of Science and Mathematics at UMD, will speak Friday (April 26) and May 3 at Superior, Wis. schools.

Both appearances are sponsored by the American Mathematics Association's visiting lecture program.

Dr. McEwen will speak at 1:00 p.m. Friday at East High School to geometry students on "Famous Problems of Antiquity."

He will give the same lecture May 3 at Central High School plus a talk on "The Language of Mathematics" to advanced students. He will spend the entire day at Central.
