Whereas the Board of Regents of the University of Minnesota has consistently sought to provide non-academic employees salaries and fringe benefits comparable to the salaries and fringe benefits paid to state employees in the classified State Civil Service, and

Whereas *Laws 1965, Chapter 780*, provides certain state employees with life insurance and health benefits coverage paid for by state funds, administered under the State Employees Insurance Benefit board, effective July 1, 1966, and

Whereas, although the University sought said coverage, all employees of the University of Minnesota were excluded from life insurance and health benefits coverage paid for by state funds pursuant to *Laws 1965, Chapter 780*, and as a result no appropriations were provided for funding comparable and similar benefits, and that legislation specifically prohibits the use of state funds to provide such benefits for University employees; and

Whereas the Regents, consistent with their past policies and until full coverage with appropriate funding is authorized by the legislature, desire to permit University employees, as herein defined, to obtain the coverage of the life insurance and health benefit plan adopted by the State Employees Insurance Benefit Board, at no cost to the University: Now, therefore be it

Resolved, That the Board of Regents hereby authorizes the State Employees Insurance Benefit Board, under the authority granted to that Board by Section 6 or *Laws 1965, Chapter 780*, to accept for enrollment in the employee life insurance benefits plan, the hospital benefits plan, and the medical benefits plan, at the earliest date convenient to the State Employees Insurance Benefit Board at premiums established for state employees coverages, any non-academic University Civil Service, full-time or equivalent employees, applying for such benefits with premiums therefore to be provided by payroll deduction from participating employees and remitted to the State Employees Insurance Benefit Board at such times and in such manner as the Board may request; and be it further

Resolved, That continued efforts be made by the University to secure full coverage of University employees comparable to that provided for other state employees.

Resolved, That the Regents of the University of Minnesota accept the above grant subject to the conditions outlined in the letter of June 8, 1966, and accordingly instruct the appropriate administrative officers to execute the necessary documents to implement this resolution.
