## Gary J. Balas Memorial

---

Colleagues and Friends,

The memorial for Distinguished McKnight University Professor Gary J. Balas was held on December 3, 2014 at the Campus Club in Coffman Union at the University of Minnesota. Gary's family and his friends and colleagues in Aerospace Engineering and Mechanics thank everyone for your kind words and thoughts. Many thanks also for those who came and celebrated Gary's life by reflecting on his contributions to our lives.

The AEM Department has put together a memory book. Because we are still getting memorials mailed to us, you may want to check this link periodically. A PDF copy is available here:
