Duluth--- Theodore M. Stokich Jr., a UMD senior from Duluth, has received an undergraduate chemistry award from the Division of Analytical Chemistry of the American Chemical Society.

Stokich is one of 135 outstanding chemistry students in the country to receive the award. Each winner gets a subscription to the Society's journal, Analytical Chemistry.

Stokich is in the Honors Program in Chemistry at UMD and is participating in the undergraduate research program under UMD Prof. James C. Nichol.

Stokich is the son of Mr. and Mrs. Theodore M. Stokich, 719 N. 16th Ave.E.
