

Hawthorne Northside Business Survey

March 2004

*A project of the
Minneapolis Neighborhood Information System (MNIS)
at the
Center for Urban and Regional Affairs (CURA)
University of Minnesota*

This project was supported by the Minneapolis Neighborhood Information System (MNIS), a program of the Center for Urban and Regional Affairs (CURA) at the University of Minnesota. The content of this report is solely the responsibility of the authors and is not necessarily endorsed by MNIS, CURA, or the University of Minnesota.

2004

The Minneapolis Neighborhood Information System (MNIS) is a collaborative capacity-building effort intended to meet the needs of community-based organizations by providing access to property data that can inform community revitalization efforts and housing intervention and investment strategies. Partners in this project include the City of Minneapolis, the Neighborhood Revitalization Program, select Minneapolis neighborhood organizations, and CURA. Participating neighborhood groups receive training, project assistance, GIS expertise, and access to property information, as well as opportunities to share ideas about GIS projects and housing strategies with other neighborhoods.

Hawthorne Northside Business Survey

Neighborhood: Hawthorne

Project Completion Date: March 2004

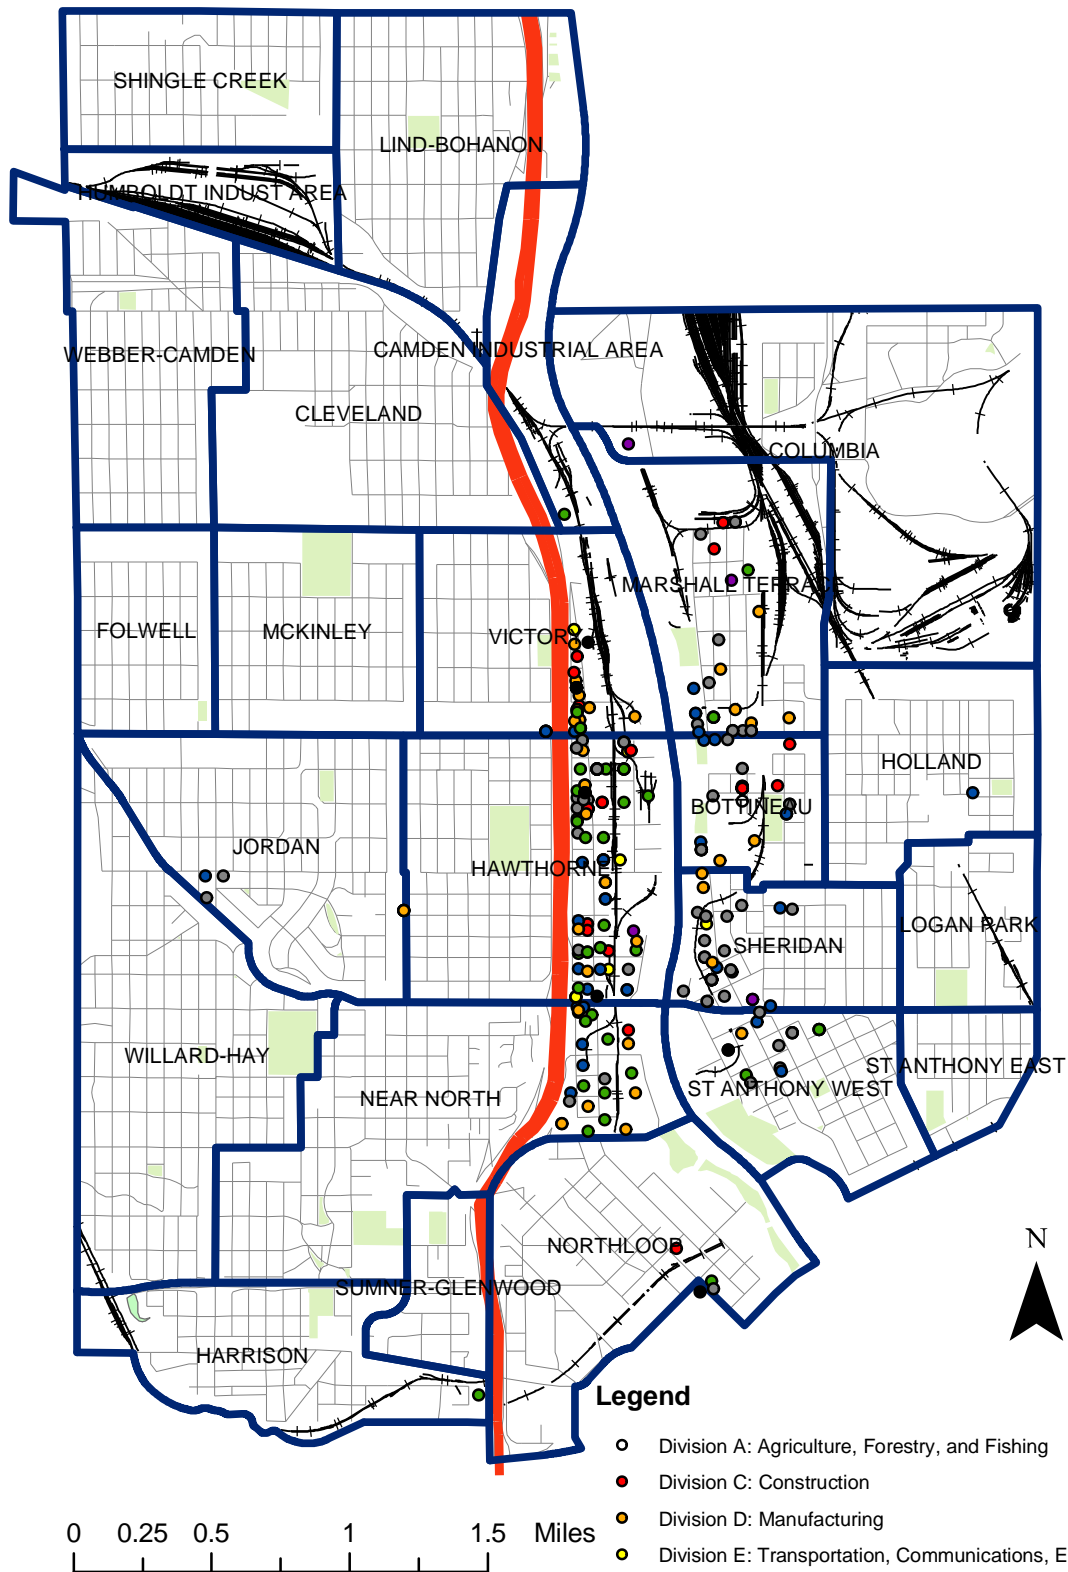

Neighborhood Contact: Nancy Pomplun, (612) 529-6033,
mnancyp@hawthornecommunity.org

Project Description: Hawthorne Area Community Council (HACC) compiled a list of industrial businesses located on either side of the Mississippi River in Minneapolis' Northside. These businesses were then surveyed by HACC.

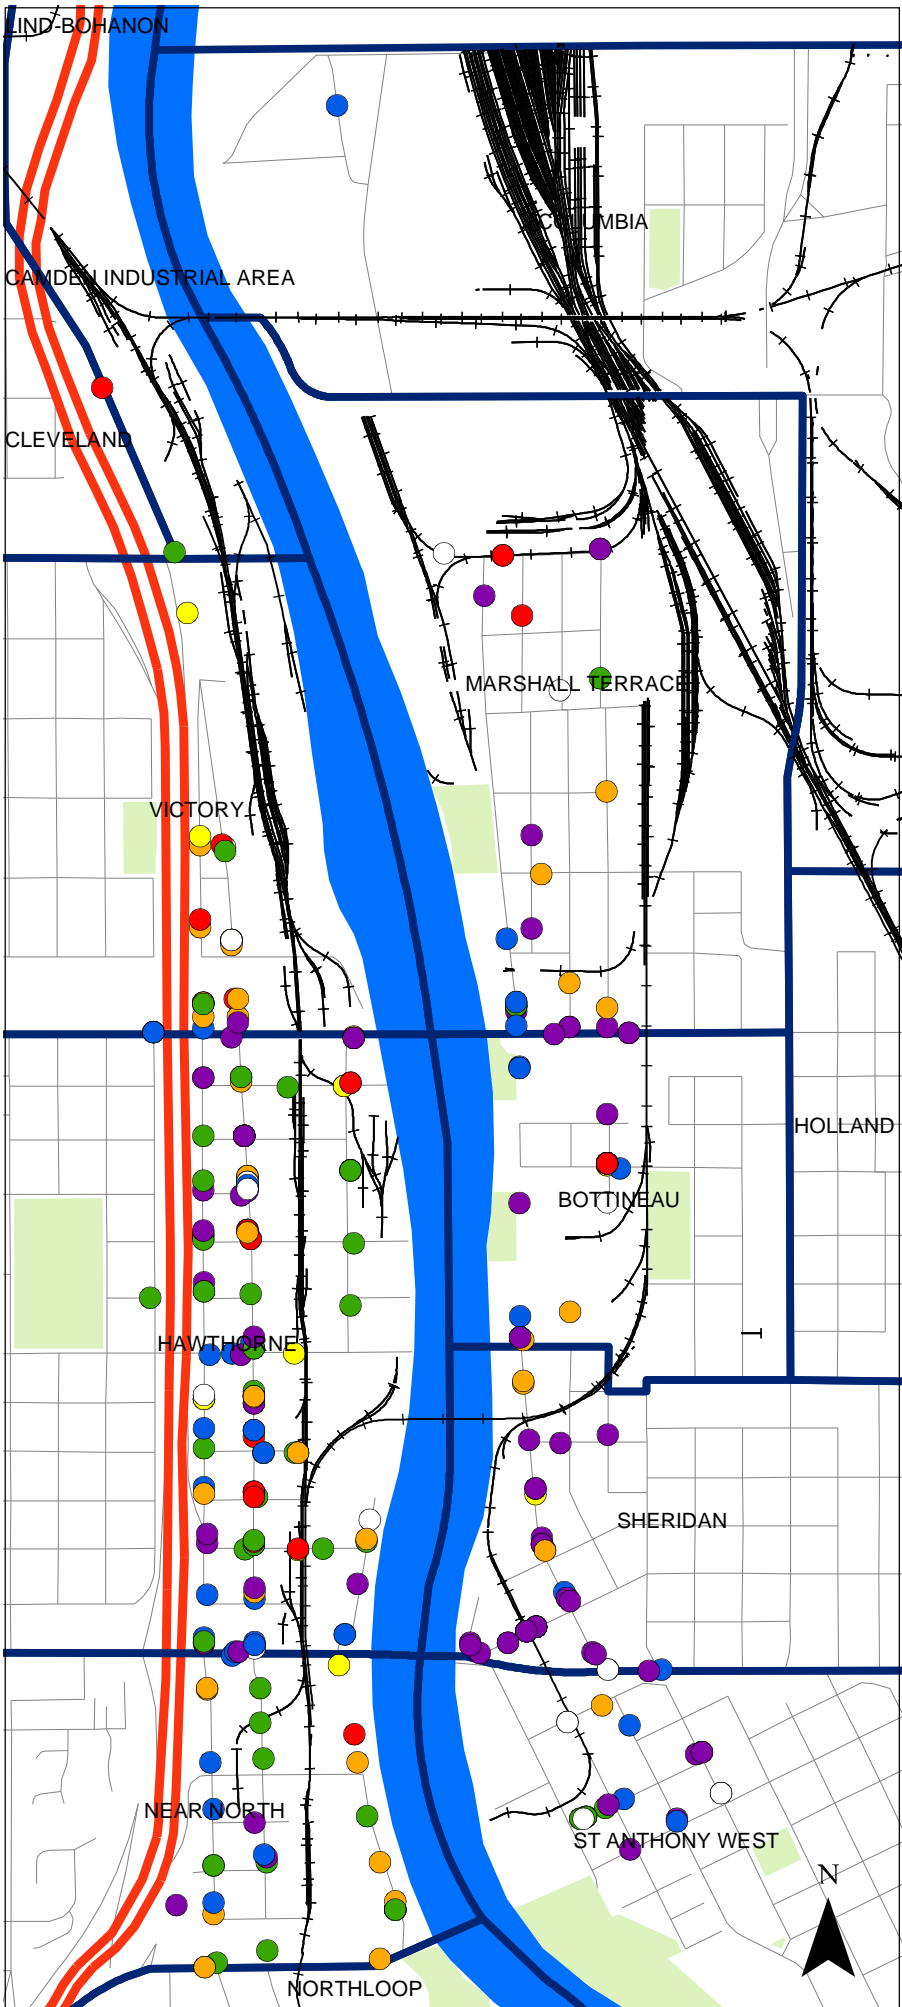

Outcomes: The industrial businesses were mapped according to type, based on their SIC codes, to show both how industry was distributed throughout the study area, and where industries of particular types were located. The map showed a larger number of businesses to the west of the river, but a higher concentration of service-oriented business to the east. Survey respondents were also mapped to demonstrate the survey's coverage.

Data Sources: Reference USA, City of Minneapolis, HACC
