Guest: Bruce Reeves, ITSS

Welcome

Valentines gifts from Linda Larson were passed out.

Minutes of 1/24/01 approved with corrections. Joe Kelly from Dads and Daughters agreed to be a speaker for us at no charge. Maybe a session can be set up in the fall.

Mentoring Program:

8 groups have been set up now. The common theme seems to be had crafts and family issues however, please indicated they did not have the time to meet regularly. Bruce Reeves was present to discuss how the internet can be used in place of meeting. This is called Web Crossing. Initial instillation would be \$38.50, disk storage charge varies by activity. There would be a one time charge of \$695 payable to Webx.com. Discussion ensued. It was decided to make this an agenda item for next meeting.

Grants and Budget:

A \$200 grant was proposed by L. Beloit to bring a speaker to campus in April, Anna Marie Beckel. It fulfills our mission because it focuses on young Indian women in New foundland. The grant was approved.

WRAC:

200 posters will be printed for Womens History Month. 1/3 of the cost will come from general funds

Luncheon Topic: Creating a championship womens hockey team. A violinist will perform.

Searches:

Are the number of exemptions getting out of hand? Emergency hires seem to be excessive in some departments. D. Peterson-Perlman will email everyone a copy of the letter sent to DDD regarding searches. This will be an agenda item for next meeting.

Web Page:

2 students from graphic design are working on it. Char is meeting with them.

ITSS Tech Camp: D. Peterson-Perlman will send us the information she received regarding the rate of acceptance and rejections.
