Accounting B.Acc.

Accounting

Labovitz School of Business and Economics

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2010
- Required credits to graduate with this degree: 120
- Required credits within the major: 60
- Degree: Bachelor of Accounting

The B.Acc. in accounting provides the core competencies in accounting and general business that are necessary for a successful accounting career. The program includes study in the following areas: financial accounting; management accounting; accounting information systems; financial, operational, and information systems auditing; and taxation. This accounting curriculum is combined with a foundation in the functional areas of business law, finance, information systems, marketing, operations, and management as well as a broad general education, including the areas of the behavioral sciences, the humanities, English, communication, the arts, mathematics, and statistics.

The primary professional certification in public accounting is the Certified Public Accountant (CPA). Most states, including Minnesota and Wisconsin, require students to complete 150 semester hours of education to become a licensed CPA. All 150 hours may be taken at the undergraduate level or a combination of undergraduate and graduate level courses may be used to satisfy this requirement. At UMD, students can choose to combine their B.Acc. degree with

* an M.B.A.;

* another major within LSBE;

* a minor from LSBE or another college, such as computer science, communications, or criminal justice;

* additional undergraduate coursework in accounting, business, or other discipline such that the total equals or exceeds 150 hours. (Contact the Department of Accounting for additional information on 150-hour "tracks.")

Other types of professional certifications for accountants in private industry do not require 150 hours of education. The Certified Management Accountant (CMA) certificate is issued by the Institute of Management Accounting. The Certified Internal Auditor (CIA) certificate is issued by the Institute of Internal Auditors. The B.Acc. degree program also serves as basic preparation for both the CMA and CIA examinations.

A number of active learning opportunities are available to students in UMD's accounting program. ACCT 3196 - Internship in Accounting allows students to apply knowledge and skills gained in the classroom to real world accounting problems through work experience in sponsoring businesses. Most internships offer a salary as well as the opportunity to earn credits through a supervised work experience. Another opportunity, ACCT 3096 - Volunteer Income Tax Assistance, gives students a general understanding of the U.S. individual income tax system, while providing a valuable service learning experience by assisting low-income clientele with tax planning and compliance. Finally, in ACCT 3701 - Student to Business Initiative in Accounting, students working in teams are matched with local small business that need accounting assistance. Students define the specific scope of work with the business owner and then serve as a "consultant" to the business. At the end of the semester, students present the results of their work at the UMD Center for Economic Development offices.

Program Honors: Degree candidates must earn a 3.30 GPA in all LSBE upper division courses.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)

Admission Requirements

Freshman and transfer students are usually admitted to pre-major status before admission to this major

A GPA above 2.0 is preferred for the following:

- 2.50 already admitted to the degree-granting college
- 2.50 transferring from another University of Minnesota college
- 2.50 transferring from outside the University

Freshmen and transfer students are typically admitted as pre-accounting students for the B.Acc. degree. Admission to candidacy status, which allows access to upper division LSBE courses, typically occurs at the junior level when students have successfully completed all pre-major (pre-candidacy) course requirements and met all of the GPA standards. Students with a 2.50 UM and overall, 2.00 internal and pre-major GPAs are admitted upon completion of pre-major courses; students with a 2.00-2.49 UM and overall, 2.00 internal and pre-major GPAs are pooled and reviewed for evidence of academic success in LSBE majors.

Students who do not qualify for admission to candidacy may not take upper division LSBE courses (excluding some economics courses) without permission of the director of student affairs.

Accounting Minor

Accounting

Labovitz School of Business and Economics

- Program Type: Undergraduate minor related to major
- Requirements for this program are current for Fall 2010
- Required credits in this minor: 12 to 27
- Program predates PCAS.

The minor in accounting is valuable to students who want to understand the accounting process and its applications in modern society. The minor offers training for entry into positions in government, industry, and social service organizations that require an understanding of accounting but not the depth provided by the B.Acc. degree program.

For students outside of LSBE, no more than 25 percent (30 credits) of total credits required for a degree may be drawn from the courses offered by LSBE or recognized by the school as equivalent transfer courses while completing this minor. Economics courses are excluded from these calculations.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)

Minor Requirements

The accounting minor is available to both LSBE students and non-LSBE students. Requirements are described below.

Program Sub-plans

Students are required to complete one of the following sub-plans.

Non Labovitz School of Business and Economics

Currently, only the business administration minor, the economics minor, and the accounting minor (below) are available to non-LSBE students

Non-LSBE students must apply for admission to the minor before completing ACCT 2002, and/or ECON 2030, or an equivalent non-LSBE statistics course, and are admitted to the minor when admitted to candidacy in LSBE.

An overall and UM GPA of 2.50 and 2.00 in LSBE courses and completion of the pre-minor core are required for automatic admission to this minor. Students with GPAs between 2.00 and 2.50 should consult with LSBE Student Affairs.

Pre-Minor Core (15-19 cr)

[ACCT 2001](#) - Principles of Financial Accounting (3.0 cr)

[ACCT 2002](#) - Principles of Managerial Accounting (3.0 cr)

CS 1011 *{Inactive}*[LE CAT3] (3.0 cr)

[ECON 2030](#) - Applied Statistics for Business and Economics [LOGIC & QR] (3.0 cr)
or equivalent stats course (3-4 credits)

Take the following course or course pair:

[ECON 1003](#) - Economics and Society [LE CAT8, SOC SCI] (3.0 cr)

or [ECON 1022](#) - Principles of Economics: Macro [LE CAT6, SOC SCI] (3.0 cr)

Minor Courses

[ACCT 3101](#) - Intermediate Accounting I (3.0 cr)

[ACCT 3301](#) - Accounting Information Systems (3.0 cr)

Electives (6 cr)

Take 2 or more course(s) totaling 6 or more credit(s) from the following:

• [ACCT 3102](#) - Intermediate Accounting II (3.0 cr)

• [ACCT 3401](#) - Individual Income Taxation (3.0 cr)

• [ACCT 3201](#) - Cost Accounting (3.0 cr)

Labovitz School of Business and Economics

LSBE students must be a B.B.A. degree candidate.

Students must apply for admission to the minor and are admitted if eligible for LSBE candidacy status.

Admission to the minor is based on the same GPA requirements as admission to candidacy for LSBE baccalaureate degrees. Applications are available in 111A Labovitz School of Business and Economics Building.

Accounting Core Courses (6 cr)

Finance B.B.A.

Finance & Management Information Sciences

Labovitz School of Business and Economics

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2010
- Required credits to graduate with this degree: 120
- Required credits within the major: 21
- Degree: Bachelor of Business Administration

This professionally oriented program emphasizes the competencies required for management careers in business, government, public, or social service organizations. The program prepares students for entering careers with management responsibility by providing a breadth and depth of knowledge about organizations, management fundamentals, techniques, processes, and skills, combined with a foundation in the functional areas of accounting, business law, finance, information systems, marketing, operations, and human resource management.

The B.B.A. offers a broad educational experience while preparing students for a variety of technical and management careers. With about one-half of the required coursework from nonbusiness disciplines, emphasis is on the development of a strong liberal arts education that provides a foundation for the required and elective professional courses. The program's core curriculum focuses on the fundamental administrative and functional skills demanded of leaders in today's public and private organizations. Students are permitted sufficient latitude in choosing electives appropriate to their particular professional objectives in finance, health care management, human resource management, organizational management, management information systems, or marketing.

In addition to classroom-based courses, students may participate in internship programs where classroom learning may be applied during professional experience as an employee of a public agency or private business. Students also may participate in the Student to Business Initiative (SBI) which offers the opportunity to use knowledge and skills to identify, analyze, and solve problems confronting small businesses. Both programs provide practical tests of vocational interests and valuable work experience.

The finance major is designed for students pursuing careers in corporate financial management, investment and portfolio management, and management of financial institutions.

Honors Program: Degree candidates must earn a 3.30 GPA in all LSBE upper division courses.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)

Admission Requirements

Freshman and transfer students are usually admitted to pre-major status before admission to this major

A GPA above 2.0 is preferred for the following:

- 2.50 already admitted to the degree-granting college

Finance Minor

Finance & Management Information Sciences

Labovitz School of Business and Economics

- Program Type: Undergraduate minor related to major
- Requirements for this program are current for Fall 2010
- Required credits in this minor: 12 to 30

The minor in finance can be used as a complement to a related discipline. It provides a comprehensive overview of the theories and common practices in corporate finance, investment and portfolio management, and the management of financial institutions.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)

Admission Requirements

A GPA above 2.0 is preferred for the following:

- 2.50 already admitted to the degree-granting college
- 2.50 transferring from another University of Minnesota college
- 2.50 transferring from outside the University

For information about University of Minnesota admission requirements, visit the [Office of Admissions website](#).

Minor Requirements

The finance minor is available to LSBE students.

Prerequisite Course for Finance Minor:

[FMIS 3601](#) - Corporate Finance (3.0 cr)

Required Courses for Finance Minor

[FMIS 3644](#) - Investment Fundamentals (3.0 cr)

[FMIS 3647](#) - Financial Markets and Institutions (3.0 cr)

Financial Markets Finance B.B.A.

Finance & Management Information Sciences

Labovitz School of Business and Economics

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2010
- Required credits to graduate with this degree: 120
- Required credits within the major: 21
- Degree: Bachelor of Business Administration

LSBE students may wish to apply for the financial markets finance major program, an intensive academic and experiential preparation for careers in the financial services industry. Classroom instruction is combined with independent laboratory activities, and the program is centered upon four foundational elements: academic studies, the January term practicum in Duluth and the Twin Cities, financial markets laboratory work, and management of the "Bulldog" Investment Fund. Students interested in the program are strongly encouraged to meet with the Financial Markets Program Director.

Juniors who have a strong interest in the financial industry, and who have completed or are currently registered for FMIS 3601 - Corporation Finance, are encouraged to speak with the program director prior to registration for spring semester. An initial informational meeting or review of program opportunities helps interested students determine whether or not to pursue formal application and the appropriate prerequisite courses.

During spring semester, the application and selection process involves a thorough review of each candidate's application and academic performance as well as a formal interview. Applicants are reviewed and selected according to their skills, academic qualifications and "fit" with the program in terms of career goals and interests. Candidates are expected to maintain high ethical standards.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)

Admission Requirements

Students must complete 3 courses before admission to the program.

Freshman and transfer students are usually admitted to pre-major status before admission to this major

A GPA above 2.0 is preferred for the following:

- 2.50 already admitted to the degree-granting college
- 2.50 transferring from another University of Minnesota college
- 2.50 transferring from outside the University

Students must complete FMIS 3601, FMIS 3619, and FMIS 3644 before admission to the program.

Students must first meet admission to candidacy requirements and be admitted to the finance major, which is necessary to be eligible for the prerequisite courses. Students are then admitted into the financial markets finance major after successful completion of the prerequisites and selection from the individual interview process.

For information about University of Minnesota admission requirements, visit the [Office of Admissions website](#).

Health Care Management B.B.A.

Labovitz School of Business & Economics - Adm

Labovitz School of Business and Economics

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2010
- Required credits to graduate with this degree: 120
- Required credits within the major: 21
- Degree: Bachelor of Business Administration

The health care management major focuses on the administration, financing, and economics of the health services sector. The program prepares students for careers in health care administration and policy in hospitals, clinics, government agencies, insurance and managed care organizations, pharmaceutical and biotechnology firms, medical device companies, and consulting agencies.

Students gain an understanding of the many critical issues in health care delivery such as health care quality assessment and improvement, health information technology applications, health care ethics, compliance with health care regulations, physician contracting and reimbursement, and billing and claims processing. Students learn about health policy and health care reform, such as proposals for universal health insurance coverage and the structure of health care systems outside of the United States.

This professionally oriented program also emphasizes the competencies required for management careers in business, government, public, or social service organizations. The program prepares students for entering careers with management responsibility by providing a breadth and depth of knowledge about organizations, management fundamentals, techniques, processes, and skills, combined with a foundation in the functional areas of accounting, business law, finance, health care management, information systems, marketing, operations, and human resource management.

The B.B.A. offers a broad educational experience while preparing students for a variety of technical and management careers. With about one-half of the required coursework from nonbusiness disciplines, emphasis is on the development of a strong liberal arts education that provides a foundation for the required and elective professional courses. The program's core curriculum focuses on the fundamental administrative and functional skills demanded of leaders in today's public and private organizations. Students are permitted sufficient latitude in choosing electives appropriate to their particular professional objectives in finance, health care management, human resource management, organizational management, management information systems, or marketing.

In addition to classroom-based courses, students may participate in internship programs where classroom learning may be applied during professional experience as an employee of a public agency or private business.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)

Admission Requirements

Freshman and transfer students are usually admitted to pre-major status before admission to this major

A GPA above 2.0 is preferred for the following:

- 2.50 already admitted to the degree-granting college
- 2.50 transferring from another University of Minnesota college
- 2.50 transferring from outside the University

Freshmen and transfer students are typically admitted as pre-business students for all B.B.A. majors. Admission to candidacy status, which allows access to upper division LSBE classes, typically occurs at the junior level when students have successfully completed all pre-major (pre-candidacy) course requirements and met all of the GPA standards. Students with a 2.50 UM and overall, 2.00 internal and pre-major are admitted upon completion of pre-major courses; students with a 2.00 - 2.49 UM and overall, 2.00 internal and pre-major GPAs are pooled and reviewed for evidence of academic success in LSBE majors.

Students who do not qualify for admission to candidacy may not take upper division LSBE courses (excluding some economics courses) without permission of the director of student affairs.

Health Care Management Minor

Labovitz School of Business & Economics - Adm

Labovitz School of Business and Economics

- Program Type: Undergraduate minor related to major
- Requirements for this program are current for Fall 2010
- Required credits in this minor: 12

The health care management minor teaches students about the health care system and how to apply management, economic, and legal methods to solve health care service problems. A minor in health care management complements the existing business majors, particularly for students who would like to apply their skills and knowledge in the health care sector.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)

Minor Requirements

This minor is available to Labovitz School of Business and Economics students only. Requirements for admission to the minor are the same for admission to candidacy.

Core Minor Courses

Management B.B.A.

Management Studies

Labovitz School of Business and Economics

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2010
- Required credits to graduate with this degree: 120
- Required credits within the major: 21
- Degree: Bachelor of Business Administration

This professionally oriented program emphasizes the competencies required for management careers in business, government, public, or social service organizations. The program prepares students for entering careers with management responsibility by providing a breadth and depth of knowledge about organizations, management fundamentals, techniques, processes, and skills, combined with a foundation in the functional areas of accounting, business law, finance, information systems, marketing, operations, and human resource management.

The B.B.A. offers a broad educational experience while preparing students for a variety of technical and management careers. With about one-half of the required coursework from nonbusiness disciplines, emphasis is on the development of a strong liberal arts education that provides a foundation for the required and elective professional courses. The program's core curriculum focuses on the fundamental administrative and functional skills demanded of leaders in today's public and private organizations. Students are permitted sufficient latitude in choosing electives appropriate to their particular professional objectives in finance, human resource management, organizational management, management information systems, or marketing.

In addition to classroom-based courses, students may participate in internship programs where classroom learning may be applied during professional experience as an employee of a public agency or private business. The internship program provides practical tests of vocational interests and valuable work experience.

Honors Program: Degree candidates must earn a 3.30 GPA in all LSBE upper division courses.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)

Admission Requirements

Freshman and transfer students are usually admitted to pre-major status before admission to this major

A GPA above 2.0 is preferred for the following:

- 2.50 already admitted to the degree-granting college
- 2.50 transferring from another University of Minnesota college
- 2.50 transferring from outside the University

Freshmen and transfer students are typically admitted as pre-business students for all B.B.A. majors. Admission to candidacy status, which allows access to upper division LSBE classes, typically occurs at the junior level when students have successfully completed all pre-major (pre-candidacy) course requirements and met all of the GPA standards. Students with a 2.50 UM and overall, 2.00 internal and pre-major are admitted upon completion of pre-major courses; students with a 2.00-2.49 UM and overall, 2.00 internal and pre-major GPAs are pooled and reviewed for evidence of academic success in LSBE majors.

Students who do not qualify for admission to candidacy may not take upper division LSBE courses (excluding some economics courses) without permission of the director of student affairs.

General Requirements

The Board of Regents, on recommendation of the faculty, grants degrees from the University of Minnesota. Requirements for an undergraduate degree from University of Minnesota Duluth include the following:

1. Students must meet all course and credit requirements of the departments and colleges or schools in which they are enrolled including an advanced writing course. Students seeking two degrees must fulfill the requirements of both degrees. However, two degrees cannot be awarded for the same major.
2. Students must complete all requirements of the [Liberal Education Program](#).
3. Students must complete a minimum of 120 semester credits.
4. At least 30 of the last 60 degree credits earned immediately before graduation must be awarded by UMD.
5. Students must complete at least half of their courses at the 3xxx-level and higher at UMD. Study-abroad credits earned through courses taught by UM faculty and at institutions with which UMD has international exchange programs may be used to fulfill this requirement.
6. If a minor is required, students must take at least three upper division credits in their minor field from UMD.
7. The minimum cumulative UM GPA required for graduation will be 2.00 and will include only University of Minnesota coursework. A minimum UM GPA of 2.00 is required in each UMD undergraduate major and minor. No academic unit may impose higher grade point standards to graduate.
8. Diploma, transcripts, and certification will be withheld until all financial obligations to the University have been met.

Program Requirements

Requirements for the B.B.A. in management include:

- * Liberal education requirements.
- * Advanced writing requirement: [WRIT 3121](#) - Advanced Writing: Business and Organizations or [FMIS 3141](#) - Business Communications (3 cr).
- * Strict limitation on use of correspondence courses.

Program Sub-plans

Students are required to complete one of the following sub-plans.

Human Resource Management

The work of the human resource management (HRM) professional encompasses a broad range of activities affecting the relationship between an organization and its employees--its human resources. HRM involves strategic functions such as organizational planning and human resource policy making, and diverse activities that involve designing and implementing policies and selecting, developing, evaluating, and rewarding a workforce. Typical HRM activities include equal employment opportunity, the study and design of jobs, employee benefit programs, union-management relations, counseling, and the development of work systems that are consistent with the prevailing organizational philosophy.

Organizational Management

Managers facilitate the work of others to accomplish goals that might not be achieved by a single individual and need to know about the environment surrounding the organization, the roles that managers can take, and the techniques that effectively guide employees. The curriculum allows students to become familiar with different types of organizations and their members. Among the many topics covered are organizational environments, groups and teams at work, leadership, and employee empowerment. Students are given the opportunities to learn more about organizations' complex systems.

MGTS 3401 - Organizational Behavior and Management, a part of the LSBE core, is a prerequisite for all of the courses that appear in the track. Organizational management track students are encouraged to take MGTS 3401 as soon as they are eligible for the course.

Organizational Management Group A (18 cr)

Students must take at least one macro, at least one micro, and at least two management and management process courses.

MGTS 4495 - Special Topics in Management, may fulfill one of the following areas - macro-organization, or management and management process (by petition only).

Take 6 or more course(s) totaling 18 or more credit(s) from the following:

Macro-Organization Behavior Courses

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2010
- Required credits to graduate with this degree: 120
- Required credits within the major: 21
- Degree: Bachelor of Business Administration

The management information systems (MIS) program prepares students for entry into careers in business computing. The major gives students both the in-depth technical skills needed to design, implement, support, and manage information systems as well as the breadth of knowledge in all business functional areas needed to produce and manage integrative, technology-based solutions to business/organizational problems.

This professionally oriented program emphasizes the competencies required for management careers in business, government, public, or social service organizations. The program prepares students for entering careers with management responsibility by providing a breadth and depth of knowledge about organizations, management fundamentals, techniques, processes, and skills, combined with a foundation in the functional areas of accounting, business law, finance, information systems, marketing, operations, and human resource management.

The B.B.A. offers a broad educational experience while preparing students for a variety of technical and management careers. With about one-half of the required coursework from nonbusiness disciplines, emphasis is on the development of a strong liberal arts education that provides a foundation for the required and elective professional courses. The program's core curriculum focuses on the fundamental administrative and functional skills demanded of leaders in today's public and private organizations. Students are permitted sufficient latitude in choosing electives appropriate to their particular professional objectives in finance, human resource management, organizational management, management information systems, or marketing.

In addition to classroom-based courses, students may participate in internship programs where classroom learning may be applied during professional experience as an employee of a public agency or private business. Students also may participate in the Student to Business Initiative, which offers the opportunity to use knowledge and skills to identify, analyze, and solve problems confronting small businesses. Both programs provide practical tests of vocational interests and valuable work experience.

Marketing B.B.A.

Marketing

Labovitz School of Business and Economics

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2010
- Required credits to graduate with this degree: 120
- Required credits within the major: 21
- Degree: Bachelor of Business Administration

This professionally oriented program emphasizes the competencies required for management careers in business, government, public, or social service organizations. The program prepares students for entering careers with management responsibility by providing a breadth and depth of knowledge about organizations, management fundamentals, techniques, processes, and skills, combined with a foundation in the functional areas of accounting, business law, finance, information systems, operations, and human resource management.

The B.B.A. offers a broad educational experience while preparing students for a variety of technical and management careers. With about one-half of the required coursework from nonbusiness disciplines, emphasis is on the development of a strong liberal arts education that provides a foundation for the required and elective professional courses. The program's core curriculum focuses on the fundamental administrative and functional skills demanded of leaders in today's public and private organizations. Students are permitted sufficient latitude in choosing electives appropriate to their particular professional objectives in finance, human resource management, organizational management, management information systems, or marketing.

Marketing is about facilitating exchanges. For an organization to be successful, it must understand the customer and the customer's needs. An organization seeks to meet these needs in a competitive environment by developing a marketing mix of product/service, price, promotion, and distribution that will satisfy the customer's and organization's objectives. Marketing occurs between organizations (business-to-business marketing) between organizations and consumers (consumer marketing), globally (international marketing), between profit and not-for-profit organizations, and even between individuals. Many careers are available in marketing, including marketing research, selling and sales management, advertising, promotion and public relations, and international marketing.

In addition to classroom-based courses, students may participate in Student to Business Initiative (SBI) projects, or internship programs where classroom learning may be applied during professional experience as an employee of a public agency or private business.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)

Admission Requirements

Freshman and transfer students are usually admitted to pre-major status before admission to this major

A GPA above 2.0 is preferred for the following:

- 2.50 already admitted to the degree-granting college
- 2.50 transferring from another University of Minnesota college
- 2.50 transferring from outside the University

Freshmen and transfer students are typically admitted as pre-business students for all B.B.A. majors. Admission to candidacy status, which allows access to upper division LSBE classes, typically occurs at the junior level when students have successfully completed all pre-major (pre-candidacy) course requirements and met all of the GPA standards. Students with 2.50 UM and overall and 2.00 internal and pre-major GPAs are admitted upon completion of pre-major courses; students with 2.00-2.49 UM and overall and 2.00 internal and pre-major GPAs are pooled and reviewed for evidence of academic success in LSBE majors.

Students who do not qualify for admission to candidacy may not take upper division LSBE courses (excluding some economics courses) without permission of the director of student affairs.

For information about University of Minnesota admission requirements, visit the [Office of Admissions website](#).

General Requirements

The Board of Regents, on recommendation of the faculty, grants degrees from the University of Minnesota. Requirements for an undergraduate degree from University of Minnesota Duluth include the following:

1. Students must meet all course and credit requirements of the departments and colleges or schools in which they are enrolled including an advanced writing course. Students seeking two degrees must fulfill the requirements of both degrees. However, two degrees cannot be awarded for the same major.
2. Students must complete all requirements of the [Liberal Education Program](#).
3. Students must complete a minimum of 120 semester credits.
4. At least 30 of the last 60 degree credits earned immediately before graduation must be awarded by UMD.
5. Students must complete at least half of their courses at the 3xxx-level and higher at UMD. Study-abroad credits earned through courses taught by UM faculty and at institutions with which UMD has international exchange programs may be used to fulfill this requirement.
6. If a minor is required, students must take at least three upper division credits in their minor field from UMD.
7. The minimum cumulative UM GPA required for graduation will be 2.00 and will include only University of Minnesota coursework. A minimum UM GPA of 2.00 is required in each UMD undergraduate major and minor. No academic unit may impose higher grade point standards to graduate.
8. Diploma, transcripts, and certification will be withheld until all financial obligations to the University have been met.

Program Requirements

Requirements for the B.B.A. in marketing include:

- * Liberal education requirements.
- * Advanced writing requirement: [WRIT 3121](#) - Advanced Writing: Business and Organizations or [FMIS 3141](#) - Business Communications (3 cr).
- * Strict limitation on use of correspondence courses.
- * At least 50 percent of required business, accounting and upper division economics credits must be taken at UMD.
- * Students pursuing more than one degree must complete requirements for both degrees. Students choosing to pursue a double major, or a major and a minor, within the school will likely exceed 120 total degree credits.
